Clearinghouse personnel in your community

Indiana's Clearinghouse for Information on Missing Children and Missing Endangered Adults is getting out and about in Indiana communities to raise awareness on child safety as well as resources available through the Indiana State Police and our partner organizations like the National Center for Missing and Exploited Children.

Educational presentations in schools, National Night Out event participation, career days or simply speaking with local organizations about what's being done to minimize Indiana's missing persons cases are just a few of the ways the Clearinghouse is making a difference in Indiana's communities.

If you would like more information on how we can work with you, or have a request for Clearinghouse participation, please email us at missingchildren@isp.in.gov.

OUR PURPOSE

To provide healthcare and educational communities resources to aide in the recovery of unidentified or missing persons. There are over 1,000 missing persons in Indiana's Law Enforcement database. Together with hospitals, Vital Records, State Department of Health, Family and Social Services, and other agencies, we can greatly reduce the number of missing persons in Indiana.

New Green Alert legislation takes effect July 1

Beginning July 1, 2024, Indiana will offer a new alert in the search for missing persons.

The Green Alert, adopted during the 2024 legislative session, allows for emphasis to be placed on missing veterans at risk defined by Indiana Code 12-7-2-197.3 as a veteran or active duty member of the armed forces of the United States, the national guard, or a reserve component of the armed forces of the United States, who is known, based on information provided by a person making a report under IC 12-10-18-1, to have a physical or mental health condition that is related to the veteran’s military service.

Indiana Green Alerts will join the list of Indiana’s established alerts which include: [AMBER Alert](#), [Silver Alert](#), and [Blue Alert](#).

For consideration, an Alert must be recommended by the local law enforcement agency of jurisdiction and meet all criteria published on the [Clearinghouse website](#).

Get Involved: CyberTipline

The National Center for Missing and Exploited Children (NCMEC) [CyberTipline](#) is the nation’s centralized reporting system for the online exploitation of children. The public and electronic service providers can make reports of suspected online enticement of children for sexual acts, extra-familial child sexual molestation, child pornography, child sex tourism, child sex trafficking, unsolicited obscene materials sent to a child, misleading domain names, and misleading words or digital images on the internet.

NCMEC staff review each tip and work to find a potential location for the incident reported so that it may be made available to the appropriate law-enforcement agency for possible investigation. We also use the information from our CyberTipline reports to help shape our prevention and safety messages.

If you know of a child being sexually exploited online, report it at [CyberTipline.org](#) or 1-800-THE-LOST.
