Submitted By: Jane Steinhauer
Director, Energy Division

Filing Party: Indiana Michigan Power Company (I&M)

30-Day Filing ID No.: 50133

Date Filed: March 23, 2018

Filed Pursuant To: Commission Order No. 43566-PJM 1

Request: Annual amendment to I&M's Demand Response Services Rider D.R.S.1 (Emergency) to update the curtailment payment amounts to reflect the new PJM Curtailment Demand Credit prices that change on June 1st of each year. In addition, the deadline dates for customers to notify the company of their intention to discontinue service under the Rider D.R.S.1 have been advanced by one year.

I&M is also proposing to remove language in the tariff regarding each of three products no longer available and contracts will all have expired.

Customer Impact: N/A

Tariff Pages Affected: I.U.R.C No. 16, Rider D.R.S.1:
Sixth Revised Sheet No. 29.2
Sixth Revised Sheet No. 29.3
Fifth Revised Sheet No. 29.4
Third Revised Sheet No. 29.5
Third Revised Sheet No. 29.6
Second Revised Sheet No. 29.7
Third Revised Sheet No. 29.8

Staff Recommendations: The changes proposed to the curtailment payments and deadline dates in the Rider D.R.S.1 tariff are in accordance with the methodology described in the tariff originally approved in Cause No. 43566-PJM 1 dated April 27, 2011 and subsequently approved to continue in Cause No. 44075. The pricing changes are consistent with the underlying PJM 2020/2021 RPM Base Residual Auction Results.

The removal of the language in the Tariff for the three products no longer available was noted in last year's 30-Day Filing (50044) which added the language "The current Limited, Extended Summer and Annual DRS products will be removed effective June 1, 2018" at the bottom of the chart for those products.

Staff recommends approval.

Director, Energy Division

Filing Party: Duke Energy Indiana, LLC
30-Day Filing ID No.: 50173
Date Filed: March 26, 2018
Filed Pursuant To: 170 IAC 1-6
Request: Approval of a contract for Tate & Lyle Ingredients Americas, LLC (“Tate & Lyle” or “Customer”) to operate a qualifying facility (QF) in parallel with Duke Energy Indiana, LLC’s (“Duke” or “Company”) system.
Customer Impact: Only the Customer is impacted by the contract.
Tariff Page(s) Affected: N/A
Staff Recommendations: Staff recommends approval.

Additional Information:

The Commission has previously approved a similar agreement between Duke and Tate & Lyle twice. A cogeneration agreement approved in 1985 was terminated in 2014 due to performance requirements not being met. The agreement was re-approved in 2015. Performance requirements again not being met led to termination of that agreement in 2016. The Customer has since made investments in its QF to improve reliability and Duke is, therefore, comfortable pursuing a new agreement with Tate & Lyle at this time. The contract submitted for approval is not a standard contract – it is a modified version of the standard contract offered by Duke under Standard Contract Rider No. 50 Parallel Operation for Qualifying Facility. The Customer will be billed for the electric service supplied by the Company to the Customer for Reservation Maintenance/Backup Power and Scheduled Maintenance Energy, in accordance with Service Schedule A, and Supplemental Power in accordance with Rate HLF along with all applicable rate adjustment riders.
