## Overview

The Indiana Utility Regulatory Commission (IURC or Commission) has been accepting the following documents through its Electronic Filing System (EFS):

- Filings in docketed cases (not including new case petitions);
- Confidential documents related to docketed cases; and
- General submissions (30-day filings, fee bills, annual reports, communications non-docketed filings, non-confidential communications, survey responses, etc.)

Effective the date the Electronic Filing System is posted to the Commission's website and goes live, the Commission accepts the following:

- Filings in docketed cases (including new case petitions);
- Confidential documents related to docketed cases; and
- General submissions (30-day filings, communications non-docketed filings, annual reports, tariffs, and fee billing).

The system shall include case information, filings, and orders for all docketed cases from the legacy system as well as all filings moving forward. Note that the legacy system included cases from 2002 through the date the new system went live and also included limited cases pre-2002.

## Disclaimer

The Commission's official hours of operation for receiving paper filings are 8:15 a.m. to 4:45 p.m. Monday through Friday. Filings or submissions made through the EFS will receive an electronic file stamp with the time and date the document is filed. Filings made at or before 11:59:59 p.m. Eastern Time will be deemed filed on that date, unless otherwise ordered by the Presiding Officer(s).

In the event that an attempt to file or submit a document electronically fails, for whatever reason, the filing or submission will be deemed untimely if it is not received by the Commission at or before 11:59:59 p.m. on the date the filing is due, unless otherwise ordered by the Presiding Officer(s). If a filing is not made by the filing deadline, or an electronic filing is rejected after a filing deadline, the party that attempted to make the filing will be required to file a motion with the Commission seeking leave to late-file the submission, pursuant to the Commission's rules on practice and procedure, 170 IAC 1-1.1.

The filing of documents and information through the EFS by use of a valid username and password is presumed to have been authorized by the User to whom that username and password

have been issued and documents filed through the EFS are presumed to have been signed by the same User.

By registering for a username to utilize the EFS, the user agrees to these terms of use.

## Welcome to Indiana Utility Regulatory Commission's Online Services Portal!

The Indiana Utility Regulatory Commission (IURC) is an administrative agency that hears evidence in cases filed before it and makes decisions based on the evidence presented in those cases.

The mission of the IURC's Consumer Affairs Division is to ensure that utilities and customers are in compliance with IURC rules and regulations. Through the IURC's online services, consumers can file complaints and check the status of an existing complaint.

The IURC's online services also offer the ability to file legal documents anytime and from anywhere and to search for case documents. Documents can be accessed by entering the case's five-digit docket number. If you do not have this information, the system allows you to search by date, industry, petition type, or party.

### 3. Filenames

Filenames must clearly reflect what a file is. Naming conventions shall be used for consistency. You MUST follow the naming conventions in Appendix B. Failure to do so could result in the Commission being unable to locate your file in the EFS.

### 4. File Types

- Nearly all file types are accepted in the EFS. Electronically filed documents do not have to be in PDF format.
- Whenever possible, the Commission prefers that parties use native electronic documents rather than scanned documents.

- Spreadsheets shall be in their native form unless only scanned copies are available.
- PDF documents must be run through an optical character recognition program prior to uploading to the EFS.
- Documents must be native electronic documents or scanned to a DPI that makes them clearly readable.
- Documents must be in color, as necessary.
- The document's font size must be no smaller than 10 point.

**b. Docketed Cases**

**1. Cause Numbers**

The system shall automatically generate cause numbers. However, parties also can select their cause number if they know it (for example, GCAs, FACs, and subdockets).

Cause numbers must be included on all filings (other than new filings) to be accepted for filing.

When a new petition is filed, the filing party shall receive an automated email that the file has been received. Within one business day, the file shall be approved if it meets necessary criteria (as noted in this document and the Commission's statutes and administrative rules), and the cause number shall be added to the filing. The filing party will receive an automated email when the filing has been accepted that will provide the cause number and the version of the file with the cause number shall be uploaded to the EFS.

**2. File Size**

To stay consistent with current Indiana Court of Appeals file size limits, no file submitted through the EFS shall be larger than 25 MB. If a file is larger than that, it should be split into smaller files and named chronologically (1 of 2, then 2 of 2, and so on). When possible, files should be split at a logical point.

**3. File Stamps**

Filings will be file stamped by Commission staff as files are accepted. PDFs will receive a watermark. Non-PDF files such as Word documents and Excel spreadsheets will receive a JPEG picture file stamp. Hard copies (see Section b(4), Hard Copies for when hard copies are permissible) shall receive an ink

stamp. The filing party will receive an automated email when the filing has been accepted, and the file-stamped version of the file shall be uploaded to the EFS.

#### 4. Hard Copies

##### A. Confidential Filings

For confidential filings *only*, if an electronic filing exceeds 30 pages in length, a party shall also mail or deliver to the Commission 1 paper copy within 2 business days.

- The copy shall be printed on both sides of green paper and stapled or, if too large to be stapled, shall be bound with comb or coil bindings along the longest edge. Other formats may be permissible at the administrative law judge's discretion.
- To conform to current Indiana Rules of Appellate Procedure, every page of a confidential filing must state: "Excluded from public access per A.R. 9(G)."
- See 170 IAC 1-1.1-4(g) for additional requirements regarding hard copies of confidential filings.

Public access versions of confidential filings shall follow the requirements for "Regular Filings" (see the next item) except that any record to be excluded from public access shall be omitted or redacted from the public access version. The omission or redaction shall be indicated at the place it occurs in the public access version.

##### B. Regular Filings

Any party making an electronic filing that exceeds 30 pages in length shall also mail or deliver to the Commission 3 paper copies within 2 business days. The copies shall be printed on both sides and stapled or, if too large to be stapled, shall be bound with comb or coil bindings along the longest edge. Other formats may be permissible at the administrative law judge's discretion.

If a filing is made in person or by mail (see Section b(8), Paper Filings, for permissibility), 3 copies shall be provided: 1 copy shall be provided singled sided and not permanently bound. The remaining 2 copies shall be provided printed on both sides and stapled or, if too large to be stapled, shall be bound with comb or coil bindings along the longest edge. Other formats may be permissible at the administrative law judge's discretion.

5. [Multiple Exhibits](#)

Electronic filings that contain multiple pleadings and documents shall be separate documents, but can be filed together. For example, three witness testimonies constituting the single case-in-chief shall be one filing, but three discreet documents. Exhibits and attachments to a witness’s testimony may be included in a single file with the testimony.

6. [New Petitions and Other Filings](#)

You will be notified when hearings are set, the case status changes, or there are new filings or orders in the matter. Please note that if you are a party to the case, you do not have to subscribe. You will already receive these email notifications.

- a. If you have not set up an account, please go to Section a(1), [Account Set Up](#), and set up an account.

- c. Review the explanation on the following page that explains the purpose of the EFS, limitations regarding file type and size, necessary paper copies and multiple files. You can also click Terms and Conditions on the bottom of the page and review this document for additional information.

**File a Legal Document**

The Electronic Filing System (EFS) serves as a repository for documents submitted to the Indiana Utility Regulatory Commission (Commission).

By using the EFS, users can file documents at any time and from anywhere. Additionally, the EFS enables electronic documents to be automatically routed to the appropriate Commission staff for processing.

At this time, the Commission accepts the following types of documents electronically:

- New case petitions (if paper copies are requested, please put the cause number on the front of the documents)
- Filings in docketed cases (not including new case petitions)
- Confidential documents as related to docketed cases
- General submissions (30-day filings, fee bills, annual reports, communications non-docketed filings, and tariffs)

All electronic documents must meet the criteria for submission and must be filed in the required format for that specific type of filing.

Any party making a filing that exceeds 30 pages must also mail or deliver to the Commission three additional copies. See User manual for specific instructions.

25 MB file limit - see the User Manual for details.

Multiple files at one time should not exceed a combined total of 35MB.

Fields with an asterisk (\*) are required.
