Ms. Nunnally explained an issue they are having with some of the ADS in nursing homes. They have found that some have temperature issues. One was between 85 and 90 degrees. They are requiring them to keep temperature logs at least two (2) times per day.

The Board indicated it's the Pharmacy's responsibility and they should have a copy of the temperature logs on file at the Pharmacy too. The Board also suggested that before the original inspection is completed that they require the machine to be up and running (no

drugs installed) so that when the inspection is completed the Compliance Officer can test the temperature to make sure it's at a good level.

The Board thanked Ms. Nunnally for her report.

Approval of NAPB Blueprint Participation:

Participating Members: Winnie Landis, R.Ph., Steve Anderson, R.Ph., Mark Smosna, R.Ph., Del Fanning, R.Ph., Donna Wall, R.Ph., Matt Balla, R.Ph.

Zaneta Nunnally, Compliance Director, Darren Covington, Board Director and Bill Cover, NABP met and discussed the blueprint participation this past December.

The NABP blueprint is a universal inspection form that all states can use so there will be standardization of compounding of inspections across state lines.

Only Compliance Officers with approved training can do the blueprint inspection forms. Both Zaneta and Tim Thomas are certified inspectors. The inspections would also be done every eighteen (18) months.

Both Zaneta and Tim thought they would be able to do this since there weren't that many facilities.

After discussion, the Board moved to APPROVE the NAPB Blueprint Participation.
