FSMB Annual Meeting Delegate Selection

The Board discussed who would be the chosen delegate this year to attend the Annual FSMB Meeting. Dr. Strobel stated he would attend. Dr. Masten stated that if for some reason Dr. Strobel is unable to attend he would.

George Pallikaras, M.D. – Renewal Denial Issue

On October 15, 2019 Dr. Pallikaras emailed the Medical Board staff and requested to withdraw his renewal application after finding out that since he did not live in the US, and did not have qualified alien status, he would not be able to renew his license due to not meeting the requirements of IC 12-32-1. He stated he was currently working toward his US Citizenship and planned to renew his license once he became a US Citizen. Although his email was saved in IPLA's internal licensing system, he was inadvertently added to the December Agenda under "Renewal Review – Does not meet the requirements of IC 12-32-1" and his application was denied.

Since the IPLA system does not give an option of renewal withdrawal status, if an applicant requests to withdraw his renewal it is just left with a status of "expired". However, all physicians who did not request to withdraw their renewal applications after they were made aware that they did not meet the requirements of IC 12-32-1 had their statuses changed to "Valid to Practice While Reviewed". Dr. Pallikaras was simply added to that list by mistake.

Dr. Pallikaras is requesting from the Board that his license be allowed to stay expired without having to appear at an appeal hearing, since it was a clerical error that he was ever on the list in the first place, and that he gave sufficient notice in requesting to withdraw his renewal application.

After discussion, the Board moved to APPROVE Dr. Pallikaras' request to WITHDRAW his RENEWAL APPLICATION.

Arthur M. Cowden II, M.D. – Positive response

Participating Board Members: John Strobel, M.D., Kirk Masten, M.D., Victoria McCann, J.D., Bharat Barai, M.D.

Dr. Cowden II answered yes to the following question on his application for licensure:

“Have you ever been denied staff membership or privileges in any hospital or health care facility or had such membership or privileges revoked, suspended or subjected to any restrictions, probation or other type of discipline or limitations?”

The Methodist Olive Branch Hospital in Mississippi did not renew Dr. Cowden II's privileges and reported the action to the National Practitioner Data Bank (NPDB) in November of 2018. This was a locum tenens position. No reason was given for the loss of privileges and the report to the NPDB. Dr. Cowden II is contesting this with legal counsel.

After discussion, the Board moved to APPROVE Dr. Cowden II APPLICATION for LICENSURE.

Boris Sachakov, M.D. – Positive response

Participating Board Members: John Strobel, M.D., Kirk Masten, M.D., Victoria McCann, J.D., Bharat Barai, M.D.

Dr. Sachakov answered yes to the following questions on his application for licensure:

1. Has disciplinary action ever been taken regarding any health license, certificate, registration or permit you hold or have held?
2. Have you ever been denied a license, certificate, registration or permit to practice medicine, osteopathic medicine or any regulated health occupation in any state (including Indiana) or country, or surrendered your license?
5. Except for minor violations of traffic laws resulting in fines, and arrests or convictions that have been expunged by a court,
 - 3) Have you ever been convicted of any offense, misdemeanor, or felony in any state?
8. Have you ever had a malpractice judgment against you or settled any malpractice action?
11. Have you ever been excluded from being a Medicare / Medicaid provider?

Dr. Sachakov was convicted in Federal Court in Brooklyn, New York, for healthcare fraud committed from 2008 to 2010.

As a result of this conviction, Dr. Sachakov's license in New York State was revoked in 2013 and his Pennsylvania license was revoked in 2016 due to the New York license revocation as well as being excluded from being a Medicare/Medicaid provider in 2013 for 15 years.

After discussion, the Board gave Dr. Sachakov the option of withdrawing his application for licensure, stating that if they took a vote, it would probably end in a denial of his application, due to the Board discipline in New York, Pennsylvania and the exclusion from Medicaid/Medicare for 15 years.

Dr. Sachakov refused to withdraw his application, stating that if the Board denied his application, he would appeal their decision.

After further discussion, the Board moved to DENY Dr. Sachakov's APPLICATION for LICENSURE.

 - 4) Have you ever pled guilty to any offense, misdemeanor, or felony in any state?

7. Have you ever been admonished, censured, reprimanded or requested to withdraw, resign or retire from any hospital or health care facility in which you have trained, held staff membership or privileges or acted as a consultant?
8. Have you ever had a malpractice judgment against you or settled any malpractice action?
9. Have you ever surrendered your DEA registration at any time or had any limitations placed on your DEA registration?
10. Have you ever been terminated or disciplined by your employer while practicing as a physician or resigned in lieu of discipline?
11. Have you ever been excluded from being a Medicare / Medicaid provider?

Dr. Tiwari was previously licensed in Indiana. His license was revoked in Indiana due to a conviction in Indiana for opioid over-prescribing issues related to pain management. Dr. Tiwari still owes the Board \$21,000.00 dollars in fines related to his revocation.

Dr. Tiwari stated he plans to not practice in pain management or apply for an Indiana controlled substance registration. He stated that he has contacted anesthesiologists in Illinois for proctoring to re-enter the practice of medicine, since he has not practiced in medicine in a clinical setting for seven (7) years.

Board moved to TABLE until Dr. Tiwari pays fine and is ready to present a re-entry plan to the Board that includes the name of a proctor.

Dr. Babich answered yes to the following question on his renewal application:

1. Since you last renewed, has any professional license, certificate, registration, or permit you hold or have held been disciplined or are formal charges pending in any state?"

Dr. Babich was issued a letter of reprimand by the Arizona Medical Board on June 3, 2019 for failure to appropriately refer to specialty care; failure to provide appropriate analgesia; failure to provide appropriate housing for patient with neoplastic process; and failure to appreciate concerns of other providers and or staff, due to deviation from the standard of care by failing to obtain an oncology consultation for a patient newly diagnosed with metastatic lung cancer in a timely manner. The patient was an inmate in a correctional facility.

Dr. Babich stated that the nurse practitioner did not contact the Medical Site Director prior to requesting a specialist referral, and due to this lapse in protocol, there was a delay in the patient's care.

Dr. Babich's license in Arizona and nine (9) other states is free and clear of any restrictions.

Dr. Boss answered yes to the following question on his renewal application:

1. Since you last renewed, have you been denied a license, certificate, registration, or permit in any state?

On April 12, 2018 Dr. Boss was notified that the medical Board of California had initiated an investigation based on a 2016 Texas Medical Board action and reprimand, a 2017 New Jersey Board action (automatic suspension of New Jersey license), and a 2017 Nevada Board action and reprimand.

On May 16, 2018 Dr. Boss entered into an Agreed Order with the Medical Board of California for a reprimand for failing to report his December 2013 California misdemeanor conviction on his 2015 Texas license renewal application; and for the Nevada Board reprimand for failing to report the California Board reprimand of September 26, 2013. The California Board dropped the allegation relating to the summary suspension of his New Jersey license, since Dr. Boss had demonstrated to the California Board that the New Jersey suspension of his license was automatic, and administrative as opposed to disciplinary, due to him letting his New Jersey license lapse.

After discussion, the Board moved to RENEW Dr. Boss' LICENSE.

Dr. Kalra was given the option of a hearing, but decided to relinquish his privileges at Mercy Health since they changed their policy.

Dr. Kalra has maintained privileges at Premier Health in Ohio as an interventional cardiologist and Cath lab Director, as well as the Medical Director of the cardiovascular line. On March 8, 2019, the Nebraska Medical Board voted to deny Dr. Mok's license application based on a pattern of incompetent or negligent conduct based on two settlements listed on his National Practitioner Data Bank report. Dr. Mok was not aware that if he did not appeal the denial that it would cause ramifications in other states and stated that at the time he assumed that no action would be considered a withdrawal of his application for licensure in Nebraska.

Dr. Mok re-submitted an application for licensure to Nebraska and asked for an opportunity to address the Board members concerns about his practice standards.

Dr. Mok stated that he now has an unrestricted license in Nebraska as well as eleven (11) other states.
