- Main Website: <http://www.in.gov/isdh/26539.htm>
- [Handout on the INVDRS](#)
- [Handout on the INVDRS and Child Fatality Review Program](#)

Trauma Registry Data Requests:

If you are interested in de-identified, statewide data, fill out the division data request form and return it to the ISDH Division of Trauma and Injury Prevention. If you are interested in identifiable data, you must fill out both the ISDH Division of Trauma and Injury Prevention division data request form and the agency data request form. If you are interested in patient level data or variables that could lead to individual identification, it will need administrative approval. Please submit to the Division of Trauma and Injury Prevention:

- The [agency data request form](#)
- The [division data request form](#)
- A document on letterhead describing the study
- IRB approval (if applicable)

All completed forms can be emailed to indianatrauma@isdh.in.gov
