INDIANA HEALTH COVERAGE PROGRAMS    BT202313    FEBRUARY 28, 2023

## IHCP to allow enrollment for Medicare-only providers

Effective March 30, 2023, the Indiana Health Coverage Programs (IHCP) will allow providers to enroll for recognition as a Medicare-only provider to receive reimbursement for Medicaid cost-sharing obligations. These providers will be classified by the following type and specialty code:

- Provider type 37, specialty 370 – Medicare-Only Provider

Medicare-only providers must enroll as a Billing classification. Providers will be classified in the limited risk category. No application fee will be required.

Medicare-only providers will not appear in the IHCP provider directory and will only be reimbursed any applicable cost-sharing obligations for dually eligible IHCP members. This provider type is intended for providers that see only dually eligible IHCP members (dually eligible members are those who are enrolled with both Medicare and Medicaid coverage).

Providers that intend to see dually eligible as well as other IHCP members should enroll according to the provider type and specialty appropriate to their qualifications and **not** enroll as a Medicare-only provider.

Enrollment applications may be submitted electronically through the [IHCP Provider Healthcare Portal](#) or by paper through the appropriate IHCP provider enrollment packet. After enrolling with the IHCP, providers may enroll with the IHCP's managed care programs – Healthy Indiana Plan (HIP), Hoosier Care Connect or Hoosier Healthwise – by applying directly with one or more of the contracted managed care entities (MCEs).

---

***Currently enrolled IHCP providers should not enroll as a Medicare-only provider.***
