IHCP to allow outpatient reimbursement for procedure code 96041

Effective for dates of service (DOS) on or after April 1, 2025, the Indiana Health Coverage Programs (IHCP) is allowing separate reimbursement in the outpatient setting for Current Procedural Terminology (CPT^{®1}) procedure code 96041 – *Counseling for genetic testing provided by a genetic counselor, each 30 minutes of total time on the date of encounter*.

Coverage for this procedure code applies to Traditional Medicaid and other IHCP programs that include full Medicaid benefits; the service may not be covered under IHCP plans with limited benefits.

The claim-processing system has been updated. Fee-for-service (FFS) institutional outpatient claims for this service submitted with DOS on or after April 1, 2025, will be mass adjusted or reprocessed. Providers should see adjusted/reprocessed claims on remittance advices (RAs) beginning Sept. 3, 2025, with internal control numbers (ICNs)/Claim IDs that begin with 52 (mass replacements non-check-related).

Alternatively, providers can submit or resubmit FFS outpatient claims for this procedure code (along with the applicable revenue code) with DOS within the indicated time frame. Claims submitted beyond the original filing limit must include a copy of this bulletin as an attachment and must be submitted within 180 days of the bulletin's publication date.

This change will be reflected in the next regular update to the Outpatient Fee Schedule, accessible from the [IHCP Fee Schedules](#) webpage at in.gov/medicaid/providers.
