Subject: INDOT Environmental Services Division - Site Assessment & Management Updates
Date: Monday, September 23, 2019 8:52:13 AM

INDOT Site Assessment & Management (SAM) has developed a [Limited RFI Flow Chart](#) providing guidance on the Limited Red Flag Investigation (RFI) process, including, but not limited to:

- Typical projects that fall under the Programmatic Categorical Exclusion (PCE) with limited excavation category;
- The approval needed from the district to complete a Limited RFI; and
- How to handle RFIs associated with higher level NEPA documents due to cultural resources and/or ecology.

We hope this flow chart provides assistance in determining when a Limited RFI should be generated and the process involved. This document will be added to the SAM Manual during the next update. Please let us know if there are any questions.

Sincerely,
Nicole

Nicole Fohey-Breting

Site Assessment & Management (SAM) Specialist
