ECG/ld

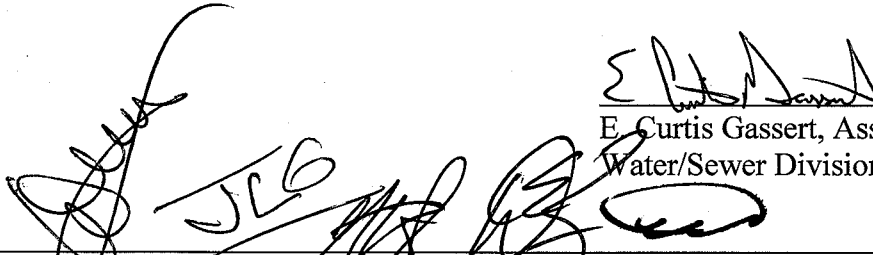

"E" Final

Revisions to the wholesale water cost tracking factor have been reviewed by staff members of the Commission and found to be in compliance with the orders of the Commission. The requirements prescribed for this filing in 170 IAC 6-5 has been met and approval is recommended.

| Item No. | Utility | Customers | \$/1,000 Gallons Change | \$/1,000 Gallons Resultant |
|-----------------|----------------------------|---|--------------------------------|-----------------------------------|
| 1. | Ramsey Water Company, Inc. | All customers except Georgetown, Floyd's Knobs and Edwardsville | \$0.005 | \$0.005 |
| | | Georgetown Municipal Water | \$0.05* | \$1.85 |
| | | Floyd's Knobs Water Corporation | \$0.04* | \$1.83 |
| | | Edwardsville Water Corporation | \$0.04* | \$1.58 |

* In lieu of using the standard water tracking procedure, the rates applicable to Georgetown and Floyd's Knobs have been recalculated pursuant to the Stipulation and Settlement Agreement approved in Cause Numbers 42042 and 43413. The monthly capital charge for Georgetown will increase by \$49 to \$2,989 from the previous charge of \$2,940. The monthly capital charge for Floyd's Knobs will increase by \$262 to \$6,749 from the previous charge of \$6,487. The rates applicable to Edwardsville have been calculated pursuant to the Stipulation and Settlement Agreement approved in Cause No. 43325. The meter charge for Edwardsville will increase by \$14.05 to \$583.43 from the previous charge of \$569.38.

"A" Preliminary

The following new miscellaneous item has been reviewed by staff members of the Commission and we recommend accepting it for filing.

1. Ramsey Water Company, Inc.

The utility is proposing to increase its Coin-Operated Sales rate from \$0.53 per 200 gallons to \$0.99 per 200 gallons. Coin-Operated Sales is used for customers who fill up tankers to supply a large volume of water (e.g., fill swimming pools). This change is to correct an error in the tariff dating back many years. The resultant change in total revenues due to the rate increase is de minimus in terms of total company revenues. Workpapers showing the effect on revenues were provided.

The utility is also proposing to modify language relating to several non-recurring charges. Specifically, the utility is adding Automated Clearing House payments to its Insufficient Funds Charge, adding holidays to its General Service Surcharge, and changing the time to 4:00 p.m. from 5:00 p.m. for when the General Service Surcharge applies.

The tariff pages affected by this filing are:

- 2 of 4 and 3 of 4.
