INDEPENDENT AUDITOR'S REPORT

TO: THE OFFICIALS OF JAY COUNTY HOSPITAL, JAY COUNTY, INDIANA

***Report on the Financial Statements***

We have audited the accompanying financial statements of the business-type activities of Jay County Hospital (Hospital), a component unit of Jay County, as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the Hospital's basic financial statements as listed in the Table of Contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, we express no such opinion. An audit includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that our audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Hospital, as of September 30, 2014, and the changes in financial position and cash flows, where applicable, thereof and for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT  
(Continued)

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Schedule of Funding Progress, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America, requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

  
Paul D. Joyce, CPA  
State Examiner

February 5, 2015

## BASIC FINANCIAL STATEMENTS AND ACCOMPANYING NOTES

The financial statements and accompanying notes were prepared by management of the Hospital. The financial statements and notes are presented as intended by the Hospital.

JAY COUNTY HOSPITAL  
STATEMENT OF NET POSITION  
September 30, 2014

Assets

Current assets:	
Cash and cash equivalents	\$ 6,484,321
Patient accounts receivable, net of estimated uncollectibles	11,178,708
Supplies and other current assets	782,245

Reconciliation of operating income to net cash provided by operating activities:	
Operating income	\$ 1,802,057
Adjustments to reconcile operating income to net cash flows provided by operating activities:	
Depreciation and amortization	2,180,710
(Increase) decrease in current assets:	
Patient accounts receivable	(563,060)
Supplies and other current assets	163,865
Increase (decrease) in current liabilities:	
Accounts payable	251,350
Payroll and benefits payable	40,712
Estimated third party payor settlements	(805,587)
Other current liabilities	<u>42,658</u>
Net cash provided by operating activities	<u>\$ 3,112,705</u>

The accompanying notes are an integral part of the financial statements.

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Reporting Entity

Jay County Hospital (Hospital) is a county-owned facility and operates under the Indiana County Hospital Law, Indiana Code 16-22. The Hospital provides short-term inpatient and outpatient health care.

The Board of County Commissioners of Jay County appoints the Governing Board of the Hospital and a financial benefit/burden relationship exists between the County and the Hospital. For these reasons, the Hospital is considered a component unit of Jay County.

The accompanying financial statements present the activities of the Hospital (primary government) and its significant component unit. The component unit discussed below is included in the Hospital's reporting entity because of the significance of its operational or financial relationship with the Hospital. The blended component unit, although a legally separate entity, is in substance part of the government's operations and exists solely to provide services for the government; data from this unit is combined with data of the primary government.

Blended Component Unit

The Jay County Hospital Foundation is a significant blended component unit of the Hospital. The primary government appoints a voting majority of the Foundation's board and a financial benefit/burden relationship exists between the Hospital and the Foundation. Although it is legally separate from the Hospital, the Foundation is reported as if it were a part of the Hospital because it provides services entirely or almost entirely to the Hospital.

B. Enterprise Fund Accounting

The Hospital uses enterprise fund accounting. Revenues and expenses are recognized on the accrual basis using the economic resources measurement focus.

C. Assets, Liabilities, and Net Position

1. Deposits and Investments

Cash and cash equivalents include demand deposits and investments in highly liquid debt instruments with an original maturity date of three months or less.

Short-term investments are investments with remaining maturities of up to 90 days.

Statutes authorize the Hospital to invest in interest-bearing deposit accounts, passbook savings accounts, certificates of deposit, money market deposit accounts, mutual funds, pooled fund investments, securities backed by the full faith and credit of the United States Treasury and repurchase agreements. The statutes require that repurchase agreements be fully collateralized by U.S. Government or U.S. Government Agency obligations.

Nonparticipating certificates of deposit, demand deposits, and similar nonparticipating negotiable instruments that are not reported as cash and cash equivalents are reported as investments at cost.

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Investments in affiliated companies are reported using the equity method of accounting, or at cost, as applicable.

Other investments are generally reported at fair value.

Investment income, including changes in the fair value of investments, is reported as nonoperating revenues in the Statement of Revenues, Expenses, and Changes in Net Position.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Capital Assets

Capital assets, which include land, land improvements, buildings and improvements, and equipment, are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Contributed or donated assets are reported at estimated fair value at the time received.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods and estimated useful lives of capital assets reported in the financial statements are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Land improvements	\$ 5,000	Straight-line	5-25 years
Buildings and building service equipment	5,000	Straight-line	5-40 years
Fixed equipment	5,000	Straight-line	4-20 years
Major moveable equipment	5,000	Straight-line	3-32 years

For depreciated assets, the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

4. Net Position

Net position of the Hospital is classified in three components.

Net investment in capital assets consists of capital assets net of accumulated depreciation.

Restricted expendable are noncapital assets that must be used for a particular purpose, as specified by creditors, grantors, contributors, or enabling legislation external to the hospital.

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Unrestricted net position is remaining net position that does not meet the definition of net investment in capital assets or restricted.

The financial statements report \$183,818 of restricted assets, of which \$22,939 is restricted by enabling legislation.

D. Grants and Contributions

From time to time, the Hospital receives grants from Jay County and the State of Indiana as well as contributions from individuals and private organizations. Revenues from grants and contributions (including contributions of capital assets) are recognized when all eligibility requirements, including time requirements, are met. Grants and contributions may be restricted for either specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as nonoperating revenues. Amounts restricted to capital acquisitions are reported after nonoperating revenues and expenses.

E. Restricted Resources

When the Hospital has both restricted and unrestricted resources available to finance a particular program, it is the Hospital's policy to use restricted resources before unrestricted resources.

F. Operating Revenues and Expenses

The Hospital's Statement of Revenues, Expenses, and Changes in Net Position distinguishes between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with providing health care services - the Hospital's principal activity. Nonexchange revenues, including grants, and contributions received for purposes other than capital asset acquisition, are reported as nonoperating revenues. Operating expenses are all expenses incurred to provide health care services, other than financing costs.

G. Net Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. Net patient service revenue represents the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

H. Charity Care

The Hospital has a policy of providing charity care to patients who are unable to pay. Such patients are identified based on financial information obtained from the patient and subsequent analysis.

I. Supplies

Inventories of drugs and other supplies are stated at the lower of cost (first-in, first-out) or market.

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

J. Compensated Absences

The Hospital's policy on paid time-off (which includes vacation, sick leave, and holidays) allows all employees regularly scheduled at least 30 hours a week in regular employment status to accrue paid time-off (PTO) to a maximum of 480 hours. PTO is paid to employees through a lump sum cash payment upon termination if not discharged and if proper notice of leaving employment is given.

Paid time-off is accrued when incurred and reported as a liability.

K. Fair Value of Financial Instruments

The following methods and assumptions were used by the Hospital in estimating the fair value of its financial instruments:

Cash and Cash Equivalents

The carrying amount reported in the Statement of Net Position for cash and cash equivalents approximates its fair value.

Accounts Payable and Accrued Expenses

The carrying amount reported in the Statement of Net Position for accounts payable and accrued expenses approximates its fair value.

II. Detailed Notes

A. Deposits and Investments

1. Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. Indiana Code 16-22-3-16 allows a Hospital Governing Board to deposit public funds in a financial institution. The Hospital does not have a deposit policy for custodial credit risk. At September 30, 2014, the Hospital had deposit balances in the amount of \$21,385,868.

The bank balances were insured by the Federal Deposit Insurance Corporation or the Public Deposit Insurance Fund, which covers all public funds held in approved depositories.

2. Investments

Authorization for investment activity is stated in Indiana Code 16-22-3-20.

B. Accounts Receivable and Payable

Patient accounts receivable and accounts payable (including accrued expenses) reported as current assets and liabilities by the Hospital at year end consisted of these amounts:

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Patient Accounts Receivable

Receivable from patients and their insurance carriers	\$ 14,166,140
Receivable from Medicare	5,061,604
Receivable from Medicaid	<u>2,358,418</u>
 Total patient accounts receivable	 21,586,162
 Less allowance for uncollectible amounts	 <u>10,407,454</u>
 Patient accounts receivable, net	 <u><u>\$ 11,178,708</u></u>

Accounts Payable and Accrued Expenses

Payable to suppliers	\$ 855,639
Payable to employees (including payroll taxes)	1,434,761
Other	<u>117,408</u>
 Total accounts payable and accrued expenses	 <u><u>\$ 2,407,808</u></u>

C. Capital Assets

Capital asset activity for the year ended September 30, 2014, was as follows:

<u>Primary Government</u>	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Capital assets, not being depreciated:				
Land	\$ 220,245	\$ -	\$ -	\$ 220,245
Construction in progress	<u>238,979</u>	<u>1,116,926</u>	<u>1,130,835</u>	<u>225,070</u>
 Total capital assets, not being depreciated	 <u>459,224</u>	 <u>1,116,926</u>	 <u>1,130,835</u>	 <u>445,315</u>
Capital assets, being depreciated:				
Land improvements	915,689	20,520	-	936,209
Buildings and building service equipment	22,769,259	558,936	1,938	23,326,257
Fixed equipment	3,105,733	-	-	3,105,733
Major moveable equipment	<u>10,895,386</u>	<u>566,943</u>	<u>4,292</u>	<u>11,458,037</u>
 Totals	 <u>37,686,067</u>	 <u>1,146,399</u>	 <u>6,230</u>	 <u>38,826,236</u>
Less accumulated depreciation for:				
Land improvements	841,547	9,585	-	851,132
Buildings and building service equipment	13,271,950	872,422	-	14,144,372
Fixed equipment	2,825,183	264,706	-	3,089,889
Major moveable equipment	<u>7,640,928</u>	<u>989,974</u>	<u>-</u>	<u>8,630,902</u>
 Totals	 <u>24,579,608</u>	 <u>2,136,687</u>	 <u>-</u>	 <u>26,716,295</u>
 Total capital assets, being depreciated, net	 <u>13,106,459</u>	 <u>(990,288)</u>	 <u>6,230</u>	 <u>12,109,941</u>
 Total primary government capital assets, net	 <u><u>\$ 13,565,683</u></u>	 <u><u>\$ 126,638</u></u>	 <u><u>\$ 1,137,065</u></u>	 <u><u>\$ 12,555,256</u></u>

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

D. Construction Commitments

Construction work in progress is composed of the following:

<u>Project</u>	<u>Expended to September 30, 2014</u>
Patient Health Portal	\$ 23,091
E H R System	166,029
CT Injection System	<u>35,950</u>
Total	<u>\$ 225,070</u>

E. Restricted Net Assets

Restricted, expendable net assets are available for the following purposes:

	<u>September 30, 2014</u>
Bioterrorism Hospital Preparedness Grant:	
Emergency preparedness programs and equipment	\$ 22,939
Jay County Hospital Foundation:	
Capital contributions and education	<u>160,879</u>
Total expendable, restricted net assets	<u>\$ 183,818</u>

F. Net Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

1. Medicare

Inpatient and outpatient services and defined capital and medical education costs related to Medicare beneficiaries are paid based on a cost reimbursement methodology. The Hospital is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary. Geropsych services rendered to Medicare program beneficiaries are paid at prospectively determined rates.

2. Medicaid

Inpatient acute care services and outpatient services rendered to Medicaid program beneficiaries are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors.

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Revenue from the Medicare and Medicaid programs accounted for approximately 40 percent and 12 percent, respectively, of the Hospital's net patient revenue for the year ended September 30, 2014. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

The Hospital also has entered into payment agreements with certain commercial insurance carriers, HMO's, and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

G. Charity Care

Charges excluded from revenue under the Hospital's charity care policy were \$631,150.

H. Internally Designated Assets

Noncurrent cash and investments internally designated include the following:

1. Funded Depreciation - Amounts transferred from the Operating fund by the Hospital Board of Trustees through funding depreciation expense. Such amounts are to be used for equipment and building, remodeling, repairing, replacing or making additions to the Hospital buildings as authorized by Indiana Code 16-22-3-13.
2. Designated Funds - Assets set aside by the Hospital Board of Trustees for identified purposes and over which the Board retains control and may, at its discretion, subsequently use for other purposes.

Internally designated:	
Funded depreciation:	
Cash and cash equivalents	\$ 14,189,364
Accrued interest receivable	<u>15,782</u>
Total funded depreciation	<u>14,205,146</u>
Board designation:	
Cash and cash equivalents	<u>528,365</u>
Total internally designated	<u><u>\$ 14,733,511</u></u>

III. Other Information

A. Risk Management

The Hospital is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; medical benefits to employees, retirees, and dependents (excluding post-employment benefits); and natural disasters.

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

The risks of torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters are covered by commercial insurance from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance by major category of risk.

Medical Benefits to Employees and Dependents

The Hospital has chosen to establish a risk financing fund for risks associated with medical benefits to employees and dependents. The risk financing fund is accounted for in the Employee Health Trust Account where assets are set aside as needed for claim settlements. An excess policy through commercial insurance covers individual claims in excess of \$50,000 (due to their claims history, three employees are layered at \$75,000; \$100,000, and \$200,000) and aggregate claims in excess of \$1,494,749. Settled claims will not exceed coverage during calendar year 2014.

Claim expenditures are reported as expense in the fiscal year that they are paid.

Claim liabilities cannot be reasonably estimated

B. Contingent Liabilities

Litigation

The Hospital is involved in litigation and regulatory investigations arising in the course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the Hospital's future financial position or results from operations.

C. Investment in Affiliated Company

In 2004, the Hospital entered into an agreement with Cardinal Health Ventures, Inc., to establish Jay County Medical Facilities, LLC, to purchase a medical office building and then lease the facilities to health care providers. The Hospital's interest in the Corporation is 65 percent which was based on their initial contribution of \$422,750. Profits and losses of the Corporation will be distributed among the members in proportion to their respective percentage interests. The investment is recorded on the equity method.

Summarized financial information as of September 30, 2014, and for the year then ended from the unaudited financial statements of the Affiliated Company follows:

Current assets	\$	136,480
Noncurrent assets		601,170
Current liabilities		510
Equity		737,140
Revenue		141,620
Net income		23,537

JAY COUNTY HOSPITAL  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

D. Pension Plans

1. Defined Benefit Pension Plan

Jay County Hospital Employees' Pension Plan

Plan Description

For employees hired prior to January 1, 2009, the Hospital has a defined benefit pension plan administered by McCready and Keene, Inc., as authorized by Indiana Code 16-22-3-11. The plan provides retirement, disability, and death benefits to plan members and beneficiaries. The plan was established by written agreement between the Hospital Board of Trustees and the Plan Administrator. The Plan Administrator issues a publicly available financial report that includes financial statements and required supplementary information of the plan. That report may be obtained by contacting:

Jay County Hospital  
500 W. Votaw St.  
Portland, IN 47371  
Ph. 260-726-7131

Funding Policy

The contribution requirements of plan members are established by the written agreement between the Hospital Board of Trustees and the Plan Administrator. The Hospital is required to contribute at an actuarially determined rate. The current rate is 5.06 percent of annual covered payroll.

Annual Pension Cost

For the year ended September 30, 2014, the Hospital's annual pension cost of \$475,000 for the Pension Plan was equal to the Hospital's required and actual contributions.

Actuarial Information for the Above Plan

Annual required contribution	\$	467,361
Interest on net pension obligation		(4,799)
Adjustment to annual required contribution		5,417
 Annual pension cost		 467,979
Contributions made		536,400
 Increase in net pension obligation		 (68,421)
Net pension obligation, beginning of year		(63,981)
 Net pension obligation, end of year	 \$	 (132,402)

<u>Year Ending</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
12-31-11	\$ 554,109	110.4%	\$ (23,107)
12-31-12	559,126	107.3%	(63,981)
12-31-13	467,979	114.6%	(132,402)

Funded Status and Funding Progress for the Above Plan

The funded status of the plan as of January 1, 2014, the most recent actuarial valuation date is as follows:

	Actuarial Value of Plan Assets (a)	Actuarial Accrued Liability (AAL) Entry Age (b)	Unfunded AAL (b-a)	Funded Ratio (a/b)	Annual Covered Payroll (c)	Unfunded AAL as a Percentage of Covered Payroll ((b-a)/c)
Employees' Pension Plan	\$ 11,699,469	\$ 12,766,286	\$ 1,066,817	92%	\$ 7,941,509	13%

The Schedule of Funding Progress, presented as RSI for the above plan following the Notes to Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

2. Defined Contribution Pension Plan

Jay County Hospital 403(b) Pension Plan

Plan Description

On January 1, 2009, the Hospital started a defined contribution pension plan as authorized by Indiana Code 16-22-3-11. The plan is administered by the Hospital in conjunction with the plan's appointed actuary, trustee, and investment manager. The plan provides retirement and death benefits to plan members and beneficiaries. The plan was established by a written 403(b) adoption agreement.

Funding Policy and Annual Pension Cost

The voluntary contribution elections for plan members are established by the written plan adoption agreement. Plan members can elect to contribute up to 100 percent of their annual covered salary. The plan includes a provision for the Hospital to contribute to the plan at its discretion. The Hospital's current approved discretionary contribution rate is 2 percent of the employee's annual covered salary and a 50 percent match of the employee's contribution up to a maximum of 5 percent of the employee's covered salary. Employee contributions to the plan were \$409,336. The employer does not contribute until the end of the plan year.
