

# Walking School Buses are coming to Indiana!

Walking School Bus (WSB) workshops are designed to help school teachers, administrators, parents, and community members think differently about school transportation, and increase the activity level of students.

Throughout the month of September, the WSB workshops will be hosted at six different locations throughout Indiana. WSB workshops are valued at \$5,000 but are being provided at no cost to you! Each workshop will cover topics such as: liability and safety issues, WSB design and policy, route planning, marketing and recruiting.

Each attendee representing their district will have the chance to enter a special drawing for a **FREE** bike rack for their respective school or community.

Check out the locations and dates below to find a workshop closest to you!
