### Process through the IURC 30-Day Filing Procedure

#### RE: Filing for a change in the purchased power cost adjustment

Dear Mr. Borum:

On July 1, 2012, Hoosier Energy will start billing Jackson County REMC the wholesale power cost tracker listed on the enclosed Hoosier Energy REC, Inc. Power Cost Tracker document. In addition, Jackson County REMC will continue the temporary (\$0.003000) credit that was approved by our board of directors on September 13, 2011.

Accordingly, Jackson County REMC would like to set its fuel cost charge (Appendix "FC") to (\$0.002833), which changes the overall power cost adjustment to \$0.004710 per kWh effective July 1, 2012.

Yours truly,

A handwritten signature in black ink, appearing to read "Mark A. McKinney".

### News Release:

Jackson County REMC has asked the Indiana Utility Regulatory Commission to approve an increase in its metered rates that is based upon the cost of purchased electricity that is being charged by Jackson's power supplier, Hoosier Energy, Inc.

The request of a \$0.50 per 1,000 kWh increase stems from a pending July 1, 2012 quarterly adjustment in Hoosier's power cost tracker due to varying costs for energy fuels, market power purchases, and other highly fluctuating expenses.

Jackson REMC's proposed rates would continue to include the temporary \$3.00 per 1,000 kWh credit that was first applied to bills mailed in December 2011.

As submitted, the power cost adjustment factor would change from \$0.004209 to \$0.004710 per kWh, increasing a typical bill of 1,000 kWh from \$114.76 to \$115.26, or four tenths of one percent. The new rates would become effective on July 1, 2012, and would first appear on bills mailed after August 1, 2012.
