RE: Asakusa Japanese Restaurant Variance Application # 512013

Ms. Chiang,

Your request for a variance has been reviewed by the Variance Review Committee. It has been determined that the process described in the request can be accommodated under Section 193 of 410 IAC 7-24, The Retail Food Establishment Sanitation Requirements, and does not need to have a variance. This is the result of the meeting on May 31 of this year with you, Ann Applegate of the Fort Wayne/Allen County Health Department and Dan Miller of the Indiana State Department of Health Food Program.

Please feel free to contact me if you have further questions or to discuss the matter.

Sincerely,

A. Scott Gilliam, MBA, CP-FS, Director  
Food Protection Program
