Filing Party: Auburn Municipal Electric Department
30-Day Filing ID No.: 50882
Date Filed: February 18, 2026
Filed Pursuant To: Commission Order Nos. 44472 & 44774
Request: A revision to Wholesale Power Cost Adjustment Tracking Factors, to be applied beginning April 2026.
In its most recent rate case (Cause No. 44472, Order issued December 17, 2014), Auburn was authorized to implement a two-part tracking mechanism for some rate classes to distinguish demand and energy costs.
The calculation of the adjustments includes the projected cost of wholesale power for April 2026 through June 2026 and the reconciliation of wholesale power purchased from October 2025 through December 2025.
Customer Impact: See below.

Filing Party: Indiana Michigan Power Company (“I&M”)

30-Day Filing ID No.: 50885

Date Filed: February 26, 2026

Filed Pursuant To: 170 IAC 1-6 and Commission Order No. 43566 PJM 1

Request: I&M is seeking to amend its Rider D.R.S.1 (Demand Response Service – Emergency). The Curtailment Demand Credit is recalculated annually and is effective beginning June 1. Based on PJM Interconnection (“PJM”) Base Residual Auction delays, the rate will remain unchanged until PJM releases its 2028/2029 price floor or auction results. Accordingly, I&M requests to amend Rider D.R.S.1 to reflect the Curtailment Demand Credit based on the same methodology use to calculate the previous year’s credit. Upon release of the PJM 2028/2029 price floor and auction result, I&M will update the Rider D.R.S.1 accordingly.

The proposed modifications to Rider D.R.S.1 will properly update the Rider to align tariff provisions with the PJM Manual 18 and add provisions for load management testing and related failure charges. The Rider will also require Curtailment Service Providers to execute a contract with I&M.
