**Filing Party:** Onvoy, Inc. (“Onvoy”)  
**30-Day Filing ID No.:** 3012  
**Date Filed:** June 1, 2012  
**Filed Pursuant To:** FCC “USF-ICC Transformation Order” and related FCC rules<sup>1</sup>; IURC staff guidance letter (May 24, 2012); Cause Nos. 44004 and 39369; 170 IAC 1-6-3(5)  
**Request:** The purpose of this 30-Day Filing is to implement certain intrastate (IURC) access revenue reductions for the Transitional Intrastate Access Service, as mandated by the FCC in the November 18, 2011 “USF-ICC Transformation Order.” The FCC Order adopts a transitional intercarrier compensation framework that reduces terminating intrastate access rates to parity with interstate access rates by July 2013. The instant filing represents the first step in this transitional process and reduces terminating intrastate access rates effective July 3, 2012, to achieve an aggregate decrease in intrastate access revenue of at least one half of the difference between the interstate and intrastate revenues received in 2011. These rate reductions apply only to rates charged to interexchange (long distance) carriers; they do not affect retail rates.  
**Retail Customer Impact:** N/A  
**Tariff Page(s) Affected:** Indiana U.R.C. Tariff No. 2 –Page 48.

**30-Day Filing ID No.:** 3020

**Date Filed:** June 1, 2012

**Filed Pursuant To:** FCC “USF-ICC Transformation Order” and related FCC rules<sup>3</sup>; IURC staff guidance letter (May 24, 2012); Cause Nos. 44004 and 39369; I.C. 8-1-2-88.6; 170 IAC 1-6-3(5)

**Request:** The purpose of this 30-Day Filing is to implement certain intrastate (IURC) access revenue reductions for the Transitional Intrastate Access Service, as mandated by the FCC in the November 18, 2011 “USF-ICC Transformation Order.” The FCC Order adopts a transitional intercarrier compensation framework that reduces terminating intrastate access rates to parity with interstate access rates by July 2013. The instant filing represents the first step in this transitional process and reduces terminating intrastate access rates effective July 3, 2012. For Frontier Midstates, the reductions result in an aggregate decrease in intrastate access revenue equal to one half of the difference between the interstate and intrastate revenues received in 2011. For Frontier North, 2011 intrastate access revenue was already lower than the interstate revenue would have been using interstate rates applied to intrastate demand. Nevertheless, Frontier North has proposed intrastate access rate reductions that would result in aggregate revenue reductions when applied to 2011 intrastate demand, using either the intrastate or the interstate rates in effect on Dec. 29, 2011, as specified by the FCC. For both Frontier Midstates and Frontier North, these rate reductions apply only to rates charged to interexchange (long distance) carriers; they do not affect retail rates.
