INDIANA HEALTH COVERAGE PROGRAMS    BT2025138    SEPTEMBER 30, 2025

## **IHCP announces hospice rates for federal fiscal year 2026, beginning Oct. 1, 2025**

The Centers for Medicare & Medicaid Services (CMS) released new federal hospice rates for federal fiscal year (FY) 2026, effective for dates of service Oct. 1, 2025, through Sept. 30, 2026. These rates are the basis for payments to Medicaid-enrolled hospice providers. Accordingly, the Indiana Family and Social Services Administration (FSSA) is providing information regarding Indiana Health Coverage Programs (IHCP) hospice rates for the same time period.

### **IHCP hospice rate calculation**

Reimbursement for IHCP hospice benefits is based on the methodology established by the CMS for the administration of the federal Medicare program. Additionally, IHCP rates include payment for any Medicare coinsurance amounts and are further adjusted for regional wage differences.

The total per diem amounts reimbursed to IHCP-enrolled providers are calculated according to the IHCP hospice member's level and location of service as follows:

- Routine home hospice in the private home – IHCP hospice per diem only
- Routine home hospice in the nursing home – IHCP hospice per diem plus room and board per diem
- Continuous home hospice in the private home – IHCP hospice per diem only
- Continuous home hospice in the nursing home – IHCP hospice per diem plus room and board per diem
- Inpatient respite care for the private home members or nursing facility (NF) members – IHCP hospice per diem only *(There is no additional room and board per diem for this service.)*
- General inpatient care for the private home members or NF members – IHCP hospice per diem only *(There is no additional room and board per diem for this service.)*

The service intensity add-on (SIA) payment is in addition to the routine home care per diem rate in the private home and in the NF. The SIA payment is equal to the continuous home care hourly rate multiplied by the hours of nursing or social work provided on the date of service (up to four hours total). The SIA payment is also adjusted for regional wage differences.

The hospice per diem rates for routine and continuous home hospice in the private home, as well as the SIA in the private home, are adjusted using the wage index for the city or county where the member resides. The hospice per diem rates for routine and continuous hospice in the NF, as well as the SIA in the NF, are adjusted using the wage index of the city or county where the hospice facility is located.

Section 3004 of the *Affordable Care Act* (ACA) amended the *Social Security Act* (the Act) to authorize a quality reporting program for hospice providers. *Section 1814(i)(5)(A)(i)* of the Act requires that for FY 2024 and for each subsequent FY, the Secretary will reduce the market basket update by 4 percentage points for any hospice provider that does not comply with the quality data reporting requirements with respect to that FY. The Medicaid minimum rates would be reduced by the amount of any penalty assessed for non-reporting. Medicaid agencies may choose to implement the optional Medicaid hospice rate reduction for lack of quality reporting. The FSSA will implement the 4 percentage point payment reduction for hospice providers that do not comply with the Hospice Quality Reporting Program (HQRP) requirements.

### Federal per diem rates for hospice claims

The Medicaid hospice payment rates for care and services provided from Oct. 1, 2025, through Sept. 30, 2026, are reflected in the following tables:

- [Table 1](#) – Federal per diem rates for routine home care, continuous home care, inpatient respite care and general inpatient care for hospice providers that **have** submitted the required quality data effective Oct. 1, 2025, through Sept. 30, 2026

- [Table 6](#) – IHCP wage-adjusted rates for hospice benefits for hospice providers that **have not** submitted the required quality data effective for dates of service Oct. 1, 2025, through Sept. 30, 2026, and are subject to a 4 percentage point payment reduction

---

***The daily or hourly rate on each table is the sum of the amount subject to wage index (the labor portion of the rate) plus the unweighted amount (the non-labor portion of the rate). States are required to adjust the federal daily or hourly rate to reflect local geographical differences in wage levels. The wage-adjusted rates in Table 5 and Table 6 are computed by multiplying the federal “component subject to wage index” amount by the hospice wage index for the applicable geographic area, and adding the result to the federal “unweighted component” amount.***

---

The IHCP will update the claim-processing systems with the new hospice rates by Nov. 1, 2025, when providers begin billing for October service dates. It is anticipated that no mass adjustment of claims will be needed.

<sup>1</sup> The Hospice Wage Index was published in the Federal Register on Aug. 5, 2025. States adjust the wage component of the daily hospice payment rates to reflect geographical differences in the wage levels.

<sup>2</sup> The continuous home care hourly rate, as adjusted, is used to calculate the SIA payment amount.

<sup>1</sup> The Hospice Wage Index was published in the Federal Register on Aug. 5, 2025. States adjust the wage component of the daily hospice payment rates to reflect geographical differences in the wage levels.

<sup>2</sup> The continuous home care hourly rate, as adjusted, is used to calculate the SIA payment amount.
