

April 2010
Minority Health Month

Events in Indiana

April is Minority Health Month. In an effort to reduce health disparities & improve the health status of Minority populations, the 107th Congress, in H. Con. Res. 388 agreed on October 3, 2002 to establish a National Minority Health & Health Disparities Month. Many states & organizations are celebrating National Minority Health & Health Disparities Month in April. National Minority Health & Health Disparities Month is raising the awareness surrounding minority health issues.

The Office of Minority Health along with its statewide partners is planning activities for Minority Health Month in Indiana. The calendar we created will document activities that are related to minority health & health disparities in April for Indiana.
