Agenda Items

Item	Topic	Facilitator	Notes (conclusions, discussions, decisions, and next steps)
1	Open Meeting	Meredith Edwards	Review past action items and update statuses • MCEs please send in your UAT approval to Optum for ESSR layout changes by tomorrow
2	Project Updates	Ginger and Joyce	Updates on CRs
3	CR 61200	Joyce Lee	Follow up on CR 61200, 18 year old capitation • CR 61200 834 and 820 companion guide updates in progress, Maksat will send out when complete
4	DRG and FQHC wrap automation	Scott Runner	Updates on the APR-DRG and FQHC automatic wrap payment project • Requested each MCE send the names of team members who will participate in APR-DRG and FQHC wrap payment testing. • DRG - Vendor testing with MCEs in late May or early June with a goal of August 1st implementation • FQHC wrap project is starting again, with a pilot initially
5	Application signature date	Rebecca Siewert	MHS and Anthem are not receiving Application/Enrollment Signature date in conditional 834 records. • On the 834 Enrollment Sign Date is populated with Anchor Date/Fast Track Date from Core. Anchor date is the date when a member is authorized conditionally. • Fast track date is not necessarily the same as the date the member applied • There is a difference in the application date in Core vs. 834 • Some application dates being changed multiple times, this is because DFR is working some old conditional applications. • Could use better explanation in the companion guide, clarification would be appreciated. Including how each date is derived.
6	Conditional Eligibility Issues	Rebecca Siewert	• CE Payday response "Successfully Processed" not resulting a CE Term and/or FE Add. • CE change record coming instead of CE add. • Open conditions in core that had not been updated • This issue is related to item #5
7	Pregnancy errors	Nonis Spinner	MDwise and MHS are reporting several pregnancy errors • Members that are having old pregnancy data inserted into Core. • Members that have old pregnancies in Core that were not cleaned up in the previous effort. CareSource is also experiencing similar errors.

			• A new clean up list was sent to Xenia at DXC to fix. Some may need to be fixed by ICES/IEDSS.
8	Frail Delays	Nonis Spinner	**IEDSS Medically Frail** • For those members in a pending status, IEDSS the medical frail cannot be added. • Workers must address the mass change exceptions. We did work with DFR to move frail to the top of the list to be worked sooner. We continue to work on systematic improvements instead of mass change. • **Phase 1** – CR653459 targeted for release on **4/2/2020** - IEDSS add priority indicators to frail cases which fail mass change process for DFR to easily identify and process & a warning message will be added to make the worker aware that the case is awaiting a category change due to frail status
9	Potential Plus	Angela Todd	**Anthem – member in Basic but desire to move to Plus** • Working on a process now to legally allow members who are in potential plus to move from Basic to Plus. • Angela is reviewing cases one by one for members who are in urgent need of care.
10	Naloxone Project	Stephanie Guetig	New project: Ambulance provider reimbursement for Naloxone administration and drug cost. Requirements were just approved. • Some complexity with treat no transport • Will share business design with MCEs once prepared
	Next meeting		**Monday, June 15th**
			<mark>**NOTE:** </mark>**The State will be working remotely starting** <mark>**3/17/2020**</mark> **following Gov. Holcomb's directive in efforts to slow down the spread of COVID 19. All meetings and business operations will be continued as scheduled.**
