Dear Mr. Valverde,

Thank you for reaching out with your concern regarding State Transportation Improvement Program (STIP) A26-06 and G26-19.

The average comment period lasts for roughly 55 days, and additional comments can extend this. After the STIP comment period has ended and everything is in order, the amendment will be sent to Federal Highway Administration (FHWA) for approval.

Please keep in mind that a project being listed in the STIP amendment for public comment does not necessarily guarantee the project will be approved.

I would like to thank you again for reaching out with your comment and I hope that this information is helpful.

This response was for both this comment and the other comment he sent making the same request for a different project. Both projects were mentioned above.
