Trauma Nurse Core Course

Purpose

The Trauma Nursing Core Course is a multi-hour course designed to provide the learner with basic trauma knowledge and psychomotor skills. The course also provides cognitive knowledge and psychomotor skills. The trauma nursing process is used to standardize the approach to trauma care and is reflected in the course manual and in the skill stations. Eight hours of content are presented through lectures. Opportunities are provided to learn and practice six frequently used critical psychomotor skills. Participants will be evaluated by a written multiple-choice exam as well as competency on spinal immobilization, airway and ventilatory management, and the trauma.

Fee: $250.00

Registration fee will include provider manual, handouts, and break refreshments. We will be unable to hold or reserve applications without payment or a purchase order. Please contact Amanda Elikofer to ensure spots are available before sending registration form. (contact information on inside of brochure)

Registration must be made at least one (1) month prior to the scheduled course.

Who should attend?

This course is designed for RN’s who have at least six months of clinical nursing experience in an emergency care setting (i.e. ED, ICU, ICU step-down, post anesthesia care unit).
