Provider manuals and guides

Anthem Blue Cross and Blue Shield (Anthem) is committed to supporting you in providing quality care and services to the members in our network. Here you will find information for assessing coverage options, guidelines for Clinical Utilization Management (UM), practice policies and support for delivering benefits to our members.

Provider manual

Anthem's provider manual provides key administrative information, including the quality improvement program, the UM program, quality standards for participation, claims appeals, and reimbursement and administration policies.

- [Credentialing Program Summary Guide](#)

Eligibility

Eligibility (cont. 1)

Always verify a member's eligibility prior to rendering services. Anthem Blue Cross and Blue Shield (Anthem) recommends a two-step verification process.

Providers can access this information by visiting:

- [IHCP Provider healthcare portal](#) : Use to verify eligibility, assigned Managed Care Entity (MCE), and Medicaid product
- [Availity Essentials](#) : use for PMP verification, benefit limitations, COB, and much more

Eligibility (cont. 2)

Hoosier Healthwise:

- Anthem assigns the YRH prefix with the member ID (MID).

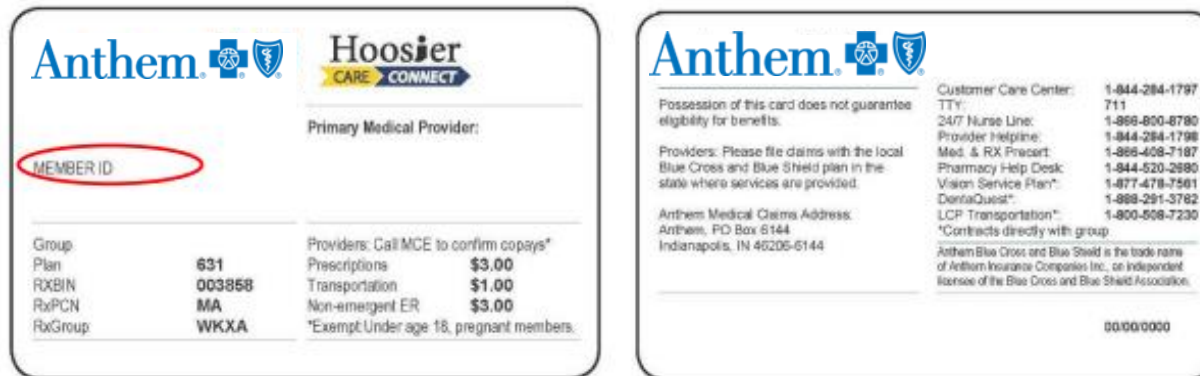

- It is no longer required to include the YRH prefix before the MID.

Eligibility (cont. 3)

Hoosier Care Connect:

- Anthem assigns the YRH prefix with the Member ID.

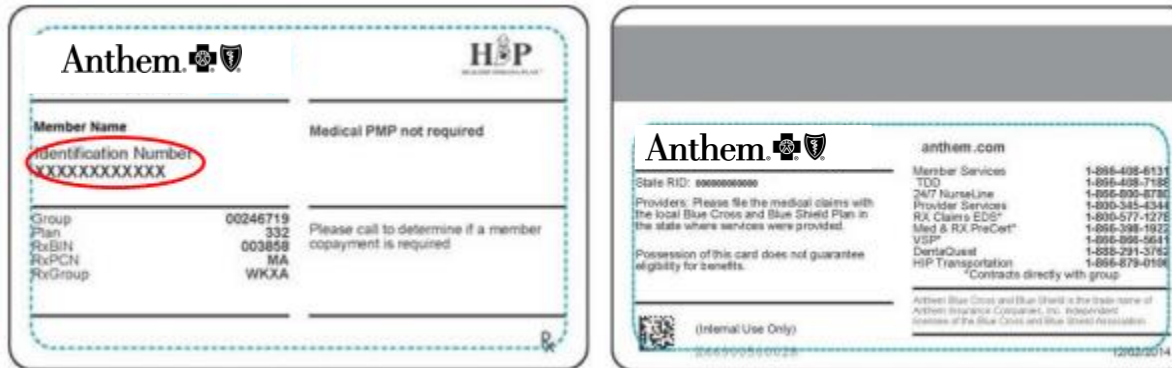

- It is no longer required to include the YRH prefix before the MID.

Eligibility (cont. 4)

Healthy Indiana Plan (HIP):

- Anthem assigns the YRK prefix with the member ID.

- It is no longer required to include the YRK prefix before the MID.

Right Choices Program (RCP)

- RCP is a program for Indiana Medicaid members who may need assistance learning how to properly use their health insurance.
- The program provides members with a lock-in provider who acts as a safeguard against the unnecessary or inappropriate use of benefits.

RCP (cont.)

- Members enrolled in RCP must see the providers who are assigned per CoreMMIS.
- The member's PMP may call **866-902-1690 option 1** to add new providers to the member's list of authorized providers.
- Refer to pages 65 to 68 of the Anthem provider manual for more information.
- RCP members are no longer required to be locked into a single hospital:
 - **Although members are no longer locked into a single hospital, they will still be locked into one primary medical provider to coordinate their care and one pharmacy to fill prescriptions.**

Managed Care Model (Assigned PMP)

Managed Care Model (Assigned PMP) (cont. 1)

All members must see their assigned PMP. Please view the Availity PMP assignments.

Specialty providers must have a referral from the PMP:

- Include the individual (type one) national provider identifier (NPI) of the member's assigned referring PMP when you submit the *CMS-1500* claim form or electronic data interchange (EDI) claim.
- If one physician is on call or covering for another, the billing provider must complete Box 17b of the *CMS-1500* claim form to receive reimbursement.

If you are a non-contracted provider, you need to obtain prior authorization (PA) from Anthem before you provide services to our members.

Note: Out-of-network behavioral health and routine dental services do not require PA.

Managed Care Model (Assigned PMP) (cont. 2)

Exceptions to this policy include:

- Self-referrals. Members may self-refer for certain services provided by an IHCP-enrolled provider:
 - **Note:** Refer to the provider manual for a listing of self-referral services.
- A PMP not yet assigned to the member.
- A provider in the same provider group, with the same tax ID, or group NPI as the referring physician (and is an approved provider type).
- Emergency services (services performed in place of service 23).
- Family planning services.

Managed Care Model (Assigned PMP) (cont. 3)

Exceptions to this policy include (cont.):

- Services provided after hours (codes 99050 – Services provided in the office at times other than regularly scheduled office hours, or days when the office is normally closed and 99051 – Service(s) provided in the office during the regularly scheduled evening, weekend, or holiday office hours).
- Diagnostic specialties (such as lab and X-Ray services).
- The billing or referring physician is an Indian health provider or is providing services at a federally qualified health center (FQHC) or urgent care center.

Prior authorization

Precertification lookup tool

Visit the provider website to utilize the precertification lookup tool at <https://providers.anthem.com/indiana-provider/home> > Claims > Precertification Lookup Tool

Providers can quickly determine PA requirements for outpatient services. If a PA is required, we strongly recommend utilizing our Availity Authorization tool to request PA.

Note: All inpatient services require PA.

All authorization requests can be submitted via the [Availity](#) Authorization Tool.

Claims

Initial claim submission

For participating providers, the claim filing limit is 90 calendar days from the date of service.

Claim submission methods:

- Electronically via electronic data interchange (EDI) - Preferred
- Availity
- By mail to:

Anthem Blue Cross and Blue Shield
Claims Department
Mail Stop: IN999
P.O. Box 61010
Virginia Beach, VA 23466

Note: Nonparticipating providers have 180 days from the date of service to submit claims.

Claim turnaround

Processing time:

- 21 days for electronic clean claims
- 30 days for paper clean claims

If the claim isn't showing in our processing system, ask the Provider Services representative to verify if the claim is in imaging. **Do not resubmit if the claim is on file in the processing or image system.**

COB

COB is when a member shows to have primary insurance:

- Claims must be filed to Anthem within 90 days of the date on the primary *Explanation of Payment (EOP)*.

If the primary carrier pays more than the Medicaid allowable, no additional money will be paid.

- **Example one:** Primary pays \$45 for a 99213 and you bill Medicaid as secondary. The Medicaid fee schedule is \$31.96 . No additional reimbursement would be made.
- **Example two:** Primary allows \$45 for a 99213 but applies it all towards a deductible and you bill Medicaid as secondary. Medicaid will pay the \$31.96 since primary applied all to the deductible.

Note: Bill all secondary claims, even if we will not pay additional money; this will assist in the HEDIS® data review.
