Clerk, Putnam
1 W. Washington Str., Courthouse Rm 23
Greencastle, IN 46135

Dear Clerk Watts:

I am pleased to inform you that your renewal request to post non-confidential court information on the Internet that you submitted earlier this year has been approved, subject to the conditions set forth in this letter. This approval is administrative in nature and is granted under the provisions of Trial Rule 77(K).

1. You are authorized to post non-confidential party, attorney, case number and CCS information on the Internet, as well as the court calendar. Should you decide to make any changes to what you propose to post, you must seek and obtain specific approval for such changes.

2. Several counties and individual courts requested approval to post images of court documents on the Internet however the Division cannot authorize this request at this time. In early 2012, the Supreme Court gave conditional approval to DOXPOP to post scanned images of court documents, however the final proposal was never completed. On Oct. 30, 2012, the Division advised DOXPOP it was still prepared to review a proposal to post images of court documents on the Internet and present it to the Supreme Court. The Division is still prepared to review the proposal but has not received it as of this date. Until the Court approves the 2012 DOXPOP proposal or a different proposal from a county or court, we cannot authorize posting court document images on the Internet. We will keep all requests to post court document images on the internet on file.

3. You must provide a copy of this approval letter to the judge of each court whose records are posted on the Internet.

4. Approval of this request to post information on the Internet in no way reduces the obligation of the clerk and court to make non-confidential court information available to the public through traditional means in response to in-person and telephone inquiries.

5. You, the judge, and any entity involved in providing technology services for court records are responsible for taking reasonable steps to ensure that Administrative Rule 9, as well as all other applicable state and federal laws are followed, including without limitation, those laws pertaining to confidentiality. The full text of Administrative Rule 9 can be found under Administrative Rules at <http://www.courts.in.gov/2695.htm>.

6. Your contract with your case management vendor and the Internet services provider must comply with the requirements of Administrative Rule 9(K).

7. Your contract with your vendor must explicitly make clear that all information and data remain the property of the court, and any use of the data other than as specified by this authorization, is prohibited. No court data will be sold, licensed, or otherwise made available to any other entity for any other purpose.

8. You must conduct periodic audits of the data being provided over the Internet in order to assure compliance with this approval, Administrative Rule 9 and other relevant laws.

9. You must assure that the display on the Internet will provide appropriate advice and/or disclaimer to users about the non-official status of the information displayed on the Internet.

10. If your County Board of Commissioners has adopted an electronic system fee to be charged in conjunction with public access to court records, you must have the fee approved by the Division, and the method of the fee's collection, deposit, distribution and accounting must be approved by the Indiana State Board of Accounts as required by Administrative Rule 9(E).

11. If you are ultimately allowed to post court documents on the Internet, as opposed to just the CCS, you will need to report on matters related to the posting of court records, including the number of subscribers, fees collected and any security breach issues that have arisen. This report will be required as part of the renewal process.

12. The Supreme Court and the Division of State Court Administration reserve the authority to make changes to the approval process and to the rules governing both the approval and the posting of information. Any contractual arrangement should reflect acknowledgment of this authority.

13. Prior to this approval, vendors transferring court data to their own servers as part of the posting process executed and filed with the Division of State Court Administration a Request for Bulk Data/Compiled Information and User Agreement for Bulk Distribution of Data. If any changes occur during the year, both documents must be amended.

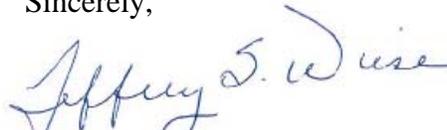

14. All vendors receiving bulk data transfers, including transfers for the purpose of posting court records in accord with T.R. 77(K), must fill out a Distribution Receipt Form for Bulk Distribution of Data or Compiled Information and file the completed form with the Division of State Court Administration within thirty (30) days of the first distribution.

15. This approval expires **February 28, 2015**. Renewal requests should be made using the Renewal Form for Posting Court Information on the Internet that may be downloaded from the Indiana Courts website at <http://www.courts.in.gov/admin/2481.htm>, and should be mailed back to the Division of State Court Administration at least ten (10) days prior to the expiration of this approval.

Courts using the Odyssey case management system are automatically approved to post court information on the Internet in the manner described by the Supreme Court's Order dated December 5, 2007, *In Re The Matter of Public Access to Electronic Court Records Under Odyssey Case Management System*, 94S00-0712-MS-567, and no further approval from the Division is required.

Please feel free to contact me at jeffrey.wiese@courts.IN.gov or staff attorney Richard Payne at Richard.payne@courts.IN.gov should you have any further questions or need further assistance.

Sincerely,

Recorded Document The Hamilton County Recorder currently has a significant backlog of documents to record. Doxpop's records reflect exactly what is available at the Recorder's office, but since they are running behind, you may want to contact them to learn the certification date.

Some older Hamilton County court case records are duplicated to preserve details.

- b) A renewal of this Agreement or this Agreement as modified after the Initial Term shall be subject to termination by any party to this Agreement by providing written notice of termination to the other two (2) parties to the Agreement at least 60 days prior to the date of termination.
- c) If any party shall breach any provision contained in this Agreement and such breach is not cured within 30 days after receiving written notice of such breach from another party, the party giving such notice may then deliver a second written notice to the breaching party, terminating this Agreement, in which event this Agreement shall terminate on the date specified in such second notice.
- d) In the event that any party shall be adjudged insolvent or bankrupt, or upon the institution of any proceedings by it seeking relief, reorganization or arrangement under any laws relating to insolvency, or if an involuntary petition in bankruptcy is filed against such party and said petition is not discharged within 60 days after such filing, or upon any assignment for the benefit of its creditors, or upon the appointment of a receiver, liquidator or trustee of any of its assets, or upon the liquidation, dissolution or winding up of its business (an "Event of Bankruptcy"), then the party affected by any

- b) No modification or amendment of this Agreement shall be binding on the parties unless agreed to in a writing referring specifically to this Agreement and signed by the duly authorized representatives of each of the parties.
- c) No party may assign this Agreement, or sub-license, assign or delegate any right or duty hereunder, without the prior written consent of both other parties. Any such purported assignment without such prior written consent shall be void. This Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and permitted assigns.
- d) The rights and obligations in Section 5 (Proprietary Rights) shall survive termination or expiration of this Agreement for any reason.
- e) No party shall be liable to either of the others for any damages other than direct damages including, but not limited to, consequential, indirect, special, exemplary, or punitive damages, or any lost revenues or lost profits, even if advised of the possibility of such damages.
- f) This Agreement constitutes the sole and exclusive expression of the terms and conditions relating to the subject matter hereof and supersedes all prior oral and written statements of any kind whatsoever made by the parties with respect to the subject matter of this Agreement. The headings of the sections of this Agreement are provided solely for convenience of reference and shall not be used in the interpretation of this Agreement.
- g) The failure of any party at any time to require performance by any other party of any provision hereof shall not affect the full right to require such performance at any time thereafter, nor shall the waiver by any party of a breach of any provision hereof be taken or held to be a waiver of any

succeeding breach of such provision or as a waiver of the provision itself.

- h) Nothing in this Agreement is intended to confer any rights or remedies under or by reason of this Agreement on any persons or entities other than the parties and their respective successors and permitted assigns, in accordance with terms of this Agreement. Without limiting the foregoing, no third party shall be a beneficiary of this Agreement.
- i) If any provision of this Agreement or its application in a particular circumstance is held to be invalid or unenforceable to any extent, the remainder of the Agreement, or the application of such provision in other circumstances, shall not be affected thereby, and each provision shall be valid and enforced to the fullest extent permitted by law.
- j) This Agreement shall be governed by, and construed in accordance with, the laws of the State of Indiana, United States, applicable to contracts wholly made and wholly performed in the State of Indiana, United States.

Each party, intending to be bound thereby, has caused this Agreement to be executed by its duly authorized representative, whereupon it enters into full force and effect in accordance with its terms on this date.

If the calendar day on which you subscribed does not exist in the following month(s), the billing date will be the date closest to the subscription anniversary date. For example, if you subscribe on June 10, your next billing date is July 10. If you subscribe on March 31, your next billing date is April 30. For billing purposes, we will keep your credit card information or other payment authorization information on file and may ask you to update it. Subscriptions for periods of more than one (1) month can be terminated as of the current month, however, charges for the subscription period will be recalculated as if the subscription was on a month-to-month basis. If you fail, or we suspect that you have failed, to comply with any of the provisions of this Agreement, Doxpop, at its sole discretion, may terminate this Agreement and your access to Doxpop Services.

The failure of Doxpop at any time to require performance by Registered User of any provision hereof shall not affect the full right to require such performance at any time thereafter, nor shall the waiver by Doxpop of a breach of any provision hereof be taken or held to be a waiver of any succeeding breach of such provision or as a waiver of the provision itself. Subscription Plan Details

- There is no charge for additional users. Add as many users as you like.
- Both court case and recorded document searches available with every account. (Per-page image printing charges apply.)
- If you use all of your allotted searches, you can easily upgrade mid-month without penalty.
- Searches unused at the end of a service period do not carry over into the next period.

Searches occur each time you click on a "Search" button or click on a link that has a magnifying glass next to it. A search is also counted each time a saved search is run automatically (a "scheduled search"), and for each item you click on in a search watch notification. Looking at the details of a case or party does not count as a search.

Additional Search Fees are only charged once you have used up your searches for the month. If you are on the 60 search plan, for example, you will not be charged an additional search fee until you use each of those 60 searches and then continue searching. You will be notified before you incur any additional search fees and you can upgrade to a higher plan at any time by simply paying the difference. Additionally, any extra search charges you have incurred from the current month will reduce the upgrade cost by the same amount.

Recorded Document Images are available at rates that vary by subscription level, as shown in the [pricing table](#). Registered users can utilize our document previewer feature to view documents (but not save or print them) before purchasing. Delivery of document images is in PDF format and is available to the user for download any time during the 24 hour period following the purchase.

Saved cases and documents allow you to "bookmark" an individual court case or recorded document so that you don't have to search for it again later. You receive a maximum number of saved items (cases plus documents) equal to the included searches per month of your subscription plan. You may also wish to place an "alert" on any case or document so that you receive email notification as soon as this item is changed.

Search watches give you the ability to be notified immediately via email when cases or documents are added or changed that meet the criteria of a search. The maximum number of search watches for each subscription plan is equal to the included searches per month.

My Calendar enables you to have a customized calendar that shows when events for your saved cases are scheduled. You can even connect the calendar to an Indiana State Bar ID to see the court schedule for that ID. Click [here](#) for more information.

Calendar Event Notification is available as a free service to any registered user. This service will e-mail the user a copy of any notice or schedule change each time Doxpop receives a data update from the court. This service helps busy attorneys keep track of their schedule and know of important events immediately. It also allows any user to monitor court events for their saved cases.

My Search Regions permits you to create customized search regions of any combination of counties to narrow down search results. Your customized search regions appear in the Search Region menu along with individual counties and the "All Counties" option. Click [here](#) for more information.

Note: All Doxpop services depend upon accurate data entry and timely updates from local government offices. It is our mission to quickly and accurately reflect all information passed to us by the court and recorder, but we cannot be responsible for omissions or errors in this data.
