

## RESOLUTION 25-14

### A RESOLUTION OF THE NORTHWESTERN INDIANA REGIONAL PLANNING COMMISSION AMENDING THE FY 2026 – 2030 TRANSPORTATION IMPROVEMENT PROGRAM FOR LAKE, PORTER, AND LA PORTE COUNTIES, INDIANA AMENDMENTS NO. 26-02.1, 26-02.2, and 26-02.5

August 21, 2025

**WHEREAS**, Northwest Indiana's citizens require a safe, efficient, and resource-conserving regional transportation system that maintains and enhances regional mobility and contributes to improving the quality of life in Northwest Indiana; and

**WHEREAS**, the Northwestern Indiana Regional Planning Commission, hereafter referred to as "the Commission", being designated the Metropolitan Planning Organization (MPO) for the Lake, Porter and La Porte County Metropolitan Planning Area, has established a regional, comprehensive, cooperative, and continuing (3-C) transportation planning process to develop the unified planning work program, a transportation plan, and a transportation improvement program to facilitate federal funding for communities, counties, and transit operators, and to provide technical assistance and expertise to regional transportation interests; and

**WHEREAS**, the Commission performs the above activities to satisfy requirements of the Infrastructure Investment and Jobs Act of 2021 (PL 117-58), applicable portions of all prior federal transportation program authorizing legislation, as well as other federal, state, and local laws mandating or authorizing transportation planning activities; and

**WHEREAS**, the FY 2026 – 2030 Transportation Improvement Program is a product of a multi-modal, 3-C transportation planning process, compatible with regional goals and objectives and socio-economic and demographic factors used to develop *NWI 2050+*; and

**WHEREAS**, the FY 2026 – 2030 Transportation Improvement Program implements *NWI 2050+*, is fiscally constrained, and is consistent with the State Implementation Plan for Air Quality; and

**WHEREAS**, the FY 2026 – 2030 Transportation Improvement Program is developed by the Commission in coordination and cooperation with local elected and appointed highway and transit officials, special interest and service organizations, including users of public transit, the Indiana Department of Transportation, the Indiana Department of Environmental Management, the U.S. Federal Highway Administration, the U.S. Federal Transit Administration, and the U. S. Environmental Protection Agency; and

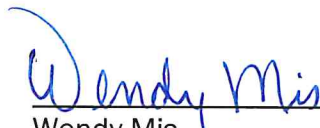

WHEREAS, the changes to the FY 2026 – 2030 Transportation Improvement Program brought about by this amendment were reviewed by the Air Quality Conformity Task Force's Interagency Consultation Group (ICG); and

WHEREAS, the changes to the FY 2026 – 2030 Transportation Improvement Program brought about by this amendment were made available for public comment in the manner prescribed by the 2019 Public Participation Plan, *ENGAGE NW*; with no comments received; and

WHEREAS, on August 5, 2025, the Transportation Committee recommended that the Northwestern Indiana Regional Planning Commission make these changes to the FY 2026 – 2030 Transportation Improvement Program.

NOW, THEREFORE, BE IT RESOLVED that the Northwestern Indiana Regional Planning Commission hereby amends the FY 2026 – 2030 Transportation Improvement Program by adding new projects and making other changes as shown on the attachment to this resolution.

Duly adopted by the Northwestern Indiana Regional Planning Commission this twenty first day of August, 2025.

Hello ICG members,

The NIRPC MPO is presenting Amendment 26-02 to the group. Amendment 26-0.2 is for the FY 2026 - 2030 TIP and will be considered by the NIRPC Commission at their upcoming meeting on 08/21/2025. NIRPC is hopeful that that the 2026-2030 TIP will be approved and in place by the time the Commission meeting takes place. If for some reason it is not approved by then then we will wait to submit the Amendment for approval.

The Amendment is divided into 3 parts:

- Amendment 24-02.1 – Exempt projects. There are 101 projects (35 project by the LPAs, 66 projects by INDOT).
- Amendment 24-02.2 – Non-Exempt projects. There are 5 projects (3 projects by the LPAs, 2 projects by INDOT). Three of the projects (des# 1900050, 1700025, 1902000) have already been included in a previous Air Quality Conformity Determination Report (Feb 15, 2024). Two others are new projects and although they do not need to be modeled because they are in La Porte County, they have been.
- Amendment 24-02.5 – Transit projects. There are 114 projects by NIRPC's transit operators. All have been found to be Exempt by the MPO.

Our proposed schedule for these amendments is:

- June 24, 2025 – ICG email communication (informal consultation – this email)
- July 1, 2025 – Deadline for ICG questions or comments on the included project amendments
- July 1, 2025 to July 22, 2025 – public/ICG comment period on amendments (and conformity report, if needed).
- August 21, 2025 – Date of NIRPC Commission Meeting. And if the Amendment is approved, documents will be shared with FHWA to initiate formal consultation (if needed).

In lieu of a conference call, I'm providing the following list of approval and/or amendment requests for the plans/programs listed below and their exemption status.

Please consider this an informal request for review and comment regarding the need for air quality consultation for the proposed amendments. We are requesting that you reply to this email by July 1, 2025, if you have any questions, comments, or would like to request a conference call to discuss further. Per the September/2022 Interagency Consultation Group Conformity Consultation Guidance Document, no response can be interpreted as a concurrence.

Good morning Charles,

Thank you for the note below. FHWA has reviewed and we have a few questions/comments:

- Can you provide more detail on the scope of these projects?

2301103		Lake Station	N/A	Lake and Porter County ZEV Project
2500815	R-46229	INDOT	Principle Arterial	Intersection Improvement Project (Non-I)
2500816	R-46229	INDOT	Principle Arterial	Intersection Improvement Project (Non-I)
2500812	R-46268	INDOT	Interstate Arterial	Intersection Improvement Project
2500804	R-46265	INDOT	Major Collector	Intersection Improvement Project

- For the new non-exempt projects, are they included in the MTP?

Good morning Erica and Happy Friday,

- 2301103 – This is the purchase of Zero Emission vehicles for several LPAs (the lead sponsor is Lake Station) This project was in our previous TIP and was part of our calculations for fiscal constraint.
- 2500815 – This project is an Intersection Improvement project. After taking with INDOT, the PE contract includes the vetting of all possible alternatives and a preferred option. Therefore, the scope of the project is not fully defined, but there will not be any addition to travel or turning lanes. When the scope is fully defined, the description in the TIP will be clarified.
- 2500816 – This project is an Intersection Improvement project. After taking with INDOT, the PE contract includes the vetting of all possible alternatives and a preferred option. Therefore, the scope of the project is not fully defined, but there will not be any addition to travel or turning lanes.
- 2500812 – This is an Interchange Modification project. After taking with INDOT, the PE contract includes the vetting of all possible alternatives and preferred option. As thus, the scope of the project is not fully defined, but there will not be any addition to travel or turning lanes. When the scope is fully defined, the description in the TIP will be clarified. All modification will be at the east & west intersections of the ramps and US 231. I have corrected the Project Title & Description.
- 2500804 – This project is an Intersection Improvement project. After taking with INDOT, the PE contract includes the vetting of all possible alternatives and preferred option. As thus, the scope of the project is not fully defined, but there will not be any addition to travel or turning lanes. When the scope is fully defined, the description in the TIP will be clarified.
- NIRPC2400745 – Lake Street Extension. Yes, the project has been included in the MTP and it has been modeled. The Conformity list, which includes this project is in our MTP.
- NIRPC2700584 – Polk Street Extension. Yes, this project has been included in the MTP and it has been modeled. The Conformity list, which includes this project is in our MTP.

I hope this helps,
