

## INDIANA OFFICE OF ENERGY DEVELOPMENT

---

### FUNDING ANNOUNCEMENT

**The Indiana Office of Energy Development** announces approximately \$1 million funding opportunity for Indiana's **Energy Efficiency and Conservation Block Grant (EECBG) Program**. This program will fund efforts to increase energy efficiency and conservation to support energy affordability for units of local governments. EECBG program funds will support energy planning, energy audits and building upgrades, and electric transportation for communities.

*Funding for this opportunity is available only to units of local government in Indiana that were not allocated EECBG formula funds directly from the U.S. Department of Energy.*

**Application Opens:** February 2, 2026

**Deadline:** Applications must be submitted to [grants@oed.in.gov](mailto:grants@oed.in.gov) by April 5, 2026

**Award Amount:** Maximum award of \$200,000 in federal grant funds per award. With match or other support, total project cost cannot exceed \$250,000.

**Eligible Applicants:** Local units of government (cities, towns, and counties) in Indiana

**Duration:** Projects should be completed within a period of twelve months.

**Match:** Applicant match is not required but is encouraged.

#### **Program Objectives & Priorities:**

IOED uses the five pillars of electricity policy: affordability, reliability, resiliency, stability, and environmental sustainability, in the development and implementation of grant programs. Energy efficiency supports the five pillars in multiple ways, including maintaining affordability through reducing energy consumption, increasing reliability, resiliency, and stability by reducing demands placed onto the electric grid, and providing environmental benefits. The four key categories supported by this funding are:

- Energy planning
- Energy efficiency audits and building upgrades
- Electric transportation and infrastructure
- Workforce development
