## INDIANA HARDWOODS – BY THE NUMBERS

High-quality hardwood forests and a business-friendly environment rank Indiana nationally:

- > **1st** in the production of wood office furniture and hardwood veneer
- > **2nd** in wood kitchen cabinets, wood countertops and manufactured homes
- > **3rd** in engineered wood products
- > **4th** in pre-fabricated wood buildings
- > **5th** in upholstered household furniture

Indiana's hardwood industry has an annual economic impact of over **\$10 billion** and supports **70,000 jobs** -- 44,000 in primary and secondary manufacturing and 26,000 in ancillary sectors. In 2020, Indiana hardwood producers exported about **\$122 million** worth of logs, lumber and veneer to over **60 countries** around the world. **84%** of Indiana's **4.9 million forest acres** are privately owned. Statewide timber growth exceeds removals for harvest and natural tree mortality by **2.3 times**. Hoosier forests offer a sustainable and natural raw material for manufacturers with an environmental impact difficult to beat.
