

Public Information Meeting – U.S. 50 pavement reconstruction and intersection improvement at U.S. 31 in the City of Seymour, Jackson County

The Indiana Department of Transportation (INDOT) will host a public information meeting at 5:30 p.m. (local time; presentation at 6:00 p.m.) on Thursday, November 7, 2019, at the City of Seymour City Hall Building – City Council Chambers, 301 North Chestnut Street, Seymour, Indiana, 47274. Please use the direct entrance to the Council Chambers located on 3rd Street (around the corner from the City Hall main entrance). The purpose of the public information meeting is to inform all interested persons on the upcoming U.S. 50 proposed reconstruction, intersection improvement at U.S. 31, and the addition of the City of Seymour sponsored multi-use pedestrian path located in the City of Seymour, Jackson County.

The purpose of the project is to reconstruct the U.S. 50 deteriorating pavement, increase vehicular and pedestrian mobility, and improve safety through the corridor. The U.S. 50 pavement will be reconstructed from 0.2 miles east of Agrico Lane to U.S. 31. In addition, a two-way left turn lane will be constructed from the beginning of the project to the Walmart Distribution Center entrance (500 feet east of Sandy Creek Drive). The existing bridge over Sandy Branch Creek will be widened in the median to accommodate the two-way left turn lane and the multi-use pedestrian path. At the intersection of U.S. 50 and U.S. 31, a dedicated right turn lane will be added for eastbound U.S. 50 to southbound U.S. 31. Also, southbound U.S. 31 to westbound U.S. 50 right turn lane will be extended and a raised corrugated concrete island will be constructed to separate the right turn lane from westbound U.S.50 traffic. U.S. 31 south of U.S. 50 will be resurfaced for 800 ft. Furthermore, the City of Seymour is sponsoring the construction of an eight-foot-wide multi-use pedestrian path located along the north side of U.S. 50 from Agrico Lane to Sandy Creek Drive.

The proposal requires no right of way. The project will be constructed in phases while providing two-lanes of traffic in each direction on U.S. 50. The I-65/U.S. 50 interchange will remain open by providing temporary ramps and temporary traffic signals. Access to all properties will be maintained during construction.

The environmental document and preliminary design plans are available to view prior to the public information meeting at the INDOT Seymour District located at 185 Agrico Lane, Seymour, IN 47274

Project materials and documentation will be posted to the INDOT website (Seymour District page) <https://www.in.gov/indot/2706.htm> prior to the public information meeting. Any inquires can be directed to the INDOT Seymour District office (855)-463-6848.

In accordance with the Americans with Disabilities Act (ADA) and with advance notice, INDOT coordinates accommodations for persons with disabilities requiring auxiliary aids including but not limited to sign language interpretation, alternative format documents and other ADA supportive services. Should accommodation be required please contact Rickie Clark, INDOT Office of Public Involvement at (317)-232-6601 or e-mail rclark@indot.in.gov.

In addition and in accordance with Title VI of the Civil Rights Act of 1964, INDOT will coordinate accommodation for persons of Limited English Proficiency (LEP) requiring auxiliary aids and/or supportive services including but not limited to in-person language interpretation, alternative format documents and other services as needed. Should accommodation be required please contact Rickie Clark, Office of Public Involvement at (317) 232-6601, or email rclark@indot.in.gov.
