Southern Monroe Water Rate Case: Consumer Comments Invited

Consumer comments are invited on Southern Monroe Water Authority's requested rate increase.

The Indiana Office of Utility Consumer Counselor (OUCC), the state agency representing consumer interests in cases before the Indiana Utility Regulatory Commission (IURC), is reviewing the utility's request and is scheduled to file its report and recommendations on Sept. 15, 2025.

Current base rates for Southern Monroe Water Authority, which serves nearly 3,500 residential customers in Monroe County, received IURC approval in 2011. However, rates have since been adjusted to account for changes in wholesale water costs.

The utility, according to its filing, is seeking financing authority and the change in rates due to higher operating and maintenance costs, the need for infrastructure repairs and replacements including new meters, and compliance with federal lead and copper rules. Southern Monroe Water Authority's request would increase monthly rates for a residential customer using 4,000 gallons from \$31.40 to \$45.68.

The utility has filed this case through the IURC's Small Utility Filing Procedure, which is designed to reduce the time and expense involved with regulatory filings for utilities with fewer than 8,000 customers. Savings are gained by allowing utility staff to use standardized forms and forego a technical evidentiary hearing. This is designed to result in utilities needing less assistance from rate consultants or attorneys, leading to fewer expenses to be passed on to customers.

The OUCC uses the same standard to review a utility's operations and records whether it seeks a rate increase through the Small Utility Filing Procedure or a traditional case. Conducting its analysis on behalf of all utility consumers, the OUCC will present the results of its review through a report to the IURC, including formal testimony. The IURC's review is conducted on behalf of the public interest (a balancing of utility and customer interests); it is responsible for resolving any factual disputes that may arise and issuing a final order establishing new rates.

A settlement agreement is possible in any legal proceeding; such an agreement, if reached, would require IURC approval.

Consumers who wish to submit written comments for the case record may do so via the form on the OUCC's website at www.in.gov/oucc/2361.htm, or by mail at:
