Subject: State Byway Designation for the Historic Michigan Road

Dear Lieutenant Governor Skillman:

Byways in Indiana are officially designated by order of the Commissioner of the Indiana Department of Transportation with the support of the Lieutenant Governor. After an extensive process that produced a byway application, representatives of the Historic Michigan Road Byway are positioned to take the next step.

The Indiana Byway Review Committee recommends that the Historic Michigan Road, from Madison to Michigan City, be designated a state byway.

The route from the Ohio River at Madison to Lake Michigan at Michigan City was commissioned by the Indiana General Assembly in the 1820’s as the first state road. The Historic Michigan Road closely approximates US 421 from Madison to Indianapolis and after passing through Indianapolis continues north on US 421 to SR 29 in Clinton County. It then continues along SR 29 to Logansport and on to SR 25. It continues closely along SR 25 to Rochester and then along an alignment approximating old US 31 to South Bend, and after passing through the city, goes west on the US 20 corridor to Michigan City where it travels over Michigan Boulevard to Fourth Street and Willard Avenue near Lake Michigan. The complete route is described in the attached “Order of the Commissioner”.

Based on the scenic, historic, natural, cultural and recreational intrinsic qualities exhibited within the proposed byway corridor, I favor designation of the Historic Michigan Road as a state byway. I ask for your concurrence in this designation and have attached is a copy of the byway application, the byway designation “Order of the Commissioner” that I will issue and a byway designation concurrence form for you to sign and return to demonstrate your support for this byway.

Should you have any questions, please contact Randall Walter the INDOT Byway Coordinator at RWalter@indot.in.gov or at 232-5650.

Sincerely,
