Subject: Guidance on Procedure for Coordination with IDEM - INDOT SAM
Attachments: Guidance_on_Coordination_with_IDEM_for_INDOT_Projects_INDOT_SAM_December_2022.pdf

Greetings –

The INDOT Site Assessment & Management (SAM) team, in conjunction with IDEM, is pleased to present the attached guidance document summarizing best practices for reaching out to IDEM when there is a coordination recommendation within an approved Red Flag Investigation (RFI). This guidance document provides the following:

1. A notice of intent for the application and use of this guidance. Specifically, this document provides the best practices to ensure effective coordination between consulting parties and the IDEM to streamline project efficiency and provide only relevant information to IDEM to their review and comment,
2. A summary of the overall need for coordination as part of the NEPA process, specifically related to coordination requests for hazardous material concern (hazmat) sites that may impact, or be impacted by a proposed construction project,
3. A listing of the information that should be provided to IDEM, in the form of a project specific email,
4. Lastly, typical response or requests that the IDEM project manager, or equivalent, may provide in response to the information / coordination request.

This guidance should start being used going forward. Please reach out to INDOT SAM, ESD.SAM@indot.in.gov, with any questions or concerns.

Thank you!

Sincerely,

Nicole

Nicole Fohey-Breting

Acting Manager, Environmental Policy Office (EPO)

Site Assessment & Management (SAM) Team Lead
