

Harrison REMC

Your Touchstone Energy[®]
Cooperative 

December 23, 2009

Mr. Brad Borum
Director, Electricity Division
Indiana Utility Regulatory Commission
National City Center
101 W. Washington St. Suite 1500 E.
Indianapolis, IN 46204-3407

Dear Mr. Borum:

Harrison REMC requests use of the IURC's 30-day filing procedure to update Appendix A-Wholesale Power Cost Tracker applicable to our consumption based retail tariffs.

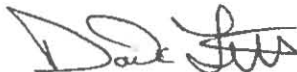

Enclosed is a copy of Hoosier Energy's Power Cost Tracker. This shows that the tracker applicable to Hoosier members for January usage in 2010 will be \$.009260 per kWh. Hoosier's tracker will increase Harrison REMC's gross receipts tax by \$.000017 per kWh (exhibit A).

The combination of Hoosier's tracker and the gross receipts tax adjustment would result in a power cost tracker of \$.009277 (\$.009260 + .000017). Incorporating line losses of approximately 3.49% (5 year average), Harrison REMC's corresponding charge to members is \$.009612.

Hoosier will begin billing the revised Power Cost Tracker with February 1, 2010 member bills, for consumption beginning January 1, 2010. Harrison REMC proposes to use the same schedule for billing retail customers.

Please contact me if you have any questions.

Sincerely,

David C. Lett
CEO

cc: Tyler Bolinger, Electric Director, OUCC

Effective January 1, 2010 - March 31, 2010
(\$ in thousands)**

REVISED
December 14, 2009

	<u>Environmental Compliance Costs</u>	<u>MISO Transmission Costs</u>	<u>Variable Production Costs</u>	<u>Total Projected Costs</u>	<u>Energy Sales (MWh)</u>	<u>Projected Costs per MWh</u>
January - December 2010	\$ 3,702	\$ 13,702	\$ 234,619	\$ 252,024	6,765,546	\$ 37.25
Total	<u>\$ 3,702</u>	<u>\$ 13,702</u>	<u>\$ 234,619</u>	<u>\$ 252,024</u>	<u>6,765,546</u>	
Projected Cost per MWh	\$ 0.55	\$ 2.03	\$ 34.68	\$ 37.25		
Base Cost per MWh	<u>\$ 0.18</u>	<u>\$ 1.60</u>	<u>\$ 26.44</u>	<u>\$ 28.22</u>		
Power Cost Tracker before reconciliation adjustment per MWh	\$ 0.37	\$ 0.43	\$ 8.24	\$ 9.03		
Reconciliation Adjustment per MWh				<u>\$ (0.47)</u>		
Power Cost Tracker before defeased lease transaction				\$ 8.56		
Dedicated to defeased lease transaction*				<u>\$ 0.70</u>		
Power Cost Tracker per MWh to be billed January 1, 2010 - March 31, 2010				<u>\$ 9.26</u>		

Environmental Compliance Costs include fixed operations, maintenance and capital costs for environmental assets placed in service and under construction (interest only for CWIP) less demand revenue received from non-members directly related to such costs.

MISO Transmission Costs include transmission service; regional market expenses; scheduling, system control and dispatching services; reliability planning and standards development services which are provided primarily by or through the MISO.

Variable Production Costs include purchase power, fuel, net costs of emission credits, and variable operations and maintenance costs at Hoosier Energy's generating facilities less energy revenue received from non-member sales.

Reconciliation Adjustment represents the under or (over) collected balance outstanding which will be recovered from or (returned to) members during the next 12-month period.

*Approved by the Board of Directors on December 14, 2009 contingent upon closing settlement of litigation in substantially the form and level presented to the Board.

APPENDIX A
RATE ADJUSTMENTS

RATE ADJUSTMENT

The Rate Adjustment in rates R, TOU, LCP, SC, SC-3P, UBS, IPS, and IPSII shall be on the basis of a Purchased Power Cost Adjustment Tracking Factor occasioned solely by changes in the cost of purchased power.

-----Rate Adjustment applicable to the
-----Above listed Rate Schedule-----\$.009612 per kWh used per month.

FUEL COST ADJUSTMENT

The fuel cost adjustment in dollars per kWh shall be the same as that most recently billed to Harrison REMC by its purchased power supplier, divided by one (1.0) minus the total energy losses of the utility for the preceding calendar year expressed as a decimal fraction of the total energy purchased for the same year.

NOTICE

Notice is hereby given that on December 23, 2009, Harrison Rural Electric Membership Corporation will file before the Indiana Utility Regulatory Commission (IURC) a request for approval of the application of the Wholesale Power Cost Tracking procedures established by the Indiana Utility Regulatory Commission in Cause No. 34614.

This request is being made by reason of a change in Hoosier Energy, Inc.'s wholesale rates to its member Rural Electric Membership Corporations (REMC). This change in rates will be passed through to its member systems' retail rates via the wholesale power cost tracking procedure.

This action will result in a decrease in the wholesale power cost tracker included in the rates charged by Harrison REMC and will affect the consumers of Harrison REMC receiving service pursuant to the schedule of tariffs set forth in Appendix A on file at the IURC. The decrease is expected to be \$0.002625 per kWh (\$2.63 per 1,000 kWh).

This filing is expected to be approved by the IURC by January 23, 2010. If approved, the change would take effect for bills to be rendered beginning with the February 2010 billing cycles.

Any objections to this filing should be in written form and directed to either the Indiana Utility Regulatory Commission (IURC), ATTN: Brenda Howe, 101 W. Washington Street, Suite 1500E, Indianapolis, IN 46204 or the Indiana Office of Utility Consumer Counselor, National City Center, 115 W. Washington St., Suite 1500 South, Indianapolis, IN 46204.

The announcement was made before school personnel and community leaders yesterday at the Edmund (Ed) F. Schneider Administrative Building in Corydon.

"This is one of the most exciting and innovative initiatives South Harrison has ever taken," South Harrison school board president Roger Windell said.

"With this technology, we're going from anywhere here to anywhere in the world," Dr. Neyland Clark, SH superintendent, said. "We are moving to a globalized classroom.

"This is more than just bells and whistles," he said. "This changes our landscape for teaching."

There are three components to the project, which is titled "Project 2014: Investing in Our Community's Future."

First, new fiber-optic lines will be installed within the district to connect the

interchange project. Also, in the draft of the 2010-13 Statewide Transportation Improvement Program the state must prepare for federal officials, the project doesn't appear.

Commissioner James Goldman said INDOT has classified the project as to be determined (TBD). Charlene Parrish, the governor's INDOT liaison, said the project was placed "in deferred status for development at a later date due to

late interchanges must be at least three miles apart. The restriction does not apply in urban areas. Goldman said the interchange area should be considered urban with the location of the hospital and the potential for economic growth with the proximity to Industrial Park and the quarries.

"Federal officials are aware of it and see no problem," Goldman said. "We'll continue to work with the state. It's a worthwhile project

because of financial reasons, but any other reason for delay is not acceptable.

The interchange project was originally included in the 10-year Major Moves plan that Daniels' administration finalized in 2006. Construction was scheduled to begin in 2011 with completion in 2012.

State officials, who said the project has not been canceled and is still a priority, expressed a desire
