Filing Party: Indiana Michigan Power Company (“I&M”)

30-Day Filing ID No.: 50600

Date Filed: October 3, 2022

Filed Pursuant To: 170 IAC 1-6

Request: I&M seeks to revise its Demand-Side Management / Energy Efficiency (“DSM/EE”) Program Cost Rider (“Rider”). The revision updates language on Sheet Nos. 45.1, 45.2, 45.3, and 45.4 allows a Qualifying Opt-Out Customer to opt back into the DSM/EE Program at any time during the year rather than the current November 15 deadline. In addition, some outdated language was also removed or rewritten to better describe the Opt-Out process.

Customer Impact: These revisions will not affect rates or charges for any customer taking electric service under the Company’s Rates, Rules, and Regulations for Electric Service. It will impact the timing and duration of I&M’s Opt-In/Opt-Out customer billing through the Rider.

Tariff Pages Affected: Rider Sheet Nos. 45.1, 45.2, 45.3, and 45.4.

Staff Recommendations: I&M has met all requirements under 170 IAC 1-6 for its request. Staff recommends approving the proposed revisions to its Rider.

Filing Party: Crawfordsville Electric Light & Power (“Crawfordsville”)
30-Day Filing ID No.: 50602
Date Filed: October 19, 2022
Filed Pursuant to: 170 IAC 1-6
Request: To implement a new Electric Vehicle “EV” Fast Charge Rate for Level 3 chargers in public locations (Rate EV-PP)
Customer Impact: Crawfordsville plans to install, own, and operate a separately metered electric vehicle (EV) direct current fast charging (DCFC) station in Crawfordsville’s service territory that will be available to the public. The proposed charge is calculated with the same methodology as the energy charge for customers whose load does not exceed 50 kW as approved in Cause No. 45420.

<u>Description of Charge</u>	<u>Rate (\$/kWh)</u>
Energy Charge for EV charger with a peak demand < 50 kW	\$0.251910

30-Day Filing ID No.: 50604

Filed Pursuant To: 170 IAC 1-6

Request: Indiana-American proposes to adjust its rates to reflect the repeal of the Indiana Utility Receipts Tax (“URT”) required by HEA 1002. This filing is consistent with 170 IAC 1-6-3 because the Commission has already approved the procedure for the change under CN45734.

Tariff Pages Affected: Wastewater – 2, 3a
Water - 2, 3, 3a, 5, 6, 6a, Appendix A

Staff Recommendations: Requirements met. Recommend approval.
