COMMUNITY INDICATORS

Protect and maintain local tobacco control coalition infrastructure needed to combat tobacco use, as well as work with community organizations to reduce tobacco use among those groups most impacted by tobacco

Protect Hoosiers from exposure to secondhand smoke by:

- Supporting local and/or statewide smoke-free air ordinances for worksites, including restaurants, bars, private clubs and gaming facilities
- Working toward smoke-free policies in public and private multi-unit housing

Decrease adult smoking rates by:

- Promoting the Indiana Tobacco Quitline (1-800- QUIT NOW) throughout the community
- Working with health care providers to ensure they ask, advise, and refer their patients to tobacco treatment

Decrease youth smoking rates by:

- Supporting community efforts for counter tobacco point-of-sale strategies at the local level
