Filing Party: United Telephone Company of Indiana, Inc., d/b/a CenturyLink (f/k/a Embarq)

30-Day Filing ID No.: 2877

Date Received: July 1, 2011; revised cover letter received on August 15, 2011

Filed Pursuant To: Cause No. 39369 (April 30 and June 2, 1993)¹; 170 IAC 1-6-3

Request: To continue mirroring the rate structure for special access services. CenturyLink Operating Companies F.C.C. Transmittal No. 5, effective July 1, 2011, reflects adjustments to various special access monthly and nonrecurring charges. This IURC tariff filing mirrors those changes. In addition, tariff language for access order service date intervals and an expedited order charge is also being added. This additional language was originally introduced into the Embarq Local Operating Companies Tariff F.C.C. No. 1 under Transmittal No. 59, dated September 22, 2008, but it was not added to the I.U.R.C. No. T-3 tariff at that time.

Retail Customer Impact: Mirroring the CenturyLink interstate (FCC) special access rates, charges, terms, and/or conditions that have already been approved by the FCC.

Tariff Page(s) Affected: I.U.R.C. No. T-3, various pages.

Staff Recommendations: Requirements met. Recommend approval.

¹ In order to be in compliance with the Commission's Orders in Cause No. 39369, local exchange carriers (LECs) file changes to their intrastate (IURC) access tariffs. These changes can take the form of either mirroring the applicable interstate (FCC) access tariff, or taking exceptions to the applicable interstate tariffs. LECs can also file 30-day filings for their intrastate access tariffs when their interstate tariffs are not affected or involved.
