

**AGENDA**  
**STATE SOIL CONSERVATION BOARD MEETING**  
**January 22, 2017**  
**Indianapolis Marriott Downtown**

- I. 3:00: Call to Order**
- II. Approve Minutes of October 2016**
- III. Clean Water Indiana**
  - a. Clean Water Indiana Grants –Leah Harmon
- IV. State Soil Conservation Board Business**
  - a. SSCB Chairman’s Report-Ray Chattin
  - b. Appointment of Chair/Committees
  - c. CCSI Update- Lisa Holscher and Les Zimmerman
- V. Soil and Water Conservation Districts**
  - a. Recommendation of Supervisor Appointments- Laura Fribley
  - b. Floyd County-Laura Fribley
  - c. Knox County- Nathan Stoelting
  - d. Ohio County- Tara Wesseler-Henry
  - e. Starke County-Laura Fribley
- VI. 10 Minute Break**
- VII. ISDA Updates**
  - a. Director’s Report- Jordan Seger
  - b. Technical Report- Jennifer Thum
  - c. Soil Health-Meg Leader
  - d. Accountability and Technology- Jordan Seger
  - e. District Support-Laura Fribley
  - f. Water Quality and CREP- Julie Harrold
- VIII. Conservation Partner Reports**
  - a. IASWCD Report
  - b. IDEM Report
  - c. DNR Report
  - d. Purdue Report
  - e. FSA Report
  - f. NRCS Report
  - g. IDEA Report
- IX. Public Comment**
- X. Next Meeting:**
  - 2017 Meeting Dates**
  - March 21- NRCS State Office
  - May 16- TBD
  - July 25- NRCS State Office
  - September 19- NRCS State Office
  - October 31- TBD
- XI. Adjourn**

**\*\*\*PLEASE NOTE\*\*\***

This agenda is in DRAFT FORM. Open Door Law does not prohibit the public agency from changing or adding to its agenda during the meeting.

January 22, 2017  
Clean Water Indiana Grants

## Program Updates

### **Clean Water Indiana Competitive Grants**

2017

- 2017 competitive grant projects started on January 1<sup>st</sup>.
- I am assisting districts through the contract process. As of 1/17 12 grant agreements have been fully executed. This process is moving a lot faster than previous years.
- Claims are starting to come in. As of 1/17, I have processed 6 claims. These take about 45 days to get funds to districts.
- I have created an overall summary of the 2017 grants. It is posted on the CWI website. Individual summaries are forthcoming.

2014-2016

- Most 2014 grants have final reports due on January 31<sup>st</sup>. After that time I will process final claims.
- Annual reports for 2015 and 2016 grants are also due January 31<sup>st</sup>.

Overall

- Please see the amended communications policy. The timeline for requesting modifications has been modified.
- The CWI roundtable tomorrow will help to provide feedback for the 2018 guidance. We will have some quick updates on process, discuss the 2017 cycle, and what improvements we can make in 2018.
- 2018 guidance will be developed in February and March.

### **Annual Financial Report Grants**

- The template has been sent to SWCDs.
- The AFR is due in Gateway on March 1<sup>st</sup> and to ISDA on March 31<sup>st</sup>.
- New this year, all SWCDs will be required to register as a bidder to receive state funding. Some SWCDs may have already completed this registration for 319 or LARE grants. It is a one-time registration.
- ISDA also has a new online contract submittal process. All contracts are to be electronically signed by the SWCD chair. Instructions will be sent with the grant agreement.

### **Training Reimbursement/Sponsorship**

- The online application for training reimbursement can be found at <http://www.in.gov/isda/3371.htm>
- Like last year, we will distribute these funds to districts with their AFR payment.
- The grants committee reviewed the first round of training applications in December. They awarded \$12,263.87 in training reimbursement funds and \$1144 in grant writing training funds.
  - So far 20 districts and 93 individuals (40 supervisors, 53 staff) have been awarded reimbursement funds.
  - Trainings funded include IASWCD Annual Conference, IDEA Conference, Leadership Institute and more.

- The DSS team has maintained a list of grant writing trainings that we know of, so that districts can more easily find these trainings.
- The 2<sup>nd</sup> review cycle will be in March.

### **Grant Reviews**

#### *2016*

- The DSS team has conducted two grant reviews since the last meeting, which finishes up the 10 that were planned in 2016.
- One project reviewed was in the last year of its grant period. It is complete and went according to the approved scope of the project.
- The other reviewed project is moving as projected and will be complete in the next year.
- Results of the reviews were sent to all districts involved in the grants as well as their boards of supervisors.

#### *2017*

- I will select 10 grants to review in February after grant reports are completed.
- Selections will be made per the CWI communication policy for both marginal and routine grants.

# State Soil Conservation Board

January 22, 2017  
 ISDA – DSC Director’s Report  
 Jordan Seger

Key Performance Indicator and Performance Measures (calendar year) as set by the Office of Management and Budget (OMB)

-DSC + SWCD workload, direct ties to CWI and DSC budget

KPI	2014	2015	2016
	Yellow Target	Green Target	
Top soil stabilization, prevention of sediment from entering waters of the State	252,000,000	280,000,000	237,586,000 460,958,000 356,580,000
<b>Program Measures</b>			
Nitrogen reduced from entering waters of the State	250,000	275,000	253,674 478,669 374,509
Phosphorus reduced from entering waters of the State	125,000	150,000	125,575 241,744 186,592
Number of soil and water conservation practices installed	750	1,000	1,328 1,992 1,788
Number of newly enrolled acres in the Conservation Reserve Enhancement Program (CREP)	650	750	681 808 3,021
Number of acres in INField Advantage	40,000	60,000	50,540 60,270 72,100

-Thanks to the SWCDs that entered their practices this year and took credit for their local conservation work. These SWCDs understand accountability, goal setting, and collaboration:

**Allen, Clinton, Crawford, Daviess, DeKalb, Hamilton, Harrison, Jackson, Jay, Jefferson, Jennings, Lawrence, Marion, Miami, Perry, Pike, Posey, Ripley, Scott, Spencer, Tippecanoe, Wabash, Warrick, Washington**

*\*Highlighted SWCDs also were key collaborators with INField Advantage*

-Additional thanks go to the SWCDs administrating the Conservation Reserve Enhancement Program (CREP) which saw a record year in 2016:

**Daviess, Decatur, Fulton, Gibson, Hamilton, Howard, Huntington, Orange, Parke, Sullivan**

## Legislative Session

- The DSC has no sponsored Bills this session (CWI cleanup bill in 2016/last session)
- Increases to cigarette tax (approx. 1.50/pack) and smoking age being discussed with some new funds potentially going towards prevention program

## DSC Staffing

- 33 of 34 positions filled, seeking summer intern

## Indiana Nutrient Management Planning Team

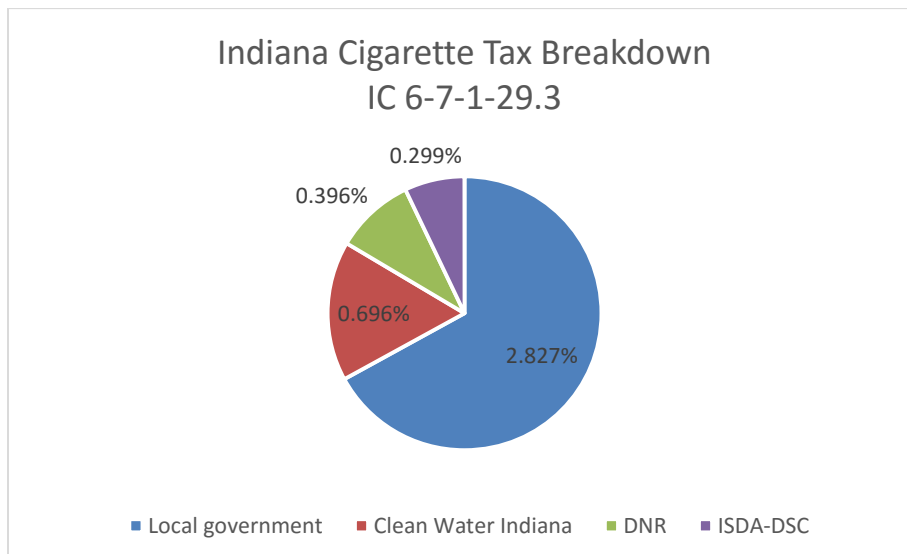

- Currently includes ISDA, IN Corn and Soy, IFB, ACI, NRCS, PU, TNC
- Exploring strategic, statewide structure and approach to Ag and nutrient management, direction setting and building collaboration
- Learning from efforts in IA, OH, IL

## IN Conservation Partnership Data

- CY 2016 ICP Accomplishments report published in March
- IN and AR working with University of IL on Walton Family Foundation grant to develop tools for states to share conservation data and demonstrate impacts on large water basins (Mississippi)
- Working with USGS to incorporate higher resolution state conservation/Ag data into large basin modeling efforts
- Using Jasper county to pilot new tillage/cc transect methods, using GIS, random statistical sampling, etc., drill down to watersheds

## CY2016 ISDA-DSC and SSCB Annual Report

- Published in February
- New interactive, mobile friendly “storyboard” format

*CWI + DSC = .995% of total annual cigarette tax revenue dedicated to conservation  
Does not include general fund appropriation(s)*

# State Soil Conservation Board

January 22, 2017

DSC Technical Assistance Report

## Field Staff Activities

January 1, 2016 – December 31, 2016

Resource Specialist Activities	Total
SWCD Board Meetings	339
ICP Meetings, Conference Calls, Webinars, etc.	398
Field Days	128
Training	89
Conservation Planning	850
Survey, Design and Inspections	1,212
Construction	357
Public Interaction	9,482
CREP – Met with Landowners	226
CCSI Activities	55
INFA Activities	343

## DSC Conservation Workload

January 1, 2016 – December 31, 2016

Action	Currently Reported
Technical Assistance	3,015
Practices Underway	1,189
Completed Practices	1,785
Practice Acres	43,578
Practice Feet	501,523
Field Acres	66,567
Nitrogen Reduction	374,509 lbs.
Phosphorus Reduction	186,592 lbs.
Sediment Reduction	356,580,000 lbs.

January 22, 2017  
Director of Soil Health

## Program Updates

### ➤ INfield Advantage

- Two of 33 Winter Grower Meetings are completed. Meetings run through March 14.
- Researchers at Purdue have expressed an interest in studying the data we've been collecting. We don't have an estimate on when we will see any results from their analysis.
- Eight ISDA and SWCD Staff will be attending the Iowa Research Conference, was the On-Farm Network Conference, on February 7 and 8. Indiana Corn and Soy is covering the registration and hotel expenses for the SWCD staff to attend.
- In 2017 we will be adding two new groups, one in Rush County lead by the SWCD and the other in Steuben County lead by the PU ANR Educator.
- Mike Werling was recognized at the 2017 National No-Till Conference with a Responsible Nutrient Management Practitioners Program Award. During the award winners panel discussion he praised the value of INfield Advantage to help him make decisions.

### ➤ Conservation Cropping Systems Initiative

- Two year Soil Health Training Curriculum developed
- CCSI CIG Report, both public and official, are completed.
- Purdue Post-Doc started the first week of January
- 2017 CCSI-SARE training brochure distributed
- Working on updating strategic plan

### ➤ Red Gold Tomato Conservation Stewardship Award

- I am working with Red Gold on topics/speaker possibilities for their spring grower meetings in March and April.

### ➤ Indiana Conservation

- CTIC's 10<sup>th</sup> Annual Conservation in Action Tour will be returning to Indiana, in late August. The tour will be based in NW Indiana and consist of dinner/reception on the first day and the all day tour on the second.

- At the National No-Till Conference, Indiana received additional recognition:
  - Betsy Bower, 2017 No-Till Innovator Award
  - Barry Fisher, No-Till Legend Award
  - Ray McCormick, No-Till Legend Award
  - Dan Towery, No-Till Legend Award
  - Joe Nester, No-Till Legend Award

# State Soil Conservation Board

January 22, 2017

Accountability and Technology

## Program Updates

### **2016 DSC KPI and Program Measures**

KPI	2010	2011	2012	2013	2014	2015	2016
	<b>Yellow Target</b>	<b>Green Target</b>					
Top soil stabilization, prevention of sediment from entering waters of the State	252,000,000	280,000,000			306,584,000	237,586,000	460,958,000
<b>Program Measures</b>							
Nitrogen reduced from entering waters of the State	250,000	275,000			334,721	253,674	478,669
Phosphorus reduced from entering waters of the State	125,000	150,000			168,609	125,575	241,744
Number of soil and water conservation practices installed	750	1,000			2,139	1,328	1,992
Number of newly enrolled acres in the Conservation Reserve Enhancement Program (CREP)	650	750	754	1,069	786	681	808
Number of acres in INField Advantage	40,000	60,000	2,660	22,540	29,330	42,630	50,540
						60,270	72,100

\*KPI and Program Measures data compiled on January 3, 2017.

\*Data includes both DSC and SWCD conservation workload.

\*Nitrogen, Phosphorus, and Sediment reported in pounds.

### **2016 CWI Conservation Workload**

Action	Reported
Completed Practices	892
Practice Acres	30,582
Practice Feet	57,087
Field Acres	38,760
Nitrogen Reduction	201,525 lbs./yr.
Phosphorus Reduction	101,174 lbs./yr.
Sediment Reduction	193,734,000 lbs./yr.

\*CWI data compiled on January 3, 2017.

### **2016 ICP Conservation Workload**

DSC commends NRCS, IDEM and LARE for submitting their 2016 conservation workload data in a timely manner. Practices needing Region 5 Model analysis have been extrapolated from the NRCS conservation workload and submitted to DSC field staff for analysis. DSC hopes to have the Region 5 Model analyses completed by February 17. DSC plans to complete the 2016 ICP Conservation Accomplishments Report completed by the end of March 2017, if not sooner.

### **2016 Fall Cover Crop Transect Survey**

A total of 82 counties have completed their fall cover crop transect surveys. District Support Specialists continue to coordinate with the remainder 10 counties including Henry, Jackson, Jefferson, Lawrence, Newton, Noble, Rush, Shelby, Warren and Whitley to complete their transects by the end of January.

## ***SharePoint Migration***

The ISDA, SWCD and CCSI SharePoint sites will migrate from SharePoint 2010 to SharePoint Online in February. Once the migration takes place, SWCD personnel will receive a tutorial which will help them become more familiar with the new look and feel of the site and changes in functionality. Recently, SWCD personnel were requested to create Microsoft accounts in order to access SharePoint Online. When the migration is complete, they will no longer use the login credentials provided to them by IOT.

# State Soil Conservation Board

January 22, 2017

## District Support Specialist (DSS) Report

**DSS Regional Updates:** *this report focuses on highlights from two DSSs. Other regions and DSSs will be featured in upcoming reports on a rotating basis.*

- **Nathan Stoelting:** On Friday December 2 and Saturday December 3rd Nathan Stoelting and Laura Fribley helped organize a leadership training in French Lick, Indiana. The workshop “Impacting Community” is 1 in 4 of a series that makes up the Leadership Institute. Registration was exceptional as was attendance for the weekend. 42 total registered including guest and 28 attended the full workshop. Nathan and Laura was able to encourage some new speakers from Purdue to handle the sessions on Friday afternoon and Saturday morning. Friday evening was a chance for guest to tour the West Baden hotel and enjoy all of the Christmas festivities going on at French Lick.

Nathan has also had a chance to train new staff in Putnam County. The office just hired a new Executive Assistant and he is just starting with the world of Soil and Water Conservation.

- **Laura Fribley:** in the “southern” region, we’ve been involved with multiple activities. SWCDs are busy this time of year wrapping up year-end details, and preparing for Annual Meetings.

In November and December, I hosted two SWCD Staff regional meetings that focused specifically on Internal Controls. As well, I attended IDEA’s Region Meeting in Jennings County, and the SW & SE IASWCD Fall Region meetings. Each of the meetings had great discussion and opportunities for networking/learning. In addition, I’ve been regularly attending Board Meetings and encouraging SWCDs to update their business plans and/or annual plans of work as they look towards 2017. The DSS Team is seeking ways to best serve SWCDs while attending Board Meetings, so I’ve been getting input during the meetings as well. The Partner Leaders have also visited a few board meetings within the region, and I’ve appreciated all of the discussions. Finally, a highlight of the last few months for me was the December Leadership Institute. The attendees and instructors were great “teachers”. I always pick up so many great ideas at these events and this was no exception. It was an enjoyable event. We have so many talented Supervisors and Staff throughout Indiana.

### **Upcoming Events:**

- 2017 March Region Meetings: March 2- SW, March 9- SE (not March 7th), March 16- NW, March 23- NE

# State Soil Conservation Board

January 22<sup>nd</sup>, 2017

ISDA – CREP & Water Quality Initiatives, Julie Harrold

## Program Updates

### **Conservation Reserve Enhancement Program**

- A snapshot of 2016 CREP Accomplishments is attached to this report including completed acres, enrolled acres, conservation buffer lengths, and estimated NLRs in CREP watersheds and a summary of state dollars paid out in 2016.
- Annual CREP Report can be viewed at <http://www.in.gov/isda/files/2016%20CREP%20Annual%20Report%20Final.pdf>
- Total Completed acres are 10,434.14. Total enrolled acres are 13,175.59. To date the state has paid out \$3,798,917.90 in the CREP program. For every state dollar that is spent, the federal match is approximately \$7-\$10 for every state dollar.
- Attached to this report is a report on the current status of acres and dollars in CREP.

### **IN State Nutrient Reduction Strategy (SNRS)**

- We are waiting on word of approval from EPA on the current version of the SNRS.
- This version can be found on the ISDA webpage at <http://www.in.gov/isda/2991.htm>.
- Comments on the SNRS can be sent to [ISDANutrientReduction@isda.in.gov](mailto:ISDANutrientReduction@isda.in.gov).
- Work in 2017 will focus on the Milestones and Action Items, one of which includes the development of the nine GIS Basin Story maps.

### **Gulf Hypoxia Task Force (HTF)**

- The HTF meeting in New Orleans in December 5<sup>th</sup>-7<sup>th</sup> went very well.
- ISDA will be working with the LGU's SERA-46 group this year through a Walton Family Foundation grant to look at sharing of conservation on a state level. Indiana and Arkansas are the pilot states.
- In 2017, I will be working on a committee with the SERA-46 group on looking at how social indicator studies can be used to guide, evaluate and accelerate implementation of State-Level Nutrient Reduction Strategies.
- Indiana is working with USGS on discussions of how to use Indiana's conservation data and incorporate it into the SPARROW model.

### **Western Lake Erie Basin**

- The draft Domestic Action Plan (DAP) for Lake Erie will be completed by the end of January and will go out for public comment following completion of the draft plan.

SSCB Meeting - January 22nd, 2017 - CREP Summary

	Native Grasses	Permanent Wildlife Habitat	Filter Strip	Hardwood Tree Planting	Riparian Buffer	Bottomland Timber Establishment	Wetland Restoration	Wetland Restoration (non-floodplain)	Total

CREP in 2016 - SSCB Meeting – January 22<sup>nd</sup>, 2017

**2016 COMPLETED AND ENROLLED PRACTICES\***

2016 Practices		(in acres)						
	Native Grasses CP2	Hardwood Tree Planting CP3A	Filter Strip CP21	Riparian Buffer CP22	Bottomland Timber CP31	Wetlands CP23	Wetlands CP23A	Total
<b>Completed*</b>	8.83	0.0	212.12	167.58	404.53	171.90	82.22	<b>1,047.18</b>
<b>Enrolled</b>	11.47	14.77	340.83	171.28	1,486.77	441.64	368.04	<b>2,834.80</b>

\* Completed practices are those projects where conservation practices have been installed.

\*\* There were no CP3A or CP4D practices installed in 2016.

\*This is 2,026 acres more enrolled than in 2015.

**CONSERVATION BUFFER LENGTHS**

2005-2010	2010 - current	Total	CREP Goal	Percentage of Goal
2,627,367 feet	542,412 feet	<b>3,169,779 feet</b>		
		<b>600.34 linear miles</b>	<b>3,000 linear miles</b>	<b>20%</b>

### ESTIMATED NUTRIENT LOAD REDUCTIONS IN CREP WATERSHEDS

Year	Sediment (Tons)	Phosphorus (lbs.)	Nitrogen (lbs.)
<b>2016</b>	6,418	8,218	16,289
<b>Overall</b>	23,723	24,474	47,798

\*'Overall' refers to the total sediment and nutrient load reductions since the project's inception.

\* This surpasses our NLRs goals in the CREP Agreement by 262%, 342%, and 346% respectively.

### SUMMARY OF STATE FUNDS FOR COMPLETED PRACTICES IN 2016 (PRACTICES AND ADMIN FEES)

	CP2	CP21	CP22	CP31	CP23	CP23A	Practices Total	Admin fees	Total
<b>paid in 2016</b>	\$883.00	\$21,212.00	\$67,032.00	\$161,812.00	\$163,305.00	\$68,566.50	<b>\$482,810.50</b>	<b>\$48,281.05</b>	<b>\$531,091.55</b>

**EXECUTIVE DIRECTOR:**  
Jennifer Boyle Warner  
[Jennifer-boyle@iaswcd.org](mailto:Jennifer-boyle@iaswcd.org)

**To:** State Soil Conservation Board  
**From:** Jamie Scott, Interim President, IASWCD  
**Date:** Sunday, January 22, 2017

**Conservation Cropping Systems Initiative (CCSI)**

- Full staff on board: Lisa Holscher, Director; Ashley Brucker, Program Manager; Taylor Lord, Communications Manager; and Joe Rorick, Agronomist
- Business planning strategic session will be held in the spring.
- Letter to all SWCDs has been sent regarding resolution that requested \$500 donation from Districts to support CCSI efforts.

**Pathway to Water Quality**

- 25<sup>th</sup> anniversary celebration in 2017; look for more details this spring.

**Other**

- District Showcase tours were held in November.
- 4 Fall regions meetings were held in November and December
- IASWCD has signed a contribution agreement with NRCS for Districts to provide administrative and technical services for Farm Bill programs. This is a three-year agreement worth up to \$900,000 per year if fully utilized by Districts.
- Jane, Jordan and Jennifer have conducted 26 District visits so far. More will resume this spring and summer.
- IASWCD will be advocating for a \$1 million INCREASE in general fund appropriation for the Clean Water Indiana program this legislative session.
