Indiana Healthcare Leadership Conference "Improving Care Coordination and Transition" Thursday, October 27, 2011

Conference Topic: "Care Coordination and Transition"

This Indiana Healthcare Leadership Conference will focus on care coordination and transition as it relates to the residents of long term care. Care coordination and care transition are key to the health and welfare of your residents. This Conference will provide tools and resources to help you think about and improve care coordination and transition for your residents.

About the Leadership Conference

The Indiana Healthcare Leadership Conference is an initiative of the Indiana State Department of Health (ISDH). The ISDH plans two Leadership Conferences per year - one in the spring and one in the fall. Each conference is a one-day conference focusing primarily on a single issue.

The Leadership Conferences, which began in June 2007, have grown in attendance from 720 participants to over 1200 participants. Attendees have been treated to outstanding presentations on falls management, reduction of pressure ulcers, behavior management and reduction of restraints, emergency preparedness planning, managing incontinence care, staffing issues, healthcare associated infections, nutrition, and alzheimer's and dementia. A variety of educational and practical resources on all these

topics were provided at each conference.

The conferences are intended to bring together statewide healthcare leaders to promote important quality of care issues. This conference will include providers from long term care, state surveyors, healthcare organizations, and organizations with significant interests in health care.

Contact Hours

Contact hours will be available for social workers and health facility administrators. Participants requiring contact hours should complete contact hours forms and return to conference staff at the close of the conference.

An application has been submitted to the Indiana State Nurses Association (ISNA) for approval of 4.5 contact hours. The Indiana State Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Invited Participants

The ISDH invites each comprehensive care facility (nursing home) to send two representatives to the conference. Each facility may select the individuals attending the conference on behalf of their facility. The ISDH recommends individuals such as the facility administrator, director of nursing, registered nurse, or compliance officer. Corporate offices of facilities are also invited to send appropriate representatives.

The ISDH will also be inviting selected professional organizations and individuals to attend the conference. Invited organizations will include the Alzheimer's Association of Greater Indiana, HealthCare Excel, Hoosier Owners and Providers for the Elderly, Indiana Health Care Association, Indiana Homes and Services for the Aging, Indiana Assisted Living Federation, Indiana Ombudsman, patient safety coalitions and centers, and United Senior Action. The ISDH will also be inviting academic and legislative partners. All ISDH long term care surveyors will be attending.
