RE: 30-Day Filing Pursuant to 170 IAC 1-6 and Explanation of Compliance With FCC Requirements

Dear Ms. Darlington:

Pursuant to the Report and Order and Further Notice of Proposed Rulemaking in Docket Nos. WC Docket No. 10-90, et al., FCC 11-161, the Second Order on Reconsideration in Docket Nos. WC Docket No. 10-90, et al., FCC 12-47, 47 C.F.R. §51.911, and the Indiana Utility Regulatory Commission staff's May 15, 2014 guidance memorandum, attached for submission to the Indiana Utility Regulatory Commission are amended Sheet Nos. 1, 39.1 and 40 to Preferred Long Distance, Inc.'s ("Preferred") switched access services tariff, I.U.B. Tariff No. 2, for incorporation into the Company's tariff.

With this submission, Preferred complies with the above cited orders, rule, and Commission guidance by reducing terminating end office access rate elements by one third the difference between the current rate and $0.0007, in accordance with Section 51.907 of the Federal Communications Commission's ("FCC") rules, 47 C.F.R. §51.907, applicable to Preferred's underlying price cap incumbent local exchange carriers, through reference to the Company's F.C.C. Tariff No. 1. Further, Preferred reduces VoIP-PSTN traffic rates consistent with its terminating access rate reductions, also through reference to the Company's F.C.C. Tariff No. 1. This amendment becomes effective on July 1, 2014. There are no deviations from FCC requirements. Preferred's originating access rates remain unchanged. Preferred's complete F.C.C. Tariff No. 1 may be accessed at https://apps.fcc.gov/etfs/public/tariff.action?idTariff=387 .

Please acknowledge receipt of this filing by file stamping and returning the additional copy of this transmittal letter in the self-addressed, postage prepaid envelope enclosed for this purpose.

Thank you for your attention to this matter. Questions and communications may be addressed to the undersigned at 253.851.6700, via email to aiasr@millerisar.com, or to the above address.

Sincerely,

MILLER ISAR, INC.

SERVICE DESCRIPTIONS, Continued

3.2. VOICE OVER INTERNET PROTOCOL – PUBLIC SWITCHED TELEPHONE NETWORK ("VoIP – PSTN") TRAFFIC

A. This section governs the identification and treatment of VoIP-PSTN Traffic that is required to be compensated at interstate access rates unless the parties have agreed otherwise in a written agreement. Specifically, this section establishes the method of separating such traffic (referred to in this tariff as "Relevant VOIP-PSTN Traffic") from a Customer's traditional intrastate access tariff, so that such Relevant VOIP-PSTN traffic can be billed in accordance with the FCC Order.

Company will bill and collect the full Access Reciprocal Compensation on traffic exchanged with Customers when such traffic originates and/or terminates in Internet Protocol format, as set forth in Section 51.913 of the Federal Communications Commission's rules, 47 C.F.R. §51.913, regardless of whether the Company itself delivers such traffic to the called party's premises or delivers the call to the called party's premises via contractual or other arrangements with an affiliated or unaffiliated provider of interconnected Voice over Internet Protocol service or a non-interconnected Voice over Internet Protocol service that does not itself seek to collect Access Reciprocal Compensation charges for this traffic.[1]

Intrastate VoIP – PSTN traffic is subject to the Company's applicable terminating interstate switched access rate per minute, as set forth in the Company's F.C.C. Tariff No. 1. (T)(R)
