All of the above facilities had their licenses placed on Summary Suspension by the North Carolina Board.

Ms. McClearn informed the Board that the North Carolina Board has the authority to place a license on Summary Suspension without a hearing as was the case for all four facilities listed above.

The Summary Suspension was later vacated as all four facilities as all four facilities requested to have the license placed on inactive status as they determined that they do not wish to dispense or deliver drugs, devices or medical equipment to users in North Carolina.

Ms. McClearn indicated that the OIG and HHS Department issued a Corporate Integrity Agreement and it has something to do with the North Carolina action. The Corporate Integrity agreement was put into place due to unsolicited calls to Medicare/Medicaid patients (cold-calling) without a prior relationship. Cold calling Medicare/Medicaid patients is against the Medicare laws. A civil settlement of twelve (12) million dollars was paid between Edward J. Letko and Jon P. Letko who also have ownership in the four companies above.

**Changes to AWARxE**

- This month, we will start communicating with AWARxE users to inform them of minor changes that will be made to the program. We will be adding provider specialty to the list of required fields that must be complete within each physician's profile. Once this feature is turned on,

physicians will log into their account and see that they are being asked to provide this information before moving forward. There will be no need to re-register or wait for approval after the specialty category is chosen.

### **INSPECT Integration Initiative**

- Integrations were completed at Garst Rx Pharmacy and the Bowen Center within the last month.
- The go-live for the integration at Franciscan Alliance is scheduled for April 17th.
- Meeting with Community Health System later today to discuss requirements for SB 221 and review the timeline for their final steps to complete the integration.
- We are determining when Provider Authorization will be turned on for the integrated solution. This is an additional security feature that will help facilities to ensure that unauthorized individuals are not able to access a patient's INSPECT report through PMP Gateway.

### **Legislative Changes**

- SB 221 was signed on Friday, April 6<sup>th</sup> at Franciscan Alliance.
- We are working with our stakeholder groups to notify physicians of the new mandatory registration and upcoming mandatory use policies.

The Board thanked Kara for her report.

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph.,  
Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

Winnie indicated that this should be something the Board should think about.

As it stands right now a QP is still responsible, even if absent. If there is going to be an extended absence, Pharmacist's should consider changing the QP.

**Technician Reinstatement/Tech in Training Permit – Jody/Darren**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph.,  
Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

Ms. Edens informed the Board that the direction she was given about three (3) years ago from the Board President was as follows:

- If a technician's license was expired for 3 or more years they had to do one of the following:
  - Have an active PCTB or ExCPT certificate
  - Have a license in another state and have proof of actively practicing in that state
  - Re-do their training all over again at a Board approved program

Most of the applicants are in the last section of redoing their training. Staff was issuing a new technician in training license and then once they completed their training they were renewing the expired license to active status.

Mr. Covington informed staff that there isn't any provision in the statute or rules that allows this to happen so a request was made to the Board's advisory staff from the AG's office to determine if a second technician in training permit could be issued.

Nicole Schuster stated there isn't anything that would allow them to obtain a second training permit.

After discussion, the Board determined that is anyone if in this category they would need to make a personal appearance and the Board can then determine what they will

need to do to get up to date with the technician practice. Techs with an active PTCB or practice in another state wouldn't need to appear.

**HME Out of State Applications – Jody/Darren:**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

According to the out of state HME licensing statute/rules the applicant's state must offer reciprocity to Indiana HME facilities. The question is does it have to be their home state or can it be any state they hold a license in.

After reviewing the statute/rules it just indicates "state" therefore the Board determined it can be any state they are licensed in that offers the reciprocity.

**Proposed Amendments to the NABP Constitution & Bylaws – Donna:**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.
