## IHCP corrects pricing for HCPCS code 36415 in the claim-processing system

The Indiana Health Coverage Programs (IHCP) has identified incorrect pricing information in the claim-processing system for Current Procedural Terminology (CPT<sup>®1</sup>) code 36415 – *Insertion of needle into vein for collection of blood sample*. The previous rate was set at \$8.57. The corrected rate is \$8.83.

The correct pricing displays in the Outpatient Fee Schedule, accessible from the [IHCP Fee Schedules](#) webpage at [in.gov/medicaid/providers](#).

The claim-processing system has been corrected. Affected claims that paid incorrectly with dates of service (DOS) on or after **Jan. 1, 2025**, will be mass adjusted. Providers should see the adjusted claims on remittance advices (RAs) beginning Sept. 10, 2025, with internal control numbers (ICNs)/Claim IDs that begin with 52 (mass replacements non-check-related).

If providers need to submit or resubmit any claims retroactively, they can submit claims to the IHCP within 180 days of this publication date for fee-for-service (FFS) claims, to satisfy timely filing requirements. Providers should include a copy of this bulletin when submitting claims beyond the standard filing limit.
