Dear Mr. Feagans:

We have completed our review of INDOT's Amendment 26-02 to the FY 2026-2030 Indiana Statewide Transportation Improvement Program (STIP) dated November 7, 2025. INDOT has re-demonstrated fiscal constraint, air quality conformity, where applicable, and provided opportunity for public comment and involvement on Amendment 26-02. FHWA considers this amendment to be in substantial compliance with the applicable requirements as sufficient to support a consistency finding for the STIP.

FHWA and the Federal Transit Administration (FTA) take formal action, through the development of the Federal Planning Finding (FPF), to evaluate and ensure that the STIP and MPO TIPs are developed according to statewide and metropolitan planning processes consistent with 23 U.S.C. 134 and 135, and 49 U.S.C. 5303 and 5304, as well as 23 CFR part 450, 500, and 49 CFR part 613. FHWA and FTA are required under 23 CFR 450.220 (b) to document and issue an FPF in conjunction with the approval of the STIP, or amended STIP. Based on the recently conducted FPF (dated August 28, 2025), FHWA and FTA find that the amended Indiana FY 2026-2030 STIP substantially meets the transportation planning requirements and is approving the amended STIP (as recorded in Amendment 26-02) subject to the corrective actions outlined in the FPF. FHWA and FTA will continue to partner with the INDOT to ensure the previously developed action plan is implemented to address the corrective actions. If progress is not made in addressing the corrective actions, future amendments to the FY 2026-2030 STIP may not be approved by USDOT.

FHWA only recognizes years 2026-2029 in the STIP. Any projects and/or phases of projects added in years outside of 2026-2029 are considered illustrative, and thus ineligible for federal funding at this time.

Should you have any questions regarding this approval please contact Paige Story at 317-226-7476 or e-mail at paige.story@dot.gov.

Sincerely,

For: Christopher J. Hall

Mr. Christopher J Hall, Interim Division Administrator
FHWA Indiana Division
575 North Pennsylvania St., Room 254
Indianapolis, IN 46204

Dear Mr. Hall:

The Indiana Department of Transportation requests the projects listed in STIP Amendment 26-02 to be incorporated into the 2026-2029 Statewide Transportation Improvement Program (STIP). Any projects and/or phases of projects added in years outside of 2026-2029 are considered illustrative, and thus ineligible for federal funding at this time.

The required Metropolitan Planning Organization (MPO) Transportation Improvement Program (TIP) documents have been included in this request and duly noted in the Amendment. We have determined that the proposed amendments are: 1) consistent with the transportation plan; 2) the TIP remains fiscally constrained in that federal funding resources are sufficient to support the new or modified projects; and 3) conform to state and national air quality standards.

The total dollar amount of this amendment is \$98,964,080 for fiscal years 2026-2029, which has been verified with FHWA.

We request your review and approval of the subject amendment. Should you have any questions pertaining to this amendment, please contact Michael McNeil, STIP Specialist at (317) 232-0223 or at mmcneil@indot.in.gov.

Sincerely,

for
April Leckie, Planning Manager
Intermediate Range Planning Division
