A-MCCO Pricing Guide Introduction

OVERVIEW

Welcome to the Atterbury-Muscatatuck Center for Complex Operations, a State of Indiana and Department of Defense collaborative enterprise whose efforts are focused on creating and operating a highly realistic, fiscally responsible, contemporary training, developmental testing, and evaluation environment. Our focus is to support joint, interagency, intergovernmental, multinational (JIIM) and non-governmental capabilities to prepare as a team for deployment in support of requirements for both the homeland and overseas.

A-MCCO is comprised of three major activities:

- Camp Atterbury Training Center: Over 34,000 acres to include over 26,000 acres for maneuver training space with an impact area over 6,000 acres. Ranges and facilities support up to a brigade size element and a division level warfighter exercise.
- Muscatatuck Urban Training Center: Consists of 1,000 acres, over 120 structures with over 2,000 rooms, and a 180 acre reservoir in an isolated rural location, yet staged to replicate a living, breathing city in a failed state. MUTC supports up to a brigade-size element and specializes in a four dimensional training and testing environment: Ground/Urban, Airspace, Electro-Magnetic/Cyber, and Human.
- Jefferson Proving Grounds (JPG): Consists of 50,000 acres with a 1,000 acre air-to -ground gunnery impact area. JPG pricing is not provided in this guide.

OUR GOAL

Provide the nation with the most realistic and fiscally responsible operating environment with the highest quality facilities and customer support. We strive for best value, hospitality, and adaptability so that our customers focus their time and training towards mission success.

PRICING GUIDE PURPOSE

The purpose of this document is to assist organizations in their decision and resource planning to utilize the A-MCCO. The associated costs are estimates based on current rates for FY 2019. The enclosed cost estimates are for planning purposes only and actual costs will vary based on actual utilization and resource selection. After an organization completes a Utilization Request Packet, A-MCCO will generate a cost estimate for your budgeting purposes based on the requested services. After utilization, customers will only be charged for actual usage and consumption. This pricing guide will be updated as a minimum each fiscal year.

A-MCCO Pricing Guide Introduction

SCHEDULING WARNING

All customers are required to have their funding sent to CAIN DRM **60** days from the start of your training event. Customers that do not send the funding in sufficient time run the risk of not getting requested facilities.

Customers who cancel their training event less than 30 days out, may be charged cancellation fees for time spent and costs executed in support of their event.

All customers with outstanding debts to A-MCCO may be prevented from training on the installation until their invoices are cleared.

SURCHARGE

In accordance with DoD Instruction 4000.19, the DOD Financial Management Regulation 11A and NGR 5-2, there will be a 4% administrative charge assessed to select Federal customers for indirect costs. Federal customers who require administrative support in excess of the baseline amount established to cover all customers indirect costs will be charged for actual costs in lieu of the 4% set rate.

DISCLAIMER

This pricing guide is subject to updates as mandated by regulation and law. Increases in prices from vendors will be passed along as they incur. Any updates to prices for facilities or increased in above base line costs which impact estimates for previously scheduled events by an increase of greater than 5% will be passed along after the impacted customer has been given 180 day notice.

A-MCCO Pricing Guide Introduction

A-MCCO LOCATION

Camp Atterbury, MUTC, and Jefferson Proving grounds are all in proximity within south- central Indiana.

Major cities include Indianapolis to the north, Cincinnati to the east and Louisville to the south.

All locations are just minutes from I-65.

A-MCCO Pricing Guide Introduction

Definitions	
Baseline Services (BLS)	The funded quality, quantity, frequency of an installation support service provided within available resources and Army priorities to all applicable customers. This refers to the typical installation support performed by an installation supplier without a payment required from the customer. Any additional quality, quantity, frequency or timeliness of a commonly provided installation support service is called Identifiable Incremental Costs.
Cantonment Facilities	These buildings and features consist of garrison activities for base operations support, sustainment, and quality of life amenities. Examples include barracks, administrative space, supply, logistics, morale, welfare, and recreation, places to eat, and other capabilities that support training and testing activities.
DODAAC	Department of Defense Activity Address Code. Only DoD and federal agencies can acquire a DODAAC. This is only a requirement DoD or federal agency is requesting acquisition of rations (non-catered), fuel, ammunition and pyrotechnics through DoD.
Federal Customers	Agencies that directly represent the U.S. Government. Examples include but not limited to the Department of Defense (Army, Marines, Navy, and Air Force), the Office of Homeland Security, the Department of Energy, or the Federal Bureau of Investigation.
Gray Water	Waste water that is stored and removed by services other than sewer.
Incremental Direct Costs (IDC)	The costs of resources directly consumed by a customer that would not have been consumed if the customer did not require them or a cost that is specifically identified with a single cost object. Examples include rental, placement, and pickup of dumpsters and portable latrines; additional refuse pickups, grass mowing, and insect spraying; utilities for metered buildings; cost of consumables such as additional targets; training area cleanup and damage repair; and employee overtime as a result of the use of the installation.
Non-Federal Customers	A non-Federal entity is a self-sustaining organization, incorporated or unincorporated, that is not an agency or instrumentality of the federal government. Examples include any state and local government organizations, private organizations, businesses, and youth organizations.
Reimbursement	Monetary amounts received from the public or other government accounts that represent payment for goods or services furnished.

A-MCCO Pricing Guide Introduction

Definitions (Continued)	
Sustainment Costs (SRM)	<p>Sustainment provides for maintenance and repair activities necessary to keep a typical inventory of facilities in good working order over their expected service life. This reimbursable cost applies to any non-federal customers utilizing Camp Atterbury, and non-federal customers and Indiana State agencies utilizing MUTC. SRM includes:</p> <ul style="list-style-type: none">• regularly scheduled adjustments and inspections, including maintenance inspections (fire sprinkler heads, HVAC systems) and regulatory inspections (elevators, bridges)• preventive maintenance tasks• emergency response and service calls for minor repairs major repair or replacement of facility components (usually accomplished by contract) that are expected to occur periodically throughout the facility service life
RBP	<ul style="list-style-type: none">• Rations Break Point. Includes Class I Food supplies issued to requesting units. Examples include MREs, UGR-As, and A-Rations. A customer must have a DODAAC to order TISA supplies.
Utilities	<p>Services that provide heating and cooling (natural gas and propane), electricity, water, and sewer to facilities.</p>

A-MCCO Pricing Guide Introduction

CAIN & MUTC Categories and Chargeable Services					
This chart is an overview of the services available and reimbursement criteria based on customer types.					
Category	Chargeable Items to Customers	Category			
		Army (All Components)	Other DoD Components	Federal Government (Non-DoD)	State/Local Government and NFEs ¹
Ranges / Training Areas	Range Operations Labor & Normal Operating Hours	No	No	Yes	Yes
	Range Operations Labor & Overtime	Yes	Yes	Yes	Yes
	Targetry/Additional Labor/Materials (IDC)	Yes	Yes	Yes	Yes
Cantonment Facilities	Sustainment Costs (SRM)	No	No	No	Yes
	Utilities (IDC) – *Active, Army Reserves and ARNG	No*	Yes	Yes	Yes
Sustainment Services	Food: RDP Class I (MREs and UGR-As)	Not Applicable. Customers use their DODAAC to order TISA items.			
	Food Service (DC)	Yes	Yes	Yes	Yes
	Ice (IDC)	Yes	Yes	Yes	Yes
	Potable Water (IDC)	Yes for use of FOB 3 only. A bulk water point is also available. All potable water is calculated under utilities.			
	Gray Water (IDC)	Yes for use of FOB 3 and other locations as dictated by unit training requirements. The only facility that does not include sewer (utilities cost).			
	Fuel (Class III)	N/A. Funded VIA Unit DODAAC.			Not Available
	Ammunition (Class V)	N/A Funded via Unit DODAAC.			Not Available
	Overtime Labor (IDC)	Yes	Yes	Yes	Yes
	Portable Latrines (IDC)	Yes	Yes	Yes	Yes
	Dumpsters (IDC)	Yes	Yes	Yes	Yes
	Linen and Laundry (IDC)	Yes	Yes	Yes	Yes
Automation (IT) (IDC)	Yes	Yes	Yes	Yes	

¹ NFEs are Non-Federal Entities (State, local government, private and commercial entities)

Chapter 1: Sustainment Support

CAIN & MUTC LOGISTICAL SUPPORT

Food Service – DFAC Catered Meals				
Item	Notes	UOM	Current Cost	Cost as of 1 Apr 19
DFAC Meals	Breakfast	meal	\$6.85	\$6.92
	Lunch	meal	\$7.98	\$8.06
	Dinner	meal	\$8.86	\$8.95
	Midnight	meal	\$7.98	\$8.06
	Holiday	meal	\$8.86	\$8.95
Soup		cup	\$1.56	\$1.57
Coffee		cup	\$0.61	\$0.61
Hot Chocolate		cup	\$0.78	\$0.79
Gatorade		cup	\$0.49	\$0.50
<ul style="list-style-type: none"> - Prices listed above are only for Catered Meals through the CAIN IDIQ. - As part of the scheduling process DA 3953s must be submitted to DOL. - Requests must be requested and funded NLT 30 days prior to training. - Units ordering UGR-A and MREs need to coordinate with the Ration Distribution Point in advance at 812-526-1126. 				

Chemical Latrines			
Item	Notes	UOM	Cost Each
Set-up/Placement	Planning factor is 1 for every 20 personnel	each	\$16.50
Cleaning	Request frequency	each	\$16.50
Final Clean/Retrieval		each	\$16.50
<ul style="list-style-type: none"> - Chemical latrines are already leased to be on-site. Therefore, many ranges have chemical latrines in place to reduce unnecessary movement. These are locked unless requested by the customer to be put into service. Fees as listed above apply. - Requests must be requested and funded NLT 30 days prior to training. 			

Handwash Stations			
Item	Notes	UOM	Cost Each
Placement		each	\$16.50
Additional Cleanings	Request frequency	each	\$16.50
Retrieval		each	\$16.50
<ul style="list-style-type: none"> - Handwash Stations are not available November through April. - Requests must be requested and funded NLT 30 days prior to training.

Chapter 1: Sustainment Support

Ice Service			
Item	Notes	UOM	Cost Each
20 LB crushed Ice		bag	\$2.25
10 LB Packaged Ice Block		block	\$1.35
Ice Merchandisers / ICE	Pickup/Del fee (Free daily	each	\$225.00
<ul style="list-style-type: none"> - Hot weather planning assumption = 5 lb per person/day - If requested Merchandisers must be requested and funding NLT 30 days prior to training. - Requests must be requested and funded NLT 30 days prior to training. 			

Gray Water Removal			
Item	Notes	UOM	Cost
Gray Water Removal	Minimum trip charge may apply.	gallon	\$0.27

Fuel Point – Camp Atterbury			
Item	Notes	UOM	Cost
Fuel will be purchased using unit DODAAC. All units must contact CAIN DOL Fuel Section to submit a packet for requesting VIL Keys.			
<ul style="list-style-type: none"> - Retail fuel point is open 24/7. - Bulk fuel requested can be filled M-F 0700-1600 by appointment. 			
For planning purposes units can obtain current fuel prices at the link below. http://www.dla.mil/Energy/Business/StandardPrices.aspx			

Transportation
TMP NOT AVAILABLE at CAIN or MUTC
<p>Camp Atterbury does not have a Troop Motor Pool for units to draw transportation assets from (i.e. buses, sedans, and vans). Transportation may be obtained at Camp Atterbury through a third party vendor on a case by case basis if requirements are identified no later than 60 days prior to the start of the training event. Contact the DOL resource scheduler at 812-526-1499 x 61788 to request exception.</p>

A-MCCO Pricing Guide

Chapter 1: Sustainment Support

Dumpsters			
Item	Description	UOM	Cost Each
8 CY	Commercial front load	Pick-up	\$44
10 CY	Commercial front load	Pick-up	\$55
20 CY	Commercial roll-off		\$145
30 CY	Commercial roll-off		\$145
40 CY	Commercial roll-off		\$145
Tonnage Charge	All roll-off	Per Ton	\$25
Sunday Pickup Fee = \$600.00. Plan accordingly!			
- Requests must be requested and funded NLT 30 days prior to training.			

Linen Service - CAIN			
Item	Description	UOM	Cost
Linen Cleaning (Full Set)	Includes two sheets, blanket, and pillowcase as one set.	set	\$5.50
- Requests must be requested and funded NLT 30 days prior to training.			

Information Management		
Item	Description	Cost
ISP (internet)	Per Bldg. Per Day	\$51.67

Chapter 2: Camp Atterbury

Capabilities Overview

Ground Ranges, Training Areas, and Venues	
Description	Quantit
Basic Marksmanship Ranges	24
Mounted Gunnery Ranges	3
Demolition Ranges (Light/Heavy)	1/1
IED Defeat Lanes	2
Mock Villages - Cordon and Search, TCP Operations, Counter IED	9
Land Navigation Courses	4
Collective Live Fire Ranges (Maneuver LFX)	6
Forward Operating Base (FOB)	3
Artillery / Mortar Firing Points	12

Air Operations
Himsel Army Airfield (up to C-130)
UAS Paved Runway with hangar, airspace and frequency management
UAS Hangar
Air to Ground Gunnery Range
6 Personnel/Equipment Drop Zones

Simulations
Joint Simulation Training & Exercise Center (JSTEC)
Training Aids, Devices, Simulators, and Simulations (TADSS) Complex
Medical Simulation Training Center (MSTC)
Mission Training Command (MTC) for BN-DIV WFX

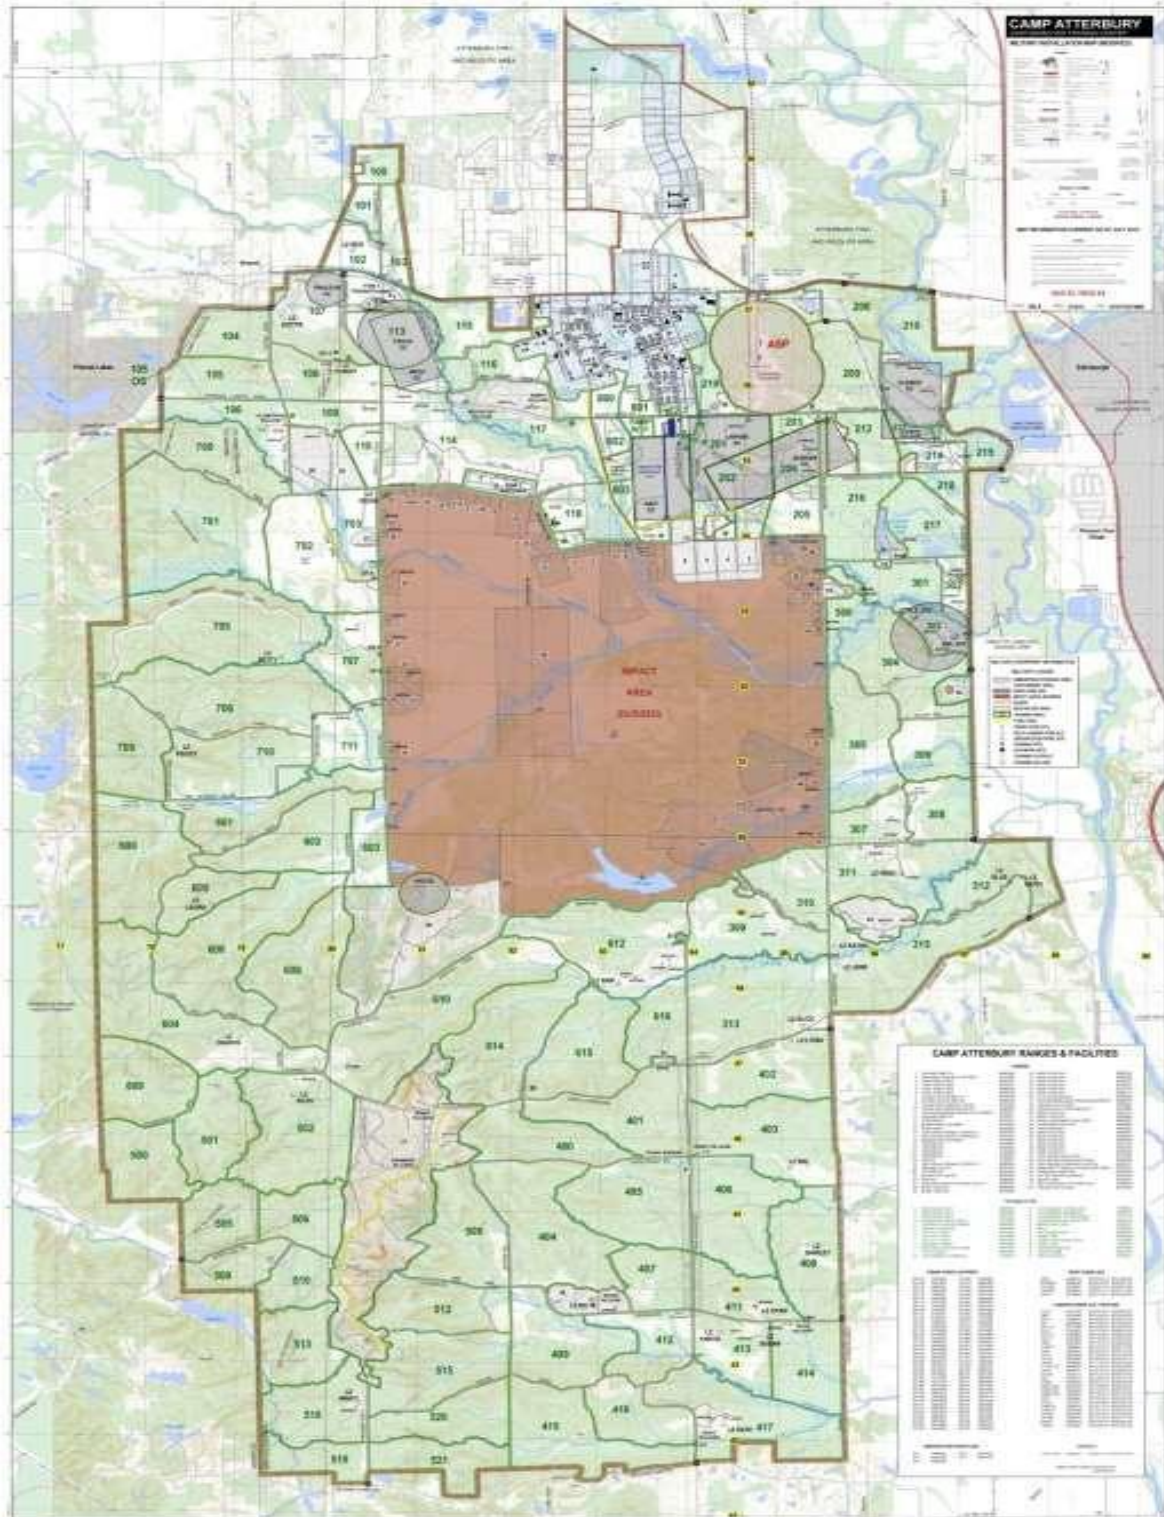

Cantonment and Logistical Support
Billeting to include barracks, BOQs for troop issue, as well as individual issued billets with BOQ rooms and cabins.
The main DFAC supports up to 2,700 PAX per meal period
Unit support includes a ration distribution point, fuel point, and maintenance bays
Quality of life features include a fitness center, USO, all-ranks club, and post office
CAIN offers a third party Class II store. Units needing Class II supplies can access this resource by using their own internal Unit GPC.

CAMP ATTERBURY MAP

A-MCCO Pricing Guide

Chapter 2: Camp Atterbury

Range and Training Area Cost Factors	
Normal Operating Hours	Monday-Thursday: 0700-2300 (Daily)
	Friday-Sunday: 0700 Friday-2300 Sunday
Daily Rate	Reimbursable costs vary and are based on the ARRM Funding Model. Refer to Range and Training Area tables below. This does not include IDC, which is addition to the daily rate.
Overtime Labor Cost	Range usage after 1600 may incur a labor cost for the manning of Range control and maintenance personnel as required to operate specific ranges.
Targetry Cost	Ranges are funded from the ARRM costs with a standard targetry set if the unit is ARRM aligned. Customers may request additional or custom fabricated targets but must reimburse for fabrication labor and material cost.
Indirect Cost	The cost of resources, including overhead, that support more than one cost object (i.e., not consumed by a single cost object). Sometimes referred to as overhead or general and administrative costs, these are costs that cannot readily be identified to a specific receiver.

Training Areas		Contact: Scheduling Office, 812-526-1678	
Category	Notes	Daily Rate	
		Facility Cost/Day	Personnel Cost/Day
Rappel Tower	Certified Rappel Master Required	\$0	\$0
Leadership Reaction Course	Includes objects to support each lane	\$0	\$0
MSTC Obstacle Course	Medical	\$0	\$0
Gas Chamber		\$0	\$0
Confidence Course	Includes: tough one, weaver, high step over, swing/stop/jump, six vaults, belly over, belly crawl, inclining wall,	\$0	\$0
Conditioning Course	Includes 16 events for physical conditioning	\$0	\$0
Land Navigation Courses	Five courses (three beginner level and two intermediate level)	\$0	\$0
Unimproved Training Areas		\$0	\$0

Chapter 2: Camp Atterbury

Ground Ranges, Training Areas and Venues

Charges are based on activity, not facility. Many of our facilities can support several events and weapon systems. Request the most recent Training Asset Inventory from the Scheduling Office for a comprehensive list of each range's capabilities and throughput.

	10/25 Meter Ranges		
	Range Cost/Day	# Ranges	Lanes/Range
	\$0	6	N/A
	Personnel Cost/Day	# Personnel	
	\$0	2	
<p>Supports zeroing of individual weapons, crew served weapons, as well as reflexive fire and alternate qualifications. Throughput is generally higher for individual weapons with more space required per CSW.</p>			

	Automated Pistol Qualification Ranges		
	Range Cost/Day	# Ranges	Lanes
	\$0	3	10
	Personnel Cost/Day	# Personnel	
	\$0	2	
<p>Supports Army Combat Pistol Qualification with contoured automatic targets from 7 to 31 meters. Firing tables and scores are automatically executed and tabulated by computer.</p>			

	Modified Record Range Fire		
	Range Cost/Day	# Ranges	Lanes
	\$0	2	16
	Personnel Cost/Day	# Personnel	
	\$0	2	
<p>Supports Army M4/M16 Qualification with contoured automatic targets from 50 to 300 meters. Firing tables and scores are automatically executed and tabulated by computer.</p>			

A-MCCO Pricing Guide

Chapter 2: Camp Atterbury

Known Distance (KD) Ranges		
Range Cost/Day	# Ranges	Lanes/Rg
\$0	4	50
Personnel Cost/Day		# Personnel
\$0		2
<p>All ranges can support known distance firing from 100 to 500 meters. Several also support 25 meter tables for pistol and M4/M16. Ranges 3 and 6 include berms out to 2,000 meters.</p>		

Auto Night Fire Ranges		
Range Cost/Day	# Ranges	Lanes/Range
\$0	2	N/A
Personnel Cost/Day		# Personnel
\$0		2
<p>Supports assisted and unassisted night fire and CBRNE fire with contoured automatic targets at 50 meters. The primary range has 60 firing points and the secondary has 24.</p>		

Non Standard Small Arms Range		
Range Cost/Day	# Ranges	Lange/Range
\$0	1	N/A
Personnel Cost/Day		# Personnel
\$0		2
<p>8 Pistol lifting target lanes, 18 lanes for stationary pistol, and 2 moving pistol targets.</p>		

A-MCCO Pricing Guide

Chapter 2: Camp Atterbury

Grenade Launcher Ranges		
Range Cost/Day	# Ranges	Lanes/Range
\$0	3	4
Personnel Cost/Day		# Personnel
\$0		2
Supports 40mm low recoil grenade TP qualification (2 ranges) and HE familiarization (1 dedicated range).		

Automated Multi-Purpose Machine Gun Range		
Range Cost/Day	# Ranges	Lanes/Range
\$0	2	N/A
Personnel Cost/Day		# Personnel
\$0		2
Supports M249 AR, M249 LMG, and M240B qualification. One range can support 5 lanes of M2 HMG from 400 to 1,100 meters (this can serve as a record qualification if accepted by BN Commander via MFR)		

Hand Grenade Qualification (Non-firing)		
Range Cost/Day	# Ranges	Lanes/Range
\$0	2	8
Personnel Cost/Day		# Personnel
\$0		2
Consists of various grenade target types required for qualification with training fused grenades or empty grenade bodies only.		

A-MCCO Pricing Guide

Chapter 2: Camp Atterbury

Field Fire Range		
Range Cost/Day	# Ranges	Lanes/Range
\$0	2	Max 5
Personnel Cost/Day		# Personnel
\$0		2
<p>Hardened targets within the impact area. Number of firing points depends on weapon system and courses of fire. Supports M2 alternate qualification, all Mk 19 DODICs, and approved non-standard ammunition uses.</p>		

Light Antitank (LAW) Range		
Range Cost/Day	# Ranges	Lanes/Range
\$0	1	8
Personnel Cost/Day		# Personnel
\$0		2
<p>Supports AT-4, SMAW, 40mm HE and M18 Claymore. Hard targets within the impact area.</p>		

Automated Anti-Armor Range		
Range Cost/Day	# Ranges	Lanes/Range
\$0	1	5
Personnel Cost/Day		# Personnel
\$0		2
<p>TOW missile tracking into impact area</p>		

A-MCCO Pricing Guide

Chapter 2: Camp Atterbury

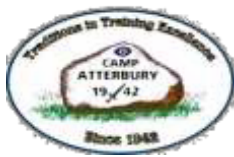

Mortar Firing Points		
Range Cost/Day	# Ranges	Lanes/Range
\$0	14	N/A
Personnel Cost/Day		# Personnel
\$0		2
<p>Appropriate range depends on mortar system and DODIC. A-M can support all U.S. DODICs.</p> <p>No charge for mortar ranges. Incremental costs are assessed for modifications to training areas and customer damage.</p>		

Field Artillery Firing Points		
Range Cost/Day	# Ranges	Lanes/Range
\$0	14	N/A
Personnel Cost/Day		# Personnel
\$0		2
<p>Artillery systems can be fired directly or indirectly from several ranges and surveyed artillery firing points throughout the training areas. A-M can support 105mm, 155mm, and M28A1 RRPR rockets.</p> <p>Incremental costs are assessed for modifications to training areas and customer damage</p>		

Light Demolition Range		
Range Cost/Day	# Ranges	Lanes/Range
\$0	1	N/A
Personnel Cost/Day		# Personnel
\$0		2
<p>Supports Anti-Personnel Obstacle Breach System (APOBS) and M18 Claymore Mine, can support tree and steel cutting</p>		

A-MCCO Pricing Guide

Chapter 2: Camp Atterbury

Automated Multi-Purpose Training Range Range (37)		
Range Cost/Day	# Ranges	Lanes/Range
\$0 (Range Only)	1	2-8 based on weapon/event
\$0 Buildings		
Personnel Cost/Day		# Personnel
\$0		2
Automated, movable targets capable of supporting stabilized and un-stabilized gunnery, Infantry Platoon Battle Course (IPBC) including shoot house, IED Defeat Lanes, and convoy LFX. Includes FLIR for improved Night Training.		

High Angle Sniper Range (39)		
Range Cost/Day	# Ranges	Lanes/Range
\$0	1	N/A
Personnel Cost/Day		# Personnel
\$0		2
Supports sniper fire on user emplaced targets from multiple roof heights and different roof slopes		

Infantry Squad Battle Course (42)		
Range Cost/Day	# Ranges	Lanes/Range
\$0	1	2-5
Personnel Cost/Day		# Personnel
\$0		2
Includes 5 objectives, moveable automated targets, and an ability to integrate machine gun SBF, and indirect or AT fires.		

A-MCCO Pricing Guide

Chapter 2: Camp Atterbury

Mounted Combat Pistol Range (43)		
Range Cost/Day	# Ranges	Lanes/Range
\$0	1	N/A
Personnel Cost/Day	# Personnel	
\$0	2	
Supports up to 7.62mm and Mk19 TP in both mounted & dismounted engagements. MRAP accessible, multiple low water crossings, and urban operations.		

Heavy Demolition Range		
Range Cost/Day	# Ranges	Lanes/Range
\$0	1	N/A
Personnel Cost/Day	# Personnel	
\$0	2	
Supports up to 40lb limit per charge, one minute interval.		

Urban Assault Course		
Range Cost/Day	# Ranges	Stations
\$0	1	5
Personnel Cost/Day	# Personnel	
\$0	2	
A TC 25-8 facility consisting of five separate stations designed for small unit training in urban operations. This range is used to train and test individuals, teams, squads, and/or platoons on individual and collective tasks associated with military operations in urban terrain (MOUT). All targets are fully automated, computer driven, and scored from the range operations center. Reflex Fire on Station 3.		

A-MCCO Pricing Guide

Chapter 2: Camp Atterbury

Live hand Grenade Range Range		
Range Cost/Day	# Ranges	Lanes/Range
\$0	1	9
Personnel Cost/Day		# Personnel
\$0		2
<p>High explosive hand grenade impact area. Includes 5 practice pits for safety rehearsals.</p>		

Mobile MOUT Training Site		
Range Cost/Day	# Ranges	Lanes/Range

Troop Issue Billets - Overview
Purpose: To issue facilities to units or groups
Types of Facilities: Troop Issue Billets include brigade headquarter/battalion headquarter/support buildings, admin/supply/dining buildings, barracks, and
Scheduling: Troop Issue Scheduling-BLDG 402; 0730-1600 Mon-Fri; 812 526-1765; (closed weekends for scheduling).
Forms: Please send the CAJMTC Form 350-1 at least 90 days prior to training event. Fill out the form in its entirety and include items as cooking, mission, gender, etc. The form is located at: http://www.campatterbury.in.ng.mil
Form Submission: E-mail to Range Control Scheduling. They in turn will send the request to various offices to fulfill the request.
Selection: Billets will be assigned according to mission, date received, and availability.
Confirmation: Will be sent about a month prior to start date.
Federal Cost Estimate: Utilities are consumed as an identifiable incremental cost. The estimate for federal customers is based on utilities only at \$1.80/square/foot/year and prorated by each day of utilization. Many buildings are metered, in which actual electric, water, gas, and sewer will be charged. Estimates for the facilities below are planning factors for the largest building of that category, and issued buildings will be estimated based on the square footage of each. This does not include Indiana National Guard units. Each unit will receive an estimate prior to funding. Final charges will be based on actual assets used.
Non-Federal Cost Estimate: The estimate for non-federal customers is utilities (above) combined with SRM costs to the federal government to maintain the buildings. Estimates are prorated using the DOD Facilities Pricing Guide (UFC 3-701-01). Each unit will receive an estimate prior to funding. Final charges will be based on actual assets used.

A-MCCO Pricing Guide Chapter 3: Muscatatuck

MUTC OVERVIEW

The Muscatatuck Urban Training Center (MUTC) is a unique capability of Camp Atterbury, with an imbedded pricing guide for venues and facilities. MUTC is located 45 miles southeast of Camp Atterbury, and consists of 1,000 acres of training area in an isolated rural location, yet staged to replicate a living, breathing *city in a failed state*.

Other federal customers will be charged for additional requirements where the use exceeds the baseline services level.

Non-government activities require sponsorship by a government agency to assume liability. The sponsor may charge fees to provide the service, and the sponsored customer is billed for use of facilities via the government sponsor.

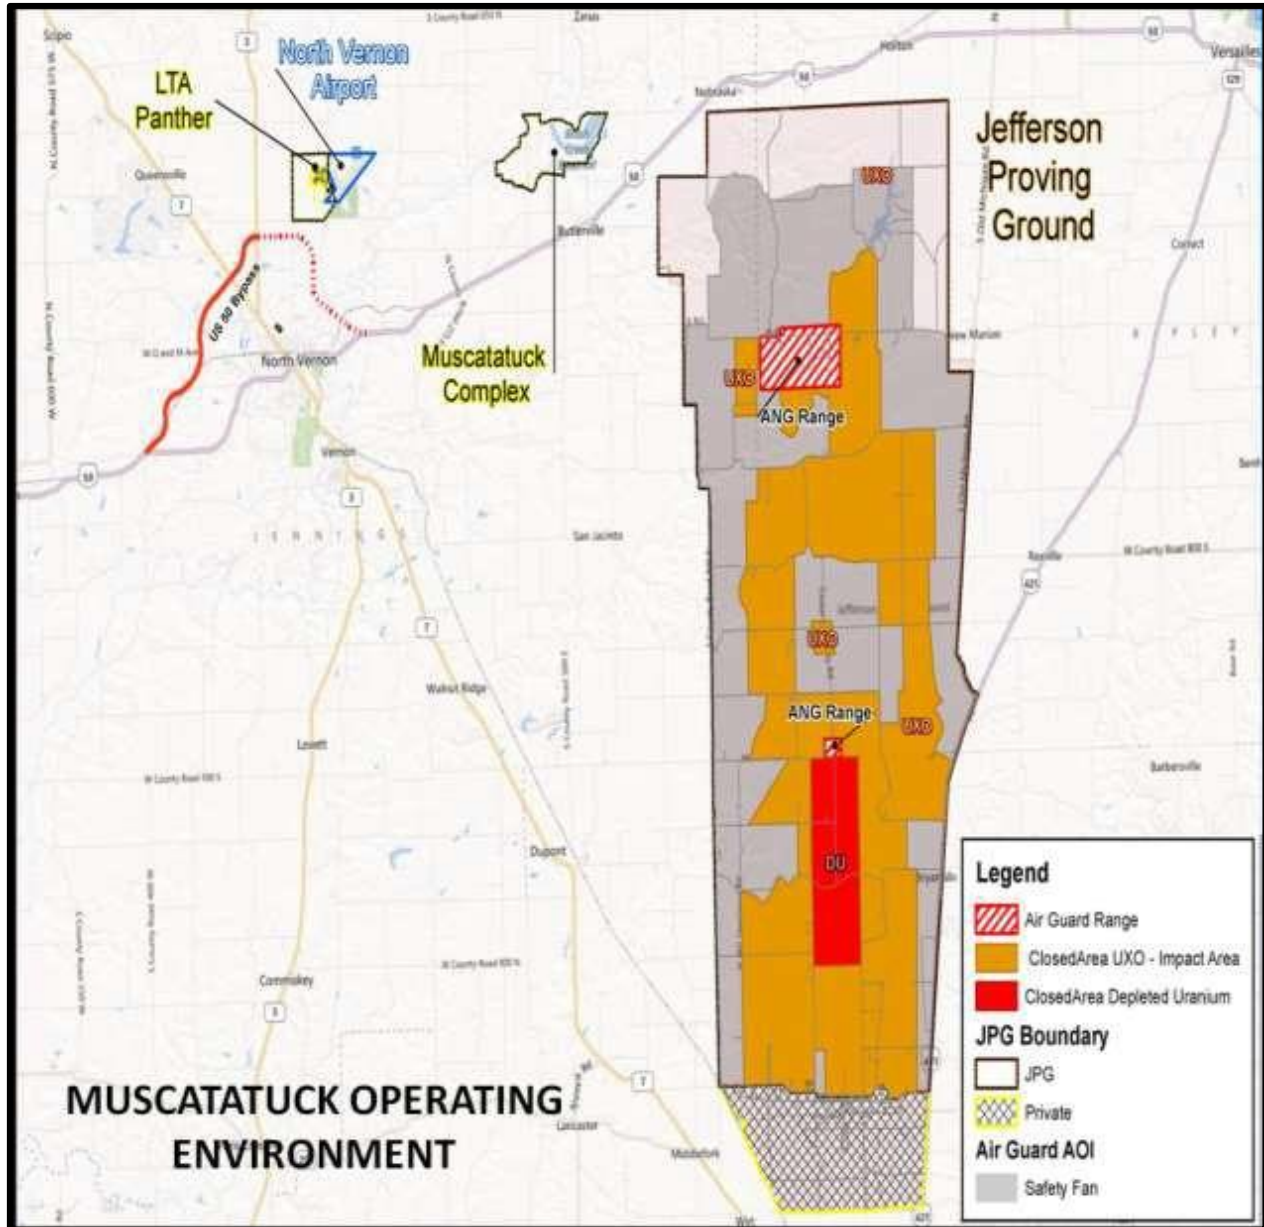

Pricing Guide Purpose

The purpose of this document is to assist organizations in their decision and resource planning to utilize Atterbury-Muscatatuck. The amounts contained herein are estimates, effective 1 Mar 14, and are subject to change without notice. These estimates are approximate costs because each customer's situation is unique, and only when the organization completes a Utilization Request Packet, and the Atterbury- Muscatatuck representative works with the customer, will a specific estimate be generated. Exact costs are calculated after utilization and customers are charged for actual usage and consumption.

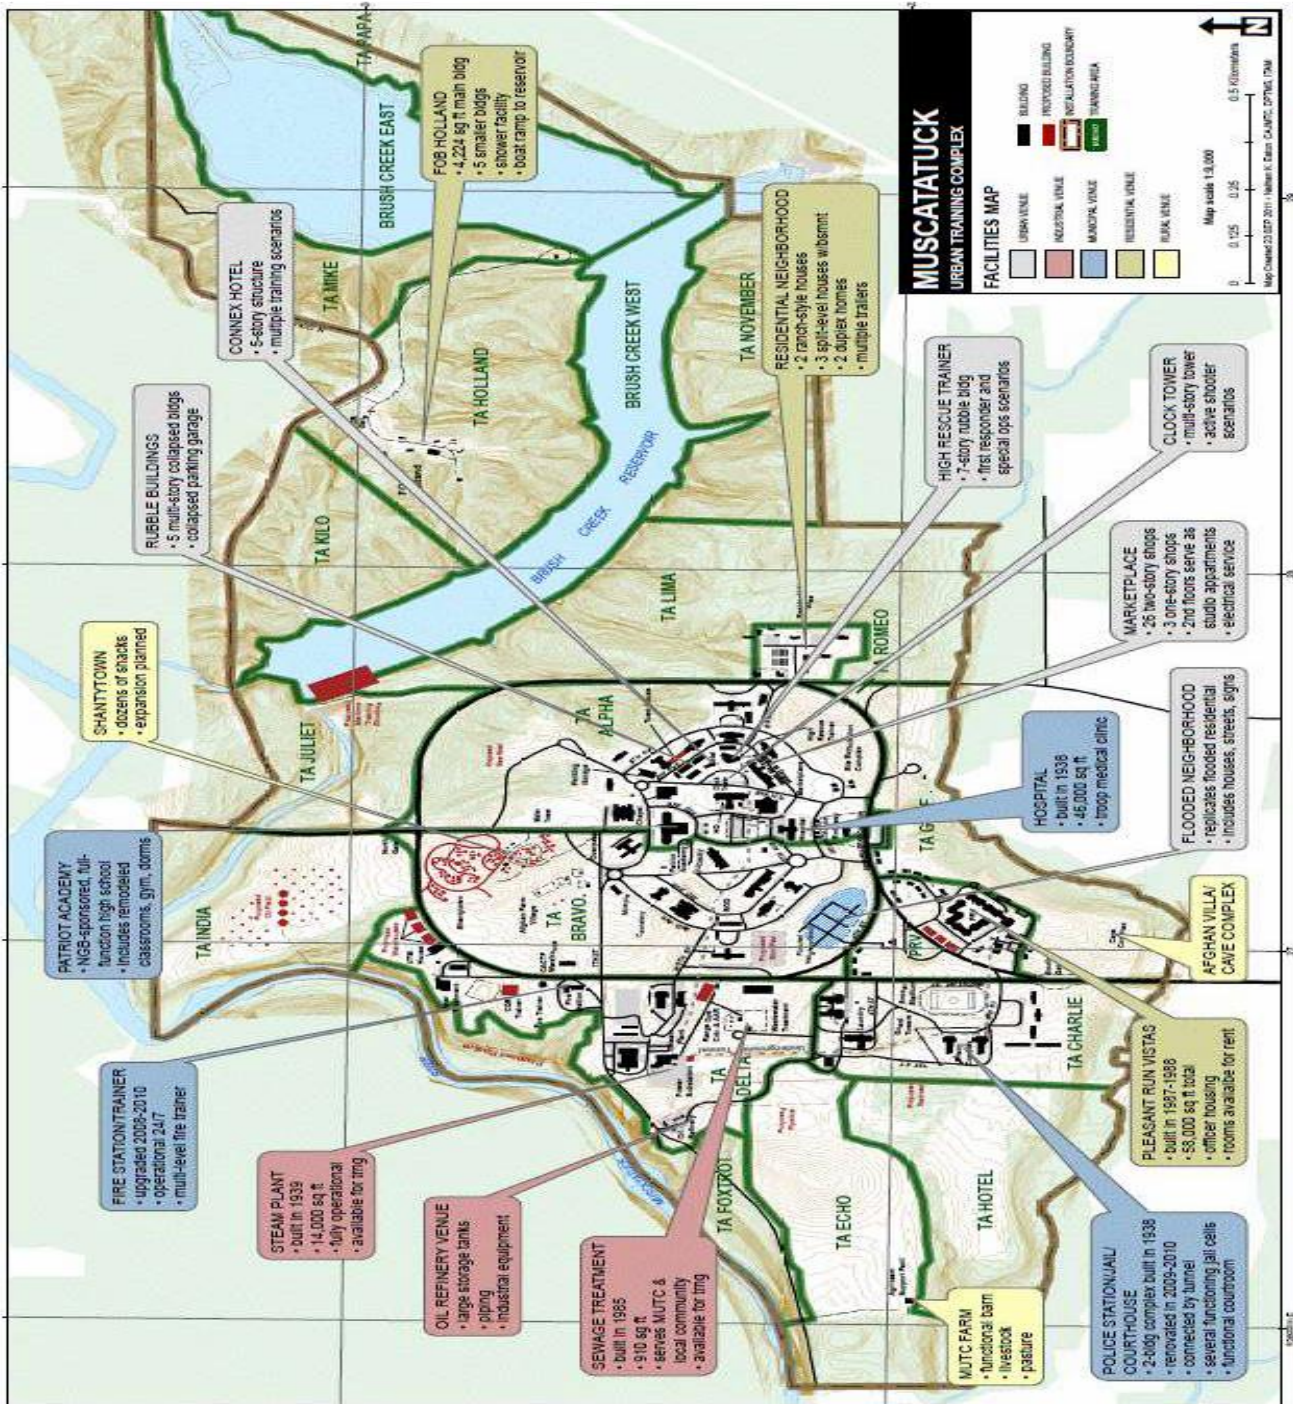

This pricing guide divides MUTC geographically into six urban terrain zones:

- Urban Terrain Zone 1 – Rural
- Urban Terrain Zone 2 – Educational
- Urban Terrain Zone 3 – Urban Canyon
- Urban Terrain Zone 4 – Residential
- Urban Terrain Zone 5 – Rule of Law
- Urban Terrain Zone 6 – Industrial

MUTC Operating Environment

MUTC Topographic Map

Map of MUTC Geographic Urban Terrain Zones

MUTC Districts

Organized into zones that depict a particular theme of the city layout (Urban Terrain Zones):

1. Rural
2. Educational
3. Urban Canyon
4. Residential
5. Rule of Law
6. Industrial
