

Mom and Dad need help.

What can I do?

Indiana Veterans'
Home

Long-term Care • Memory Care • Rehab to Home • Independent Living

Indiana Veterans' *Home*

There are various levels of care that can help at different stages in mom and/or dad's life. However, if they are having trouble with three or more of the following, it may be time to consider getting them the help they need every day:

- Taking medication properly
- Bathing or toileting
- Dressing themselves
- Changes in memory, communication or judgment

Healing happens on many different playing fields. We nurture the entire person, from individual medical care plans to spiritual support and social well-being.

Becoming a resident at the Indiana Veterans' Home gives them access to a community that was built just for them.

Gather Together • Grow Together • Thrive Together

Gather Together

Our campus is different – Veterans helping Veterans.

“There is no stronger understanding than the understanding between two soldiers.”

Not only is our resident base 100% honorably discharged soldiers and their spouses but many of our staff are veterans as well.

We are stronger together.

Grow Together

Receive care from a medical staff that is invested in you. Whether you need a hand recovering from surgery or require special care; we are here because we want to know you and serve you. Our dedicated staff chooses to practice medicine here because they want to support our veterans and their families.

It's never too late to socialize and learn; strengthen current relationships and form new connections through our entertainment and leisure activities. From painting classes to diabetes education, the possibilities for healing and growing are everywhere.

Thrive Together

Make dinner plans with friends, meet your neighbors at an event. Be treated by healthcare professionals who concentrate on your healing. Flourish in a community where you're valued. Live where the opportunities are abundant.

Sharon Epping:
Devoted wife of veteran resident

"The veterans home influenced his life because he's communicated with other veterans, he's been able to go to other veteran activities, he's been able to adjust very well. For me it has been a great help, as I was a 24/7 caregiver, it has helped me mentally and physically."

Jan Towers: Airforce veteran resident
"I have found that I am more involved in things here than I ever have been! Everyone gets to know who you are and everybody speaks to you. I feel comfortable and safe here. I've got it made, just about anything I want is right here on these grounds."

Dave Dubanski: Navy veteran resident
"I love it here. I've met a lot of great people. They take good care of us, they treat us well. Very good staff. I'd recommend it to anyone. Come take a tour here you'll like it, trust me."

Margie Swann: Loving daughter of veteran resident

"My Dad came here and we thought he would be bedridden. Physical therapy helped him to be mobile and social again. He has always been a social creature, everyone he meets is a friend, so this environment has been really good for dad, that's why we sing the praises of the Indiana Veterans' Home."

Financial Benefits

VA per Diem where the VA pays \$107.16 a day towards a veteran's stay.

Then there is Aid and Attendance:

- A single war time eligible veteran would receive up to \$1,830.00 a month towards their stay in a long term facility.
- A married wartime eligible veteran would receive up to \$2,127.00 a month towards their stay.
- A widow of a wartime eligible veteran would receive \$1,176.00 a month towards their stay.
- All medications, diabetic supplies and incontinence supplies (yes, you get to select your preferred continence item) are paid for.

However, Aid and Attendance can only be used to this extent at the Indiana Veterans' Home. Aid and Attendance anywhere else will afford the veteran a flat rate of \$90.00 a month.

A 70% or higher service connected disabled veteran receives free care.

Have Financial Questions? Call us (765) 497-8590

What is needed to join our community?

They must be an honorably discharged veteran of the United States Armed Forces, or the spouse (surviving spouse) of an honorably discharged veteran. No wartime service is necessary to be considered for admission. For more information check us out on <http://www.in.gov/ivh/admissions.htm> or give us a call at 765-463-1502.

What do I need to get started?

You'll need:

1. Military discharge paperwork: this can come in many different formats, however the most common is the DD214 form
2. Active insurance cards and their ID
3. Complete an application, this is available on our website. <http://www.in.gov/ivh/admissions.htm>
4. How do I apply for all of the benefits they are entitled to?

Great news, you don't have to. We automatically apply for every benefit available on behalf of the resident including Medicaid.
