Filing Party: CMN-RUS, Inc., d/b/a MetroNet

30-Day Filing ID No.: 50206

Date Filed: June 21, 2018; cover letter revised on July 20.

Filed Pursuant To: IC 8-1-2-88.6, 170 IAC 1-6, and IURC Cause No. 44004; FCC USF/ICC Transformation Order and related FCC rules.

Request: As MetroNet correctly notes, a competitive local exchange carrier (CLEC) would ordinarily be required “to lower its benchmark [access] rate to that charged for similar services by the competing ILEC pursuant to 47 C.F.R. § 61.26(c). However, CMN-RUS, Inc., qualifies for the [FCC’s] ‘Rural Exemption’ and has consistently applied the Rural Exemption since its inception.” The Rural Exemption¹ allows a rural CLEC offering service within the territory of a nonrural incumbent local exchange carrier (ILEC) to “benchmark” to the highest possible local switching rates prescribed in the NECA access tariff, instead of mirroring the competing nonrural ILEC’s interstate local switching rates. (In this case, the competing nonrural ILEC is AT&T Indiana.)

MetroNet further states, “This tariff is a stand-alone tariff for intrastate traffic only. This is separate from the interstate CMN-RUS, Inc. FCC Tariff No. 2. Although federal law provides for a Rural Exemption and explicitly states what the rates are to be, those rates can only be captured in an intrastate tariff filed with a state commission.” Consistent with the FCC rural CLEC exemption and the applicable NECA rates, CMN-RUS, Inc. is proposing the following revisions to its existing intrastate rates, as follows, effective July 31, 2018:

- Originating Switched End Office rate: \$0.048930
- Terminating Switched End Office rate: \$0.002133

Retail Customer Impact: N/A

Tariff Page(s) Affected: I.U.R.C. Tariff No. 3, Section 5 – Sheets 2 and 50.

Staff Recommendations: Requirements in IC 8-1-2-88.6, 170 IAC 1-6 and IURC Cause No. 44004 were met. In addition, Staff has reviewed MetroNet’s filing and is satisfied that the proposed changes in intrastate access rates comply with applicable FCC requirements. **Staff recommends approval.**

Filing Party: Indiana-American Water Company (IN/AM)

30-Day Filing ID No.: 50207

Date Filed: 6/28/18

Filed Pursuant To: 170 IAC 1-6

Request: The utility proposes to decrease its rates as a result of the 2017 Tax Cut and Jobs Act. IN/AM believes applying the reduction only to the commodity charges for water service and not the service charge, is an allowable filing under 170 IAC 1-6-3(7) and (8).

Tariff Pages Affected: N/A

Staff Recommendations: Staff Recommends the Filing be Denied. Staff believes IN/AM's filing is a prohibited filing under 170 IAC 1-6-4(4) Class rate restructuring. Further, the Commission's Final Order in Cause No. 45032 supports Staff's recommendation wherein it states "[t]he difference reflected in each revised Rate or Charge shall be allocated among customer classes in accordance with the allocation methodology used at the time that the current Rate or Charge was approved..." Due to potential ex parte concerns the notice required pursuant to 170 IAC 1-6-8(b) was provided by General Counsel instead of the Water/Wastewater Division.

Tariff Revisions: N/A
