FROM: Commission Technical Divisions

DATE: July 13, 2022

RE: 30-Day Utility Articles for Conference on *Wednesday, July 13, 2022 @ 10:00 a.m.*

The following thirty-day filings have been submitted to the Commission. Each item was reviewed by the appropriate Commission Technical Divisions and all regulations were met in accordance with 170 IAC 1-6 Thirty-Day Administrative Filing Procedures and Guidelines. Therefore, the following filings listed below and attached hereto are recommended to be considered by the Commission at the next conference:

Attachment Number	30-Day Filing No.	Name of Utility Company	Type of Request	Date Received
1	50569	Indiana Michigan Power Company	Requesting approval of a Discretionary Load Management Service (DLMS) Rider	5/13/2022
2	50584	East Chicago Municipal Water	To decrease rates from implementation of HEA 1002 repealing the Utility Receipts Tax.	7/5/2022

*Director, Energy Division*

---

**Filing Party:** Indiana Michigan Power (I&M)

**30-Day Filing ID No.:** 50569

**Date Filed:** May 13, 2022

**Filed Pursuant To:** 170 IAC 1-6-1

**Request:** Approval of new Discretionary Load Management Service (DLMS) Rider.

**Customer Impact:** The proposed Rider DLMS is a voluntary offer available to customers that take firm service from I&M under a demand metered rate schedule and that have the ability to curtail load under the provisions of this Rider. I&M asserts the proposal is based on customer interest in a voluntary interruptible program, as well being an approach to encourage and potentially draw more economic development within the State of Indiana. Participants will have the opportunity to receive a \$5.00/kW-month Interruptible Demand Credit for their participation in the rider.

**Tariff Pages Affected:** IURC No. 19, Original Sheets 35.5, 35.6, and 35.7

**Staff Recommendation:** The proposed rider is similar to those offered by other IOUs and has the potential to reduce peak load and, therefore, utility costs. Filing requirements have been met. Recommend approval.

**Filing Party:** East Chicago Municipal Water (“East Chicago”)  
**30-Day Filing ID No.:** 50584  
**Date Filed:** July 5, 2022  
**Filed Pursuant To:** 170 IAC 1-6  
**Request:** East Chicago proposes to adjust its rates to reflect the repeal of the Indiana Utility Receipts Tax (“URT”) required by HEA 1002. This filing is consistent with 170 IAC 1-6-3 because the changes result in an overall decrease in the revenues of the utility across-the-board to all classes of customers except public fire protection.  
**Customer Impact:** This filing will reduce the revenues for each remaining customer class by 1.37% to reflect the removal of URT.  
**Tariff Pages Affected:** Pages 1 and 2  
**Staff Recommendations:** The adjustments made in this filing reflect the full removal of the URT, which is consistent with HEA 1002. Therefore, Staff recommends approval.
