PROGRAM OBJECTIVES

At the conclusion of the program, participants should be able to:

- Discuss the role of the healthcare provider in caring for a patient with suspected chemical suicide attempt
- Define emergent indications for surgical intervention in a patient with thoracic trauma
- Discuss common lab values that define hypovolemia
- Identify the considerations for use of thromboelastography in trauma
- Identify grading system associated with solid organ injuries
- Identify mechanism and management of traumatic brain injury in pediatric patients

ACCREDITATION AND DESIGNATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Indiana State Medical Association (ISMA) through the joint providership of Northern Indiana Education Foundation (NIEF) and Franciscan Alliance. NIEF is accredited by the ISMA to provide continuing medical education for physicians and designates this live activity for a maximum of 6.5 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE

As a provider accredited by the ISMA/ACCME, it is the policy of Northern Indiana Education Foundation to require the disclosure of any financial interest or any other relationship the joint sponsor or presenter and their spouse/partner have with the manufacture(s) of any commercial product(s) discussed in an educational presentation. The presenters will disclose any financial interests at the beginning of the program.

NURSING STATEMENT (Contact Hours have been applied for by Franciscan St. Margaret Health)

Franciscan St. Margaret Health (OH-408, 6/1/2018) is an approved provider of continuing nursing education by the Ohio Nurses Association (OBN-001-91), an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
