MARCH 24, 2020

## IHCP to cover HCPCS code Q5118

Effective April 24, 2020, the Indiana Health Coverage Programs (IHCP) will cover Healthcare Common Procedure Coding System (HCPCS) code Q5118 – *Injection, bevacizumab-bvzr, biosimilar, (zirabev), 10 mg.*

Coverage for this physician administered drug (PAD) applies to all IHCP programs, subject to limitations established for certain benefit packages, and for professional claims (*CMS-1500* form or electronic equivalent) and institutional claims (*UB-04* form or electronic equivalent) with dates of service (DOS) on or after April 24, 2020.

The following reimbursement information applies:

- Pricing: Maximum fee of \$64.41
- Prior authorization (PA): None required
- Billing guidance:
  - Must be billed with the National Drug Code (NDC) of the product administered.
  - Separate reimbursement in the outpatient setting is allowed under revenue code 636 – *Pharmacy [extension of 025X] – Drugs Requiring Detailed Coding*. For reimbursement consideration, providers may bill the procedure code and the revenue code together, as appropriate.

Reimbursement, PA, and billing information applies to services delivered under the fee-for-service (FFS) delivery system. Individual managed care entities (MCEs) establish and publish reimbursement, PA, and billing criteria within the managed care delivery system. Questions about managed care billing and PA should be directed to the MCE with which the member is enrolled.

This information will be reflected in the next regular update to the *Outpatient Fee Schedule* and the *Professional Fee Schedule*, accessible from the [IHCP Fee Schedules](#) page at [in.gov/medicaid/providers](http://in.gov/medicaid/providers), and in the *Procedure Codes That Require National Drug Codes (NDCs) and the Revenue Codes with Special Procedure Code Linkages* code tables, available from the [Code Sets](#) web page.

## Virtual IHCP Roadshow to replace in-person event

The Centers for Disease Control and Prevention (CDC) issued guidance to limit the number of people at in-person events, to reduce potential exposure to the coronavirus disease 2019 (COVID-19). Following this guidance, the Indiana Health Coverage Programs (IHCP) has revamped the 2020 IHCP Roadshow to be a virtual meeting.

The IHCP will record the previously scheduled presentations and publish them on the [2020 IHCP Roadshow web page](#) at [in.gov/medicaid/providers](http://in.gov/medicaid/providers), by the end of April. Providers who already registered for the 2020 IHCP Roadshow will be contacted by DXC Technology, the IHCP’s fiscal agent, with notice about the virtual meeting.

Additionally, the IHCP will schedule remote live question and answer sessions in response to feedback from providers received through the IHCP Listens inbox. Watch future IHCP publications for more information.
