2016 Total Living Covers Planted in Specialty Crops

Statewide, 36.5% (13,000 acres) of specialty crop acres had living cover crops and cereal grains planted in them.

For more information, visit the Conservation Tillage Program web page at http://www.in.gov/isda/2383.htm, or contact the Indiana State Department of Agriculture at ISDANutrientReduction@isda.in.gov.

Data is based on the 2016 NASS Cropland Data Layer.
