2024 IHCP Works Annual Seminar

Confidential & Proprietary

What is Human Trafficking?

Human trafficking is a crime that involves force, fraud or persuading a person to provide labor or services, or to engage in commercial sex acts. The persuasion can be subtle or overt, physical or psychological. Exploitation of a minor for commercial sex is human trafficking, regardless of whether any form of force, fraud, or coercion was used.

Key Factor

Minors are automatically considered victims

<https://www.dhs.gov/blue-campaign/what-human-trafficking>

Differences

Human Smuggling
centers around *transportation*

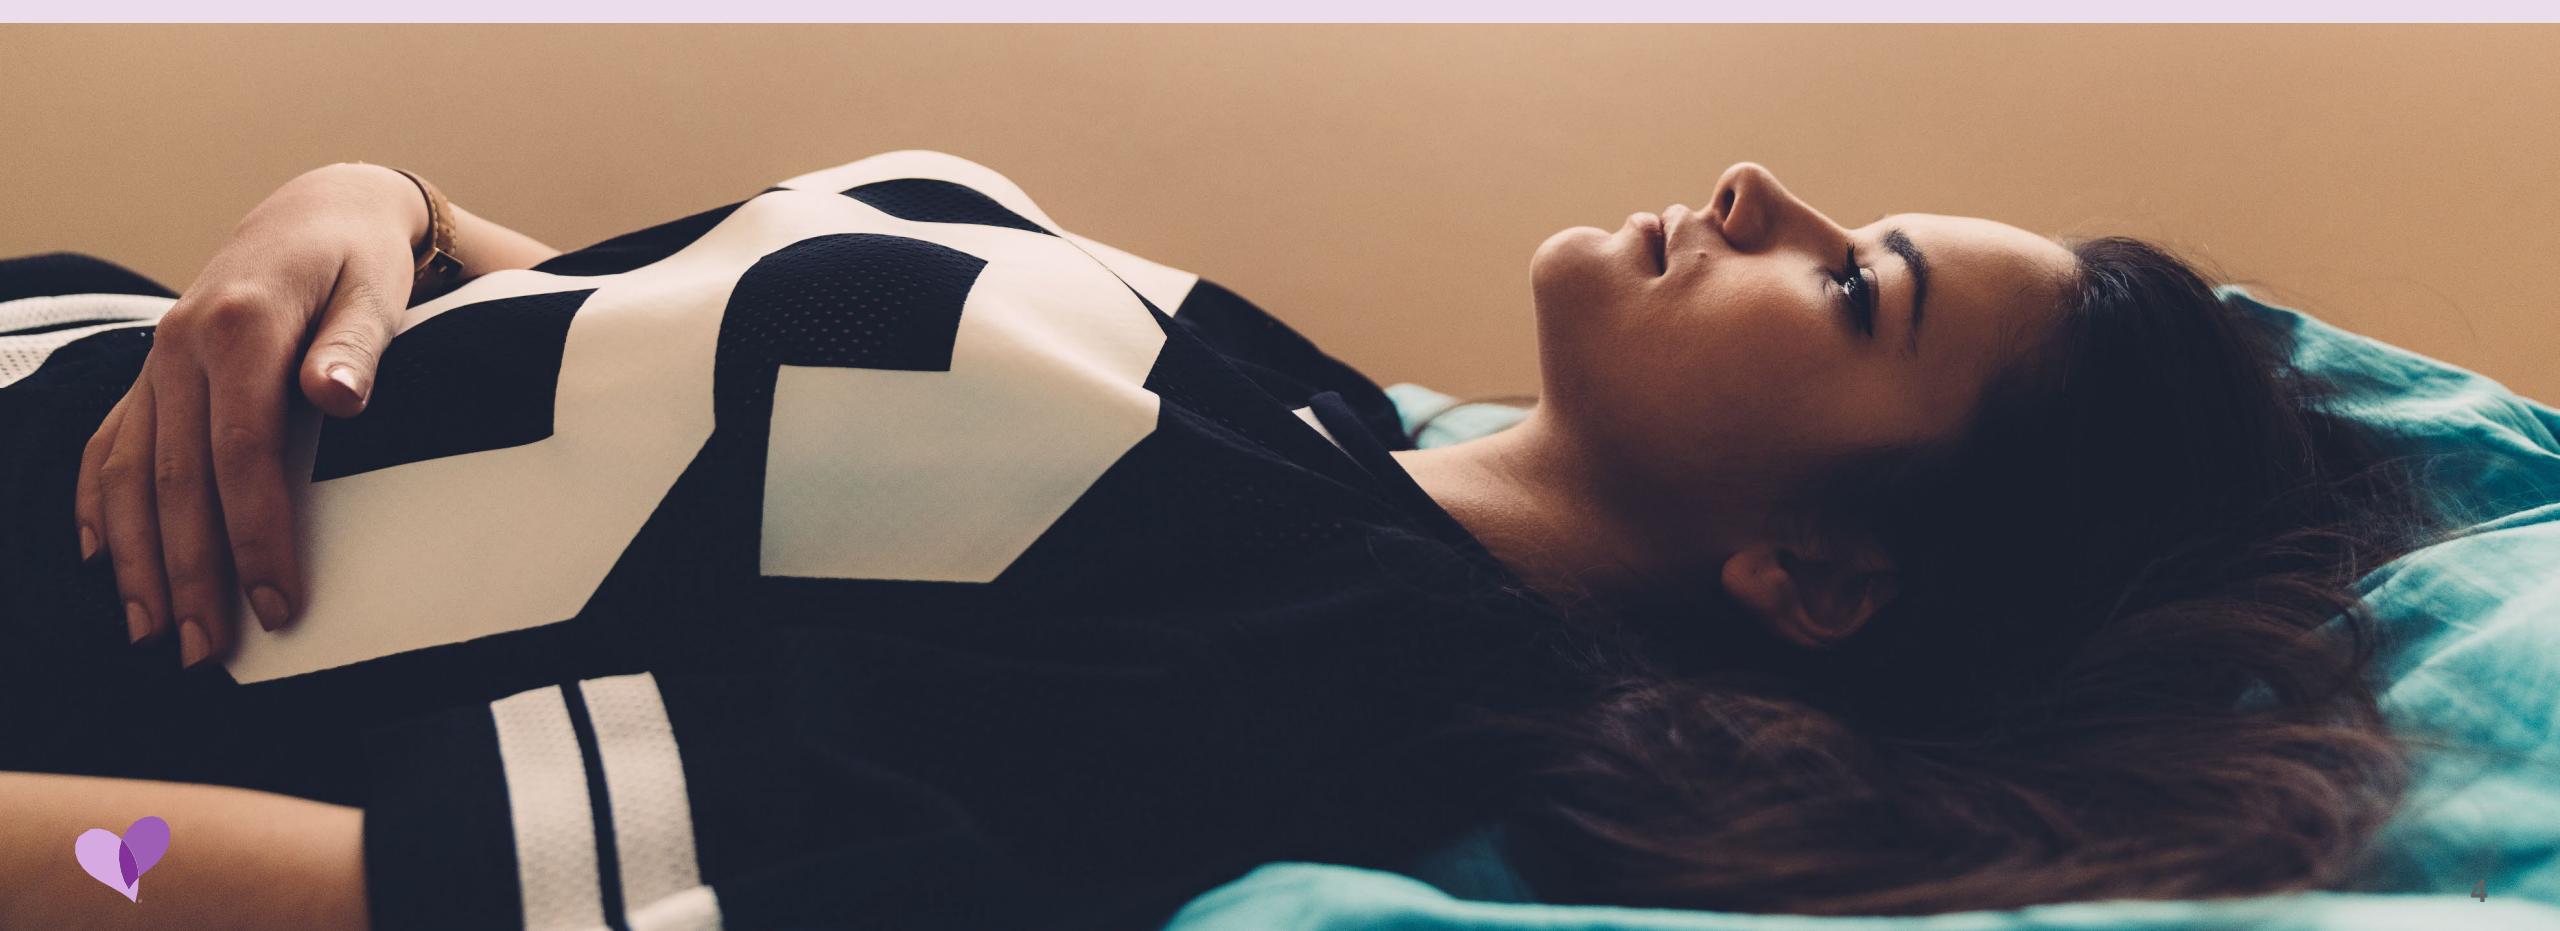

Human Trafficking
centers around *exploitation*

Visible and Invisible Chains

Human Trafficking, or 'Modern Day Slavery,' is easier to understand with chains

Forms of *coercion* are easy to hide and often ignored or not identified, yet they are still as restrictive to a victim as chains or physical restraint/abuse

Child Sex Trafficking

Key Factor

Minors are automatically considered a trafficking victim

Elements of force, fraud, or coercion do **NOT** need to be proven

There is **no such thing as a child prostitute**

In cases of sex trafficking of a person under the age of 18, the **sex buyer is considered a sex trafficker (there is no such thing as a buyer of sex from a minor)**

Important Definitions

Child Sexual Exploitation Material (CSEM):

- official, preferred term to child pornography.

Domestic Minor Sex Trafficking (DMST):

- is the “recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act” within domestic borders in which the person is a US citizen or lawful permanent resident <18 years of age.

Commercial Sexual Exploitation (CSE):

- any sex act where anything of value is given to or received by any person.

Foster Care and High-risk Runaways

1 in 6 of the 28,800 runaways reported to the National Center for Missing & Exploited Children® in 2023 were likely sex trafficking victim.

<https://www.missingkids.org/theissues/trafficking#bythenumbers>

Likely sex trafficking victims were in the care of social services or foster care when they went missing.

Recruitment Methods

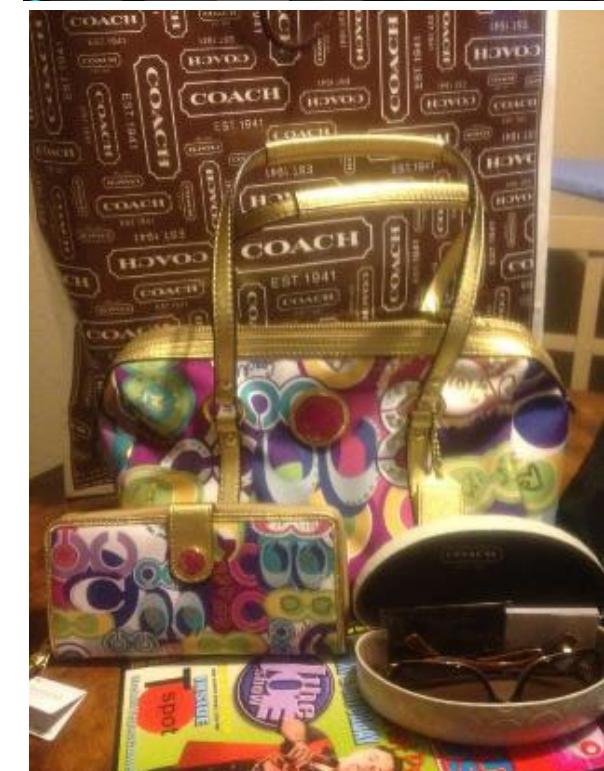

1. Social Media

- Traffickers use social media sites to recruit teenagers. After securing a victim's love and loyalty, the trafficker will force the victim into prostitution.

2. Out of the legal adult entertainment industry

- Some traffickers take pornographic photos of victims as a means of control.
- Traffickers then sell the content, by uploading to porn sites, while simultaneously exploiting the victims through prostitution.

3. Deceived into an intimate relationship by a trafficker

- By false promises of love, a good job, or a stable life.

Traffickers

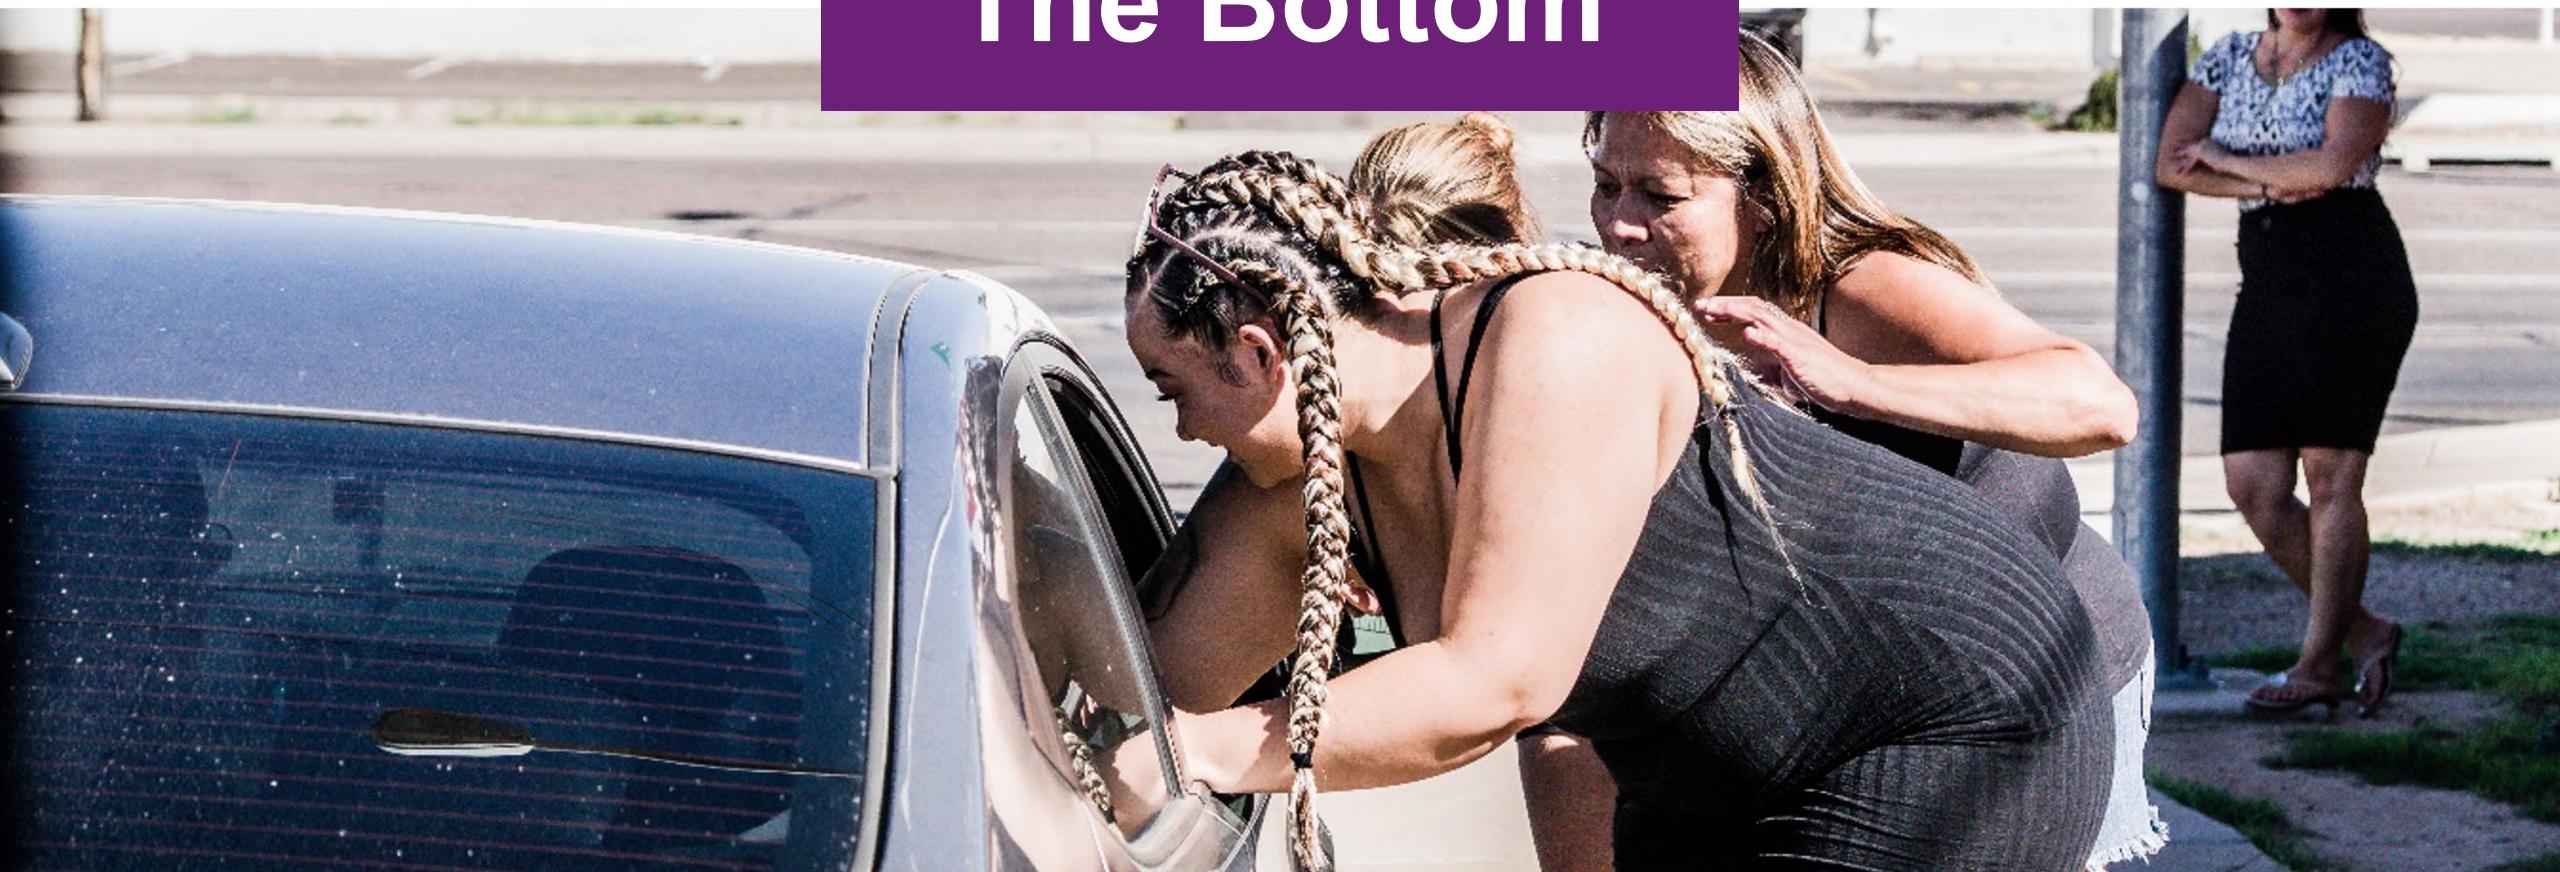

The most important roles of a trafficker are:

- Recruiting
- Maintaining emotional / physical control over the victims for profit.
- Pimps – 1/3 said they entered the underground commercial sex economy because they grew up around it.*
- Exposure to sex work as children made the trade seem like a normal achievable means to earn a living.

Selling Drugs vs. Humans

Sex Trafficking is a high profit, low risk business. The commodity, a human body, can be sold repeatedly, unlike drugs or weapons, where the product is only sold once.

Federal Anti-Trafficking Laws

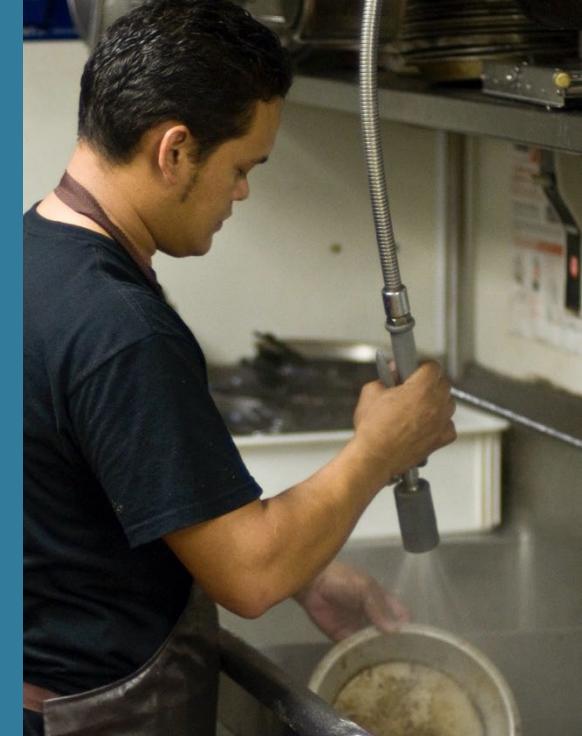

The [Trafficking Victims Protection Act \(TVPA\) of 2000](#) is the first comprehensive federal law to address trafficking in persons. The law provides a three-pronged approach that includes prevention, protection, and prosecution. The TVPA was reauthorized through the Trafficking Victims Protection Reauthorization Act (TVPRA) of [2003](#), [2005](#), [2008](#), [2013](#), and [2017](#).

Under U.S. federal law, “severe forms of trafficking in persons” includes both sex trafficking and labor trafficking:

Sex trafficking is the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purposes of a commercial sex act, in which the commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such an act has not attained 18 years of age (22 USC § 7102).

Labor trafficking is the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purposes of subjection to involuntary servitude, peonage, debt bondage, or slavery, (22 USC § 7102).

Human trafficking summit highlights how Medicaid managed care can help survivors

COMMUNITY CONTENT

By Samantha Wildow

March 23, 2024

The conditions that may make someone susceptible to human trafficking can be influenced by social determinants of health — such as housing or poverty — which can place Medicaid managed care plans in a position to provide resources to vulnerable populations to overcome those barriers, CareSource leaders say.

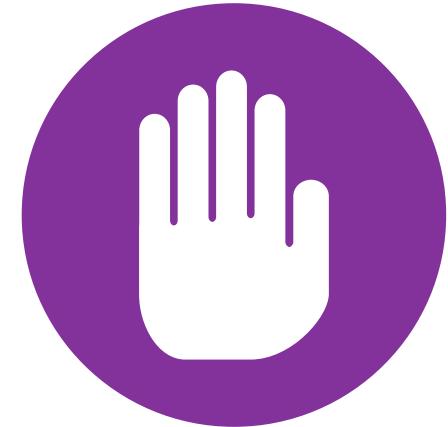

Human Trafficking Summits Continued

- Highlight the importance of CareSource in the fight against trafficking
- Networking opportunities
- Build collaboration with community partners
- Bring insights to current and future market communities
- Honor those in the community meeting the immediate needs of our members
- Provide education and awareness (CEUs)

Prevent

- All high-risk members are encouraged to be supported with a mentor, Life Services referral, and Case Management by a market specific collaborative partner
- Market trainings have been held for CareSource employees on Human Trafficking and Awareness
- Community based partners include Schools, Law Enforcement, Hospitals, Behavioral Health Agencies, Child Welfare, Child Advocacy Centers, and Children's Hospitals
- Develop community collaborations with all Human Trafficking efforts made by Non-Governmental Agencies, Faith-based Communities, Law Enforcement, and Coalitions

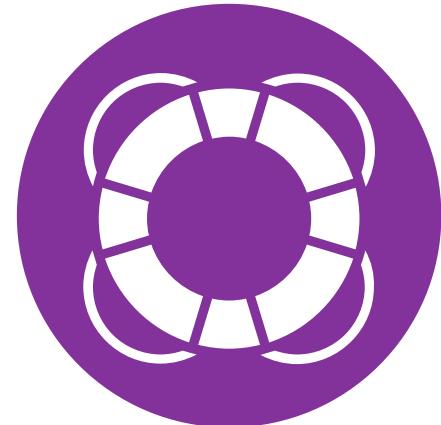

Prevent

Survive/Thrive

Life Services and Care Management will work with members who have disclosed that they have been trafficked:

- Assistance identifying needed specialty services to help with Social Determinants Of Health (SDOH) needs
- Identifying any barriers that would inhibit independence
- Referrals to Human Trafficking Nonprofits in the community or other resources
