# Overview

In light of concerning public health statistics in Indiana, OCRA is uniquely positioned to address these challenges through a community and economic development lens with the creation of the Building Socially Connected Communities grant program.

# Purpose

## **Community Well-being and Social Capital:**

This program will work to build social connections, strengthen community bonds and enhance the well-being of those experiencing loneliness.

## **Economic Vibrancy and Local Businesses:**

This program will foster community engagement, indirectly support local businesses, enhance economic vibrancy and contribute to Indiana's economic health.

## **Alignment with Statewide Development Goals:**

This program provides a platform for collaborative efforts between the local unit of government, community organizations, local businesses and residents to develop and implement initiatives that enhance connection.

# Areas of Funding
