Welcome New Directors

Dear Colleagues:

Indiana libraries are so much more than just a bricks and mortar repository of books. Today, the local library is early literacy center, a catalyst for economic development, a provider of professional development and lifelong education services, a gateway to digital information and online resources, and a cultural and civic center of the community.

As libraries continue to evolve we face challenges, but remember that you are never alone. Chances are someone in Indiana's statewide library community will have overcome the very same obstacles you may one day face. Also, do not hesitate to contact the Indiana State Library for help or reassurance. The State Library staff is dedicated to providing libraries with assistance on wide range of library issues, including programming, professional development, board policies and so much more.

This handbook was developed as a tool you can turn to for answers to common questions. Please call our staff if you need clarification or assistance with anything covered in this handbook. You are also encouraged to join one or more listservs for Indiana librarians to find help from your peers and other library staff.

Congratulations on your recent appointment as an Indiana public library director. I wish you the best of luck in all your future personal and professional endeavors.

Sincerely,

A handwritten signature in black ink that reads "Jacob Speer". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.

Overview of the Indiana State Library

Indiana State Library: Open for Exploration

The Indiana State Library was established in 1825 to provide library services to Indiana's state governmental officials and employees. Since that time, its responsibilities have expanded to provide services to all citizens of Indiana, including special populations such as the blind and visually impaired, to collect and preserve all types of information about the state of Indiana, to support the development of the library profession, and to strengthen the services of all libraries within

Indiana.

Today, the Indiana State Library houses the vast collections with over two million volumes and three million manuscripts, as well as thousands of maps, federal documents, microfilm, and more. Just as the Library of Congress serves as the historical repository for our nation, the State Library is responsible for collecting and preserving all types of information and data about Indiana. The State Library proudly maintains two of the largest Indiana History and Genealogy collections in the world.

Services for Public Libraries

The Library Development Office (LDO) of the Indiana State Library provides assistance and consultation to librarians, trustees, and community leaders on all aspects of library programming, laws, standards, statistics and operations, including:

- Administration of LSTA funds for improvement of library services;
- Development and provision of workshops, including new director and trustee training, grant support, and budget workshops;
- Collecting, compiling and disseminating statistics on Indiana libraries;
- Maintaining and publishing directories and lists of shared resources and other reciprocal borrowing opportunities;
- Providing consultation and education concerning public library law and standards; and
- Administering statewide library services, such as ILL, delivery services & Evergreen Indiana.

Library Services & Technology Act

The State Library administers the Library Services & Technology Act (LSTA) grant program through the distribution of federal LSTA funds for the purposes of increasing the use of technology in libraries, fostering better resource sharing among libraries, and targeting library services to special populations. The State Library annually awards sub-grants to Indiana libraries for programs in the areas of library technology, digitization, innovation and programming for underserved populations.

Statewide Library Services

The State Library supports the advancement and development of all Indiana libraries, library staff and improved services for all the citizens of Indiana. The Library Development Office (LDO) administers several statewide library services, which are made possible through LSTA funding. These innovative technology and resource sharing solutions collectively save Indiana libraries millions of dollars annually. The Professional Development Office (PDO) includes specialists in the areas of programming, children's services, continuing education opportunities, and services available from the Indiana State Library.

Certification: The PDO handles all aspects of library certification, including program administration, consultation services and approval of LEU eligibility for course providers.

Children's Services: Provides training and consulting services related to children's services throughout the state. Primarily focuses on early literacy, facilitating programs like the Collaborative Summer Library Program, Every Child Ready to Read and other initiatives.

Consultation Services: The State Library is the authority on laws, standards, library budgets and state requirements affecting Indiana's public libraries. LDO consultants are available for one-on-one consultation and also provide essential training for new directors and trustees. They also specialize and train in the areas of grants, literacy, library finance, E-rate and resource sharing.

Continuing Education: PDO staff provides educational opportunities via in-house, online and on-site workshops. Indiana librarians are also eligible to enroll in free classes from national providers like LinkedIn Learning and WebJunction.

Digitization Services: The State Library administers LSTA sub-grants to libraries for the purpose of digitizing Indiana's historical records. The primary goal is to develop content for Indiana Memory (<https://digital.library.in.gov/>), a collaboration of historical and cultural organizations enabling free online access to Indiana's unique cultural and historical heritage through a variety of digital formats. The State Library also does extensive user training, loans scanning equipment and performs large-scale digitization projects for Indiana Memory, the National Digital Newspaper Program and Hoosier State Chronicles (<https://newspapers.library.in.gov/>), offering online access to thousands of pages of historic Indiana newspapers.

Evergreen Indiana is a growing consortium of more than 120 Indiana libraries using the Evergreen open source integrated library system (ILS). Evergreen Indiana collectively saves public libraries millions of dollars in annual licensing, technology and support costs associated with maintaining a library catalog. The shared Evergreen catalog enables patrons to place holds from home and to receive them at their participating library of choice, or go to any Evergreen library statewide to access approximately 7,000,000 items free of additional charge.

InfoExpress, a statewide delivery service for interlibrary loan (ILL) materials and other resources, is available to all Indiana libraries. Public libraries that are active lenders of resources or on Evergreen Indiana are eligible for heavily subsidized one- to two-days-a-week service.

[INSPIRE.in.gov](https://www.in.gov/inspire): For nearly two decades, [INSPIRE.in.gov](https://www.in.gov/inspire) has helped Hoosiers get ahead of the curve at work and in the classroom with the credible information they need instantly. INSPIRE offers free online access to thousands of magazine and journal articles, research tools, study aids and resources for jobseekers through a virtual portal available to Hoosiers 24/7 from their home, work, school or public library computer.

SRCS: SRCS (Statewide Remote Circulation System) is a patron-initiated interlibrary loan system which links the catalogs of over 200 public, academic and special libraries.

Library Standards: The State Library oversees the compliance of the Indiana Public Library Standards ([590 IAC 6](#)) to encourage high quality and equitable services for all Indiana residents.

Library Statistics: The State Library collects and compiles an annual report of public library statistics that assists federal, state and local entities in identifying needs, measuring effectiveness of library programming, identifying best practices, and developing plans to improve and strengthen services. Local libraries may use these findings as talking points with patrons, legislators and other local decision makers. These annual statistics are available at <https://www.in.gov/library/services-for-libraries/plstats/>.

Regional Consultants: The State Library's team of regional library consultants provides on-site programming, marketing, consulting and continuing education support and services to libraries within their geographical area of the state.

Chapter 1

Duties of the Director and Library Board

Public Library standards (590 IAC 6) define the role of the director and board members (see Chapter 2).

A. Library Director and Library Board

The library board is responsible for hiring a full-time library director with the education and experience required by the Librarian Certification Rule (590 IAC 5).

The director is the administrative head of the library and is responsible to the library board for the operation and management of the library.

The library board and director shall maintain their functions as follows:

- 1) The board is responsible for **governance and policy**.
- 2) The director is responsible for **administration**, and is responsible to library board for the operation and management of the library.

IN the Public Trust is the trustee manual. According to page 25, **the director has the responsibility to:**

- Implement board policies
- Represent the library in negotiations, public relations and other public events
- Recommend staff for hiring
- Direct, supervise, educate, evaluate and discipline all staff
- Prepare the annual budget for approval by the board
- Manage the finances of the library
- Oversee the assets of the library
- Plan the annual operations of the library to fit into the long-range plan of the board
- Assist the board in the governance of the library by informing the board of the status of the library and recommending policy direction for the board
- Report to the board the results of board actions
- Remain current and knowledgeable about the library and appropriate methods of operation
- Prepare an annual report of the progress of the library and submit that report to the

board and to the Indiana State Library.

The library director is the person ultimately responsible for the library. Even though the board is governing the library, the director is managing it and all of its resources. This includes the facilities, finances, personnel, and inventory.

Depending on the size of the library, you will either be working with a team of professionals which you will oversee in their management of select resources, or you will be the one and only manager juggling the management of everything – or something in between.

The first duty of the new director is to find out which scenario fits your library, and roll with it. Either you will be fixing a stopped-up toilet and scraping ice off of the sidewalks in between budget and programming meetings, or you will be making sure that these tasks get done while you deal with issues only the large libraries encounter, such as investments and foundations.

One thing you need to realize, however, is that you are not alone. That is what this guide is all about – to provide you with the resources and contact information you will need to manage your library. The State Library is here to aid you in your quest to provide Indiana residents with top-notch library service.

Another resource is your peers. Many directors in Indiana have mentored new library directors in the past, and many continue to do so. Get on a listserv <https://www.in.gov/library/services-for-libraries/ldoresources/listservs/> ask questions, check out statistics on the ISL website <https://www.in.gov/library/services-for-libraries/plstats/> to find libraries of similar size and call those directors. Librarians in Indiana are a very giving bunch, so don't reinvent the wheel. You will be asked to provide payback someday!

The following is adapted from the Small Library Project Pamphlet #3, "The Trustee of a Small Public Library," published by American Library Association. Also included here are requirements found in section 6-1-5 of **590 IAC 6 Minimum Standards for Public Libraries**. Please see Chapter 2 in this manual for full recommendations.

B. Working with the Library Board

(Excerpt from the Idaho Librarian Survival Manual)

When you were hired, you became an employee of your library's board of trustees. Most of the time, working with your library board will be easy, because you and the library board have a common interest and a common mission: to provide your community with the best possible library service. Good board members will be your best allies in working for better service. They will bring ideas, encouragement and enthusiasm to the library.

The keys to working with your library board are **respect, communication, and tact**. As a new librarian, recognize that the library and the library board have a history. The board is used to doing things in certain ways. Unless they have had serious problems, board members are not likely to be interested in changing what they see as successful. They are not likely to change things unless you can give them good reasons, and even then, it may take some time for them to develop trust of your judgment.

During your first year, you probably will want to spend more time in trust building rather than in problem solving with your library board. Try to get to know each board member personally, find out what they think about the library and where they want the library to be going.

It is also vitally important to communicate as much information as possible to your library board members. If you see a potential difficulty coming up, make sure that the board is aware of it, even if you are afraid it reflects badly on you. No one likes to be surprised by a major problem that everyone else saw coming. At the same time, do not dwell on the negative. Make sure that the board knows about the library's successes too.

While it is true that the library board is charged with setting policy, you will know more about the day-to-day operations of the library. Board members sometimes have ideas that simply are not workable or that will end up hurting the library. As the library director, it is your duty to inform the board of what you expect the practical consequences of their decisions will be. However, once the decision is made, it is your responsibility to carry it out to the best of your ability, even if you don't agree with it.

Another problem that sometimes occurs is when a board member interferes with the administration of the library. The trustee may come in and tell you to make changes, interfere with the work of your staff, or go out into the community and misrepresent the library's position on various issues. In these cases, it is important for you to remember that legally individual board members have no power over the library. It is only when the board acts as a group at an official meeting that library policy is made.

It is all well and good to know that an individual board member doesn't have the authority to interfere with the administration of the library, but they still represent one seventh of your boss. If this trustee has been on the board for a long time or is an officer of the board, they may even have more power than that with the board. What do you do in a case like this?

1. First, remember to keep your cool. Treat the request with respect and tact.
2. Second, tell the board member that you do not feel comfortable making the change without the full board acting on it. Tell the board member that you will ask the board chair to put the issue on the agenda for the next board meeting or even to call a special meeting if necessary.
3. Third, look for some alternative that you can use without board approval to solve the problem between the time the problem arises and the next board meeting. Make sure that the alternative that you choose conforms to present policy.

What should you do if the board makes a decision that you do not agree with? Unless the decision is illegal or unethical, it is your responsibility to carry out the decision as best you can.

Try to make it work and don't express your negative opinion to the public or staff. If the decision creates problems for the library, document these and bring them to the board. Don't forget if the decision turns out to be a good one, however, to compliment the board on it.

New Trustee Orientation

Once new trustees have come on the board, it is very useful if your board members and you can give the new trustee an orientation to the library. You should also make sure that new trustees have received a copy of **IN the Public Trust**, the manual for Indiana public library trustees, as well as copies of important local documents, such as bylaws, policy statements, and minutes from the previous year. Please download a copy of **IN the Public Trust** from the Library Development Office website at <https://www.in.gov/library/InPubTrust/>. If you need assistance with this, please contact the office at 1-800-451-6028, or ldo@library.in.gov. By working with trustees while they are new on the board, you can build the kind of positive relationship that will most benefit your library.

Certificate of Appointment for Public Library Board Members

Once appointed by an appointing authority, according to [IC 36-12-2-19](#), the appointing authority needs to provide the new board member with a completed "Certificate of Appointment". The new board member must take the oath of office within 10 days of receiving the Certificate of Appointment. A copy of the Certificate of Appointment must be provided to the library director for the purpose of filing the certificate with the official papers of the library. The Certificate of Appointment must also be filed with the clerk of the circuit court in your county within 30 days from taking the oath of office or the library board appointment is null and void and the office becomes vacant(IC 5-4-1-1.2).

The certificate is found at this URL: <https://www.in.gov/library/files/31873-fill-in.pdf>

Ensuring Attendance of Board Members at Meetings

Attendance is a high priority for board members. Absence harms the productivity and effectiveness of board action. Comply with the law that the board meets monthly and that a quorum is required to conduct library business.

Perhaps an absence policy is needed whereby unexcused absences are kept to a minimum, and excused absences are acceptable. Consistent absences should be considered unacceptable. A vacancy occurs whenever a member is absent from six (6) consecutive regular board meetings for any cause other than illness. The appointing authority shall be notified by the secretary of the board of a vacancy. (IC 36-12-2-20(b))

Of course it is not enough for the trustee to show up. Trustees need to read the agenda and prepare for the meeting.

A few points to consider regarding your board meetings:

1. Are meetings businesslike and productive?
2. Are meetings under two hours?
3. Are the agenda items board level items or are the board dealing with trivial matters?
4. Is everyone encouraged to participate?
5. Does another board member contact the missing board member(s) after the meeting and encourage them to attend next time?

Showing up and working productively together contributes to the community enjoying the valuable services the library offers.

Engaging Board Members in Planning and Participating in Library Projects

Be positive. Get board members to buy into planning. As ideas are mentioned and discussed, ask the board member who seems most interested or who suggested something in particular to chair a committee to develop that plan or policy. Be sure to use people from the community, staff, Friends of the Library, teachers, etc., on the committee with the board member. It is always good to get the ideas of a wide range of the community. Again, be positive. Get the board excited. Brainstorm, but don't run a topic into the ground. Your excitement can be contagious.

Sample Library Board Bylaws

These are **suggestions only**. They indicate the points to be covered, but each library board must adapt them to fit local conditions. Bylaws are required by Indiana Public Library Standards (590 IAC 6) in order for the library to be in compliance with standards and qualify for state and federal funds and must be on file at Indiana State Library.

Per 590 IAC 6-1-5(f), the library shall have written bylaws that state its purpose and its operational procedures and specifically state rules governing conflicts of interest issues and nepotism. The bylaws shall be reviewed at least every three years. A copy of the bylaws shall be submitted to the Indiana State Library with the library's annual report.

Article I Membership, Purpose and Authority

Section 1. The _____ Public Library is a municipal corporation and Class [#] library organized under the public library provisions of IC 36-12. The purpose of the library is to meet the educational, information, and recreational interests and needs of the public.

Section 2. In accordance with the provisions of IC 36-12, the library board of _____ Public Library shall consist of members chosen for their fitness for public library trusteeship.

Section 3. The library board shall govern the library under according to the purposes and authority set forth in IC 36-12, as amended, and such other Indiana and federal laws as affect the operation of the Library.

Article II Officers

Section 1. Officers of the board shall be a President, Vice President, Secretary and Treasurer.

Section 2. The officers shall be elected at the January meeting and shall serve a term of one year. Vacancies in office shall be filled at the next regular meeting of the board after the vacancy occurs.

Section 3. The duties of the officers shall be such as by custom and law and the rules of this board usually devolve upon such officers in accordance with their titles. (Or the duties might be defined here.)

Article III Meetings

Section 1. The library board shall meet on the (____) of each month at (____) o'clock at the (location). The (name a month) meeting shall be the annual meeting.

Section 2. Special meetings may be called by the President, or upon written request of 2 members, for the transaction of business as stated in the call. Notice stating the time and place of any special meeting and the purpose for which called shall be given each member of the

board at least 2 days in advance of such meeting and to the local media 48 hours in advance, as according to law.

Section 3. A quorum for the transaction of business shall consist of a majority-equal to 50% of the number of seats established by law-plus one. This is regardless of any current vacancies on the library's board. Any vote by a board which does not have a quorum present may be legally invalid.

Section 4. Order of business may be:

- Call to order
- Reading and approval of minutes
- Approval of bills
- Report of the librarian
- Committee reports
- Communications
- Unfinished business
- New business
- Adjournment

Section 5. *Robert's Rules of Order*, last revised edition, shall govern the parliamentary procedure of the board.

Article IV Committees

(Suggestion: Special committees for the study of special problems may be appointed by the chairman, with the approval of the board, to serve until the final report of the work for which they were appointed has been filed at a regular library board meeting. Bylaws might include provision for standing committees appointed by the president at the first meeting following the annual meeting, to serve for one year. A **finance committee**, which might be either a standing committee or a special committee, would assist the library director in preparing the annual budget and represent the library board to justify it before the governing body.

In most matters, the board's most effective operation is as a committee of the whole. Boards of larger libraries may need other committees to advise the librarian and to represent the board in the community on such subjects as buildings and maintenance, personnel, library program, and extension of service.

Special committees may investigate, study, and report all matters on which the board can **act** more expeditiously as a whole.)

Article V Library Director

The library director shall be considered the executive officer of the board and shall have sole charge of the administration of the library under the direction and review of the board. The library director shall be held responsible for the care of the building(s) and equipment, for the employment and direction of the staff, for the efficiency of the library's service to the public, and for the operation of the library under the financial conditions set forth in the annual budget. The library director shall attend all library board meetings, except those at which her/his appointment, salary, or performance is to be discussed or decided.

Article VI Ethics for Library Trustees

Trustees, in the capacity of trust imposed upon them, shall observe ethical standards with absolute truth, integrity and honor.

Trustees must promote a high level of service while observing ethical standards.

Trustees must avoid situations in which personal interests might be served or financial benefits gained at the expense of library users, colleagues or the institution.

Trustees will not use the library for personal advantage or the personal advantage of friends or relatives.

It is incumbent upon any Trustee to disqualify himself/herself immediately whenever the appearance of a conflict of interest exists.

Article VII Nepotism

Board members and their immediate family members (as defined below) will be excluded from consideration for employment by the organization.

Employees shall not hold a position with the organization while they or members of their immediate family (as defined below) serve on the board of directors or any committee of the board.

Employees may not hold a job over which a member of their immediate family exercises supervisory authority. In this section and sections 1 and 2 above, immediate family includes the following: husband, wife, son, son-in-law, daughter, daughter-in-law, father, father-in-law, mother, mother-in-law, brother, brother-in-law, sister, sister-in-law, grandparents, and grandchildren.

Article VIII Amendments

These bylaws may be amended at any regular meetings of the library board with a quorum present, by majority vote of the members present, providing the amendment was stated in the agenda for the meeting.

Sample Nepotism Template to Include in the Bylaws

Part One

1. Board members and their immediate family members (as defined below) will be excluded from consideration for employment by the organization.
2. Employees shall not hold a position with the organization while they or members of their immediate family (as defined below) serve on the board of directors or any committee of the board.
3. Employees may not hold a job over which a member of their immediate family exercises supervisory authority. In this section and sections 1 and 2 above, immediate family includes the following: husband, wife, son, son-in-law, daughter, daughter-in-law, father, father-in-law, mother, mother-in-law, brother, brother-in-law, sister, sister-in-law, grandparents, and grandchildren.

Part Two

It is well accepted that employment of relatives in the same area of an organization can cause serious conflicts and problems with favoritism and employee morale. In these circumstances, all parties, including supervisors, leave themselves open to charges of inequitable consideration in decisions concerning work assignments, transfer opportunities, performance evaluations, promotions, demotions, disciplinary actions, and discharge. In addition to claims of partiality in treatment at work, personal conflicts from outside the work environment can be carried into day-to-day working relationships.

It is XYZ's policy that relatives of persons currently employed by XYZ may be hired only if they will not be working directly for or supervising a relative. If already employed, they cannot be transferred into such a reporting relationship. If the relative relationship is established after employment, the individuals concerned shall decide who is to be transferred. If that decision is not made within 30 calendar days, management shall decide.

In other cases where a conflict or the potential for conflict arises, even if there is no supervisory relationship involved, the parties may be separated by reassignment or terminated from employment.

For the purpose of this policy, a relative is defined to include spouses, parents, children, brothers, sisters, brothers-and sisters-in-law, fathers-and mothers-in-law, stepparents, stepbrothers, stepsisters, and stepchildren. This policy also applies to individuals who are not legally related but who reside with another employee.

Part Three

EMPLOYMENT OF SPOUSES: With respect to the employment of relatives, XYZ reserves the right to: Refuse to place one spouse under the direct supervision of the other spouse where such has the potential for creating an adverse effect on supervision, safety, security, or morale.

- a. Refuse to place both spouses in the same department, division, program or facility where such has the potential for creating an adverse effect on supervision, safety, security, morale, and involves potential conflicts of interest.

EMPLOYMENT OF OTHER RELATIVES: Relatives, up to and including first cousins of any agency employee, board of trustee or any:

- a. Person exercising, hiring, promotion, and termination authority may not be hired into agency service without approval of the chief executive or the executive committee of the board of trustees.
- b. Relatives within the third degree of kinship by blood or marriage of any agency employee, regardless of status, will not be hired in the same department, division, program, or facility where such has the potential for creating an adverse effect on supervision, safety, security, morale or involves potential conflicts of interest without the written prior approval of the chief executive.
- c. If two (2) employees marry or become related, or cohabit and a conflict arises, only one (1) of the employees will be permitted to stay with XYZ unless reasonable accommodations can be made to eliminate the potential problems. The decision as to which relative will remain with XYZ must be made by the two (2) employees within three (3) calendar days or by XYZ on the basis of service value.

Lucrative Office

The question is asked can a library board trustee serve on another public board and this is where lucrative office is applied.

<http://iga.in.gov/legislative/laws/const/>

Article 2 Section 9 of the Constitution of Indiana, states: No person holding a lucrative office or appointment under the United States or under this State is eligible to a seat in the General Assembly; and no person may hold more than one lucrative office at the same time, except as

expressly permitted in this Constitution. Offices in the militia to which there is attached no annual salary shall not be deemed lucrative.

Board Composition

The 236 public library districts in Indiana vary in territory composition and classification. These include: city/town libraries, county libraries, city/town/township(s) libraries. Many are Class 1 libraries governed by a seven member appointed board.

A library board appointee needs to reside in the library district at the time of their appointment and needs to have resided there for at least two years immediately preceding the appointment. Typically a seven member board for a Class 1 library consists of:

- 1 county commission appointment
- 1 county council appointment
- 3 school board appointments

And the last two appointments vary based on the territorial composition of the library district (for example, library is only in one city; library is in one township, etc.)

In addition to the library types mentioned above with seven member library boards, there are four county contractual libraries in Indiana that appoint a separate four member board. The four (4) additional members of a county contractual library board required by IC 36-12-6-2 are appointed as follows:

(1) Two (2) members appointed by the executive of the county in which the county contractual library district is located.

(2) Two (2) members appointed by the county superintendent of schools, or if there is no county superintendent of schools, by the county auditor of the county in which the library district is located.

There are a handful of libraries which are an exception to the seven member library boards and the additional 4 member boards that represents contractual library composition. In general, the remaining libraries are endowed libraries that have board appointments that represent their endowment interests.

Chapter 2

Public Library Standards

The **Public Library Standards** were enacted by the Indiana Library and Historical Board to establish the minimum service levels expected of Indiana public libraries. Some of the topics covered by Indiana's public library standards include:

- Days and Hours of service
- Library Websites
- Resource Sharing and Courier service
- Public Computers and internet speed
- Materials Expenditures
- Programming
- Services and spaces for different age groups
- Long Range Planning

Public libraries are required to meet the standards to be able to receive any state or federal funds disbursed by the Indiana State Library in the form of grants or monetary award. The funds affected include:

- State technology grants
- E-rate funds for Internet connectivity
- Discounts on state-wide services for which the Indiana State Library charges (including InfoExpress)
- PLAC distribution
- Other state funds
- LSTA grants

The current Library Standards can be viewed here: <https://www.in.gov/library/files/590IAC6.pdf>

How is it determined that a library is meeting Standards?

Responses provided on the Indiana State Library's Annual Report for Public Libraries are reviewed to help determine if a library is meeting standards. This usually occurs between March and May of the year following the period covered by the report (e.g. May 2023 for the 2022 report which is due 3/1/2023). Libraries are contacted by email or mail if they appear to be out of standards on any issue, and given an explanation of the issue, as well as an option to correct the issue or request a waiver. The Indiana Library and Historical Board makes the final determination whether a library is considered to be "in standards."

Where to get help meeting specific Standards issues:

- **Long Range Plans and Bylaws** - Templates and advice for writing trustee bylaws and long range plans are available from the Library Development Office. Questions about the standards may be addressed to the Library Development Office.
- **Lack of a Library Website/Outdated website** – The Indiana State Library offers the **Connect IN** service for libraries unable to create or host their own website. If you have questions, contact the Professional Development Office, or visit: <http://www.in.gov/library/connect.htm>
- **Resource Sharing – Evergreen Indiana** - Questions about the Evergreen Indiana Open Source Integrated Library System (www.in.gov/library/evergreen.htm), a resource to meet standards regarding automation and a public access catalog, should be addressed to Ruth Frasur, rfrasur@library.in.gov.
- **Resource Sharing – SRCS** – SRCS is also an option for public libraries interested in opening their collections to the statewide resource sharing community. Interested libraries should contact statewideservices@library.in.gov to learn about how to join.

Chapter 3

Indiana Library Laws and Other Laws Affecting Libraries

Indiana public libraries must follow all applicable state and federal laws.

Indiana public libraries are municipal corporations (units of local government) per IC 36-12-1-5 and political subdivisions per IC 36-1-2-13. The **Indiana Code (IC)** has a chapter dedicated to Indiana public libraries, [IC 36-12](#). This is commonly referred to as the “**Library Law**”. Indiana public library directors, staff, and trustees need to be very familiar with this section of the Indiana Code.

Public library directors, staff, and trustees should also be familiar with [the Indiana Administrative Code 590 \(IAC\) 3, 5, and 6](#). Title 590 of the Indiana Administrative Code consists of the administrative rules that Indiana public libraries must follow, including the Public Library Access Card (PLAC), certification, and public library standards. These rules are covered in other chapters in this manual and so will not be covered here.

There are other provisions in Indiana law and the Indiana administrative code that apply to both public libraries and other Indiana political subdivisions generally. These laws include, but are not limited to the following:

- **public purchasing**
- **public works**
- **real property**
- **building and fire codes**
- **financial provisions**
- **Open Door law**
- **Access to Public Records Act**
- **taxing**
- **budgeting**
- **employment**

In addition to Indiana law, there are **federal laws** that must be followed, such as:

Family and Medical Leave Act: Provides for unpaid, job protected medical leave for eligible employees of covered employers so the employees can attend to their own medical needs or the medical needs of a family member

Americans with Disabilities Act: Protects the rights of the public to have equal access to the public facilities and programs; also protects workers with disabilities from job discrimination

Fair Labor Standards Act:

Establishes minimum wage, overtime pay, recordkeeping, and youth employment standards

Equal Employment Opportunity Act:

Protects job applicants and employees from discrimination in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment on the bases of race, color, religion, sex, national origin; more information can be found here: www.dol.gov/dol/topic/discrimination/index.htm

U.S . Copyright Act:

Includes important information for libraries and others regarding displaying, distributing, and copying copyright protected work

When there is a legal question concerning the laws the library must follow, your library attorney should be contacted. State Board of Accounts will accept the opinion of your library attorney when that opinion is in writing from the attorney and not in direct conflict with the law.

The Indiana State Library also has an attorney to interpret Indiana law as it relates to libraries. However, each library may still want to have and use their own attorney for the final word on legal issues.

Indiana Library Laws [IC 36-12](#)

[Chapter 1: General Provisions](#)

IC 36-12-1 is where you will find the definition of terms related to libraries as used in the library laws. Chapter 1 is where you will find the definition of library services and information about classification of public libraries. Under Indiana law, public libraries are classified as either a class 1 or class 2 library. Most public libraries in Indiana are class 1, there are only a few that are class 2. This classification in the law is not to be confused with the three classifications of libraries found in the administrative rules under which there are class A, B, and C libraries. So, each library will be either a class 1 or 2 library for the purpose of Indiana law AND a class A, B, or C library for the purpose of the rules (the public library standards found in [590 IAC 6](#)).

The instructions for converting from a class 2 to a class 1 library are found in this chapter as is also the requirement for an internet policy and policy for conducting criminal history checks for library employees and volunteers.

This chapter also includes permission for township trustees in certain counties to pay for the cost of their residents' library cards.

[Chapter 2: Public Library Organization & Board Members](#)

IC 36-12-2 sets out how to create a new library district as well as the requirements for establishing and changing library district boundaries (via annexation or territory transfers).

Chapter 2 also sets out various requirements related to the library board including:

- how library board appointments are made, including the process for making board

appointments;

- who makes the library board appointments; the appointing authorities differ based on the library's territory;
- how board terms are computed and the limitation on consecutive terms;
- the prohibition for compensating board members other than the treasurer;
- information and requirements specific to the board treasurer;
- the process by which board members can be removed, which can occur only for cause after a public hearing by the appointing authority;
- the requirement for monthly board meetings;
- the requirement for the board to elect a president, vice president, Secretary, and any other board officers as required by the board bylaws; and
- the board's responsibility to choose a director as well as the board's responsibility for hiring and firing staff in general.

Permission to reimburse employees for interviewing and moving expenses is also found in Chapter 2 as well as authority for libraries to offer severance pay.

The rules related to library cards and dissolution of the library district are also found in chapter 2.

[Chapter 3: Powers and Duties of Class 1 Libraries](#)

IC 36-12-3 includes the requirement of Class 1 libraries to participate in the statewide library card program known as PLAC (See [590 IAC 3](#) for the rules related to the PLAC program). Chapter 3 also authorizes reciprocal borrowing agreements between libraries.

General authority of the board is described in this chapter including the authority to:

- establish branches and museums;
- manage, acquire and dispose of personal and real property;
- purchase and loan books and disseminate information;
- engage in contracts for library services;
- issue bonds;
- levy taxes including determining a tax rate;
- establish funds and appropriate money;
- reimburse board members for certain expenses;
- pay for membership in library associations (like Indiana library Federation and American Library Federation);
- authorize disbursements;
- utilize electronic funds transfers; and
- engage in certain actions related to collections and claims.

[Chapter 4: Library Mergers](#)

IC 36-12-4 Sets out the required procedures for library mergers. When two or more libraries are considering a merger, they should review this chapter to be sure they understand the process.

[Chapter 5: Library Expansion](#)

IC 36-12-5 describes the process for library expansion. When a library wants to incorporate additional land into their tax base but does not qualify to annex the land under [IC 36-12-2-3](#) and isn't assuming land from another library district under [IC 36-12-2-4](#), this chapter describes the process that must be used.

[Chapter 6: County Contractual Libraries](#)

IC 36-12-6 contains information specific to the few libraries in Indiana that are county contractual libraries.

[Chapter 7: Class 2 Public Libraries](#)

IC 36-12-7 contains information specific to the few libraries in Indiana that are class 2 public libraries.

Chapter 8, 8.5 and 9 have been repealed

[Chapter 10: Leasing of Library Property](#)

IC 36-12-10 describes the authority and process by which library boards may lease real property to be used by the library for the purpose of providing library services.

[Chapter 11: Library Certification](#)

IC 36-12-11 provides authority for the Indiana Library and Historical Board to promulgate rules related to certifying librarians. The rules regulating Indiana librarian certification are found in [590 IAC 5](#).

[Chapter 12: Library Capital Projects Fund](#)

IC 36-12-12 authorizes libraries to establish a capital projects fund and establishes some basic rules for such a fund.

[Chapter 13: Interstate Library Compact](#)

IC 36-12-13 applies to Indiana and any state bordering Indiana that joins in the interstate library compact. The chapter authorizes agreements between states for the provision of library services.

Chapter 14 is repealed

[Chapter 15: Free Public Use of School Libraries](#)

IC 36-12-15 authorizes cities and towns to establish a free public library in connection with the school system(s) in cities and towns where there is no established library open to all the people of the city or town.

Indiana Open Door Law ([IC 5-14-1.5](#))

The Open Door Law (“ODL”), originally passed by the Indiana General Assembly in 1977, was enacted to permit the citizens of Indiana access to meetings held by public agencies. By providing the public with an opportunity to attend and observe meetings, the public may witness government in action and more fully participate in the governmental process. Because public libraries are taxpayer funded entities, it is important to keep public library business as transparent as possible to our funders.

Indiana Access to Public Records Act ([IC 5-14-3](#))

The Access to Public Records Act (“APRA”), originally passed by the Indiana General Assembly in 1983, was enacted to permit the citizens of Indiana broad and easy access to public records. By providing the public with the opportunity to review and copy public records, the APRA gives individuals the opportunity to obtain information relating to their government and to more fully participate in the governmental process. Again, transparency is the goal as public agencies are accountable to the taxpayers that fund them.

The [Handbook on Indiana’s Public Access Laws](#) sets forth the basic elements of the Open Door Law and the Access to Public Records Act and also provides answers to commonly asked questions. In order to find answers to more specific questions, please consult the provisions of the Indiana Code.

The State has a **Public Access Counselor** who is available to answer questions about the Open Door Law.

Hoosier State Chronicles

Indiana's Digital Historic Newspaper Program

<https://newspapers.library.in.gov>

Hoosier State Chronicles (HSC), Indiana's Digital Historic Newspaper Program, currently contains over 1,100,000 pages dating from 1804 through 2010. It is operated by the Indiana State Library and funded by the U.S. Institute of Museum and Library Services under the provisions of the Library Services and Technology Act. We seek to provide free, online access to high-quality digital images of Indiana's historic newspapers by digitizing our collection and assisting other organizations in making their collections digitally available.

This online resource originated with grant funding from the National Endowment for the Humanities that enabled us, in partnership with the Indiana Historical Society, to digitize Indiana newspapers for the National Digital Newspaper Program (NDNP). The Indiana titles digitized through NDNP are also available at the Library of Congress's Chronicling America (<https://chroniclingamerica.loc.gov/>), along with over eight million newspaper pages from around the United States. You can find additional digitized newspapers at [Indiana Memory](#) and listed on our blog (<https://blog.newspapers.library.in.gov/>).

The Indiana State Library Newspaper Division has the largest collection of Indiana newspapers either in print, microfilm or digital format. For an overview of the available resources for Indiana newspaper research visit their website at <https://www.in.gov/library/collections-and-services/indiana/newspaperholdings/>.

Questions or comments?

If you are interested in more information about this program, please contact Justin Clark, Digital Initiatives Director at JusClark@library.IN.gov

<https://digital.library.in.gov>

[Indiana Memory](#) serves as a gateway to Indiana's history and culture as found in digitized books, manuscripts, photographs, newspapers, maps, and other media. It is part of a statewide collaborative effort to provide access to the wealth of primary sources found in Indiana libraries, archives, museums, and other cultural institutions.

The Indiana Memory web interface provides multiple access points to the digital collections. The user can search across all collections, a single collection, or select collections that are of interest. A selection of pre-determined subject searches is also available on the home page. Because the initial searches are done from the indexed metadata, results are quickly available.

Guidelines for digital imaging projects based on national standards have been created and are available to organizations digitizing collection items on the Indiana Memory website. Indiana Memory is also a service hub for the Digital Public Library of America (<https://dp.la>). Any collection included in Indiana Memory has the option of being in DPLA.

A public library may participate in Indiana Memory in a number of ways.

- The easiest way is for a library to use CONTENTdm, PastPerfect Online or any other OAI compliant software for their digital collections. After obtaining permission from the host library, the Indiana State Library will harvest the metadata and the thumbnail images.
- If a public library receives a LSTA digitization grant from the Indiana State Library, the resulting digital collection will automatically be included in Indiana Memory. ISL provides free access to the ISL server and its statewide CONTENTdm license for these projects.
- Public libraries can apply to use the ISL CONTENTdm license for their digital project by completing the CONTENTdm Software Application Form available on the website (<https://www.in.gov/library/collections-and-services/indiana/indianamemory/>).

- If a library is using a different collection management software program to provide online access to its digital images, it can supply the Indiana Memory program with display images and a tab-delimited text file containing metadata.

The Indiana State Library will also make its statewide license available to those Indiana libraries and cultural heritage organizations requesting to use our Mobile Scanning Units. Each mobile Scanning Unit, which includes a laptop, flat-bed scanner, digital camera and appropriate software, is available for an eight-week loan. The State Library will also supply training and support in scanning and metadata creation at no cost. Further information and a request form can be found on <https://www.in.gov/library/collections-and-services/indiana/indianamemory/>.

In all of the above cases, the digital collection must meet the provisions of the Indiana Memory collection development policy and the standards as listed under the [Indiana Memory Guidelines](#). Libraries are strongly encouraged to discuss their digitization projects with the State Library before they begin the actual scanning.

Indiana Memory is constantly evolving and adding new collections. The program is part of a statewide digitization program funded by a Library Service and Technology Act (LSTA) grant.

PART ONE

Introduction to Indiana Library and Historical Board Certification Rule

Indiana law has required librarian certification for decades. IC 36-12-11-5 requires the Indiana Library and Historical Board (ILHB) to determine and define grades of public library service and set the qualifications that individuals must meet to be employed in each of the grades of public library service. The law requires ILHB to:

- prescribe and define the qualifications of public library directors, branch and department heads, and professional assistants;
- make certification requirements available;
- issue certificates to qualified candidates who apply; and
- adopt rules the board determines are necessary to fulfill these requirements.

The rules are codified in the Indiana Administrative Code (590 IAC 5) and can be read in their entirety at: http://www.in.gov/legislative/iac/iac_title?iact=590. The Indiana State Library (ISL) administers the certification program for the ILHB.

The certification rules have gone through three significant review and revision processes, in 2007/2008, 2015/2016, and most recently in 2021/2022. On each occasion a team of library staff, directors, and trustees from various sized libraries throughout Indiana reviewed the certification rules and recommended changes. The ILHB voted to adopt and implement the recommended changes. The information in this manual is based on the current rules. **Highlighted text indicates changes that will take place once the newly adopted rules go into effect on January 1, 2023.**

CERTIFICATION REQUIREMENTS

All library directors, department or branch heads, and professional assistants, except those who are employed at K-12 school libraries, special libraries, or libraries of educational institutions, must hold a certificate. *There is an exception for lower level staff in public libraries serving a population of 3,000 or less.*

CERTIFICATION REQUIREMENTS ARE BASED ON THE FOLLOWING LIBRARY DISTRICT SIZES:

- Class A: Libraries serving a population of 40,000 or more
- Class B: Libraries serving a population of 10,001 to 39,999
- Class C: Libraries serving a district population 3,001 to 10,000
- Class C: Libraries serving a district population of 3,000 or less

- Any library staff who spend at least half of their time on professional library work
- Branch or Department Heads
- Professional Assistants

As of January 1, 2023, the threshold amount of time spent on professional library work will change to 75%.

Certification requirements apply to permanent (non-substitute) professional staff, whether they work full-time or part-time.

WHO IS NOT REQUIRED TO BE CERTIFIED?

- Archivists and conservators
- Business office and clerical staff, including administrative assistants and bookkeepers
- Clerks, pages, and circulation staff
- Human Resources, IT, Marketing, and PR staff

A staff member with a specialist certificate who moves to another library district or changes job classification will be required to apply for the appropriate librarian certificate.

PART TWO

Certification Application Process for New Staff, Certificate Upgrades, and Transfers

NEWLY HIRED STAFF

A new hire whose professional position requires certification has 6 months to apply for an initial temporary permit or 5-year certificate. A person who does not yet meet the certification requirements for a position must apply for a 1-year temporary permit. Temporary permits may be renewed twice for a total of not more than 3 temporary permits per person, per job classification. While holding a temporary permit, a new hire must complete the library science coursework or accumulate the years of experience required for the necessary 5-year certificate.

The **APPLICATION FOR CERTIFICATION OF PUBLIC LIBRARIANS** is available on ISL's Continuing Education website (<http://continuinged.isl.in.gov/certification/>). Alternatively you may request an application by phone (317-234-6217) or email (ChHarris@library.in.gov).

CERTIFICATION FEES

There is a \$50 fee per 5-year certificate, whether for initial application or renewal.

There is a \$10 fee per 1-year temporary permit, whether for initial application or renewal.

ISL accepts personal checks and money orders made payable to Indiana State Library.

There are 3 options a library may use to pay for staff certification:

1. Draw the money from an unrestricted gift fund;
2. Increase the applicant's salary (no more than \$0.20 per week) to cover the cost of the required certificate; or
3. The Library Friends group may subsidize all or part of a staff member's certification fee.

Per the Indiana State Board of Accounts, a library may not draw from its operating funds to pay for staff certification. As a result, any time you use a library check to pay a certification fee, the library director must provide a written statement that the check was drawn from an unrestricted gift fund.

COLLEGE TRANSCRIPTS

The first time you apply for a certificate level that requires college education you must submit your official (sealed, unopened) college transcript(s). To be considered official transcripts **must** be transmitted in one of the following ways:

- the transcript may be sent electronically directly from the school to statewideservices@library.in.gov;
- the transcript may be mailed directly from the school to the certification program director's attention; or
- you may obtain the transcript and convey it to ISL still in its original **sealed, unopened** envelope by enclosing the unopened transcript in a larger envelope along with your application and certification fee.

PUBLIC ACCESS TO CERTIFICATION INFORMATION

A staff member's name, certificate number, type, status, and city of work or residence are public information and can be found on the Indiana State Library Certification for Indiana Librarians website, which is known as the Certification Portal (<https://digital.statelib.lib.in.us/certification/>). Personal contact information, academic background, and employment history are not published.

NON-GRANDFATHERED STAFF: CERTIFICATE LEVEL UPGRADES

A staff member who applied for certification after September 30, 2008, or who superseded a grandfathered certificate with a certificate obtained by application is considered "non-grandfathered staff." Non-grandfathered staff who complete additional college-level library science courses or accumulate sufficient years of service may be eligible to upgrade to another certificate level. In order to upgrade a certificate level (e.g. from LC6 to LC5), a person must submit a completed Application for Certification of Public Librarians (found at

<http://continuinged.isl.in.gov/certification/>) and pay the \$50 fee for a new certificate. In addition, a person who applies for an upgrade based on having met additional education requirements must submit an official transcript, being careful to follow the directions provided under the heading COLLEGE TRANSCRIPTS on page 6 to ensure the transcripts will be official.

NON-GRANDFATHERED STAFF: CERTIFICATE TRANSFERS

A non-grandfathered staff member may transfer a current certificate and Library Education Units (LEUs) to the person's next position or employer. An individual who is promoted in job classification (i.e. from professional assistant to branch or department head or to director) must get the number of LEUs required of the job classification the person holds for the majority of the person's 5-year certificate.

A library staff member who is promoted into a position requiring a higher certificate level may need to apply for a temporary permit while they complete the required courses or years of service necessary to qualify for the higher certificate level. To go from holding a 5-year certificate to holding a temporary permit, a person must submit an Application for Certification of Public Librarians (found at <http://continuinged.isl.in.gov/certification/>) and pay the \$10 fee for the new temporary permit.

GRANDFATHERED STAFF: CERTIFICATE LEVEL UPGRADES AND TRANSFERS

To upgrade from the level at which a person was grandfathered, the person must apply for a new certificate. The applicant doesn't need to resend school transcripts if they are already on file with ISL. Upgrading a certificate voids the previous certificate and sets aside the LEUs earned under the previous certificate. As a result, LEUs earned under a grandfathered certificate do not carry over to the new certificate. Instead, a person who upgrades to a new certificate level will start a new 5-year education cycle. The person will have 5 years from the issue of the new certificate until its expiration in which to earn the number of LEUs required based on the person's job classification.

PLEASE KEEP ALL CONTACT INFORMATION AND EMPLOYMENT STATUS CURRENT WITH ISL.

Please provide any changes to your name, address, or employment information to Certification Program Director Cheri Harris, by emailing ChHarris@library.in.gov or calling 317-234-6217 or toll-free in Indiana 800-451-6028.

Mail certificate applications, payments, and official (sealed, unopened) college or MLS transcripts to:

PART THREE

Certification Renewal Process and Audits

Librarian certificates are issued and expire on a quarterly schedule. The 5-year LEU cycle for a certificate begins on the day the certificate is issued and expires 5 years from the last day of that quarter.

- **Quarter 1:** Applications and payments received between January 1 and March 31 expire 5 years from March 31.
- **Quarter 2:** Applications and payments received between April 1 and June 30 expire 5 years from June 30.
- **Quarter 3:** Applications and payments received between July 1 and September 30 expire 5 years from September 30.
- **Quarter 4:** Applications and payments received between October 1 and December 31 expire 5 years from December 31.

Starting January 1, 2023, a newly hired staff member may count LEUs earned for new staff training toward the renewal of the person's initial temporary permit or an initial 5-year certificate. New staff training refers to training that takes place between the date the person started working in the position (determined by the start date listed on the person's application for librarian certification) and the date the person's initial permit or certificate is issued.

GRANDFATHERED CERTIFICATE RENEWALS

On July 1, 2008, staff employed by a library in a position that required certification were grandfathered at their library district and at their current level. These certificates expired on September 30, 2013 and again on September 30, 2018. Individuals who retained their grandfathered status in 2018 will be due to renew next by September 30, 2023. Individuals with grandfathered certificates are also subject to LEU requirements.

RENEWAL REMINDER LETTERS

As a certified librarian, it is solely your responsibility to keep your certificate current. As a courtesy, the State Library attempts to email a renewal reminder to certified librarians who are nearing their renewal dates. However, these emails do not always reach the intended recipient for a variety of reasons. A certified librarian is not absolved from the responsibility to maintain a current certificate because the librarian did not receive a renewal reminder from the State Library.

Please be mindful of the possible consequences to your library of letting your certificate lapse. Your library risks being found out of compliance with public library standards and losing access to services and funds provided by the State Library, such as InfoExpress, E-rate reimbursements, Evergreen, and LSTA grants. An additional consequence is that State Library staff spend valuable time attempting to contact and correspond with expired certificate holders instead of providing other services to Indiana libraries.

RENEWING A TEMPORARY PERMIT

The Indiana State Library accepts renewal applications for temporary permits through mail or in person at the Indiana State Library. To renew a temporary permit a person must submit each of the following:

1. A completed, signed, and dated Application for Certification of Public Librarians (found at <http://continin.gov/certification/>).
2. A personal check or money order in the amount of \$10.00 made payable to the Indiana State Library.
3. A statement of progress indicating what steps the person took in the previous year toward qualifying for the appropriate 5-year certificate. This statement may be brief. A person seeking LC 6 certification should indicate how much library work experience the person has accumulated. A person seeking LC 4 or LC 5 certification could list the required college-level library science courses the person has taken.
4. LEU certificates proving the person earned at least 10 LEUs between the date the person's temporary permit was issued and the date it expires. Please photocopy LEU certificates before sending the originals to ISL.

Beginning January 1, 2023, a person may submit LEU certificates earned between the date the person started in the position and the date the initial temporary permit was issued toward the 10 LEUs required to renew the initial temporary permit.

RENEWING A 5-YEAR CERTIFICATE

A person who already holds a 5-year certificate may renew that certificate online or by mail. The cost to renew a 5-year certificate is \$50.00. An additional small fee is charged by our credit card service when you use the State Library's Certification Portal to pay for and renew your certificate online.

Who can renew online?

Has your library employer or job classification changed in the past 5 years?

Are you upgrading your certificate (e.g., from an LC₃ to LC₂ or from an LC₂ to LC₁)?

Are you applying for or renewing a temporary certificate?

If your answer is no to each of these questions, you may renew your certificate online. If your answer is yes to any of these questions, please submit a written application to renew your certificate by mail.

Renewing online

If you have not already done so, you will need to set up an account in the State Library's Certification Portal (<https://digital.statelib.lib.in.us/certification/>). A one-page Guide on how to use the portal can be found on ISL's certification webpage (<https://continuinged.isl.in.gov/certification/>). The Guide includes step-by-step instructions for how to set up an account and renew a certificate.

When you log into your account, please use the email address already associated with your record. Otherwise, you will inadvertently set up a new account that is not linked to your existing certificate. You can confirm the email address associated with your account by taking note of the email address at which you receive correspondence related to your certificate. For example, at the start of the quarter in which your certificate expires ISL will send a renewal reminder to the email address associated with your record. If you do not know what email address to use, or if you no longer have access to the email address associated with your record, please contact ChHarris@library.in.gov.

Renewing by mail

To renew by mail, you must complete the Application for Certification of Public Librarians (found at <http://continuinged.isl.in.gov/certification/>) and submit it through the mail or in person at the Indiana State Library.

Do not send LEU certificates with your application for recertification

The State Library conducts random audits to verify individual participation in continuing education. If your file is selected for random audit, we will contact you not later than 30 days after your certificate's expiration date. If you receive a notice of random audit from the State Library, you have 60 days to submit proof that you earned the appropriate amount of LEUs. If you do not receive a notice of random audit within 90 days after your certificate expires, you may discard your LEU documentation from the previous 5-year cycle.

Starting January 1, 2023, the window for audits will be 30 days after the later of:

- the date the certificate expired, or
- the date the certificate was renewed if the certificate was renewed after it expired.

As a result, a person will be required to wait 90 days after the later of:

- the date the certificate expires, or
- the date the certificate was renewed if the certificate was renewed after it expired

before discarding LEU documentation.

Please call Cheri Harris, the certification program director, with your specific questions at 317-234-6217 or toll-free in Indiana 800-451-6028, or email her at ChHarris@library.IN.gov.

LEU AUDITS

Each quarter the State Library randomly selects for audit 10% of the people who renewed a 5-year certificate during the previous quarter. The purpose of the audit is to verify that the person being audited obtained the number of LEUs necessary for renewal. If you are audited, you will get an email notifying you of the audit and instructing you what to do. Not later than 60 days after receiving this letter, you must send your LEU certificates to the Indiana State Library. Spreadsheets or other unverifiable lists of workshops you have completed will NOT be accepted in lieu of LEU certificates. Accordingly, the Indiana State Library strongly advises each certified librarian to create a file to hold documentation of every class taken and LEU certificate received.

A person who is audited and who fails to produce proof that they completed the required number of LEUs may be subject to disciplinary action under IC 36-12-11. Disciplinary action can include suspension or revocation of the person's certificate, among other possible consequences stated in IC 36-12-11.

All LEU credits must be earned between the date your certificate was issued and when it expires. All workshops and courses must be approved for LEUs prior to completion in order to be included in your total. Please keep all LEU certificates for 90 days after your current certificate expires.

Starting January 1, 2023, a newly hired staff member may count LEUs earned for new staff training toward the renewal of the person's initial 5-year certificate. New staff training refers to training that takes place between the date the person started working in the position (determined by the start date listed on the person's application for certification) and the date the person's initial certificate is issued.

Starting January 1, 2023, please keep all LEU certificates for 90 days after the later of:

- the date your recently renewed certificate expired, or
- the date you renewed your certificate if you renewed it after it expired.

LEUs do not "roll-over" from one education cycle to the next. If an applicant completes more hours than required, the additional hours cannot be counted toward the next renewal cycle.

If you are notified that you have been selected for random audit, please mail your LEU certificates and any conference documentation to:

Indiana State Library
ATTN: Certification Program Director
140 North Senate Avenue
Indianapolis, IN 46204.

**BEFORE YOU SEND YOUR ORIGINAL LEU CERTIFICATES TO ISL
IN RESPONSE TO A RANDOM AUDIT,
PLEASE PHOTOCOPY THEM FOR YOUR RECORDS.**

PART FOUR

Library Education Units (LEUs)

Library Education Units (LEUs) refer to units earned by librarians from approved courses, workshops, and other activities in which librarians participate and that are used to establish librarian eligibility for certificate renewal. You alone are responsible for recording and retaining records of your LEUs. **The State Library does not keep this information.**

Whether you have a 5-year certificate or a temporary permit, please keep the following in mind:

- Your education cycle is the period of time between the date your certificate was issued and when it expires. In order to count toward meeting your requirements, all classes for LEU credit must be completed between these dates. **Starting January 1, 2023, the education cycle for a staff member who holds an initial temporary permit or an initial 5-year certificate is the period of time between the date the person started working in a position (determined by the start date listed on the person's application for certification) and the date the person's initial certificate expires. Courses taken between these dates may be counted toward renewing the person's initial permit or certificate.**
- All workshops and courses must be approved for LEUs prior to completion in order to be included in your total.
- **LEUs do not "roll-over" from one education cycle to the next.** If an applicant completes more hours than required, the additional hours do not count toward the next renewal cycle. Nor will a person be allowed to renew a certificate early in order to begin a new education cycle.

LEU REQUIREMENTS FOR TEMPORARY PERMIT HOLDERS

Beginning in 2018, in order to renew a temporary permit a person must submit proof of having completed at least 10 LEUs during the period of the temporary permit. **Starting January 1, 2023, to renew an initial temporary permit a person must submit proof of having completed at least 10 LEUs during the period starting on the date they started working in the position and ending on the date the initial temporary permit expires.** A temporary permit holder may not earn LEUs from college level library science courses taken to meet the requirements of the 5-year certificate they are working toward. A temporary permit holder is not eligible to earn LEUs by attending roundtables.

LEU REQUIREMENTS FOR FIVE-YEAR CERTIFICATE HOLDERS

- **Directors and Specialists 1, 2, and 3** must complete **100 LEUs** during each 5-year education cycle, including 10 or 20 Technology Library Education Units (TLEUs). (See below to determine which.)
- **Branch or Department Heads and Specialists 4 and 5** must complete **75 LEUs** during each 5-year education cycle, including 10 or 20 TLEUs. (See below to determine which.)
- **Professional Assistants** must complete **50 LEUs** during each 5-year education cycle, including 10 or 20 TLEUs. (See below to determine which.)

Starting January 1, 2023, LEU Requirements change as follows:

- Specialists 1, 2, and 3, must complete 75 LEUs during each 5-year education cycle.
- Specialists 4 and 5 must complete 50 LEUs during each 5-year education cycle.
- Certification rules will no longer require certificate holders to take a designated number of TLEUs.

No matter what your job classification, **prior to January 1, 2023,** a certain amount of your LEUs must be TLEUs:

- If your current certificate was issued before January 1, 2017 (and expires before January 1, 2022) at least 10 of your total number of LEUs must be TLEUs.
- If your current certificate was issued after January 1, 2017 (and expires after January 1, 2022, and before January 1, 2023) at least 20 of your total number of LEUs must be TLEUs.
- **If your certificate expires on January 1, 2023 or later you are not required to earn a designated number of TLEUs.**

A librarian with a 5-year certificate must retain LEU certificates of completion, and other written documentation of LEU completion, for at least 90 days after the end of the certification period during which they were earned.

After January 1, 2023, a librarian with a 5-year certificate must retain LEU certificates of completion and other written documentation of LEU completion for at least 90 days after the later of the following dates:

1. The end of the certification period during which they were earned; or
2. The actual date on which the certificate was renewed if the certificate was renewed after it expired.

APPROVED LEU COURSE PROVIDERS

The State Library's continuing education website has a list of [approved providers](#) who have blanket LEU approval for all offerings. All other library education providers must be evaluated and approved by the Indiana State Library. You can find the Application for Library Education Unit Provider on the State Library's [LEU Policies webpage](#).

REQUESTING LEU APPROVAL FOR A TRAINING OR WORKSHOP

The Indiana State Library reviews applications for LEU providers. **Please submit applications 30 days in advance of the event you are applying for.** If approved, the provider and trainer will be eligible to offer LEU opportunities to Indiana library staff. A course is approved for a period of 2 years, provided the agenda, objectives, content, and instructors remain the same. *A change to even one of those aspects requires re-submission for approval.* LEUs are awarded on an hour-for-hour basis and round up to 2 hours after 90 minutes.

Complete the application for LEU Providers at <https://continuinged.isl.in.gov/certification/policies-on-leus/> and submit to statewideservices@library.IN.gov (or FAX to 317-232-0002). If you know the date or dates on which you intend to offer the program, please include that information.

Applications for LEU Providers must include the following information:

1. The provider or host organization and signature of the "authorized individual" (the person who will sign the LEU certificates)
2. The name and a brief biography or resume that shows the relevant experience of each trainer
3. A detailed agenda of the course or workshop
4. The amount of time (in hours or minutes) it will take to complete the course or workshop

LEU APPROVAL IS BASED ON THE FOLLOWING CRITERIA:

1. General LEU courses provide a participant with knowledge of professional library practices, services, collections, or technical library processes or the ability to deal with people and organizations in a professional capacity (as distinguished from clerical). They can include topics such as reference, cataloging, digitization, management, and finance, among other things.
2. Technology LEU includes courses on how to use computer software or hardware, electronic devices, social media, and web development. (See page 13 for additional examples.)
3. Non-library related LEU courses will be approved if the subject is not library related but is relevant to library programming, services, or operations. Examples include foreign languages and fitness or wellness classes.

INELIGIBLE WORKSHOPS

Skills that may help an individual function within a particular organization, but do not advance professional librarianship are not LEU-eligible. Ineligible workshop topics include:

- Internal library policies (e.g., filling out forms specific to your library, front desk training)
- Employee benefits (e.g., open enrollment)

LEU OPPORTUNITIES

LEU courses should be library related. A limited number of non-library related units may be taken for subjects of importance to library programming, services, or operations. Opportunities for LEUs are as follows:

Library science courses from accredited colleges or universities

- 1 semester credit hour = 15 LEUs (whether the course is taken for college credit or not)
- There is no limit to how many college courses may be used to satisfy continuing education requirements.

- These courses do not require LEU provider pre-approval from ISL.
- An official college or university transcript showing courses taken during the 5-year certificate period will be proof of LEUs earned.
- Note: A temporary permit holder may not earn LEUs from college level library science courses taken to meet the requirements of the 5-year certificate the individual is working toward.

Local, state, and national library association or specialist-subject related conferences

- 1 hour = 1 LEU
- The organization providing the conference or the conference itself must be on the list of approved providers or have prior LEU approval from ISL.

Developing and delivering workshops for conferences, staff in-service training, or any other continuing education opportunity available to library professionals

- 1 hour program = 1 LEU; 2 hour program = 2 LEUs (The number of LEUs that may be earned developing and delivering workshops matches hour for hour the length of the program.)
- **CAPPED:** Earn up to **5 LEUs** per 5-year certificate period developing and delivering workshops for conferences, staff in-service training, or any other continuing education opportunity available to library professionals.
- If the program is technology related, the LEUs will be Technology LEUs (TLEUs).

- This includes serving on a professional organization committee or as a professional organization officer.

- A librarian seeking to use external committee or professional organization work should get a certificate documenting the hours served from the committee chair or the professional organization's president, vice president, director, or associate director. Alternately the person could document attendance at a committee meeting by saving a hard copy of the meeting minutes listing the person in attendance.

Publishing in a peer reviewed journal

- Article that is 1000 or more words long = 5 LEUs
- **CAPPED:** Earn up to **5 LEUs** per 5-year certificate period for researching, writing, and publishing a library-related article in a peer reviewed journal

FINDING APPROVED CONTINUING EDUCATION OPPORTUNITIES

Continuing education opportunities are regularly posted to the INpublib listserv (subscribe at <http://www.in.gov/library/listservs.htm>). Check the State Library's [Find Training](#) webpage for additional opportunities.

DOCUMENTING LEUs EARNED AT CONFERENCES

National and out-of-state in-person conferences

Please see the list of [Approved Training Providers](#) to make sure the provider is pre-approved. This list includes in-person and virtual conferences. If you plan to attend a conference by a provider who is not listed on Training Providers Approved by ISL, please contact ISL Certification Program Director Cheri Harris to determine whether the event is eligible for LEUs. You may email her at ChHarris@library.IN.gov or call her at 317-234-6217 or toll-free in Indiana at 800-451-6028. All events are not automatically approved for LEUs. Also, please request LEU approval at least 30 days in advance of events not already pre-approved. Training that has not been pre-approved by ISL is not eligible for LEUs and ISL is not obligated to honor a certificate issued to a participant at a training that has not been approved.

1. As you have done in the past after attending an in-person conference, fill out the [Indiana Librarian Conference Form](#). Write your session synopses and retain any conference programs or documentation we could refer to in the

event of an audit (e.g. confirmation of registration, conference program). Because organizations do not keep their conference information online for more than a few months, we will need something to which we can refer.

2. Based on the sessions you attended, count up the LEUs you earned. LEUs are awarded hour-for-hour for eligible sessions lasting longer than 30 minutes. LEUs round up to two after 90 minutes. LEUs round up to three after 2.5 hours, and so forth.
3. Keep these documents in your LEU file along with your other LEU certificates. **DO NOT send them in to the State Library.** You will not receive a certificate from the State Library after national and out-of-state conferences. Only turn them in to the State Library if you are notified your file has been selected for random audit. Unless you are notified of an audit, please do not mail, fax, or email this paperwork to ISL.

Conference events eligible for LEUs

Keynote speeches, author talks, and substantive workshops are eligible for LEUs. To be eligible, a session must have a specified learning objective and contribute to the field of professional librarianship.

Conference events ineligible for LEUs

Business meetings, conference registrations and orientations, time spent at vendor booths, and social events without a speaker are NOT eligible for LEUs.

GETTING CREDIT FOR TAKING A WEBINAR (LIVE OR ARCHIVED)

1. Make sure the program is over 30 minutes long in order to get 1 LEU for it.
2. Verify that the webinar provider is on the list of [Training Providers Approved by ISL for LEUs](#).
3. If the provider is not on the list of approved training providers, send information about the program to Cheri Harris at ChHarris@library.IN.gov before you attend, to find out whether it will be eligible for LEUs. Please include a description and a link to the program in your email.
4. Some webinar providers issue certificates; many do not. If you don't get a certificate from the provider, please follow the instructions below for creating an in-house certificate.

If an approved provider's certificate lists Professional Growth Points (PGPs), CEUs, Contact Hours, or CPDUs instead of LEUs, we will count them as LEUs.

IN-HOUSE CERTIFICATES: DOCUMENTING LEUs FOR AN ONLINE PROGRAM (LIVE OR ARCHIVED)

When a staff member views an online event that is eligible for LEUs (either because the provider is on the list of [Training Providers Approved by ISL for LEUs](#), or because the certification program director has approved the online program for LEUs) the library's designee in an administrative or Human Resources role may oversee staff attendance and create and award LEU certificates in-house.

If the staff member taking the online program is a library director, the in-house certificate should be signed by the library's HR manager or the President of the Board of Trustees.

LEUs are awarded hour-for-hour for eligible sessions lasting longer than 30 minutes. LEUs round up to 2 after 90 minutes. LEUs round up to 3 after 2.5 hours (and so forth).

Certificates generated in-house may be formatted any way you choose, so long as they contain the following elements:

- Participant's name
- Name of Webinar
- Name of webinar provider (organization)
- Date viewed (and where possible date originally aired)
- Number and type of LEUs earned (must specify LEU or TLEU)
- Proctor/Supervisor's printed name, professional title, and signature

A sample in-house LEU certificate can be found at the end of the Indiana State Library's [LEU Policies webpage](#) under: Sample "In-House" LEU Certificate for Webinars.

PART FIVE

Frequently Asked Questions

DETERMINING CERTIFICATION REQUIREMENTS

What is “professional” library work?

Professional library work includes, but is not limited to, cataloging/copy cataloging, reference, collection development, reader’s advisory, children’s, teen, and adult services. Professional library staff must keep their certificates current and in good standing, regardless of number of hours worked per week.

Are part-time employees exempt from certification requirements?

No. Certification requirements apply to all permanent (non-substitute) professional staff, whether they work full-time or part-time. Substitute, seasonal, and temporary staff are not permanent employees and, as such, are exempt from certification requirements.

Does library experience prior to completion of library science coursework count towards the years of service required for Librarian Certificates (LC) 1, 2, 6, and 7?

Yes, all combined years of professional library work experience in public, school, academic, and special libraries (including volunteer work) count towards the experience requirements of the LC1, LC2, LC6 and LC7.

I am the only professional staff in my department. Am I a professional assistant or a department head?

Job classifications are determined locally by library directors and their boards of trustees in a way that makes sense for their organizations. Whether the director and board of trustees classify a particular job as professional assistant or a department head, that person must keep the minimum required certificate in good standing.

Can I be certified at a higher level than what is required for my current job classification?

Yes. Individual certification is based on education and experience, not on job function. Some directors hold an LC4 while many professional assistants hold an LC1. The rule provides the minimum certification level required for a particular job classification and dictates only the minimum requirement that a person must meet.

How does an increase in library district size affect staff certification?

An increase in district size (i.e., moving from Class C to Class B or from Class B to Class A), whether due to population change, expanding the district into unserved townships, or merging 2 or more libraries, doesn’t affect certification requirements of staff who are already certified when the change occurs. A certified staff member isn’t subject to the requirements of the larger district as long as the staff member stays in the same library district at the same or a lower level job classification. New hires must meet the criteria for the new library district size.

I don’t currently work for a public library; how many LEUs do I need to maintain certification?

If you are not currently employed in a public library you should get the number of LEUs required by the job classification listed on your certificate. If there is no job classification listed on your certificate, you should earn the number of LEUs that corresponds to the position you last held. If you have not yet worked as a public librarian, you should earn the number of LEUs that corresponds to a position you would be qualified to seek given your credentials.

Would you consider letting us renew our certifications early if we’ve earned all our LEUs?

No, you may not renew your librarian certificate early unless you are upgrading to a higher level of certificate. The number of LEUs required for certification renewal is considered a floor. ISL would like to see all librarians strive to attain maximum professional growth by exceeding the minimum number of LEUs required to renew a 5-year certificate.

GRANDFATHERED CERTIFICATES

What does “grandfathered” mean?

On July 1, 2008, every library staff member employed in a professional position was grandfathered. A grandfathered staff member is exempt from education and experience requirements needed to become certified for the position the staff member held on that date. A staff member retains grandfathered status, as long as the staff member remains in the same library district and holds the same job classification. To remain grandfathered, any change in position must either be lateral (within the same job classification) or represent a move from a higher classification to a lower classification.

Library directors, employed as such before July 1, 2008, were required to meet the previous certification requirements to become grandfathered. Libraries employing directors who failed to meet certification requirements in 2007 and in 2008 were not in compliance with Indiana Library & Historical Board standards. Such libraries remain out of standards at least until the director meets certification requirements.

To keep a grandfathered certificate in good standing, a grandfathered staff member must obtain the number of LEUs required based on the person’s job classification and renew the grandfathered certificate every 5 years.

May I apply for a new certificate even though I was grandfathered in?

Yes, a librarian who holds a grandfathered certificate may apply for a new certificate by submitting an application form, the \$50 application fee, and official copies of any necessary college transcripts. The new certificate is not a "grandfathered" certificate and is not limited to a particular position in a particular library. The new certificate is portable, allowing the staff member to change positions and libraries. When the new certificate takes effect, a new 5-year education cycle also begins. The applicant may accumulate LEUs from the date the newest certificate takes effect.

INTERIM DIRECTORS

What are the certification requirements for interim directors?

An interim director who serves longer than 6 months and does not yet hold the required credentials for the position must apply for a temporary permit. An interim director who already holds the appropriate credentials for the position should obtain or maintain the person’s 5-year certificate.

A library can only keep an interim director who holds a temporary permit for 3 years. If the interim director does not intend to apply for the permanent director position and does not pursue the education required for a director of that library’s class size, the board of trustees should be actively seeking a permanent director who meets certification requirements.

NON-COMPLIANCE

What are the consequences for not meeting certification requirements?

Failure to comply with certification requirements is treated as a failure to comply with library standards. Libraries not meeting standards become ineligible to receive or make use of state and federal funding and programs.

PAYING FOR CERTIFICATION & CONTINUING EDUCATION

Can a library pay for staff certificates?

Per the State Board of Accounts, a library may not draw from its operating funds to pay for staff certification. If you submit a library check to pay for certification fees, please include a written statement from the library director indicating the check was drawn from an unrestricted gift fund and not from the library’s general fund. There are 3 options by which a library may pay for staff certifications:

1. Draw the money from an unrestricted gift fund
2. Increase the applicant’s salary to cover the cost of the required certificate (amounting to no more than \$0.20 per week)
3. A library friends groups may subsidize a portion or the full amount of a staff member’s certification fees.

Can a library pay for staff continuing education?

Your library board may be able to pay for continuing education, either in full or in part. In accordance with state regulations, library funds made available for college or university class tuition can only be reimbursed after successful completion of the course and may not be paid by the library in advance. A library's friends group or library foundation may pay for all or a portion of continuing education costs.

PROMOTIONS & NEW POSITIONS

If I am promoted to a higher job classification, what happens to my certificate and my LEUs?

You must meet the certification requirements for your new job classification, which may require upgrading your certificate. Please notify the certification program director of this change. In addition to keeping your record up to date, she can advise you what steps, if any, you must take to comply with the requirements of your new position.

If you do not have a grandfathered certificate and you already hold the appropriate librarian certificate (or a higher certificate than is required) for your new position, you do not need to apply for a new certificate. The certification program director will simply modify your information in the portal to reflect your new job title and classification. You can keep the LEUs you have already earned in your current 5-year education cycle. By the date your certificate expires, you must obtain the number of LEUs required for the job classification (i.e., professional assistant, branch/department head, or director) you held during the majority of your 5-year certificate.

If you hold a grandfathered certificate or you don't yet meet the criteria for your new job classification, you must apply for a temporary permit while you obtain the required education or years of experience. Within 6 months of starting your new position, you must apply for your first of 3 possible temporary permits. If you need a second or third temporary permit to complete the requirements, you must renew your temporary permit shortly before it expires. When you complete the requirements for your new job classification you do not need to exhaust your remaining temporary permits. You may apply for a 5-year certificate as soon as you complete the requirements.

If I take a position at another library, what happens to my certificate and my LEUs?

If you hold a grandfathered certificate, you must apply for a new certificate within 6 months of starting a position at a different library. If you do not meet the criteria for your job classification at your new library, you must apply for a temporary permit while you obtain the required education and years of experience. If you need a second or third temporary permit to complete the requirements, you must renew your temporary permit shortly before it expires. When you complete the requirements for your new job classification you do not need to exhaust your remaining temporary permits. You may apply for a 5-year certificate as soon as you complete the requirements.

Guide to Using Indiana State Library's Certification Portal

The web address for the certification portal is: <https://digital.statelib.lib.in.us/certification>.

To Use the Public Lookup Function

The public lookup function allows anyone to view the status of a certified librarian's credentials. (The lookup function does not require setting up an account or logging into it.) For librarians, this replaces using the Professional Licensing Agency's eVerification Site.

1. From <https://digital.statelib.lib.in.us/certification> click "Verify Status."
2. To look up an individual, enter first and last name **only** (ignoring other variables) & click "Search" button. Use additional variables as needed to narrow results until the correct result is found.
3. Scroll down to see records brought up by your search. See more detailed information by clicking on the person's name. To print that information, click on "Print-friendly Version" button then "Print."

To Set Up an Account

You must set up an account to view your record, update your contact information, or renew a certificate:

1. Go to: <https://digital.statelib.lib.in.us/certification>. Click "Register for an Account."
2. Fill in the four fields marked with an asterisk (*). Middle Name is optional. Confirm the email sent to the email address you provided. *Note: **Please use the email address we have on file for you.***
3. Get your initial password by requesting a new password using the "Recover Password" function at <https://digital.statelib.lib.in.us/certification/recover.aspx>. Use only first and last name when entering your name during the password recovery process.

To Update Your Contact Information

1. Log into your portal account. Select "Manage Account" from the Menu on right-hand side of screen.
2. Choose "Account Profile." Click on tabs across the top of the Account Information box to check your Address, Phone, and Email. Add to or edit the information on each screen.
3. If you add new information, click "Add" again to save. If you edit the information, click "Update" to save.

To Renew a 5-Year Certificate

1. Log into the certification portal and select "Renew" from the home page menu.
2. Your existing certificate, if it is renewable, should show on the screen. Click the "Renew Certification" button.
3. Click "Renew This Certificate" to create an invoice. Select "Pay this invoice here" from the screen or click the "Invoices" box on the menu to bring up your invoice and pay it. Either way you will be taken to the website of Value Payment Systems where you can pay for your renewal.

Troubleshooting: Here are two reasons your screen might say "There are no certifications that are available for renewal at this time" in response to Step 2 above:

- *ISL does not allow early renewals. Check your expiration date using "Verify Status" instructions above. Your certificate becomes renewable starting 3 months prior to your expiration date, but not earlier.*
- *If you set up an account using a different email address than we have on file for you, you created a new account that is not associated with your records. Please contact ChHarris@library.in.gov for assistance.*

To Print a Certificate

1. Log into the certification portal and select "Proof of Status" from the menu.
2. The screen will show your credential. Click "Download" button to download a printable PDF copy of your certificate. Open the PDF and press "print."

Required Reports and Statistical Sources

There are a number of reports a public library director is required to complete, most of which are mandated by Indiana state law. These include statistical reports, financial reports, and employee reports.

Reports due to the State Board of Accounts (SBOA) or Department of Local Government Finance (DLGF) are submitted electronically via a web portal called the Gateway. The Gateway is a tool both agencies use to collect and disseminate local government information.

Required Reports

Please note that the requesting agency is in *italics*.

A. **Annual Report for Indiana Public Libraries (ISL)**

Includes the following components:

- Annual Report (questionnaire/survey)
 - Annual PLAC Statistics Report
 - Statement of Compliance with Standards
 - Statement of Intent to Comply with Standards
 - Supplemental Questions
- Signature Page

Much of the data collected in this report is submitted for inclusion in the national [Public Libraries Survey](#) compiled by IMLS.

The Annual Report is completed entirely online. The signature page must be signed by the library director and the board president and returned via mail **or** email. Instructions and login information for the report are emailed to all directors in December.

The Annual Report is currently due **March 1st** of each year to coincide with the State Board of Accounts' Annual Financial Report.

Data collected by the State Library's Annual Report may vary slightly from year to year but always includes:

- a. Library name, address, location and contact information, hours of operation
- b. Library service areas (city/town, township(s), county, or other)
- c. Library district's most recent assessed valuation(s) and tax rate(s)
- d. Census population (most recent decennial census), # of registered borrowers (both resident and non-resident), ILL and circulation
- e. Operating income and expenditures by type
- f. Library holdings/collections
- g. Selected library services, including programs
- h. Type and speed of internet access and number of computers
- i. Staff job classifications and hours worked
- j. Salary and benefit information

Annual PLAC Statistics Report This report tracks the number of loans your library makes to people from other library districts. The library must keep statistics on patrons with PLAC cards; you will need to ask these patrons for the name of their home library. Please carefully review the number of loans reported. Net lender libraries may receive payment for net loans, but an error or failure to complete this section could result in the loss of this potential payment.

Statement of Compliance with Standards A public library must either meet all standards or receive a waiver for non-certification issues each year in order to receive state or federal funding. Funding includes Broadband Connectivity Fund money, PLAC distributions, InfoExpress service discounts, LSTA funds and payments or grants for internet lines and other services.

Statement of Intent to Comply with Standards Any "no" answer in the Statement of Compliance with Standards must be explained on the Annual Report, along with a statement as to how the library intends to change to comply with standards. If a library does not adequately explain its intent or does not explain a "no" answer, it may be found out of compliance with standards.

Supplemental Questions This part of the report changes yearly and is intended to elicit topical information on Indiana libraries for the use of the Indiana State Library, Indiana librarians and other interested parties.

Signature Page This page must be signed by both the library director and the board president. It may be returned via mail or email.

B. Fiscal and Narrative Reports for Grants Awarded (LSTA and other) (ISL)

Libraries receiving LSTA or other grants from the Indiana State Library should refer to their grant manual for a detailed explanation of grantee responsibilities and deadlines. LSTA grants require three brief quarterly evaluations, a final report, and a final financial report to be completed for each project. For more information, visit <https://www.in.gov/library/services-for-libraries/lsta/>.

C. PLAC Quarterly Reports (ISL)

Due four times a year, on the 25th of the month after the end of quarter (January 25, April 25, July 25, October 25), the report should be sent to Indiana State Library, Administrative Division. It is to be filed regardless of whether any PLAC cards are sold. A check for fees collected (which must reflect the exact number of cards sold) must accompany this report form. PLAC cards are numbered and are the financial responsibility of the library to which they are issued. The PLAC report form can be downloaded at <https://www.in.gov/library/services-for-libraries/ldoresources/placrules/plac/>.

D. Report of Names and Compensation of Officers and Employees (Gateway 100R) (SBOA)

The report is to be filed through the Gateway **on or before January 31**.

Report the names and compensation of ALL people paid by the library. If they receive a W2, they should be listed on this report. These are public records and are often requested by the general public. As such, the State Board of Accounts recommends using the library's address, *not* each staff member's home address. You must also sign and return an attestation page.

E. Withholding Statements for Employees (W-2) (Federal)

The statement must be completed and given to each employee by **January 31**.

<http://www.irs.gov>

F. Annual Report to Indiana Department of Revenue (DOR)

Information on state and county income tax withholdings is due in **January**.

<http://www.dor.in.gov>

G. Annual Report to Internal Revenue Service (W-3) (Federal)

Information on social security withholdings and federal income tax withholdings is due in **January**. <http://www.irs.gov>

H. Outstanding Indebtedness Report (DLGF)

[IC 5-1-18-9] Each political subdivision must report any outstanding bonds or leases to the Department **on or before March 1**. <http://www.in.gov/dlhf/9106.htm>

I. Library Annual Financial Report (Form Number LAR-1) (SBOA)

The LAR-1 is **due March 1**. <https://gateway.ifionline.org/login.aspx>

This report of all the library's funds in a calendar year is made available to the Census Bureau

after the State Board of Accounts receives it. The State Board of Accounts uses it as the basis for the library audit. SBOA has staff who can answer questions about it at 317-232-2513 or libraries@sboa.in.gov.

J. **Bi-annual Report to the County Treasurer Certifying Names and Addresses of Every Library Employee for the County Where the Employee Works**

[IC 6-1.1-22-14] **Due twice a year –June 1 and December 1.** There is no official form to complete; employees home addresses must be reported. A governmental entity that has an employee who works in more than one (1) county shall certify the information for the employee to the county of the employee's principal office.

K. **Post Bond Sale/Post Lease Execution (DLGF)**

[IC 5-1-18-7 and 5-1-18-8] Political subdivisions entering into bonds and leases during a calendar year must report these obligations to the Department through the Gateway **on or before December 31.**

Resource Sharing

Evergreen Indiana is a growing consortium of more than 125 public, school and institutional libraries throughout Indiana that use the Evergreen ILS. Patrons of member libraries can use their Evergreen

Indiana library card to view the catalogs and borrow materials from other member libraries. The Evergreen Indiana catalog, the largest catalog in the state, may be viewed at:

evergreen.lib.in.us/eg/opac/home.

The Evergreen Indiana project is funded by a combination of Library Services and Technology Act [LSTA] grant funds, state funds, and participant membership fees. The services provided by the State Library include purchasing and maintaining the central servers, personnel costs in operating the system, training, software development, data conversion, and other related expenses.

The consortium is currently accepting applications from libraries seeking to migrate to Evergreen. Requests for membership are approved by the Executive Committee. Libraries interested in joining the consortium must have board approval and submit a completed Evergreen Indiana Membership Packet, which may be found at on the Evergreen blog:

https://blog.evergreen.lib.in.us/?page_id=3084.

Evergreen Indiana libraries are eligible to join the Indiana Digital Library. Participants have access to thousands of digital audiobooks, e-books, and videos through OverDrive.

For up-to-date information on participating libraries, including both a directory and a map of current members, visit https://blog.evergreen.lib.in.us/?page_id=2558.

For more information about Evergreen Indiana contact: Ruth Frasur, Coordinator, Evergreen Indiana Library Consortium & Evergreen Community Development Initiative, at 317-234-3691 or rfrasur@library.in.gov

InfoExpress is the statewide library courier service managed by the Indiana State Library. Nearly 400 public library districts, school districts, academic, institutional and special libraries are connected by the InfoExpress courier system.

Fees for InfoExpress are based on the number of deliveries per week. Participants determine how many days a week (weekdays only) they need pick up and delivery, based on volume.

The daily rate for InfoExpress is \$933/day. In order to offer the lowest possible delivery service cost for all Indiana libraries, the State Library provides state taxpayer money to subsidize the cost of one delivery per week per library district. Member institutions within standards receive an upfront subsidy of \$610 for the 2022-2023 year. Additionally, these libraries can qualify for the Resource Sharing rate, which features an additional \$210 annual subsidy for a second day of service. To qualify for the Resource Sharing Rate, a library must meet one of the following criteria:

- Subscribe to 5-day-a-week InfoExpress service
- Subscribe to OCLC ILL System
- Participate as a member of Evergreen Indiana
- Participate in SRCS
- Is a net lender (# lends / # borrows >= 1.0)

2022-2023 Rates (Effective 1 July 2022)

Frequency of Delivery	In Standards Rate	Resource Sharing Rate	Out of Standards Rate
One Day	\$323	\$323	\$933
Two Day	\$1,256	\$1,046	\$1,866
Three Day	\$2,189	\$1,979	\$2,799
Four Day	\$3,122	\$2,912	\$3,732
Five Day	\$4,055	\$3,845	\$4,665

Participants use the InfoExpress website to create shipping labels and manifests, as well as to request related supplies (bags, zip ties). To learn more about how to use InfoExpress visit <https://digital.statelib.lib.in.us/infoexpress/>.

You may also contact InfoExpress staff at infoexpress@library.in.gov, or call 317-232-3699 or toll-free 800-451-6028

The Indiana Share program allows a large variety of libraries from around the state to request interlibrary loan materials through the Indiana State Library using OCLC's ILLiad software. State Library staff submits the interlibrary loan requests on behalf of the requesting libraries.

Lending libraries ship the materials to requesting libraries via InfoExpress or library-rate postage.

To learn more about the program including how to submit requests and check item status, as well as a brief tutorial on using Indiana Share, please visit the Indiana Share website:

Statewide Remote Circulation Service

SRCS (pronounced “circs”), Indiana’s Statewide Remote Circulation Service, is Indiana’s latest and largest resource sharing tool. It links the catalogs of nearly 200 Indiana libraries into a single interface containing over 30 million items. Authorized users can search this combined catalog and request to have selected materials delivered to their home library using the InfoExpress courier, where they can check the out.

SRCS does not replace your local ILS; rather, it works with over 15 different ILS systems to provide this extended access and functionality. Participation in SRCS is strictly voluntary, and each library defines the materials they are willing to offer. However, there are a few rules and requirements, such as participating libraries must be willing to lend materials from at least part of their collection, and must subscribe to our statewide courier service. There is no fee for participation.

For more information, visit <https://www.in.gov/library/services-for-libraries/srcs/> or contact insrcs@library.in.gov Phone 317-232-3699 or toll-free 800-451-6028

Is responsible for the return of any borrowed item directly to the public library from which the cardholder borrowed the item.

All public libraries shall participate in this program and shall permit an individual who holds a valid statewide library card to borrow items available for borrowing as established by rules adopted by the Indiana Library and Historical Board under subsection (c).

Indiana Code 4-23-7.1-5.1(b)(6)(7)

The Public Library Access Card (PLAC) is the name for the statewide library card, enacted in 1993 by [\(Indiana Code 4-23-7.1-5.1\)](#), with rules promulgated in 590 IAC 3 (www.in.gov/legislative/iac/T05900/A00030.PDF). The PLAC program allows an individual to borrow materials directly from any public library in Indiana. Books and non-book materials that normally circulate are eligible for loan through the PLAC program. Use of e-books and e-audiobooks are often restricted or not available to PLAC borrowers, as vendor agreements may

limit circulation of these items. Any individual who holds a valid Indiana public library card may obtain a PLAC card.

The fee for a PLAC in calendar year **2022** is **\$65.00**.

PLAC WORKING GUIDLINES

Issuance of Card

1. **Availability of cards.** The Indiana State Library will provide a supply of numbered Public Library Access Cards at no cost to each public library in the state. Orders for additional Public Library Access Cards may be made by emailing Angela Downs at adowns@library.in.gov.
2. **Appearance of card.** The Public Library Access Card (PLAC) contains the following information: name of cardholder, address of cardholder, home public library of cardholder, issuing library, issuing date, and expiration date of card. This information will be made part of the PLAC record at the issuing library. Cards are issued only to individuals, not to families or groups.

Definitions

The **home public library** (590 IAC 3) is the public library where an individual is a resident or real property taxpayer in the taxing district of the library, or the library from which a nonresident has purchased a card.

The **issuing library** is where the PLAC is purchased, and may be any public library in the state, not just the home library.

Guideline (a): Eligibility for PLAC. An individual who is in "good standing" and eligible to obtain a valid resident or nonresident library card from one of the 236 public libraries in the state of Indiana qualifies to obtain a PLAC (I.C. 4-23-7.1-5.1). A law passed in 1996 allows an individual to obtain a PLAC at any public library in Indiana.

Guideline (b): "Good Standing" is defined at the local library level. Rules or guidelines used at the local library to determine eligibility for a local library card should also be applied when an individual requests to purchase a PLAC.

Guideline (c): A family PLAC will not be issued. The card is issued only as an individual card to one specific person. The local library's guidelines regarding use of a library card by a person other than the actual cardholder should be followed if a family member wishes to borrow using a PLAC.

Guideline (d): A public library may choose to issue its own library card to an individual holding a PLAC in order to properly code the patron record for their record keeping. This

determination is made at the local library level. Any local card that is issued to a PLAC cardholder should be marked clearly with the PLAC expiration date. Libraries that have computerized registration files should mark the expiration date of the PLAC cardholder's record in the database. PLAC cardholders may be required to show both the PLAC and the local library card to check out materials according to the lending library's rules.

3. **College/University Student PLAC.** Resident students are not required to have a PLAC to use the local public library in the college/university community. Local libraries should follow their existing policies for issuance of student cards to local college/university or other post-secondary school students.

If a college student wants to borrow materials from a public library other than their home library or the library in the college/university community where they reside, then the student will need to be issued a PLAC.

4. **Refunds.** No refunds for PLAC fees will be made under any circumstance.
5. **Replacement Card.** When a cardholder's PLAC is lost or stolen, the cardholder will be issued a replacement card at the library where the PLAC was issued; the expiration date remains unchanged. The fee for the replacement card will be \$1.00 (subject to annual review by the Indiana Library and Historical Board) and will be remitted to the Indiana State Library. Keep a record of voided card numbers. Names, addresses, and card numbers of individuals who are issued replacement cards must appear on the PLAC Quarterly Report Form.

Fee Collection for Card

6. **Payment for PLAC.** An individual may pay either by cash or by check when obtaining a PLAC; credit card payment is available at some libraries. Checks should be made out to the public library *issuing* the PLAC. Collection and deposit of fees should be recorded by the issuing library according to the prescribed method of the Indiana State Board of Accounts.
7. **Submitting Fees to the Indiana State Library.** Collected PLAC fees should be remitted to the Indiana State Library on a quarterly basis using the [PLAC Quarterly Report Form](#).

Types of Materials Eligible for Loan to PLAC Patrons

8. Books.

Includes: hardbound print books, paperback print books, large print books and lap or board books. Physical books that normally circulate must be available for loan to PLAC cardholders.

E-books and e-audiobooks are often ineligible for PLAC loans due to vendor restrictions.

9. **Non-book Materials.**

Includes: DVDs, CDs, records, art prints, slides, microfiche, pamphlets, periodicals (single or bound issues), etc. Non-book materials may be loaned to PLAC cardholders at the discretion of the individual library.

10. **Annual Determination of Eligible Materials.** Each library will be required to annually determine what types of materials will be loaned to PLAC cardholders.

Statistics & Recordkeeping

11. **Required Statistics.** Each library will be required by the State Library to keep statistics recording the home library of each PLAC cardholder who borrows materials as well as the number of items borrowed by PLAC cardholders.

Overdue & Lost Materials

12. **Fees.** Each individual library will determine the daily overdue fee for library materials loaned to PLAC cardholders by policy set by the Board of Trustees of that library.

Guideline (a): It is recommended that this daily fee be the same that is charged to local residents and a separate fee scale for PLAC users not be established by libraries.

Guideline (b): In the spirit of cooperation, when feasible, libraries should alert other libraries to problem borrowers having PLAC privileges that have accrued sizable overdue fines or have lost an inordinate number of items borrowed through the program.

13. **Replacement Cost.** Reimbursement for lost library material borrowed on a PLAC is the responsibility of the borrower, not the borrower's home library. The replacement cost of an item is determined by the lending library.

14. **Materials Returned to the Wrong Library.** The library to which the PLAC cardholder returns borrowed materials may determine if a fee will be charged to the PLAC cardholder if that library is not the lending library. If a fee is charged, the library to which the materials are returned is responsible for collecting the fee.

Guideline: PLAC users should be informed that they are expected to return materials borrowed using a PLAC to the lending library.

Library Reporting Responsibilities

15. **Statistics.** Each public library is expected to report all required borrowing statistics that have been kept on the Public Library Access Card Program as a part of the Annual Report. The Board President shall attest to the accuracy of the PLAC report.

16. **Eligible Materials for Loan.** Each public library will be required to annually file with the State Library a report detailing what library materials will be loaned to PLAC cardholders.
17. **Failure to Report.** Failure to submit a complete statistical report to the Indiana State Library by the deadline established will result in the following action taken: 1. withholding of funds due to the library as a result of loans made in the program; 2. determination that the library is in non-compliance with Minimum Standards for Public Libraries; 3. withholding of state and federal funds to the library by the Indiana State Library.

Local Agreements

Definition: a local or regional agreement made between two or more libraries that residents of each library district may borrow items from a public library in the other district(s). (Another type of local agreement: a resolution by a local library board that the library will allow anyone with a public library card from another library in the state to borrow materials.)

18. **Library Requirements.** All local agreements must be in writing and approved by the participating libraries' boards of trustees. (These are required to be placed on file at the State Library.)
19. **Loans Made.** Loans to individuals whose libraries have local agreements may not be counted and submitted as statistics for reimbursement as part of the statewide PLAC program.

Payment to Libraries

20. **Net Loans.** Payments of funds for this program will be made on the basis of **net loans** (Indiana Code 4-23-7.1-5.2(d)). Money paid into the PLAC program fund to the Indiana State Library plus the interest earned on this fund during a calendar year will be divided by the number of net loans made to the PLAC cardholders, and the resulting figure will be the per net loan figure paid to libraries. By August 1 of each year, each eligible public library will receive payment for its net loans made during the previous calendar year.

Definition of PLAC net loans: a greater number of loans made by a library to PLAC cardholders from outside its district than loans made by PLAC cardholders from within its district at other libraries.

21. **Requirements to Receive Payment.** Public libraries with net PLAC loans must meet Minimum Standards for Public Libraries in order to be eligible for reimbursement through the PLAC Program. A library will need to complete and sign a voucher to complete the reimbursement process.

22. **Appeal Procedure.** A public library determined to be in non-compliance with the terms of the Public Library Access Card Program will have the option to appeal the decision at the first Indiana Library and Historical Board meeting following the notification to the public library of the judgment. The Indiana Library and Historical Board will render a final decision after hearing the library's appeal.

Reciprocal Borrowing

Statewide Reciprocal Borrowing

Participating libraries sign a statewide reciprocal borrowing covenant that allows users from any participating library to borrow books in person at public libraries all over Indiana. The reciprocal borrowing covenant is found online at <https://www.in.gov/library/services-for-libraries/ldoresources/>.

Any person who has a current resident library card from their local library can use reciprocal borrowing privileges to borrow from other libraries that participate in the statewide agreement.

Cardholders from contracting townships are not eligible for this program.

A current list of participants is included at the end of this chapter.

For those libraries wishing to participate in the statewide reciprocal borrowing program, a covenant has been included in this chapter. It must be filled out and returned to the LDO office in order to participate in the program and be added to the list.

Any questions need to be directed to the Indiana State Library, Library Development Office at 1-800-451-6028.

DO NOT REQUIRE A PUBLIC LIBRARY ACCESS CARD (PLAC) if the patron's home library is on the Statewide Reciprocal Borrowing List and they are a taxed resident of that home library.

Any two or more libraries may sign a local reciprocal borrowing covenant to allow only those libraries to participate in a reciprocal borrowing program that includes their libraries and not participate statewide. This agreement is at the consent of the local library board and not required by state law.

PLAC, on the other hand, is state law and **all public libraries in Indiana are required** to sell a PLAC to anyone who has a current and valid public library card from any other public library in the state.

Local Reciprocal Borrowing

A local or regional agreement is defined as an agreement between two or more libraries that allows residents of each library district to borrow items from a public library in the other library district(s), or a resolution by a local library board that the library will allow anyone with a public library card from another library in the state to borrow materials.

All local agreements must be in writing and approved by the participating libraries' boards of trustees. For recordkeeping purposes, copies of local agreements are filed with the Indiana State Library.

Do not issue the PLAC to residents of your library district who wish only to use libraries that have local agreements with your library. (However, you would issue the PLAC if one of your residents wanted to borrow materials from a library that does *not* have a local agreement with your library.)

Do not count loans made to individuals whose libraries have local agreements as part of the PLAC Program. The only loans that are reimbursed in the PLAC Program are those made to PLAC cardholders.

Nonresident Fees

According to Indiana Code (IC 36-12-2-25), a resident of Indiana in an unserved area may purchase library services from one of the 236 library districts. The fee for a nonresident card is at minimum \$25.00, or the library's expenditure per capita (whichever is greater). A nonresident fee may be set higher than the library's operating fund expenditure per capita. The operating fund expenditure per capita for public libraries are found in latest published year of [Public Library Statistics](#) (Table 4).

_____ Public Library

Reciprocal Borrowing Covenant

WHEREAS, it is to the advantage of the people of Indiana that intellectual materials be accessible to them; and

WHEREAS, public libraries have been developed to promote access to intellectual materials available in organized collections of such materials in locally supported public libraries; and

WHEREAS, the parties to this agreement desire to fulfill their obligations and purposes in this regard do

HEREBY, covenant between them on behalf of the people in their library district to permit any person holding a valid resident borrower’s card from any library which is a party to the Covenant access to circulating materials, such an arrangement being generally referred to as reciprocal borrowing, subject only to the conditions set forth here following:

1. Users of this arrangement are expected to
 - a. Conform to the rules and regulations of the institution from which they borrow
 - b. Present a valid resident borrower’s card issued by their local library as evidence of their eligibility for this service; and
 - c. Pay promptly all delinquency charges which may accrue against them
2. Participating libraries agree to assist each other, if necessary (on request) in recovering materials.
3. Participating libraries may limit this activity to specific eligible materials at their discretion, but are encouraged to provide unlimited access.
4. Participating libraries are not required to take reserves or initiate interlibrary loan requests for reciprocal borrowers.

This covenant becomes effective on the latest date shown below and shall remain in force until either party wishes it modified or canceled. A copy of this agreement shall be filed with the Indiana State Library upon signing, whereas to facilitate the compilation of a statewide listing of participating libraries.

Chapter 9

Employment Practices, Workers Rights

Resources in this chapter are an aid to draft a handbook or personnel manual. A carefully crafted handbook provides an opportunity to communicate to an employee the philosophy of the library. When crafting a handbook check with your library lawyer to make sure it does not imply a contract and jeopardize Indiana's employment at will doctrine.

For specific guidance in drafting a policy handbook or personnel manual consult *Model Employee Policies for Indiana Employers with Legal Commentary* 7th edition published by Indiana Chamber in 2016 available for loan from Indiana State Library. B. Federal Laws Requiring Posting

Included here are Federal laws required to be posted in the library -Department of Labor

You can request free posters for each of these. There are companies who will send you an order blank to order their version of the free posters. These posters are in color and all mandatory laws are shown on one poster. The free posters are individual posters that have to be posted independently. It's your choice whether you get the free ones or pay to have a colorful poster with all the laws in one place.

Posters can be downloaded and printed free of charge directly from elaws FirstStep Poster Advisor at <https://webapps.dol.gov/elaws/posters.html> or you can consult the State of Indiana website at <https://www.in.gov/dwd/indiana-unemployment/employers/forms-downloads/required-employer-posters/> for Required Employer Posters: State Posters and Federal Posters.

C. Wage and Hour Division (WHD)

Wage and Hour Division, part of the Department of Labor, webpage at

<https://www.dol.gov/agencies/whd> contains links to minimum wage information, overtime pay, recordkeeping, youth employment and special employment, family and medical leave, migrant

workers, lie detector tests, worker protections in certain temporary worker programs, and the prevailing wages for government service and construction contracts.

Federal Minimum Wage Notice -(29 USC 206)

<https://www.dol.gov/general/topic/wages/minimumwage>

Employers subject to the Fair Labor Standards Act must post a notice regarding the federal minimum wage in “conspicuous places in every establishment” where the affected employers can readily observe it on their way to or from work (29 CFR 516.4). Failure to post the required notice is a federal crime.

Minimum Wage and Overtime Pay

“The Fair Labor Standards Act (FLSA) establishes standards for minimum wages, overtime pay, recordkeeping, and child labor. These standards affect more than 135 million workers, both full-time and part-time, in the private and public sectors.

The Act covers enterprises with employees who engage in interstate commerce, produce goods for interstate commerce, or handle, sell, or work on goods or materials that have been moved in or produced for interstate commerce. For most firms, a threshold of \$500,000 in annual dollar volume of business applies to be covered (i.e., the Act does not cover enterprises with less than this amount of business).

In addition, the Act does cover the following regardless of their dollar volume of business: hospitals; institutions primarily engaged in the care of the sick, aged, mentally ill, or disabled who reside on the premises; schools for children who are mentally or physically disabled or gifted; preschools, elementary and secondary schools, and institutions of higher education; and Federal, state, and local government agencies.”

For further information consult <https://www.dol.gov/general/topic/wages/overtimepay> and <https://webapps.dol.gov/elaws/elg/minwage.htm>

Employee Polygraph Protection Act -(29 USC 2001)

<https://www.dol.gov/agencies/whd/posters/employee-polygraph-protection-act>

Each employer shall post and maintain such notice in conspicuous places on its premises where notices to employees are customarily posted” (29 USC 2003). Any employer who violates Polygraph Protection Act may be assessed a civil penalty of up to \$10,000 (29 USC 2005).

Equal Employment Opportunity Commission/Age Discrimination (29 CFR 1601.30)

<https://www.eeoc.gov/>

“Every employer has an obligation to keep posted in conspicuous places upon its premises notices describing the applicable provisions of Titles VII and I (ADA). Section 711(b) of Title VII makes failure to comply with this section punishable by fine...” for each violation (29 CFR 1601.30).

Family and Medical Leave Act of 1993 -(U.S. Dept of Labor, Employment Standards Division)

<https://www.dol.gov/agencies/whd/fmla> This Act pertains to employers having at least 50 employees within 75 miles. FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave in a 12 month period to ‘eligible’ employees for certain family and medical reasons. Please consult the Fact Sheet #28: The Family and Medical Leave Act at <https://www.dol.gov/agencies/whd/fact-sheets/28-fmla>.

State Laws Requiring Posting

D. Important Employment Laws

1 **New Hire Reporting** Pursuant to the federal Work Opportunity Reconciliation Act of 1996, all employees must report “new hires” to the Indiana Department of Workforce Development; see their webpage at <https://www.in-newhire.com>. The report must be filed within twenty (20) days after the hire date and contain the employee’s name, address, and social security number. Per IC 22-2-18.1-26, employers who hire five or more minor (under age 18) employees per location must list those employees in the new Youth Employment System registry at <https://er.dol.in.gov/>

2 **Minimum Wage --federal and state** All library workers employed by the library, except for professional services, will fall under the federal minimum wage laws. Make sure that you are paying them at minimum wage or more. A computer professional who is paid an amount that is at least as high as the separate minimum wage for computer professionals is exempt from the overtime provisions of FLSA (see below).

3 **Fair Labor Standards Act (FLSA) --federal** This includes the federal minimum wage, and it also lists requirements for overtime pay and compensatory (comp) time. It also prohibits covered employees from contributing volunteer hours to their place of employment. The Fair Labor Standards Act also includes child labor provisions, which set certain limitations on the use of juveniles as employees. If you use students under 18 years of age as pages, you should be aware of these restrictions. Please see the legislative updates, legal bulletins, and archived webinars at <https://www.in.gov/library/services-for-libraries/law/>.

4 **State and Federal Civil Rights Laws** These laws prohibit employers from discriminating on the basis of race, color, religion, sex, or national origin in hiring, promotion, and other employment policies. The federal Title VII is one of the main civil rights laws.

5 **Age Discrimination Employment Act (ADEA) --federal** ADEA prohibits employers from discriminating on account of age. The protected age group is 40 years old and older.

6 **American with Disabilities Act (ADA) --federal** ADA strengthens prohibitions on discrimination against the disabled and requires employers to make their facilities accessible to the disabled and to make reasonable changes in their accommodations for the employment of disabled people.

7 **The Immigration Reform and Control Act --federal** This law requires that employees complete an I-9 form within three days of starting work, verifying their identity and authorization to work. Employers may condition an offer of employment on the successful applicant’s completing the form, but may not specify what documents must be used to complete the form. For more information consult the Indiana State Library e-Verify webpage at <https://www.in.gov/library/services-for-libraries/e-verify-for-libraries/>.

8 **The Family and Medical Leave Act (FMLA)** --federal FMLA allows employees to take up to 12 work weeks of paid or unpaid leave for certain medical and family reasons. It requires that employees taking such leave be allowed to return to their original job or an equivalent job with equivalent pay, benefits, and other employment terms and conditions.

9 **Health Insurance Portability and Accountability Act (HIPAA)** --federal HIPAA provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibits discrimination against employees and dependents based on their health status; and allows a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available, and have exhausted COBRA or other continuation coverage.

10 **Criminal Background Checks** --state Senate Enrolled Act 410 – Public Law 88 requires libraries to adopt policy regarding conducting criminal background checks for individuals aged 18+ who are: employed or perform volunteer work, or who apply for employment or volunteer services.

E. Indiana's Employment At-Will

Indiana is an at-will employment state. The general rule, which has been a longstanding principle of employment in America, is that an employment relationship for no specific duration (no contract has been signed for a set period of time) may be terminated at any time at the will of either the employer or the employee for any reason or for no reason at all. Under this rule, the reason for terminating an at-will employment relationship does not matter. Whether the reason was unfair or immoral is of no consequence.

Employment-related litigation stemming from employee discharges is an ever-increasing phenomenon in American business. To avoid the threat and liabilities associated with wrongful discharge, employers must review all their policies and procedures, as well as employee handbooks and other written personnel documents, to determine that no promises or statements are being made that could be construed as a binding employment contract. It is strongly recommended that all employers have written disclaimers that preserve the employment-at-will-relationships.

Finally, when terminating employees, an employer should always make sure that its action is uniform, consistent and fair and that whenever possible the employee has been given advance warning that particular behavior or conduct could result in termination.

Taxable Fringe Benefits

A good resource for taxable fringe benefits is the **Taxable Fringe Benefit Guide** at <https://www.irs.gov/pub/irs-pdf/p15b.pdf>. This resource answers many of the questions library directors and staff ask.

Some cases require more research. For example, how is the purchase of staff polo shirts handled when the library board requires polo shirt to be worn during work hours? The work shirt is a taxable benefit because it can be worn for general use. The library could allocate an employee clothing allowance in their payroll check.

Chapter 10

E-rate Services at the Indiana State Library and the Public Library Internet Consortium

Federal and state funding for Internet services is available to public libraries and schools in Indiana. The federal funding is from the FCC E-rate program and state funding is allocated during the biennial budget session of the state legislature. The public library consultant supports the statewide service associated with the Public Library Consortium for Internet Connectivity.

To provide E-rate services, ISL hires a broadband vendor/consultant and an E-rate application consultant. The broadband vendor/consultant and E-rate application consultant are selected through the state procurement process. ISL works with the procurement personnel at the Indiana Department of Administration (<https://www.in.gov/idoa/procurement/about-idoa-procurement/>). The public library consultant is part of the team that reviews proposals. In addition, the broadband vendor is also selected with the FCC E-rate requirement to post the 470 form. The contracts are for 3 years, and the procurement is every three years. Copies of the contracts are filed in the Administrative Office.

There are two types of technology services eligible for E-rate funding: internet and internal connections. The ISL Consortium supports only internet connectivity and not filing for internal connections. Internet connectivity is known as Category 1 service. Category 1 service no longer requires a technology plan, though ISL requires technology service responses to be included in the Long Range Plan according to 590 Indiana Administrative Code Rule 6.

Each library in the consortium has a Billed Entity Number (BEN). For new members, AdTec will obtain a BEN. AdTec may need the public library consultant to provide the FSCS number for the Indiana library; please contact Library Development Office if you don't know your FSCS number.

Timeline for the support services

The FCC defines the E-rate year as beginning July 1 and ending on June 30. The public library consultant handles three years of the program at any given time: the year ending, the current year, and planning for the next year. Most consultant duties are associated with the planning that begins in June and ends in late February with the application for funding for E-rate services.

Planning for Next Year

E-rate packets are prepared for all public libraries in Indiana in July. A packet is sent to all libraries, members and non-members alike, to notify all public libraries about the opportunity to continue or join the Consortium with the notification of forms and timeline for application. This includes a message from the Library Development Office E-rate Coordinator at the Indiana State Library that declares the end of past E-rate year, start of current E-rate year, and the planning for the next year. Also included are the new forms for the planning year that allow the E-rate consultant to file for consortium members with reference to the State Master Contract 470. Forms and information may also be found on the E-rate page of the Indiana State Library's website <https://www.in.gov/library/services-for-libraries/ldoresources/e-rate/>

Please consider needs as outlined in the library's long range plan and select service requirements on Service Level Checklist. Service requirements may be affected by proposed new Public Library Standards. Please consider the need for additional broadband capacity whether that entails additional T1 lines or a switch to fiber.

Each year a representative from the State Library will attend the State Budget Committee meeting, usually in August. Data on funding the Broadband Connectivity Grant is released at that time. Public Libraries are required to budget the full non-eRate portion of Internet and Internet related services.

Consortium libraries have from July until October to meet with their library board and complete the documents contained in the Consortium packet emailed in July. Even if a library completed forms the year before, new ones are completed and copies filed with Indiana State Library for the new E-rate year.

1. new **Form 479** to certify that library is in compliance with the Children's Internet Protection Act (CIPA)
2. new **Letter of Agency** to give authority to AdTec to file E-rate forms on behalf of your library for the upcoming year
3. new **Board Resolution** to join or continue in the consortium
Signed documents one through three are returned to E-rate consultant in the Library Development Office in mid-October. The libraries retain copies for audit purposes.
4. Letter and data sheet from AdTec
The library assesses broadband capacity for current year and determines if additional service capacity needs to be ordered. The data sheet obtained from AdTec is completed and sent by the end of November to AdTec in Centerville, IN.
5. Service Level Checklist Form from the ISP (Currently ENA)
Document five is completed after meeting with the ISP - library fills in the data.
6. Tentative timeline for your E-rate Year 2023-2024

Document six is informational with deadlines for submitting the documents.

Current E-rate Year

Concurrent with the receipt of completed documents for planning year, the Public Library Consultant calculates the reimbursement from Broadband Connectivity Grant Fund to be deposited (EFT) into Consortium libraries' accounts by end of calendar year. Reimbursement is for the full E-rate year of non-E-rate portion paid out of pocket by Consortium member(s). The reimbursement is based on a school lunch discount in library district and the balance of money in the Broadband Connectivity Grant Fund for distribution. The distribution also pays the Adtec E-rate consultant fee.

Closing Out the Previous Year- Document Retention

Schools and libraries shall retain all documents related to the application for, receipt, and delivery of discounted telecommunications and other supported services for at least 10 years after the last day of service delivered in a particular Funding Year. Any other document that demonstrates compliance with the statutory or regulatory requirements for the schools and libraries mechanism shall be retained as well. Schools and libraries shall maintain assets and inventory records of equipment purchased as components of supported internal connections services sufficient to verify the actual location of such equipment for a period of five years after purchase.

Consider Category 2 Application in 2023/202s4

Consider applying for Category 2 in the coming year to upgrade your broadband internal connections for broadband connectivity with the library. Support is limited to the internal connections necessary to bring broadband into and provide it throughout the library; these are broadband connections within the library. It includes maintenance of these connections, as well as services that manage and operate owned or leased broadband internal connections (e.g., managed internal broadband services or managed Wi-Fi). Further details are provided below:

Eligible Broadband Internal Connections

- Antennas, connectors, and related components used for internal broadband connections
- Cabling
- Caching
- Firewall services and firewall components separate from basic firewall protection provided as a standard component of a vendor's Internet access service
- Racks
- Routers
- Switches
- Uninterruptible Power Supply (UPS)/Battery Backup
- Access points used in a local area network (LAN) or wireless local area network (WLAN) environment (such as wireless access points)
- Wireless controller systems
- Software supporting the components on this list used to distribute high-speed broadband throughout school buildings and libraries (applicants should request software in the same category as the associated service being obtained or installed)

Notes: (1) Functionalities listed above that can be virtualized in the cloud, and equipment that combines eligible functionalities, like routing and switching, are also eligible.

(2) A manufacturer's multi-year warranty for a period up to three years that is provided as an integral part of an eligible component, without a separately identifiable cost, may be included in the cost of the component.

(3) Caching is defined as a method that stores recently accessed information. Caching stores information locally so that the information is accessible more quickly than if transmitted across a network from a distance. A caching service or equipment that provides caching, including servers necessary for the provision of caching, is eligible for funding.

(4) Applicants may request both equipment and the software necessary to use the equipment on the FCC Form 470, or request just the equipment on the FCC Form 470, and still receive

support for both the equipment and the software necessary to use the equipment (e.g., right-to-use software or client access licenses) by requesting the equipment and software either together or separately on the FCC Form 471. However, software upgrades and patches, including bug fixes and security patches, are considered basic maintenance of internal connections, and as such, applicants should seek bids for basic maintenance of internal connections if they intend to request funding for these services.

Eligible Managed Internal Broadband Services

- Services provided by a third party for the operation, management, and monitoring of eligible broadband internal connections are eligible managed internal broadband services (e.g., managed Wi-Fi).
- E-rate support is limited to eligible expenses or portions of expenses that directly support and are necessary for the broadband connectivity within schools and libraries. Eligible expenses include the management and operation of the LAN/WLAN, including installation, activation and initial configuration of eligible components, and on-site training on the use of eligible equipment.
- In some eligible managed internal broadband services models, the third-party manager owns and installs the equipment and school and library applicants lease the equipment as part of the managed services contract. In other cases, the school or library may own the equipment, but have a third party manage it for them.

Basic Maintenance of Eligible Broadband Internal Connections

E-rate support is available for basic maintenance and technical support appropriate to maintain reliable operation when provided for eligible broadband internal connections.

The following basic maintenance services are eligible:

- Repair and upkeep of eligible hardware
- Wire and cable maintenance
- Configuration changes
- Basic technical support including online and telephone-based technical support
- Software upgrades and patches including bug fixes and security patches

Take the future into consideration to plan and prepare your application when thinking about Category 2 applications. ENA and AdTec are available to consult you.

Children’s Internet Protection Act As of July 1, 2004, public libraries must comply with the Children’s Internet Protection Act, or CIPA, to be eligible for the Internet access discount. This is done by filing an annual form 479 with the State Library. CIPA has three requirements:

1. The library must have an Internet safety policy adopted by the board. It must address the following issues:
 - a. Access by minors to inappropriate matter on the Internet and World Wide Web;
 - b. The safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications;
 - c. Unauthorized access, including so-called “hacking,” and other unlawful activities by minors online;
 - d. Unauthorized disclosure, use, and dissemination of personal information regarding minors; and
 - e. Measures restricting minors’ access to materials harmful to them.
2. The policy must include a technology protection measure (filter) that protects against Internet access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to use of the computers by minors, harmful to minors. The filter must be present on ALL library computers, including staff computers, connected to the Internet, but must be disabled on request for adults engaged in bona fide research or for other lawful purposes. This includes staff computers.
3. The library shall hold at least one (1) public hearing or meeting and provide reasonable public notice for that hearing.

Department of Local Government and Finance (DLGF) and the Budgeting Process

Department of Local Government Finance

Budget Field Representatives

Map with contact information:

https://www.in.gov/dlgf/files/maps/Budget_Field_Reps.pdf

DLGF website: <https://www.in.gov/dlgf/>

The Role of the Department of Local Government Finance

- Certifies budgets, tax rates and levies;
- Administers property tax laws; and
- Ensures property assessments are made in a manner provided by law

Budgeting Process

- Who is in charge of the establishing the budget?
 - Your library board is legally responsible for establishing the library's budget and for practicing good fiscal management. Often, however, much of this responsibility is delegated to the library director. As a new library director, one of your first jobs should be to find out how much you will be involved with the fiscal management of the library. Here are some questions that you should ask your library board:
- Who approves the budget?
 - The budget is always *reviewed* by county, or city/town council. A review doesn't give them official oversight or a final say on a recommendation unless they exceed the growth quotient.

The budget may be *adopted* by County or City/Town council if library exceeds growth quotient. Otherwise it is adopted by the library's governing body, the library board.

- As of July 1, 2020 with SEA 410 – P.L.252-2019, the council of the city, town, or county (whichever applies according to IC 6-1.1-17-20.3(c)) may choose to adopt a resolution requiring the library to submit its proposed budget and property tax levy to said fiscal body for binding review and approval, ONLY IF on December 31, as reported in the public library’s annual report under IC 5-11-1-4, the cash balance of all funds of the public library derived from tax revenue is greater than one hundred fifty percent (150%) of the public library’s certified budget for the ensuing year. This is only in effect while that cash balance is 150% or greater.

This is voluntary on the part of the fiscal body; they may choose to not adopt such a resolution if they have no interest in taking on the additional responsibilities. If they do choose to adopt this resolution, they must notify libraries at least 30 days in advance. DLGF has an excellent memo explaining this new law here: <https://www.in.gov/dlgf/files/200619-Bennett-Memo-New-Legislation-Concerning-Public-Libraries.pdf>

- Fiscal body who adopts advertises adoption date.
- What is the library’s budget for this year? Get a copy!
- Who receives the bills and verifies that the goods or services charged for have been received?
- Who assigns the bills to budget categories?
- Who prepares the monthly financial statement? If you are responsible for preparing the financial statement, what format should you use?
 - Are there computer programs/forms that are set up for this purpose?
- Who prepares and signs the check?
 - In Indiana, the library director is not allowed to sign library checks.
- If the fiscal management is handled by someone other than the staff, how is the staff kept informed of the library’s financial status?
- Is there a limit set on the size of expenditures that can be made by the staff without board pre-approval?
 - This should be part of the public purchasing policy.

You need to find out how the library board does its budget. Does the board ask you to present a draft budget, or does it have a budget committee of its own members? It is vitally important that you as the library director have input into the budget, as you know the day-to-day operation of the library better than any other person.

Once you know what the library board wants to do in the next year, you can begin to develop cost figures. You need to gather cost information from a variety of sources, such as the present year’s expenditures, catalogs, information on utility rates and the cost of living rate that appears in newspapers and other sources, and information you gather from service vendors.

Remember that in budgeting you are making a series of educated guesses. The more information you have, the better your guesses are.

Budget Process

Beginning with the preparation of the 2012 budget the Department of Local Government Finance premiered the Gateway, online input of governmental units' budgets. The DLGF offers training on the system; please check with your local DLGF representative:

https://www.in.gov/dlgf/files/maps/Budget_Field_Reps.pdf

The Budget Workshop for Public Libraries is offered in June by the Indiana State Library with presentations from the Department of Local Government Finance and State Board of Accounts. The State Board of Accounts updates libraries on any changes in recent legislative session that impacts the budget. The Department of Local Government Finance also covers legislation as well as the Gateway budget forms. **The deadline to adopt budget through Gateway for the year 2022 is November 1, 2021.** You have 7 days to submit paperwork to DLGF through Gateway.

For up to date information, see 2022/2023 Budget Calendar of the Department of Local Government Finance website <https://www.in.gov/dlgf/files/2022-memos/220203-Van-Dorp-Memo-2022-Budget-Calendar.pdf>. All libraries are encouraged to attend the budget workshop, usually held in June. In past years the budget calendar followed the general timeframe as follows:

2022 - 2023 Budget Calendar

May 15

Last day for library boards to hold a public hearing on a Library Capital Projects Fund plan, adopt a LCPF plan, and submit the plan to the appropriate fiscal body. Only applicable to certain libraries. IC 36-12-12-3

June

Public Library Budget Workshop, held via webinar and in person. This workshop is presented by the State Board of Accounts, the Department of Local Government Finance, and the Indiana State Library.

The Department of Local Government Finance offers a special workshop in each county for libraries. If a library is unable to attend the assigned workshop, a workshop in another county can be attended.

June -July

Preliminary work on the budget by board and librarian.

The Department of Local Government Finance posts reports, such as the estimated max levy report under County-specific information on their website at <https://www.in.gov/dlgf/county-specific-information/>. Often you do not have this information available and must estimate using previous year maximum permissible levy listed on the 1782 notice. At the end of June, State Budget

Agency (SBA) provides Maximum Levy Growth Quotient (MLGQ) to civil taxing units.

Department of Local Government Finance Field Representative sets up an appointment to meet with each taxing unit in the county. After the meeting, library should have a completed Form 3, ready for advertisement.

July 1

Last day for fiscal body (county, city, or town) to adopt a resolution to make a library a binding unit. Once adopted, the resolution remains in effect until rescinded or until library no longer meets criteria.

July 15

Department provides each library with their maximum allowable budget able to be adopted by the library board, and the threshold that will trigger the budget to be adopted by the appropriate fiscal body.

August 1

DLGF provides estimate of circuit breakers.

August 1

Last day for county auditor to certify net assessed values (“CNAV”) to the DLGF. The DLGF will make AV visible to every political subdivision in Gateway. Things to Remember About Gateway

Input Budget

Prepare all the prescribed forms

Forms and screens will have formulas built in to perform math calculations

Prepare the budget advertisement with your Department of Local Government Finance representative at your July/August meeting

Budget Advertisement Form 3 on the Gateway

Online advertisement of the Notice to Taxpayers is to be submitted at least 10 days before the public hearing but no later than October 12, 2022. Online advertisement will be completed by submitting the Form 3 from the Budget Form Menu in Gateway. Once submitted, notices will be available online at <https://budgetnotices.in.gov/> or by calling (888)739-9826.

An ad is by fund and includes: the budget, max levy, proposed levy, current levy, and amount of excess levy appeals. An ad may include more funds than those certified by the DLGF. Always include language that says taxpayers may object to budget or levies within seven days after the public hearing. The goal is for units to have a copy of the ad at the end of budget workshop session at July or August meeting with DLGF representative. If a petition is filed by taxpayers objecting to the budget, the library board **shall** adopt with its budget a finding concerning the objections in the petition and any testimony presented at the adoption hearing. All of this must be in writing.

DEFINITIONS OF BUDGET CLASSIFICATIONS

1. Personal Services

Personal service is the direct labor of persons in the employment of the library and all related employee benefits.

Salary of Librarian -Compensation of the head librarian

Salary of Assistants -Compensation of all assistant librarians, either part or full-time employees, including clerks and pages

Salary of Treasurer -Compensation of treasurer when so established by board resolution. This person can be a library board member and cannot be the library director.

Wages of Janitors -Compensation of regular employed janitors. If a firm is hired to do the custodian and maintenance work, the cost would come from either professional services or services, repair and maintenance.

Employee Benefits -Would include only the employer's or library's share of the cost of health insurance, life insurance, retirement and social security payments made to the Public Employees' Retirement Fund and other approved retirement plans. The employee's share is handled through the payroll deduction columns on the Financial and Appropriation Record and, therefore, requires no appropriation.

Other Compensation -Include fees paid for special counsel, legal service, surveys, expert and other services rendered of which the employment is temporary or on a part-time basis and social security, federal taxes, state taxes, and county taxes are withheld.

2. Supplies

Supplies include commodities which, after use, are either entirely consumed or show a definite impairment of their physical condition and rapid depreciation after use for a short period of time.

3. Other Services and Charges

This classification includes all services performed for the library, under express or implied contract, by other than employees of the library. Also included are all expenditures for insurance, premiums on official surety bonds of the designated treasurer or other employees, licenses, refunds, awards, indemnities, rents, tax assessments, dues to organizations, subscriptions to a service, and all other charges of a similar nature. Utility Services -Includes charges for heat, light, power and water furnished by public utilities. (Also, if applicable, sewage services furnished by a public utility would be charged under this caption.) Fuel, oil, and bottled gas used for heating should be charged to Account No. 2, Operating Supplies.

This budget item is usually listed on a separate set of budget forms in a fund especially for budgeting the amortization schedule the library has to follow for payment of bonds sold for a construction project. This item is listed on the

operating budget only if it is to be paid out of the operating budget.

Lease Rental -Expenditures for the reduction of the principal of the bonds for the lease rental fund and the interest on such bonds. State Board of Accounts/Bookkeeping Process and Prescribed Forms

State Board of Accounts

302 W. Washington Street, E418 Indianapolis, Indiana 317-232-2513

<https://www.in.gov/sboa/political-subdivisions/libraries/libraries@sboa.in.gov>

The Role of the State Board of Accounts

- To serve the citizens of Indiana by providing to the State of Indiana, its agencies and political subdivisions, on-time quality services at the best possible value.
- To help make Indiana's citizen-run government a workable concept.
- To perform financial and compliance audits of state and local governments
- To prescribe forms and uniform accounting systems.
- To provide training for public officials and employees.
- To publish manuals, newsletters, and technical bulletins.
- To consult with officials on the state and local level.

State Board of Accounts and Libraries

- Performs financial and compliance audits of state and local government.
- Prescribes forms and uniform accounting systems.
- Provides training for public officials and employees. Workshops
- **Budget Clinics** are held late spring, often June, in cooperation with the Department of Local Government Finance and the Library Development Office of the Indiana State Library. New legislation, accounting changes, and budgeting matters are discussed at these clinics.
- **Bookkeeping workshops** are conducted each fall for new library directors, treasurers, and bookkeepers; the meeting is scheduled in early November. Accounting forms prescribed for libraries are discussed at these workshops as well as bookkeeping and financial statement preparation. In addition, libraries are given guidance on various recurring issues and audit positions.

Manuals for Libraries

Published and regularly revised by the State Board of Accounts to assist officers and employees of public libraries.

- **The Accounting and Financial Regulatory Reporting Manual** can be viewed at: <https://www.in.gov/sboa/files/Regulatory-Manual-2021-Final.pdf>
- **The Uniform Compliance Guidelines Manual** can be found in separate chapters by going to <https://www.in.gov/sboa/political-subdivisions/libraries/> and scrolling down to Uniform Compliance Guidelines, and then clicking under Manuals. This manual includes important information about library board and employee responsibilities, revenue sources, allowable expenditures, budgeting, operating procedures, and uniform compliance guidelines. Also the Appendix list the various prescribed forms.

Approved Ledger Sheets

Libraries can use either prescribed ledger sheets specifically approved for library bookkeeping or those prescribed for cities and towns.

Computerized Bookkeeping Systems: Forms Approval Process

- The library board not required to have a computerized bookkeeping system approved by State Board of Accounts.
- Your forms need to be in compliance with forms found in the Appendix of the State Board of Accounts Accounting and Uniform Compliance Guidelines Manual for Libraries. A library can consult Table 14 of the 2021 statistics (<https://www.in.gov/library/services-for-libraries/plstats/2021-statistics/>) to identify automated bookkeeping software in use by other libraries.

Annual Library Audit Checklist

An audit checklist is a good tool to use for knowing what types of records need to be kept. An Audit Checklist is included in this chapter.

Bookkeeping Questions

When a question arises concerning library bookkeeping, State Board of Accounts has people at the state level as well as in the field who can answer your questions.

The telephone number for State Board of Accounts is 1-317-232-2513. Their website is <https://www.in.gov/sboa/political-subdivisions/libraries/>. Or send an email to libraries@sboa.in.gov.

Prescribed Forms

The State Board of Accounts is charged by law with the responsibility of prescribing and installing a system of accounting and reporting which shall be uniform for every public office and every public account of the same class. [IC 5-11-1-2]

The system must contain written standards that an entity subject to audit must observe.

Forms Approved Previously

All forms previously approved by State Board of Accounts either by:

- Form Approval letter from SBOA; or
- Resolution of the Library

Remain approved for use by the library under the conditions in the original approval. No further action by a library is needed.

Exact Replicas

An exact replica of a prescribed form is the equivalent of the prescribed form and requires no action for a library to install the form.

FORMS FOR USE BY LIBRARIES

Forms and systems installed are subject to review and/or recommendations during audits of a library to ensure compliance with current statutes and Uniform Compliance Guidelines.

Many of the forms are found in the Appendix of State Board of Accounts Uniform Compliance Guidelines Manual for Libraries.

- Library officials remain responsible to make sure the system and forms installed:
 - Meet the IT services controls; see <https://www.in.gov/sboa/political-subdivisions/libraries/> under **Manuals**, then **Information Technology Manual**.
 - Along with manual processes, provide adequate internal controls over financial information, safeguarding of assets, and compliance with laws and regulations.  - Comply with record retention and public access laws.

How to Get Ready for an Audit

Auditing is a set of procedures performed to express an opinion as to whether the financial statements present fairly, in all material respects, the financial position and related changes for the year regarding the Public Library.

Confidential working papers are sent to public libraries by State Board of Accounts in advance of audit. Below is a brief list of items to consider before the audit. You will need knowledge of the following:

- General information about the library, including the structure and governance. This will include the primary activities, programs and services the library offers.
- Details on the makeup of the library board; names, board position term and background.
- Designation of principal members of operating and executive branch of the library.
- Describe division of governance and management duties of board and library director.
- Describe any external factors that affect the library such as economy, politics or social conditions.
- Besides property taxes describe the library's major sources of revenues and receipts
- Understand the major expenditures of the library including payroll
- Be prepared to describe the investment policy
- Be prepared to describe funds accounting as it applies to the library's budgeting;

understand financial statements as they relate to expenditures and disbursements.

- Be prepared to share appropriate accounting and financial documentation
- Know about library borrowing in order to meet expenses. What are your sources for this financing e.g. short term borrowing, line of credit, or long term debt or leasing?
- Describe how the director, financial officer and library board work together in the budget process.
- Be able to describe hiring process, and compensation methods
- Be able to describe types of computer equipment used, personnel involved, software and how it is reviewed and kept up to date.
- Describe the library's accounting and financial reporting policies
- Library board has fiscal control and some financial decisions require a board resolution. Make sure that resolutions are on file.
- Review the previous audit and note any exceptions that remain or have been corrected

Library Internal Controls

The State Board of Accounts webpage <https://www.in.gov/sboa/political-subdivisions/libraries/> has link to information on **Internal Control Standards** and there is reference to a YouTube video <https://youtu.be/LON80PBbPHQ>. Public libraries are required to have an internal control policy and to certify that staff has been trained on the policy. Also Indiana State Library has some relevant resources found on the Trustee Information webpage at <https://www.in.gov/library/services-for-libraries/trustee/>. See the heading for **Internal Controls for Public Libraries**.

Corrective Action Plan

If you have the same audit exception, repeat findings, in back to back audits, then IC 5-11-5-1.5 requires a Corrective Action Plan. When creating a corrective action plan, include the following:

1. State the Issue
2. List the requirements that were not followed
3. The unit or library responds whether they are in agreement or they don't agree.
4. Identify the root cause of the issue and the steps to take to correct
5. Include a timetable when the corrections will be in place
6. Summary on how the Public Library plans to correct the issue.

For more information consult the State Board of Accounts webpage here <https://www.in.gov/sboa/political-subdivisions/libraries/> see heading for **Corrective Action Plan (CAP – Repeat Findings)** for more resources.

Please submit any questions you have related to this process to CAP@sboa.in.gov.

Bulletins

The State Board of Accounts issues library bulletins focusing on specific issues in library bookkeeping, upcoming training, and relevant changes in legislation. These can be found on the State Board of Accounts webpage at <https://www.in.gov/sboa/political-subdivisions/libraries/>

Additional Appropriation and Transfer Procedures

An additional appropriation is pursued when a unit needs to spend more from a fund than the certified budget allows. This is not a loan, but a process to justify an increase in expenditures of money you already have but that hasn't previously been appropriated. The Department of Local Government Finance is responsible for the review and approving the submissions from all units.

IMPORTANT NOTICE

The DLGF has updated their submission procedures for additional appropriations. All units are required to submit additional appropriations through an application in Gateway. Additionally, The Department has released updated memos about the updated procedures change. Updated memos can be found at <https://www.in.gov/dlgf/memos-and-presentations/memos/>.

- Additional Appropriation Submission, Department Review Procedures, and Other Related Topics
<https://www.in.gov/dlgf/files/2022-memos/220204-Van-Dorp-Memo-Additional-Appropriation-Submission-Procedures.pdf>

The additional appropriation process is used to appropriate money in excess of the Department's certified appropriations for a unit for the current budget year. Although the fiscal body of a unit and the Department must act on all additional appropriations, approval by the Department is only required for (this is not a complete list, only a sample):

1. Funds that receive revenue from property taxes levied under IC 6-1-1
2. Motor Vehicle Highway ("MVH") Fund (IC 8-14-1-1)
3. Local Road and Street ("LRS") Fund (IC 8-14-2-4)
4. Library Improvement Reserve Fund ("LIRF") (IC 36-12-3)
5. School Education Fund IC 20-40-2
6. Rainy Day Fund (IC 36-1-8-5.1)

For the purposes of additional appropriation requests, all other funds are classified as "reporting only funds". Section 49 of HEA 1427, effective July 1, 2019, clarifies (d) a political subdivision may make an additional appropriation without the approval of the Department if the additional appropriation is made from a fund that is not described above. The fiscal officer of the political subdivision still must report the additional appropriation to the Department, but units will receive an official response for only those funds that the Department reviews and approves (i.e. funds that are on your Budget Order).

All additional appropriations must be submitted to the Department in a timely manner. The deadline for additional appropriation submissions for the 2022 Budget is December 31, 2022.

If you have any questions, please email support@dlgf.in.gov for assistance with finding the forms or Gateway issues.
contact [your Budget Field Representative](#).

State Board of Accounts recommends appropriating all grants. If grant monies are receipted into a previously established fund requiring appropriation, the unit must follow the additional appropriation procedures for that fund as outlined herein. If the grant monies are provided by the state or federal government as a reimbursement of an expense made by the unit (IC 6-1.1-18-7.5), the grant monies do not need to be appropriated or reported to the Department by the taxing unit in order to make expenditures. Grant monies must be expended in accordance with the grant budget.

Transfer of Funds to and From the Rainy Day Fund

The Rainy Day Fund is subject to the same appropriation process as other funds that receive property or income tax money.

To establish the Rainy Day Fund requires a resolution. There is an example resolution found on the LDO website at <https://www.in.gov/library/services-for-libraries/ldoresources/resolutions/>.

Under IC 36-1-8-5.1, a county, city, or town may at any time, by ordinance or resolution, transfer to its General Fund or any other appropriated funds money that has been deposited in its Rainy Day Fund. Transfers to or from the Rainy Day Fund must be reported to the Department. Units must submit to the Department the resolution/ordinance from the fiscal body approving the transfer. The resolution/ordinance must include the name of each fund and the amount being transferred out of each fund to the Rainy Day Fund. The Department may not reduce the actual or maximum permissible levy of a unit as a result of a balance in the Rainy Day Fund of the unit.

A taxing unit can transfer unused and unencumbered funds from its General Fund or other property tax levy funds (excluding debt service and other dedicated funds) to the Rainy Day Fund. In addition, other unobligated cash balances from any fiscal year (excluding debt service and other dedicated funds) may also be transferred to the Rainy Day Fund pursuant to an ordinance or resolution that authorizes and identifies the amount, which cannot exceed 10% of the taxing unit's total annual budget for that fiscal year.

SBOA has advised that transfers to the Rainy Day Fund are prohibited from funds receiving dedicated revenues for specific projects or purposes, such as MVH and LRS. Moreover, a balance in a cumulative fund may be transferred to the Rainy Day Fund only if the purpose of the cumulative fund has been fulfilled. In an audit, SBOA would expect the unit to be able to show that the cumulative fund's purpose has been fulfilled. A unit's transfer of funds from a cumulative fund to its Rainy Day Fund would indicate to the Department that the property tax rate for that cumulative fund was no longer needed. Before making an appropriation from the Rainy Day Fund, the fiscal body shall make a finding that the proposed use of the Rainy Day

Fund is consistent with the expressed intent of the fund.

Further procedures for Rainy Day Fund are outlined in the State Board of Accounts Manual of Accounting for Public Libraries found online at <https://www.in.gov/sboa/files/Library-Manual-Chapter-4-2021.pdf>.

Transfer of Funds to Library Improvement Reserve Fund (LIRF)

For procedures on transferring funds to Library Improvement Reserve Fund (LIRF) see Chapter 4 found online. To navigate to Chapter 4 visit this webpage at <https://www.in.gov/sboa/political-subdivisions/libraries/>. Then select **Manuals** dropdown and go to **Uniform Compliance Guidelines Manual** and choose Chapter 4 Financial Accounting and Record Keeping Procedures and go to page 4-3 to find LIRF procedures.

LIRF is established by Resolution. The money is not to be set up in a separate bank account. The transfer is authorized by a warrant from the operating fund. The actual transfer may occur at any time but needs to be completed before the appropriation expires at the end of the year.

Note: These samples assume that the governing body of the taxing unit seeking the additional appropriation or reduction is responsible for the approval of the additional appropriation or reduction. If a unit is subject to binding adoption by a separate fiscal body, the following resolution/ordinance and notice samples should be modified to reflect the proper fiscal body taking action.

Public Library Records Retention

Public Libraries Retention Schedule and County/Local General Retention Schedule

The Public Libraries Retention Schedule and the County/Local General Retention Schedule were revised in 2020. All public libraries in Indiana must follow the same general retention schedule.

Any records not on the approved list cannot be destroyed without the permission of your county commission on public records and the Indiana Archives and Records Administration (IARA).

Information on the preservation and destruction of public records – including general rules and definitions - as it pertains to the Indiana Code is detailed on the State Board of Accounts webpage on libraries (<https://www.in.gov/sboa/political-subdivisions/libraries/>); once there, scroll down the page to see the drop down menu for Indiana Codes, and select Public Records. The Public Libraries Retention Schedule and the County/Local General Retention Schedule are available at the IARA webpage on Records Retention Schedule Help (<https://www.in.gov/iara/divisions/records-management/records-retention-schedules/>), as well as at the direct links listed below.

Records Retention FAQs

Q1) How long should we keep past insurance policies/coverage that have been replaced with new policies/coverage?

A1) Insurance paperwork is considered a contract; keep for 10 years after the end of the insured year.

Q2) How long should we keep past in-house staff directories?

A2) If they simply provide personnel information in a different format than personnel records, destroy.

Q3) How long should we keep Statements of Concern regarding library materials completed by patrons?

A3) Regard as correspondence and destroy after 3 years.

Q4) How long should we keep incident reports (injuries, accidents, behavior)?

A4) 10 years

Q5) How long should we keep emails?

A5) Treat emails as you would print correspondence regarding a particular issue. They are public records.

Instructions – updated 02/23/2022:

Update Overview, February 2022: No changes were made to this retention schedule except for an update to this cover sheet, which are the new default Retention Schedule Instructions for all County/Local retention schedules.

- 1) **Officials should first reference their office-specific Retention Schedule.** If no listed Record Series covers the record's subject matter, then refer to the County/Local General Retention Schedule (GEN).
- 2) **Copy of Record vs. Duplicate:** A "Copy of Record" is the record that your agency has chosen to be the official record which fulfills all Records Retention Schedule and other state and federal rules that affect the record. A Duplicate is any other record that contains the same information. Unless the record is defined on the retention schedule as CRITICAL, Duplicates are considered a non-record and may be destroyed at any time. No permission from IARA or your county Commission of Public Records is required, and no forms need be submitted.
 - a) **A record which is contained in a federal database** cannot be your Copy of Record, because it is not a State of Indiana record. The information that existed as a State of Indiana record BEFORE you submitted it to the federal government is your Copy of Record.
- 3) **Records NOT designated as PERMANENT or CRITICAL on any retention schedule** may be destroyed **ONLY** after:
 - a) they have reached the end of their designated retention period **AND**
 - b) 30 days have passed since the submission of a [Notice of Destruction of County/Local Government Records in Accordance with an Approved Retention Schedule](#) (SF 44905) to IARA.
 - c) **If IARA does not reply within 30 days, or at all**, you are free to destroy the records.
 - d) **After destruction**, submit a copy of the completed form to the Secretary of your county Commission of Public Records.
 - e) **If your office would prefer to donate the records to an interested historical entity instead of destroying them**, a SF 30505 must be submitted to IARA and to the county Commission of Public Records, and approval must be received from both parties.
- 4) **Record Series designated as PERMANENT on any retention schedule**, but **NOT** designated as **CRITICAL**, must be preserved permanently, but there are several options for fulfilling this requirement:
 - a) Original records may be **maintained permanently in the office of origin**.
 - i) **Original records may be microfilmed**, with the **microfilm retained permanently in the office of origin**. Once the microfilm has been verified for completeness and legibility, it is considered the **Copy of Record** (see Item 2 above), with all records retention schedule instructions applying to it, while **the original version is considered a Duplicate**. (See Item 2 above.)
 - b) **A request to transfer** original, microfilmed, or electronic records (SF 48883) may be **submitted to IARA** if storage space does not allow for maintaining the Copy of Record at the originating office. However, such requests will be approved **only at the discretion of the Indiana Archives**. Title to any record transferred to the Archives transfers along with the record, per Indiana Code 5-15-5.1-11.
 - c) If IARA cannot accept the records, then the record must be maintained permanently in the office of origin, under options a) or b) above.
- 5) **Record Series designated as CRITICAL MUST be microfilmed** according to the standards outlined in 60 IAC 2 / Indiana Rules of Court Administrative Rule 6. Copies must be distributed and retained as indicated in the retention instructions for that Record Series.
 - a) **Copies ADDITIONAL to the required list** are duplicates and may be destroyed at any time. (See Item 2 above.)
- 6) **Records whose subject matter is NOT COVERED by any Record Series** on an approved retention schedule may be **destroyed OR transferred to the Indiana Archives OR transferred to a local historical entity**, ONLY after a [Request for Exception to County/Local Retention Schedule or Permission to Dispose Of Non-Scheduled County/Local Public Records \(PR-1\)](#) (SF 30505) has been submitted to IARA and to the county Commission of Public Records, and approval has been received from both parties.
- 7) **MICROFILMING IN GENERAL: ANY record MAY be microfilmed** according to the standards outlined in 60 IAC 2/Indiana Rules of Court Administrative Rule 6, to meet storage or access needs in the office of origin, whether or not the specific Record Series requires such microfilming.
 - a) Once the microfilm has been verified for completeness and legibility, it is considered the **Copy of Record (see Item 2 above)**, with all records retention schedule instructions applying to it, while **the original version is considered a duplicate**.
- 8) **ELECTRONIC RECORDS: For ANY records whose original version is electronic**, or for offices wishing to duplicate such records electronically, **contact IARA's Electronic Records Program** (erecords@iara.in.gov) for advice and instructions on preservation.
- 9) **In the case of an applicable legal hold**, destruction or transfer of all record-types must be delayed.
- 10) **ADDITIONAL GUIDELINES**
 - a) Any record or file whose contents **fall under more than one Record Series** must be maintained for the **longest applicable retention period**.
 - b) With the exception of RS GEN 10-16, (which covers only the specific Payroll Record forms listed) **specific forms or reports listed in the description of a Record Series are provided as examples**, not an exclusive or exhaustive list. If a Record Series describes the subject matter of your record, then the Record Series likely covers your record.
 - c) If you are **unsure about whether your records are covered by an existing Record Series**, please contact IARA's County/Local Records Management team (cty@iara.in.gov/317-232-3380) for advice before listing the record on a SF 30505.
 - d) **Item Numbers** on this Schedule are used for reading convenience only; they are **not a permanent part of the Record Series**. Copies of this Retention Schedule printed from the IARA website may list the Record Series in a different order due to automated sorting.

Please see IARA's [County/Local Records Custodian Handbook](#) for complete information on proper destruction procedures for eligible records.

- Any record or file whose contents fall under more than one Record Series must be maintained for the longest applicable retention period.
- Specific forms or reports listed in the description of a Record Series are provided as examples, not an exclusive or exhaustive list. If a Record Series on this Retention Schedule describes the subject matter of your record, then the Record Series likely covers your record. (Unless a Record Series from your office-specific Retention Schedule supersedes it.)
- If you are unsure about whether your records are covered by an existing Record Series, please contact IARA's County/Local Records Management team (cty@iara.in.gov/317-232-3380) for advice before listing the record on a State Form 30505.
- Item Numbers on this Schedule are used for reading convenience only; they are not a permanent part of the Record Series. Copies of this Retention Schedule printed from the IARA website may list the Record Series in a different order due to automated sorting.

Chapter 15 Grant Sources

There are numerous sources of grants for libraries, though opportunities are always changing. The following list is a sampling of available funding sources, both private and public, available at the time of this manual's last revision.

Please notify us of any new grant opportunities that may be of interest to Indiana libraries by contacting Angela Fox at anfox@library.in.gov or (317) 234-6550.

LSTA Grants

<https://www.in.gov/library/services-for-libraries/lsta/>

As a library in Indiana, one of the first grant opportunities you consider should be an LSTA sub-grantee. Funding is made possible by the Institute of Museum and Library Services (IMLS), which distributes federal funds to states annually under the provision of the Library Services and Technology Act (LSTA). The Indiana State Library reserves a portion of these funds for competitive sub-grant opportunities. Grant programs vary, but generally include technology and digitization initiatives. Please check our website for current grant opportunities.

LOCAL

Public Service/Social Organizations

Organizations such as Kiwanis, Lions Club, Rotary, etc. regularly offer funding opportunities in their communities and have sponsored library projects in the past.

Community Foundations

<https://www.tgci.com/funding-sources/IN/community>

Many counties in Indiana have a community foundation that collects and invests money for local agencies and returns the interest earned to them. They may also offer grants or funding opportunities for which public libraries can apply. The Grantsmanship Center offers a directory of community foundations in the state on its website.

STATE

Heritage Support Grants

<https://www.indianahistory.org/across-indiana/heritage-support-grants>

The Indiana Historical Society, with funding from Lilly Endowment Inc., offers Heritage Support Grants for a wide variety of projects to help Indiana's local organizations meet high-priority needs in areas of collections stewardship, diversity, equity, access and inclusion, sustainability, and planning. In addition to grants, IHS also offers [fundraising mini webinars](#), ongoing coaching for grant applicants and opportunities to serve on [grant award selection committees](#).

Indiana Humanities

<https://indianahumanities.org/grants/>

Indiana Humanities oversees a number of grant programs that provide Indiana nonprofit organizations with funds to develop and implement in-depth public humanities programming. Eligible programs can include public workshops, film screenings, lectures and panels, creation of exhibits, reading/discussion programs, and any number of other formats, provided they're open to the public and utilize the humanities as a tool for engagement. Check their website regularly, as grant opportunities change from year-to-year.

Community Development Block Grants

<https://www.in.gov/ocra/cdbg/>

These federally funded grants come from the Indiana Office of Community and Rural Affairs. Unlike LSTA grants – or most state or federal grant opportunities – construction is an allowable cost. Libraries are invited to apply for Public Facilities Program grants to enhance the lives of community members. Libraries should contact their local Community Liaison to discuss grant

opportunities. The map of liaisons can be found on their website at:
<https://www.in.gov/ocra/newsroom/community-liaisons/>

Indiana Historic Preservation Fund Grants

<https://www.in.gov/dnr/historic/3671.htm>

This federal program of the National Park Service is administered by the Indiana Department of Natural Resources – Division of Historic Preservation and Archeology (HPA) and is intended to assist important local preservation projects and help the State meet its goals for cultural resource management. The DHPA makes subgrant awards in three different project categories through an annual competitive funding round. Grants can be used for preservation and rehabilitation of historic library buildings or to present educational programs about preservation.

FEDERAL

Institute for Museum and Library Services (IMLS)

<https://www.ims.gov/grants/grant-programs>

The mission of IMLS is to advance, support, and empower America’s museums, libraries, and related organizations through grantmaking, research, and policy development. The Institute works at the national level and in coordination with state and local organizations to promote lifelong learning, build capacity, increase public awareness, and achieve excellence.

In addition to the LSTA grants available through the Indiana State Library, libraries can apply directly to IMLS for grant opportunities such as National Leadership Grants or the Laura Bush 21st Century Librarian Program.

National Endowment for the Humanities (NEH)

<https://www.neh.gov/grants>

The National Endowment for the Humanities (NEH) is an independent federal agency dedicated to supporting research, education, preservation, and public programs in the humanities. They offer a variety of grants that aim to provide opportunities for lifelong learning and preserve and provide access to cultural and educational resources.

FOUNDATIONS/CORPORATE

Tip: Try consulting local banks, real estate brokers, convention and visitor bureaus, etc., for possible funding or sponsorships.

<https://about.bankofamerica.com/en/making-an-impact/find-resources>

The Bank of America Charitable Foundation partners with local nonprofits that are removing barriers to economic success for vulnerable populations, including youth, working families, and those with barriers to employment, including the formerly incarcerated. Grant amounts vary by market and organization size.

Barnes & Noble

Grant Writing Tips

1. Ask for advice. Start on the application well before the deadline. Solicit help from the granting organization program officer. Ask colleagues to review the application and offer suggestions.
2. Identify projects that would be of benefit to your organization before looking for grants. Ways to do this include conducting a meeting of stakeholders to brainstorm for ideas, creating a file of ideas submitted by staff and patrons, and soliciting ideas from the public. Determine what ideas would be most suitable for grant funding. Be ready when funding opportunities arise instead of reacting to announcements of available grants.
3. Locate grantmaking organizations with goals that match your project. Using the various tools listed above, identify grantors who fund projects similar to your proposed project.
4. Research the grant opportunity. Read the guidelines to determine if the project fits with the mission of the granting organization and if there are any restrictions that may prohibit you from accepting the funds. Learn about previous grants awarded by the organization. Determine the funding limits and whether the amount of money being offered will realistically cover the costs for your project.
5. Follow the instructions provided by the grantmaker. Check deadlines. Answer all the questions and include all the necessary parts of the proposal or application when submitting it. If any part of the application is confusing, contact the grant program officer for help.
6. Don't give up if an application isn't funded. If possible, ask for feedback as to why your grant application was denied. Ask about any opportunities for resubmitting the grant. Consider other funding sources.
7. New applicants often make two common mistakes. One is including too little detail about the proposed project and giving insufficient justification for the significance of the need. The other is proposing more work than can be reasonably done during the grant period.
8. Think like a reviewer. One of the best ways to learn how to write a grant is to participate on a grant review committee. Organizations that offer publicly-funded grants are always looking for individuals willing to assist in grant review.

Chapter 16

Funding a Library Building Project

A library building project does not have to be a painful experience. There will be anxious moments in every project, such as the minutes before construction bids are opened. There will also be times when it appears that the legal process takes forever to complete. But with proper planning, good and open communication and the assistance of qualified, experienced professionals, the process and the end result can be very rewarding.

There are two types of bonds that libraries can use to fund a building project:

- a. General obligation bonds, and
- b. Lease financings (a.k.a. Building Corporation or Holding Corporation bonds)

I.C. 6-1.1-17-20.5 requires that before any debt (whether general obligation bonds, leases or refundings) can be issued by a non-elected library board, the library must obtain the approval of a specific elected entity. (IC 6-1.1-17-20.5)

This approving body will either be the county council or the city/town council depending on the library district. If the library district is coterminous with a city or town or was originally created by a city or town, then the approving entity will likely be the city or town council. However, if the library district expands beyond the city or town or the library was originally created by a township or the county, then the approving entity will likely be the county council. The library should discuss the appropriate approving entity with bond counsel, especially if more than 50% of the parcels of real estate in the library district are located outside of the city or town limits. Note, that the approving entity for bond approval purposes may be different than for budget or operating balance purposes.

This approval must be obtained prior to issuing the bonds; however, the timing of this approval is otherwise up to the library. It is political decision whether the Board requests this approval before or after the petition remonstrance process or referendum, if applicable. Discuss this

issue with your library counsel and bond counsel.

General obligation bonds

General Obligation Bonds are limited in principal amount to one third (1/3) of two percent (2%) of the net assessed valuation of the library taxing district – State Constitutional debt limitation.

Lease financings

With a lease financing, a separate not-for-profit corporation is formed using patrons in your community. This building or holding corporation issues the bonds which finance the construction of the library building and leases the facility back to the library for a predetermined number of years, which must be 20 years or less. Once the bonds are paid off, the Building Corporation transfers title to the building back to the library.

Due to the costs of renovations and other types of construction, many libraries in Indiana use the lease method of financing. Lease financings allow for a library building project to exceed the maximum constitutional debt limitation placed on the general obligation bonds. In library districts where the net assessed valuation, and therefore the general obligation bond capacity, does not raise enough money for a project, the library would need to use the lease financing method of obtaining bonds.

A. Outline of Procedures for the Preliminary Determination Process for Financing a Controlled Project

1. Controlled Project (IC 6-1.1-20-1.1):

A controlled project is defined as a construction project for which the total project cost is at least \$1,000,000 and exceeds the lesser of: i) 1% of the total gross assessed valuation of the library district or ii) an amount equal to the result of the assessed value growth quotient (AVGQ) for the year multiplied by the amount for the preceding calendar year. The threshold amount is published by DLGF in the Indiana Register not more than sixty (60) days after the agency released the growth quotient for the ensuing year. The controlled project definition applies to a project if some portion of the project is financed by general obligation bonds or a lease financing.

If the project is non-controlled because it does not meet the above test, no other process is required which permits taxpayers or voters to stop the project through petition/remonstrance or referendum process. The library will still need to follow the lease or general obligation bond process, as applicable.

For example, for a project in 2022, the threshold described in 2(b) above is

\$5,815,444. If a library district has a gross assessed valuation of between \$100,000,000 and \$581,544,457, the library maximum threshold for a non-controlled project would be 1% of the library's gross assessed valuation. If the library's assessed valuation is greater than \$581,544,457, then as long as the total cost of the project does not exceed \$5,815,444, the project is non-controlled.

Under current law, the non-controlled threshold will change each year based on the AVGQ. In 2023, it is expected to increase by 5.00% to \$6,106,216.

2. Petition/Remonstrance Process (IC 6-1.1-20-3.1):

If the library's Controlled Project is equal to or less than the lesser of (a) 1% of the total gross assessed valuation of the library district or (b) an amount equal to the result of the AVGQ for the year multiplied by the threshold amount for the preceding calendar year (the threshold amount is published by DLGF in the Indiana Register not more than sixty (60) days after the agency released the AVGQ for the ensuing year), the library will need to follow the process which will permit the taxpayers or voters to request the petition/remonstrance process.

The following steps should be followed if the petition/remonstrance process applies to the Controlled Project:

- a. Publish and mail notice of two hearings on a preliminary determination to issue bonds. IC 6-1.1-20-3.1 (*10 day notice*)
- b. Meeting of Board of Trustees to hold two hearings and adopt resolution making a preliminary determination to issue bonds or enter into a lease, as applicable. (*Note that this resolution establishes the maximum financing terms.*)
- c. Publish and mail notice of preliminary determination to issue bonds. IC 6-1.1-20-3.1 and IC 5-3-1 (*Begins 30 day application period in which the lesser of [A] 500 voters and taxpayers or [B] 5% of registered voters may request that the petition/remonstrance process apply to the project.*)
- d. If a petition requesting petition/remonstrance process is filed, proceed with next step; if not, skip to steps for general obligation bonds or leases, as applicable.
- e. Certification by the Voter Registration Office/County Auditor of the number of signers (*must have at least 525 signers that are registered voters or taxpayers to force a petition/remonstrance race*) requesting application of the petition/remonstrance process who are owners of real property or voters within the library district. IC 6-1.1-20-3.1
- f. Publish and mail notice of the applicability of the petition/ remonstrance process. IC 61.1-20-3.2 (*Publication date determines timing of race.*)
- g. Race period occurs beginning from the 30th day ending on the 60th day (*a thirty day period*) after the notice of application is published, during which taxpayers and voters circulate petitions in favor of bonds and remonstrances against bonds (*simultaneously*). (*Whichever side gets the most valid signatures of taxpayers and voters wins.*)

- h. Certification by the Voter Registration Office/County Auditor of the number of signers of each who are owners of real property or voters within the library district. If the Library wins, it moves on to general obligation bond or lease steps, as applicable. If the Library loses, it may not hold a new preliminary determination hearing for one year on a substantially similar project.

3. Referendum Process (IC 6-1.1-20-3.5):

If the library's Controlled Project exceeds the lesser of (a) 1% of the total gross assessed valuation of the library district or (b) the threshold amount equal to the result of the AVGQ for the year multiplied by the threshold amount for the preceding calendar year (the threshold amount is published by DLGF in the Indiana Register not more than sixty (60) days after the agency releases the AVGQ for the ensuing year), the library will need to follow the process which will permit the taxpayers or voters to request the referendum process.

The following steps should be followed if the referendum process applies to the Controlled Project:

- a. Publish and mail notice of two hearings on a preliminary determination to issue bonds. IC 61.1-20-3.5 (*10 day notice*)
- b. Meeting of Board of Trustees to hold two hearings and adopt resolution making a preliminary determination to issue bonds or enter into a lease, as applicable. (*Note that this resolution establishes the maximum financing terms.*)
- c. Publish and mail notice of preliminary determination to issue bonds. IC 6-1.1-20-3.5 and IC 5-3-1 (*Begins 30 days application period in which the lesser of [A] 500 voters and taxpayers or [B] 5% of registered voters may request that the referendum apply to the project.*)
- d. If a petition requesting referendum process is filed, proceed with next step; if not, skip to steps for general obligation bonds or leases, as applicable.
- e. Certification by the Voter Registration Office/County Auditor of the number of signers requesting application of referendum who are owners of real property or voters within the library district. IC 6-1.1-20-3.5 (*The lesser of 500 property tax owners or voters or 5% of the voters filing a petition can force a referendum.*)
- f. Library files with the County Auditor and the Voter Registration Office certification and request for the referendum.
- g. County Auditor certifies the question to the County Election Board, which either puts the question on the ballot of a general, municipal or primary election or schedules a special election as requested by the Library and dictated by the timing of the next scheduled election.
- h. The project is placed on the ballot of a scheduled election if the question is certified by the Auditor seventy-four (74) days before a primary election or August 1 before the general or municipal election. Otherwise the question will be placed on the ballot of a special election. The certification must occur not later than seventy-four (74) days before a special election to be held in May, or August 1 if the special election is to be held in

November.

- i. Certification of the election results. If the Library wins, it moves on to general obligation bond or lease steps, as applicable. If the Library loses, it may not hold a new preliminary determination hearing for one year on a substantially similar project.

TABLE OF THRESHOLDS TO DETERMINE VOTER/TAXPAYER PROCESS		
Non-Controlled (No formal power to oppose)	Subject to possible Petition – Remonstrance Process	Subject to possible Referendum Process
If total cost is lesser of:	More than the Non-controlled threshold up to the lesser of:	More than the lesser of:
i) \$6,106,216* or	i) \$18,318,650* or	i) \$18,318,650* or
ii) 1% gross AV but not less than \$1,000,000	ii) 1% of gross AV	ii) 1% of gross AV

* Will change each year based on growth quotient, these thresholds are for 2023.

B. Outline of Procedures for the Issuance of Library General Obligation Bonds

If the Library's project is a Controlled Project it should have completed the petition/remonstrance or referendum process as outlined above before proceeding with the general obligation bond steps.

Remember that a Library must obtain the approval of the County Council or City/Town Council prior to issuing bonds (IC 6-1.1-17-20.5). This step needs to be inserted in the outline and timetables at the point most strategically advantageous for the library. Discuss timing with bond counsel.

1. Meeting of Board of Trustees to adopt the bond resolution. IC 6-1.1-20-9
2. Publish notice of determination. (Publish twice, one week apart; and post in three locations within the library district.)
3. Publish notice of hearing on appropriation of bond proceeds. (Publish twice, one week apart; first publication at least 10 days prior to hearing.)
4. Meeting of Board of Trustees to hold hearing on appropriation of bond proceeds and adopt appropriation resolution and final bond resolution. IC 6-1.1-18-5
5. A copy of the additional appropriation proceedings is certified by the secretary to the Department of Government Finance.
6. Publication of the bond sale notice in accordance with IC 5-1-11 and 5-3-1. In order to obtain the best bids, it is recommended that the bond sale notice also be published in the Indiana Business Journal. If the bonds are to be rated, the rating should be applied for by this time.
7. If the bond issue is over \$1,000,000, an official statement may be prepared by this time to distribute to the potential purchasers. It is appropriate to arrange for the printing of the bonds at this time. There should be a due diligence conference call of the bond team to discuss the official statement.
8. Meeting of Board of Trustees to receive and award the bids for the bonds. The dealers who bid on bonds recommend that the bond sale be scheduled near the middle of the day on a Tuesday, Wednesday or Thursday which is not a day before or after a holiday.
9. Bond counsel prepares final transcript certificates and bonds. Submit transcript to bond counsel for approval. Check with registrar and paying agent, bond counsel and purchaser to determine when bonds will be ready for delivery. Schedule delivery of bonds with purchaser, bond counsel and registrar and paying agent.
10. Delivery of and payment for bonds – the closing.

G. Library Lease Financings Under IC 36-1-10 for Controlled Project

Basics

- A library is limited to borrowing directly one-third of its net assessed valuation times two percent. Previously, the formula was 2% of its net assessed valuation. However, after the tripling effect of the change to a market value system, the General Assembly requires a governmental entity to divide by three before applying the 2% to arrive at the debt limitation. If the cost of the building project and financing will put the library over its debt limitation, a lease financing is used to fund the project.
- The library deeds the real estate on which the building is to be built, or in the case of a renovation project, the building to be improved, to the building corporation.
- The building corporation issues its first mortgage bonds to finance the cost of construction.
- The building corporation leases the building to the library.
- The library pays lease rental to the building corporation in an amount which matches the debt service payments on the building corporation's bonds.

Procedures

An architect should be hired and begin to prepare plans and specifications.

The taxpayers have two different mechanisms to oppose projects: the petition/remonstrance process and the referendum process. Which process applies is determined by the size of the project and library's assessed valuation. See discussion above. One or the other applies, but not

both.

Petition/remonstrance process

- The board of trustees holds two public hearings following notice and, after meeting, publishes notice of determination to enter into lease.
- Within 30 days after publication of the notice of determination, more than the lesser of 500 or 5% of owners of real property or voters may petition for application of petition/remonstrance process to project. Discuss with your bond counsel.
- If valid petition is filed, notice that the petition/ remonstrance process has been requested is published and mailed.
- Petitions in favor of project and remonstrances against project are circulated concurrently between 30 and 60 days after publication of notice that petition/remonstrance process has been requested.
- If more taxpayers or voters oppose project than support project, it may not be pursued for one year.

Referendum process

- The board of trustees holds two public hearings following notice and, after meeting, publishes notice of determination to enter into lease.
- Within 30 days after publication of the notice of determination, more than the lesser of 500 or 5% of owners of real property or voters may petition for application of the referendum. Discuss with bond counsel.
- Election is held; if more voters oppose project than support project, it may not be pursued for one year.
- The library which desires to lease a building must receive a petition signed by 50 or more taxpayers of the library district requesting such lease arrangement.
- The board of trustees should meet to accept the petition and determine, after an investigation, that the library project is needed.
- A not-for-profit corporation should be formed as the building corporation.
 - Board of trustees members and employees may not serve on the building corporation.
 - Building corporations must abide by the open meeting law.
 - Building corporation members are often people in the community who are supportive of the library and would like to volunteer their time to assist in the financing of the project.
- The working group, which may include the library director, local attorney, financial advisor, bond counsel and architect (and construction manager, if applicable), will meet to develop a proposed budget for the financing.
 - This budget will be used to determine the term, rental payment dates and payment amount for the lease.
 - It is important that all members of the working group are comfortable with the budget because this information will be used by the financial advisor to determine the maximum lease rental amount and term.

- Board of trustees and building corporation approve form of lease and publish notice of hearing on lease.
- Town/City Council or County Council must approve borrowing.
- Board of trustees holds public hearing on lease to receive comments on whether the lease terms are fair and reasonable.
- Preliminary plans and specifications and the proposed lease must be available for inspection prior to the hearing.
- The board of trustees and building corporation execute the lease.
- Publish notice of execution of lease.
- Two professional appraisers prepare a joint appraisal of real estate to be sold to building corporation.
- If real estate was acquired by the library within the last three years, the amount the building corporation pays the library for the real estate may not be less than the original purchase price.
- Publish notice of receipt of construction bids.
- Receive and award construction bids to lowest responsible and responsive bidder.
- Publish bond sale notice (if a competitive sale is used).
- Besides local papers, also publish in the Indianapolis Business Journal.
- Bond Sale (this may be negotiated with an underwriter if the library chooses).
- Delivery of bonds and money – the closing.
- Bond counsel delivers opinion that lease is a valid obligation and that interest on bonds is tax-exempt.

K. The Role of the Building Corporation

A building corporation is formed during a lease financing to assist the library in constructing and financing a project which it could not do alone because of this limitation. In this way the building corporation acts as a conduit. It is important to stress to the members of the building corporation that their role is to assist the library with its building project.

From the building corporation's perspective, there are three major phases to a building project. During the first phase, the members of the building corporation will meet and organize, approve the form of the lease and approve the plans and specifications for the building developed by the architect selected by the library. The library will also approve the plans and specifications and the form of the lease and after a notice period, hold a hearing on the lease.

The second phase is the financing part of the project. The building corporation will meet and approve the issuance of bonds to finance the project, the trust indenture and the official statement, if applicable. The official statement is a document describing the building corporation, the library and the project and is used by the underwriter to market the bonds. During this phase,

the bonds are sold and a closing occurs. At the closing, a transcript of the proceedings of the library and the building corporation with closing certificates is assembled. The bonds are delivered to the underwriter in exchange for payment.

The third phase of the project is the construction of the project. During this phase, the architect and construction manager, if applicable, will typically present contractor invoices for payment to the Board of Library Trustees, who will approve such payment. The invoices are then submitted to the building corporation for approval. The invoices will be attached to an affidavit for payment signed by two officers of the building corporation for approval. The invoices will be attached to an affidavit for payment signed by two officers of the building corporation or its designated representative and submitted to and paid by the trustee out of bond proceeds.

The building corporation will also need to approve any change orders required during construction after such change orders have been recommended by the architect and construction manager, if applicable, and approved by the Board of Library Trustees. The building corporation will need to hold annual meetings and make all necessary filings to continue its existence. Typically, the building corporation will continue to exist until the bonds are paid off, but it will not be active unless market conditions make a refunding economically feasible.

As with any other type of corporation, the members do not have individual liability for debts or obligations of the corporation. IC 23-17-13-1(d) further states that “(a) director is not liable for an action taken as a director, or failure to take such action, unless: . . . the breach or failure to perform constitutes willful misconduct or recklessness.”

During phase two, as described above, there is a possibility of liability under certain Security and Exchange Commission rules designed to prevent fraud in the sale of securities. The financial advisor, local counsel and bond counsel will assist the building corporation in avoiding such liability. The Board of Library Trustees and building corporation members can also assist in avoiding liability by reviewing the Official Statement for accuracy and completeness.

The members of the building corporation are an important part of any lease financing, and a library should appreciate the members’ dedication to helping build a better library for the community. It is, however, important to emphasize to members of the building corporation that this building project is the library’s project before, during and after the involvement of the building corporation. If that point is understood and accepted by members of the building corporation, there should be no opportunity for tension between the library and the building corporation.

Bond Sale: Negotiated Versus Competitive

Bonds issued by a building corporation, in connection with a library lease financing pursuant to Indiana Code 36-1-10, may be issued using a competitive sale or by negotiating with an investment banker. Various factors should be considered in determining which type of sale is appropriate for a particular library's transaction. The financial advisor, based on his or her experience, will be able to make a recommendation; however, the ultimate decision is with the library.

With a competitive sale, a bond sale notice is published establishing a date or range of dates on which the building corporation will receive bids on its bonds. Generally, the financial advisor will supply the potential underwriters with maturity dates and amounts, either with the notice or just prior to the sale. The financial advisor will generate this schedule of maturity dates and amounts based upon estimated interest rates. The underwriter's bid will contain the interest rates for those maturity dates and amounts and the underwriter's discount. At the time of the sale, the building corporation will receive bids and, after the financial advisor reviews the bids, award the bonds to the underwriter offering the lowest interest cost. Many financial advisors believe that the building corporation will receive the best interest rates on its bonds at a competitive sale on the date of the sale because the competition will require the underwriters to offer the best interest rates possible on that day to win the bonds. Some libraries like competitive sales because it avoids the political problem of having to choose an underwriter.

With a negotiated sale, the library chooses an investment banker to underwrite the bonds. The library may use a financial advisor and an underwriter, if it desires, or it may use the investment banker as both financial advisor and underwriter. The underwriter will watch the bond market and choose a day to sell the bonds which it believes will generate the best interest rates. After the underwriter markets the bonds, the building corporation and the underwriter will execute a bond purchase contract, which locks in the interest rates.

Financial advisors may recommend to a library or a library may decide on its own, that a negotiated sale would have certain advantages in a particular transaction. The decision to use a negotiated sale is sometimes merely based on the personal preferences and prior experiences of the board of trustees involved. There are certain factors, however, that tend to suggest that a negotiated sale may be of some advantage.

If a bond issue is very large or if the interest rate markets are very volatile, it may be appropriate to negotiate the issue. With a large issue it becomes difficult for an individual underwriter to submit a bid and therefore the underwriter joins a syndicate of underwriters to submit one joint bid. If this happens, competition may be limited or eliminated because of the small number of bids received. Financial advisors seem to vary on what size of issue is too large to sell competitively.

There are times when a library is trying to control its debt service and tax rate and therefore a very deliberate amortization schedule is desired. For example, a library may have a new industry in its district that currently is receiving property tax abatement, but in ten years will embody a

large portion of the library's tax base. The financing can be structured in a way using capital appreciation bonds that will allow the debt service to be minimized for the first ten years of the issue until the industry comes on line. Capital appreciation bonds can only be accomplished with a negotiated sale. It is also possible, where a library is paying off other obligations (such as general obligation bonds or leases) over time, to structure the financing to achieve a relatively flat tax rate. Certain tax rate structuring will be more efficient with a negotiated sale.

Another scenario in which negotiated sales become very attractive is when the library has a story to tell. For example, a few years ago a major industry in a particular school corporation announced its closure the day before the school corporation had advertised to receive competitive bids on its bonds. The school corporation talked with an investment banker and explained the community's plans for dealing with the closure. The investment banker, on a negotiated basis, was able to sell the bonds by explaining the events to its potential customer.

Sometimes it is important for a library to sell the bonds as quickly as possible. For example, construction bids may be on the verge of expiring and the library wants to give notice to proceed as soon as possible. Often, negotiated sales can be accomplished more quickly because there is not the fifteen day advertisement requirement, as there is with a competitive sale.

The decision between a competitive bond sale and a negotiated bond sale is ultimately the library's decision. The financial advisor can provide the library with the various advantages and disadvantages for a particular transaction to assist in the decision.

M. Circuit Breaker Law

In the simplest terms, the circuit breaker tax credit enacted in the Indiana General Assembly puts a percentage cap on property taxes for certain taxpayers beginning with taxes payable in 2008. The percentage amount of the cap is based on the type of property.

- Residential Homesteads – 1% of gross assessed valuation of the property
- Rental property and Agriculture – 2% of gross assessed valuation of the property
- Business – 3% of gross assessed valuation of the property

The impact of the circuit breaker credit could be minimal for some libraries, but for others in connection with borrowing it could result in downgrades of credit ratings and may prevent them from being able to sell bonds.

Each taxing unit's ability to generate income will be linked to others in the taxing district. Since circuit breaker losses are shared by all taxing entities in the district, if one entity issues bonds or increases its tax rates, it impacts the ability of other entities in the district to do the same.

N. In Conclusion

A library project (and related financing) does not have to be a painful experience. There will be anxious moments in every project, such as the minutes before construction bids are opened. There will also be times when it appears that the legal process takes forever to complete. But

with proper planning, good and open communication and the assistance of qualified, experienced professionals, the process and the end result can be very rewarding. Handouts in this chapter that can be found on websites:

SUGGESTED STEPS FOR NEW OR REMODELED LIBRARY FACILITIES

This outline consists of the major steps to be considered in the planning and construction of new or remodeled library facilities. The various points are listed in the approximate sequence but need not be followed in this exact order. Since the decision concerning new or remodeled facilities is of prime importance, the points concerning this are listed in more detail than those of the remainder of the outline.

- I. Initial suggestion to build.
- II. Decision on suggestion to build.
 - A. Condition and adequacy of present facilities to meet present and future needs. Is the space for shelving, seating, and the staff becoming crowded?
 - B. Is rearrangement needed?
 1. Structure as a building.
 - a) *Is it generally sound?*
 - b) *Is the foundation solid and dry?*
 - c) *Is the heating and ventilating system adequate?*
 - d) *What is the condition of the wiring and plumbing?*
 - e) *Are the floors solid and level and will they hold the necessary weight for books, etc.?*
 - f) *Is the roof in good condition and does it drain well?*
 - g) *Does the structure meet building codes?*
 - C. Alternatives to a new building.
 1. Check the possibility of renovating the old building (as in II, A above)
 2. Determine the possibilities of placing an addition on the old building.
 - a) *Irregular floors between structures.*
 - b) *Bearing walls at place where structures are joined.*
 3. Cost per square foot for renovation and an addition may equal the cost per square foot for a new building.
 4. Non-assignable space in an old building may amount to as much as forty to fifty per cent.
 5. Renovation and addition should provide sufficient space for future activities and functions (this is determined by IV, the study of the library's community, and VII, the written building program).

- III. Designation of responsibilities for planning the building, and for conducting and supervising the various other activities in the construction.
 - A. Definition of various owner responsibilities to be assigned to individuals or groups in library, library's administration or governing body, and library's community.
 - B. Identification of responsibilities assigned by law, regulation, policy, tradition, or other predetermination.
 - C. Recognition of the existence of any special responsibilities arising from specific building project (e.g., interests of a donor or joint ownership of a facility).
 - D. Assessment of capability in existing organization for discharging planning, executory, and supervisory responsibilities.
 - E. Determination of need for consultants.
 - F. Consideration of the employment of a clerk of the works.
 - G. Identification and representation of appropriate individuals and groups in planning activity.
 - H. Determination of the organizational form of planning activity.
 - I. Written specification of responsibilities of various persons involved (e.g., architect, legal counsel, consultants, construction contractors, representative designated by owner to accept and approve plans and construction, and groups of individuals with other responsibilities on behalf of the owner.)

- IV. Study of library's community.
 - A. Characteristics of general population.
 - B. Projected changes in general population during the anticipated life of projected building as determined by owner.
 - C. Development plans for civil community.

PUBLIC PURCHASES, PURCHASE OF LAND OR STRUCTURES AND INVENTORY OF FIXED ASSETS

This content is found on the Indiana State Board of Accounts website. The website for Libraries is found here <https://www.in.gov/sboa/political-subdivisions/libraries/>. Choose the drop down menu under **Indiana Codes**, then **Public Purchasing Law**. There you will find the definitions and corresponding Indiana Codes.

State Board of Accounts has always taken the position that libraries are subject to the Public Purchasing Law IC 5-22.

General Rules

The Public Purchasing Law, IC 5-22, applies to every expenditure of public funds by a governmental body to purchase equipment, goods, or materials, unless specifically exempted by law, IC 5-22-1-1.

If the item to be purchased (equipment, goods, or materials, a “supply”, IC 5-22-2-38) has a cost equal to or above \$150,000, then the purchasing agent must follow the competitive bidding procedures of IC 5-22-7.

If the item to be purchased costs less than \$50,000, then the purchasing agent may purchase in accordance with the small purchase policies established by the purchasing agency or under rules adopted by the governmental body, IC 5-22-8-2.

If the item to be purchased costs between \$50,000 and \$150,000, the purchasing agent may purchase supplies by inviting quotes from at least three (3) persons known to deal in the supplies to be purchased, IC 5-22-8-3.

Purchases and purchase requirements may not be artificially divided so as to constitute a small purchase under IC 5-22-8, IC 5-22-8-1(b).

A governmental body may adopt rules to regulate purchases of the governmental body. IC 5-22-3-3

Small Purchase Policy

For example of small purchasing policy, governing those items costing less than \$50,000, see the Public Library Policies page at <https://www.in.gov/library/services-for-libraries/ldoresources/public-library-policies/>. Purchasing has sample policies.

Special Purchasing Methods

The website for Libraries is found here <https://www.in.gov/sboa/political-subdivisions/libraries/>. Choose the drop down menu under **Indiana Codes** then **Public Purchasing Law** and locate **Special Purchasing Methods**. Of particular interest to public libraries are auctions, IC 5-22-10-6. Under the heading **Other Special Purchasing Situations** are online reverse auctions, IC 5-22-7.5 (e.g. eBay etc.).

Public purchases less than \$50,000 may be made in accordance with the local purchase policy. Also, special purchasing methods are contained in IC 5-22-10. Specifically IC 5-22-10-4 deals with emergency conditions; and IC 5-22-10-9 is entitled “purchasing method impairs functioning of the agency.”

Special Savings to Governmental Body IC 5-22-10-5

A purchasing agent may make a special purchase when there exists a unique opportunity to obtain supplies or services at a substantial savings to the governmental body.

Emergency Purchases

IC 5-22-10-4 Emergency conditions

Sec. 4. (a) A purchasing agent may make a special purchase when there exists, under emergency conditions, a threat to public health, welfare, or safety.

(b) The governor’s security council established by IC 10-19-8.1-2 may make a purchase under this section to preserve security or act in an emergency as determined by the governor.

Purchase of Land or Structures

For information on purchase of land or structures go to <https://www.in.gov/sboa/political-subdivisions/libraries/>. Choose the drop down menu under **Indiana Codes** then **Purchase of Land or Structures**. Here you find the Indiana Code governing these purchases.

Capital Assets Ledger – General Form No. 369

This form is an account for all capital assets owned by the library. It is used to record additions and deletions in capital assets owned by the library. A complete inventory should be taken at least once every two (2) years for good internal control and for verifying account balances carried in the accounting records.

The Capital Assets Ledger, General Form No. 369, can be found in State Board of Accounts manual that is now on the web; it can be viewed at: <https://www.in.gov/sboa/political-subdivisions/libraries/>. Under **Uniform Compliance Guidelines** select Manuals from drop down menu and see Uniform Compliance Guidelines Manual. To find the ledger select “Appendix.”

Public libraries set (by resolution) the threshold amount in determining which items are recorded.

The board shall award the contract for the public work to the lowest responsible and responsive quoter. The board may reject all quotes submitted.

If the board rejects all quotes, the board may negotiate and enter into agreements for the work in the open market without inviting or receiving quotes if the board establishes in writing the reasons for rejecting the quotes. See [IC 36-1-12-5](#) for additional details.

Prohibition Against Dividing Project

Prohibition against dividing project, [IC 36-1-12-19](#): The cost of a single public work project may not be divided into 2 or more projects for the purpose of avoiding the requirement to solicit bids. A bidder or quoter or a person who is a party to a public work contract who knowingly violates this law commits a Class A infraction and may not be a party to or benefit from any contract for two 2 years from the date of the conviction. Any board member or officer of a political subdivision who knowingly violates this law commits a Class A infraction.

Chapter 19

Friends and Foundations

Friends of the Library

- Every library needs friends.
- Approximately two-thirds of Indiana's public libraries had an active Friends group.
- The Friends of the Library organization is the right arm of the library.
- The Friends can have fund raising campaigns, book sales, etc. to help with the needs of the library beyond what the library can do, either financially or legally.
- Friends groups can buy incentives for summer reading programs, food as a drawing card for teen programs, or recognition programs for volunteers and staff. The list goes on and on. It is only limited by the imaginations of the Friends members and the funding they have to develop and carry out the dreams of the library.
- Friends also help the library as volunteers, advocates and lobbyists.

Working with your Friends

1. How to Organize a Friends Group

- Determine the purpose of and need for the group. This should be done with the director and a small core of concerned citizens.
- Select a steering committee to reflect your community and the needs of the group. It is important to have access to an attorney, public relations and advertising talent, and high-profile leaders.
- Optional- Join ALA's United for Libraries: <https://www.ala.org/united/>
- Work on obtaining Federal tax-exempt status [501(c)(3)]. Here is some general information about the 501c designation.
 - [https://en.wikipedia.org/wiki/501\(c\)_organization](https://en.wikipedia.org/wiki/501(c)_organization)
 - <https://www.501c3.org/what-is-a-501c3/>
- The following IRS URLs will provide helpful information.

 - <https://www.irs.gov/publications/p557>
- State tax-exempt status at
 - <https://www.in.gov/sos/business/division-forms/business-forms/>

- Many organizations use a lawyer's services. The 501(c)(3) designation is required so that
 1. The Friends group can legally sell items donated to your organization by the library [IC 36-12-3-5(c)]; and
 2. When the Friends group collects dues or donations, they will be tax-deductible. A tax advisor can furnish more guidance.
- At the same time, work on a constitution and by-laws.
- Define your dues structure and membership categories.
- Create and publish a membership brochure or website.
- Begin the publicity campaign in your community. Be sure to involve elected officials, trustees, and other interested parties.
- Determine a tentative schedule for the first year, in order to involve new members on committees as soon as they join.
- If fund raising is important, have a campaign in place and set goals. People like to know where their money is going.
- Set the opening meeting. Plan the program carefully. Have a brief agenda for the first annual meeting.
- Develop a long-range plan for Friends. Re-evaluate after the first year.

2. Formal Operating Agreement Between the Friends and the Library

The relationship between Friends and the library can be doomed by misunderstandings about how money and time of the Friends group is spent. Establish a good working relationship to continue to keep members of the Friends group and the library in the loop. A Friends executive board member should always attend a library board meeting; and the library director or an appointed designee should attend Friends executive board meetings. In addition the Friends should be invited to participate in the library's planning process. Being part of the process, understanding the library goals allows the friends to align with those of the library helping reduce conflicts on how resources are employed.

Work out how and who will make decisions regarding the friends' efforts. Ideally it would be a mutual agreement. Ultimately, the authority to accept or reject a gift to the library belongs to the library administration. Perhaps organize an annual meeting to make known the library's wish list with priority order and justification for the request. Of course the Friends have the authority to determine what areas of the wish list to support.

Consider the following for the operating agreement:

- How will the Friends be incorporated into the library's planning process?
- Are friends authorized to spend their funds on organizations, agencies, programs or projects that are not directly linked to the library? If so, under what conditions? Include this in the mission and bylaws of the Friends group. Sometimes spending on other items can be a point of contention.
- What support will the library give to the friends in terms of publicity, mailings, labor for book sale, space for book sale, office space, office staff support, etc.

- Will the friends engage in advocacy campaigns on behalf of the library? If so, who is involved in the design and message of those campaigns?
- Does the Friends have a role or authority for developing and implementing programs?

A sample Memorandum of Understanding is available at the United for Libraries' website at: <https://www.ala.org/united/friends/orgtools>.

3. How to Revitalize Your Friends Group

- Define problem areas for group (or board of directors). Confidential phone calls to directors or member dropouts will help.
- Give a party for members and past members only. It should be fun, with refreshments and music. Use any reason for the party: holiday, author, recognition, social evening. A private home will make it special.
- Be sure to include the dropouts and get a little help from many people to ensure attendance. Have various people be responsible for bringing food and necessary articles.
- Send out pre-event and post-event publicity with names and photos. Make the Friends look like a fun and meaningful group.
- Reevaluate your goals and objectives with the information you should now have.
 - Did you have too broad a mission?
 - Were you stressing fund-raising to the neglect of other activities?
- Reorganize the board of directors, adding positions and breaking down responsibilities so that individuals do not have too great a burden. Enlarge committees.
- Review benefits of membership, making sure they are in line with what your community expects.
- Review communications to members; are they being kept informed? Are you taking advantage of the materials United for Libraries provides?
- Consider enrolling of new members as a year-round effort, not limited to a certain period. Be sure brochures are available at every event and at the library desk.
- Be sure to appreciate and recognize efforts of every magnitude. Recognition is of primary importance to volunteers.

Sales (Library / Friends Group)

According to **IC 36-12-3-5**, the library board may sell, exchange, or otherwise dispose of real property and personal property no longer needed for library purposes in accordance with IC 36-1-11 and IC 5-22.

The library board may transfer personal property no longer needed for library purposes for no compensation or a nominal fee to an Indiana nonprofit library organization that is (1) tax exempt, and (2) organized and operated for the exclusive benefit of the library disposing of the property, without complying with IC 36-1-11 or IC 5-22. (This would be the library's 501(c)3 Friends group)

The library board may accept gifts of real or personal property and hold, mortgage, lease, or sell the property as directed by the terms of the grant, gift, bequest, or devise, when the action is in the interest of the public library.

In order to be eligible to receive personal property from the library, the Friends of the Library must:

- (a) be registered with the Indiana Secretary of State as a nonprofit corporation;
- (b) obtain Employee Identification Number (EIN) (even if there will be no employees);
- (c) obtain tax-exempt status under Internal Revenue Code Section 501(c)3; and
- (d) obtain state sales tax exemption.

Sales of merchandise by a Library

See Sales Tax Bulletin #4 (link provided below)

Sales by state and local agencies are tax exempt unless the sale involves a "proprietary" (nontraditional) activity. According to the Indiana Department of Revenue (IDOR), "an activity is proprietary when it is not necessary in the performance of a library's governmental function of lending books, providing reference materials, providing access to the internet...etc." and when it is an activity competing with the private sector.

According to IDOR, examples of taxable sales are sales of USB drives, book bags or bookmarks, sales of books if the books were purchased for resale and not for the library's exempt function of loaning books to patrons, etc.

According to IDOR, examples of non-taxable "sales" are library card fees, debt collection fees, printing and copying fees, penalties and fines, sales of books originally purchased and used by the library for lending to patrons, etc.

Sales by the Friends Group – carried on fewer than 31 days in one calendar year

See Sales Tax Bulletin #10 (link provided below)

"Sales of tangible personal property by qualified nonprofit organizations carried on for a total of not more than thirty (30) days in a calendar year and engaged in as a fundraising activity to raise funds to further the qualified nonprofit purposes of the organization are exempt from sales tax"

Sales by the Friends Group - carried on more than 30 days in a calendar year

See Sales Tax Bulletin #10 (link provided below)

If the library's Friend's organization conducts sales for more than 30 days in a calendar year, it is possible that those sales are also exempt from the collection of sales tax. There is a sales tax exemption for sales of the following property by a public library (or a charitable organization formed to support a public library): (1) Items in the library's circulated and publicly available collections, including items from the library's holdings. (2) Items that would typically be included in the library's circulated and publicly available collections and that are donated by individuals or organizations to a public library (or to a charitable organization formed to support a public library). This means that sales of qualifying items (used books, CDs, DVDs, etc.) are not subject to the collection of sales tax even if the library or library's Friend's group engages in sales of these items for more than 30 days in a calendar year. Other, non-qualifying items would be subject to sales tax.

If an organization conducts tax producing sales or fundraising activities during thirty-one (31) or more days in a year, they also must register with IDOR. A single application (Form BT-1) is used to register with the IDOR for sales tax, innkeepers' tax, and food and beverage tax. A separate application is required for each business location. Form BT-1 can be completed online at <https://www.in.gov/dor/business-tax/register-a-new-business/online-business-tax-application-bt-1-checklist/> Similarly, if the library was assisting the Friends group with its sales, the library also would collect the tax.

A Friends group will need to report to IDOR annually, quarterly or monthly depending on how much sales tax the group estimates on the BT-1 that it will collect. Generally, a 12-month/year business operation will report and pay sales tax monthly.

Public Library Foundations

Providing revenues to the library to enhance services is the most direct and observable activity of a library foundation, but a foundation has other advantages. As of 2014, only about one in nine public libraries in Indiana had a foundation.

1. Benefits of a Library Foundation

- A foundation can give the library alternatives it usually does not have in its budget structure. Sometimes during a tightly budgeted fiscal year an unplanned opportunity or necessary expense presents itself. A budget has little flexibility, but the foundation may have resources to meet the unforeseen need.
- Many public libraries are limited in the amount of reserve or building funds they can accumulate. A foundation can be used for this purpose without interfering with annual budget proposals or negotiations.
- Another more subtle benefit is that people seem to have confidence in foundations. The word itself provides feelings of safety and security. So does the word “library.” When the two words are used together, and a list of prominent citizens who serve as board members and manage the foundation is added, potential contributors are convinced and willing to give support.

2. Forming a Foundation

Before taking the legal steps to actually organize or establish a foundation for a public library, it is wise to take time to do some planning, decision making and educating.

- The success of a foundation hinges on the performance of the library in the community, the support of the staff and board of trustees for a foundation, and the careful choice of persons to serve as the board of the foundation.
- In addition to acceptance of the concept, the library should identify its roles and develop a mission statement and strategic plan.
- A long-range plan can help identify library needs and provide a sense of purpose to the foundation.
- Many libraries choose to start an account in a community foundation.

3. Choosing a Board

- It is essential that foundation board members be influential residents of the community, able to garner financial support from their contacts and from business and industry, able to personally give financial support, and able to command respect for the library.
- The board should represent a good cross-section of the community.
- Another group to consider is the local Friends of the Library. If an active group exists in the community, consider whether the foundation should be created by the Friends with strong Friends membership on the foundation board, or whether the foundation would function better as an independent association. At least consider appointment of a Friends member to the Foundation Board, along with other civic groups with strong ties to the library.

4. Organizational Meeting

- Once a list of potential foundation board members is selected, it is time to invite them to an organizational meeting. This is a vital moment in the life and success of a foundation.
- First impressions last.
- Outline the needs of the library, as well as the role a foundation and its board can play in fulfilling those needs.
- Be prepared for questions about the library and the perceived need for and value of the foundation.
- Point out how valuable this coalition would be to the community.
- Before they leave, try to gain a commitment from each individual to serve on the foundation board.

5. Articles of Incorporation

Articles of Incorporation should be brief and contain only the most essential facts about the organization. These would include:

- Name of corporation
- Duration of the corporation
- Purpose of the corporation
- Address of the corporation
- Management of the corporation
- Name of the registered agent
- Names and addresses of the initial board
- Hold harmless clause (for protection for board members)
- Provision of distribution of assets upon dissolution

6. Bylaws

Bylaws are the guidelines and procedures under which the foundation will operate. They include:

- Location of corporation
- Members
- Meetings

- Board of directors
- Officers
- Executive director
- Committees
- Fiscal year
- Dues
- Books and records
- Contracts, loans, check and deposits
- Dissolution
- Amendments
- Rules of order
- Waiver of notice
- Indemnification

7. Applying for Tax Exempt Status

- Once the organization has incorporated with the state, received an employer identification number, and adopted bylaws, it is ready to file for recognition of exemption from federal income tax.
- The magic number at this point is 501(c)(3). Contact the local IRS center for the appropriate forms to complete.
- The forms can be completed while waiting for certification from the state and should be done by or reviewed by an attorney.
- The form asks the following:
 - Signature of authorized person
 - Employer identification number
 - Previous tax returns
 - Balance sheet of receipts and expenditures for current and preceding three years or a proposed two year budget
 - Description of anticipated activities
 - Articles of incorporation
 - Bylaws

8. Announcing the Foundation to the Public

Any time after adopting the bylaws, the new foundation may declare its existence and begin receiving contributions.

- The announcement to the public should be planned carefully. All persons involved in the foundation must be committed to the protection of the library's tax support.
- When a necessary and visible item is purchased for the library, the publicity surrounding its arrival can be used as a vehicle to acquaint people with the foundation.
- Each new public library foundation needs to find its own appropriate way of "going public."

9. Funding a Foundation

A new library foundation needs money. There are various methods of encouraging contributions:

- Deferred giving
- Endowment fund drives
- Direct mail
- Special events
- Raffles
- ...Any other creative fund-raising idea that is legal!

Appendix C: Financial Glossary of Terms to Know

Participants should become familiar with terms, understand their meaning and be able to apply them to the Public Library Budgeting Process.

Department of Local Government Finance (DLGF) -- state agency that is responsible for:

- Ensuring that laws regarding property tax assessment and local government budgeting are carried out properly.
- Publishing rules governing property tax assessment.
- Annually reviewing and approving the tax rates and levies of every political subdivision in the state, including all counties, cities, towns, townships, school corporations, libraries, and other entities with tax levy authority.
- Gathering and analyzing data relating to property taxation, to maintain databases, and periodically to report on taxation to the General Assembly.
- Providing training to assessing officials and administer an assessment certification program.

State Board of Accounts (SBOA) -- people who supervise the way you spend your money after the Department of Local Government Finance has approved it, and who conduct the audits of governmental units.

Contact: <https://www.in.gov/sboa/political-subdivisions/libraries/>

Accounts -- specific categories within funds from which monies may be expended.

Ad Valorem -- according to the value.

Ad Valorem Tax Levy -- total property taxes imposed by a taxing unit on current property assessment. It is collected the next year

Additional Appropriations -- requests for the approval to expend monies in addition to those already appropriated in the regular budget. The appropriations are for unanticipated revenue or existing revenues not already appropriated, such as monies in the Library Improvement Reserve Fund (LIRF).

Please note that these are requests for authority to spend money, not for the money itself. You must already have the money.

In order to get approval to spend additional monies the library board must pass a resolution, legal notice must be given to taxpayers, and a public hearing is held.

Adopting County -- county in which the County Adjusted Gross Income Tax (CAGIT) or County Option Income Tax (COIT) has been adopted.

Advance Draw -- advance payment of tax monies collected for distribution to you by the county auditor. It is intended to help alleviate cash flow problems caused by a lack of an operating balance. It is best to ask for an advance draw in the months of April, May, October and November. When asking for an advance draw, ask for 95% of all funds available. A letter must be written to the County Treasurer and County Auditor at least 30 days prior to the requested date(s). Also, a library board resolution should be approved and signed by all board members, either in favor of the advance draw or against the advanced draw.

Appropriation -- legally approved budget.

Appropriations

All "government" funds must be approved for expenditure by the State. This is done in the form of approving expenditures in specific accounts. These are called appropriations. Appropriations must be advertised and approved for the operating fund, BIRF fund, Lease Rental fund, Rainy Day fund, Library Capital Projects fund and Library Improvement Reserve Fund. Gift funds, outside of operating income, are not appropriated.

Assessed Valuation -- that fraction of the fair market value of taxable property as set by statute.

Assessed Value Growth Quotient (AVGQ) – now known as Maximum Levy Growth Quotient (MLGQ)

BIRF -- Bond and Interest Redemption Fund.

Budget Year -- the twelve month period for which a taxing unit adopts a budget, levies and property tax rate--January through December for public libraries.

CEDIT -- County Economic Development Income Tax (CEDIT or EDIT)

One of Indiana's county income taxes. CEDIT is adopted by the county council if the county has the County Adjusted Gross Income Tax (CAGIT), the COIT council if the county has County Option Income Tax (COIT), and either body if the county has neither. Most counties that use CEDIT also have either CAGIT or COIT. **Ended in 2016. See LIT.**

Certified Distribution -- the amount of County Adjusted Gross Income Tax (CAGIT) which the commissioner of the Department of Revenue shall, on or before July 1 of each year, certify to the treasurer of a county imposing CAGIT as the amount of tax the county treasurer shall receive during the next succeeding calendar year for allocation and distribution among the taxing units and school corporations.

Certified Share -- the amount of County Adjusted Gross Income Tax (CAGIT) which the auditor of a county imposing CAGIT shall certify to each participating taxing unit, including the library, in the county as the amount of tax such participating taxing unit shall receive from the treasurer during the next succeeding calendar year.

Circuit Breaker – The means by which no more than a certain percentage of a property’s assessed value is paid in taxes. The percentage represents the “cap” for property taxes on the property. If the taxes for the property exceed the cap percentage, a property tax credit is issued for the dollar amount above the cap. The actual property tax to be paid would then equal the dollar amount of the property’s gross assessed value multiplied by the circuit breaker percentage cap. For example, if a property with a gross assessed value of \$100,000 has a tax bill of \$2,100 and the circuit breaker percentage cap is 2%, a tax credit in the amount of \$100 would be issued for that property, thereby reducing the property tax amount due to \$2,000 or 2% of its gross assessed value.

Commercial Excise Vehicle Tax (CVET) -- truck, tractor, trailer, semi trailer, or truck-tractor subject to registration under IC 9-18.

County Adjusted Gross Income Tax (CAGIT) -- Taxes collected on County Income and divided into two forms of payment to libraries.

Certified Shares - Approximately 75% of CAGIT

Property Tax Replacement Credit (PTRC) - This is approximately 25% of CAGIT and is used primarily to reduce property taxes.

This is optional by individual counties and may be 1/2, 3/4, or 1% of taxpayer’s income. This tax is distributed to governmental units county-wide, based upon their property tax levy as a percent of the entire county’s and can thus fluctuate from year to year.

These receipts are distributed semi-annually and can fluctuate from year to year based upon the levies of other units and the money available for distribution. Only PTRC goes to schools. **Ended in 2016. See LIT.**

County Option Income Tax (COIT)

This is another county income tax that may be adopted by the county only if it does not have CAGIT or if it rescinds CAGIT. No county can have both taxes.

COIT is not a replacement for property tax. However, income from COIT can be used to increase the Homestead Credit. No schools receive COIT. **Ended in 2016. See LIT.**

Excess Levy Fund -- when property tax collection exceeds the library's approved levy, you are required to place this money in a separate "levy excess fund." This money must be used to reduce your levy in next year's budget.

Excessive Levy Appeals (Library Appeal) -- As a result of the property tax freeze and the elimination of maximum levies, the only way to increase funding beyond the state limits placed on libraries is to file an excessive levy appeal with the Department of Local Government Finance. The statute allows for the following appeals applicable to libraries:

1. Permission to permanently increase the library's levy in excess of prescribed limitations established if in the judgment of the Department of Local Government Finance such increase is reasonably necessary due to increased costs of the library resulting from annexation, consolidation or other extensions of governmental service by the library to additional geographic areas or persons
2. Permission to permanently increase the library's levy in excess of prescribed limitations if the library unit's three-year average growth factor exceeds one and one tenth (1.1).
3. Permission to the library to increase its levy in excess of prescribed limitations if in the judgment of the Department of Local Government Finance an advertising error, mathematical error, or error in data made at the local level (by the library) had a considerable financial impact in the determination of the civil taxing unit's levy limitations, rate, or levy. The increase to the maximum levy could be permanent or temporary depending on the type of error.
4. Permission to the library to temporarily increase its levy in excess of prescribed limitations if the library suffers a property tax shortfall due to an erroneous assessed value.

Expenditure -- actual paying out of funds.

Funds -- categories for separating revenues into which funds may be received and disbursed. Typical funds include: operating, improvement reserve, construction, bond, rainy day capital projects, gift and petty cash.

Some funds are required to be broken down into smaller categories for expenditures. These categories are called accounts. One of the most important funds, which must have accounts, is the operating fund.

Funds are categories into which money is received and disbursed on paper. They are not actual bank accounts or investments. You could conceivably have every last penny you own in one checking account in one bank and have several funds. The most you can have in one bank is \$100,000.

Growth Quotient -- the estimate of total nonfarm personal income for Indiana in a calendar year as computed by the federal Bureau of Economic Analysis using any actual data for the calendar year and any estimated data determined appropriate by the federal Bureau of Economic Analysis.

Growth Quotient minus 1

- Because it's the growth, it includes the 100% you currently have. So it's like a 4% raise. You figure your new salary by multiplying the current salary by 1.04
- So say your current salary is \$1,000. You get a 4% (0.04) raise, your new raise is $1,000 \times 1.04 = \$1,040$
- But your raise was just 4% or 0.04, or the growth in salary minus 1 ($1.04 - 1.00 = .04$)

Levy -- actual amount of dollars raised in property taxes; a product of a specified tax rate and the assessed value.

Library Tax Rate -- shall be in the amount of one cent on each hundred dollars of assessed value of taxable property within the library taxing district for Class I libraries.

Library Improvement Reserve Fund (LIRF) -- can be established for the accumulation of monies for anticipated future capital expenditures such as: purchase of land; purchase and construction of buildings or structures; construction of additions or improvements to existing structures; purchase of equipment; and all repairs or replacement of buildings or equipment. This money comes from the operating fund and is not a separate tax rate.

Local Income Tax (LIT) – Replacement of CAGIT, COIT, CEDIT, and LOIT. Imposed at the county level at a single rate, and then distributed among government units according to their maximum levy.

LOIT Local Option Income Tax gives counties the flexibility to fund the costs of local government with local income taxes instead of property taxes. The county decides by ordinance whether to adopt. **Ended in 2016. See LIT.**

Maximum Levy -- maximum amount of property taxes that can be raised. The maximum levy, as of 2017, is the prior year maximum levy, plus financial institutions adjustment (one-time adjustment), times the maximum levy growth quotient, equals the Budget Year Maximum Levy. This is then added to any levy adjustments to equal the

working maximum levy for planning purposes. These estimated figures are provided to each political subdivision before August 1.

Maximum Levy Growth Quotient -- the amount that the maximum levy is allowed to grow per year as set by the State Budget Agency. This number will be provided by June 30.

Operating Balance -- the sum of all your monies (cash, investments, etc.) in the operating fund at the end of the year after all receipts for the year have been received and all appropriations that are going to be spent have been spent.

Three things that this operating balance can go toward are:

1. an increase in next year's budget
2. a reduction in next year's tax levy
3. an increase in operating balance.

All three of these items are on your budget forms. The key in this whole thing is line six (6) budget form 4B (Actual Balance June 30th of present year).

In theory the operating balance should represent the fund's first six months (January 1 to June 30) of operating expenses less miscellaneous revenues (excluding property taxes) received in the same time period. This balance is traditionally used as cash flow for expenditures until your tax draws are received.

There is an old wives' tale that any appropriated monies not spent at the end of the year will be lost. This is not the case. All that you lose is the appropriations. The money, which is not spent, goes to increase your operating balance. This extra must, however, be anticipated when preparing the next year's budget.

Property Tax Levy -- actual amount of money to be collected from property owners as charged against their assessed valuation. The formula is:

$$\frac{\text{assessed valuation} \times \text{tax rate}}{100} = \text{tax levy}$$

The tax levy is the maximum statutory levy set for the unit.

Property Tax Rate -- figure used to determine how much tax will be charged against a taxpayer's assessed valuation for every \$100.00 worth of valuation. The formula is:

$$\frac{\text{property tax levy}}{\text{assessed valuation}} \times 100 = \text{property tax rate}$$

Public Employees Retirement Fund (PERF) -- a retirement program to provide retirement, disability and survivor benefits for its members.

Rainy Day Fund – can be established to receive transfers of unused and unencumbered funds (not more than ten percent of operating fund per fiscal year). Funds other than operating funds may be added to the rainy day fund. It is subject to the same appropriation process as other funds that receive tax money. See IC 36-1-8-5.1

Revenues (Receipts) -- all of the monies you take in and they can be of several types. There are:

- Property Taxes - paid semi-annually in the summer and at the end of the year
- Local Income Taxes (LIT)
- License Excise, FIT (Financial Institutions Tax) - distributed with property tax
- Commercial Vehicle Excise Tax (CVET) -This is an excise tax on commercial vehicles that has recently been moved from property tax rolls.
- To receive money from Indiana State Library a library must meet Standards for Public Libraries.
- PLAC sold - Public Library Access Card - any citizen residing in a public library district or any citizen who purchases a non-resident card, may then purchase a PLAC for a set amount of money, determined by law each year, and use any public library in Indiana. Must be deposited in a fund entitled PLAC fund. Quarterly, this revenue is sent to the Indiana State Library for deposit into the statewide PLAC fund.
- PLAC disbursement - Distributed by Indiana State Library in July, based on net loans your library has. Money received from PLAC sold is distributed back to libraries yearly.
- Miscellaneous Revenues - such as fines, fees, etc.
- Loans - (Tax Anticipated Warrants, or Bonds)
